Program: EXHPR

(Due: May 24, 2019)

Date report completed: May 20, 2019

Completed by: Carol Foust.

Assessment contributors (other faculty involved): George Dallam, Steve McClaran.

Please describe the 2018-2019 assessment activities and follow-up for your program below. Please complete this form for each undergraduate major, minor, certificate, and graduate program (e.g., B.A., B.S., M.S.) in your department. Please copy any addenda (e.g., rubrics) and paste them in this document, save and submit it to both the Dean of your college/school and to the Assistant Provost as an email attachment before June 1, 2018. You'll also find this form on the assessment website at <https://www.csupueblo.edu/assessment-and-student-learning/resources.html>. Thank you.

**Brief statement of Program mission and goals:**

**I. Assessment of Student Learning Outcomes (SLOs) in this cycle.** Including processes, results, and recommendations for improved student learning. Use Column H to describe improvements planned for 2018-2019 based on the assessment process.

A. Which of the program SLOs were assessed during this cycle? <b>Please include the outcome(s) verbatim from the assessment plan.</b>	B. When was this SLO <u>last</u> reported on prior to this cycle? <b>(semester and year)</b>	C. What method was used for assessing the SLO? <b>Please include a copy of any rubrics used in the assessment process.</b>	D. Who was assessed? Please fully describe the student group(s) and the number of students or artifacts involved (N).	E. What is the expected proficiency level and how many or what proportion of students should be at that level?	F. What were the results of the assessment? (Include the proportion of students meeting proficiency.)	G. What were the department's conclusions about student performance?	H. What changes/improvements to the <u>program</u> are planned based on this assessment?

**II. Closing the Loop. Describe at least one data-informed change to your curriculum during the 2018-2019 cycle.** These are those that were based on, or implemented to address, the results of assessment from previous cycles.

A. What SLO(s) or other issues did you address in this cycle? <b>Please include the outcome(s) verbatim from the assessment plan.</b>	B. When was this SLO last assessed to generate the data which informed the change? Please indicate the semester and year.	C. What were the recommendations for change from the previous assessment column H and/or feedback?	D. How were the recommendations for change acted upon?	E. What were the results of the changes? If the changes were not effective, what are the next steps or the new recommendations?
Exhibit effective oral and written communication regarding subjects related to EXHPR in an individual and group setting;	Spring 18	Assess whether oral and written communication assignments have effective rubrics that can be scored for individual areas	Effective rubrics were added for 2 of the assignments assessed.	This allowed students to have clearer guidance on what is expected from the SLO. It allowed for reporting on specific area outcomes in the written and oral communication that will provide feedback as to how student struggle with written and oral communication.
Evaluate and integrate critical concepts and skills acquired in the EXHPR program to common professional problems in the fields of interest;	Spring 18	Add more public health or content courses.	A new emphasis area in Public Health was developed and approved to better meet the needs of the region.	The new Health Science program will begin in Fall 2019.
