

**Program Assessment Plan**  
2017-2018

College of Humanities and Social Sciences  
CSU-Pueblo Department of Music  
David Volk, Chair

Bachelor of Arts in Music

Developed by Jennifer Shadle Peters  
and David Volk  
with input from Music Faculty

Student data redacted Jan 2020 by Helen Caprioglio

**Music Department Mission:**

To provide the highest quality music education possible for the music major pursuing a career as a performer, educator, and scholar, as well as the student wishing to minor in music and persons wishing to learn about music as part of a professional or liberal arts tradition and a part of human culture and experience.

The Music Department's primary program is the Bachelor of Arts in Music. Within this program, some students choose to take additional specialized courses for an Emphasis area in either Performance or Music Education and PreK-12 Teaching Licensure. Within all program emphases, the department's mission of providing high quality music education as a basis of a career in the discipline is central to our curriculum and instructional practices.

Beginning Fall 2015, the Department of Music formalized an option for students to complete PreK-12 Teaching Licensure through graduate course work applicable toward the Master of Education degree upon completion of licensure requirements.

**Student Learning Outcomes:**

There are five outcomes considered essential for all graduates of the program. In addition, the music education and music performance emphasis areas each require specific outcomes specific to their professional requirements. Music Education must be designed to satisfy Colorado Department of Education requirements for licensure.

Upon completion of the Bachelor of Arts degree in Music, all students will

1. *Read, analyze, and perform music* with fluency in at least one performance medium and in a variety of genres and styles.
2. *Use the piano proficiently* as an instrument for independent study of music theory, analysis of scores, and preparation of compositions or arrangements, as appropriate to the common tasks of a professional musician.
3. *Demonstrate proficiency in aural recognition* and analysis of music, and in singing musical lines at sight, as appropriate to the common tasks of a professional musician.
4. *Recognize and describe* representative selections of music from all *the significant style periods and genres* of western art music.
5. *Create arrangements and original compositions* utilizing the recognized ranges and idioms of orchestral and band instruments and of vocal ensembles.

The achievement of these outcomes will enable graduates to compete successfully with their peers for graduate school admissions, or to begin a performing career at some levels locally. Related career fields, such as arts management or audio-engineering, would require further specialized training, but a solid bachelor's degree in music is a recognized beginning in such careers.

In addition to the outcomes described above, students in the *Performance Emphasis* program will

6. *Conduct large and small ensembles* in their primary performance medium.
7. *Prepare and present in public* a wide selection of repertoire representative of the highest standard of performance technique and style appropriate to young professional artists.

In addition to the general outcomes, students in the *Music Education Emphasis* program will

6. *Conduct large and small ensembles* in their primary performance medium.
7. *Demonstrate* through field experiences and student teaching the *necessary skills and dispositions for teaching music* in a variety of public school settings.
8. *Create instructional plans, long-range curriculum outlines, and assessments* for music education at elementary and secondary levels, following Colorado Content Area Learning Standards and incorporating recognized best practices in music pedagogy.

All of the outcomes listed above are observable and measurable, although some measures of musical understanding and achievement cannot be quantified. It is difficult in some regards to prevent all overlapping of outcomes (i.e., the understanding of theory and history will play a considerable role in a student's correct interpretation of a piece of music in performance), but the assessments themselves are designed to target discrete aspects of the student's development.

#### **Focus of Assessment for the Department of Music in 2017-2018**

Assessment efforts in 2017-2018 focused specifically on the progress and retention of students who do not formally audition for the department prior to enrollment during their first semester. The department has a long standing policy of allowing students to register in their first semester without audition. Continuation in the major is contingent upon successfully completing the first semester applied music jury. This policy facilitates enrollment of students declaring a music major at Orientation who have not previously auditioned, and permits admission for students who do not have as extensive musical preparation as many of their peers, but may have the requisite abilities for success with instruction and experience.

Music faculty have had long-standing concerns around the ultimate success of these students and the best policies and practices for facilitating their entrance and continuation in the program. Program Assessment in 2017-2018 focuses on the outcomes of these students in each of the program measures.

#### **Assessment Work in Recent Years**

In 2016-17, the department reviewed the progress of majors since 2013 in timely completion of the departmental Piano Proficiency exam. This review highlights the success of sustained efforts in designing and implementing a robust departmental piano proficiency program with clear student goals for each level of study and established remediation plans for students who do not meet these goals in the standard time frame allotted in departmental curricular plans.

Specific attention was given in recent years to improve the departmental assessment program through the development of new assessment measures. The *Applied Performance Rubric* and an updated *Junior Qualification Exam* were implemented in 2015-2016. The department believes

these measures are providing better information upon which to make curricular improvements.

The Department of Music identified a number of program strengths and weaknesses in past years. Stemming from program assessment, the department significantly revamped piano proficiency requirements in 2012-2013 and 2013-2014. The department continues to note improved timely completion of the departmental Piano Proficiency Examination by its majors.

Overall, the Department of Music continues to redesign and improve assessment efforts. When the new Chair arrived in 2013, Music Faculty expressed concern over the effectiveness of the Junior Qualifications Exam (originally an oral exam). Faculty also noted that semester-by-semester applied music jury evaluations did not adequately compare student progress across every instrumental group and failed to document student growth over time.

Faculty continue to discuss possible implementation of additional assessment tools. A online portfolio for majors could provide an opportunity for broad assessment of a number of student artifacts: composition/arranging projects in Music Theory courses and MUS 357 – Orchestration and Arranging (SLO 5), program notes for recitals and other performances (SLO 4), videos of conducting performances (SLO 6 for Performance and Music Education Emphases). The Department has also discussed possible implementation of a Music Literature exam as part of the written Junior Qualifications exam (SLO 4).

The MUS 151-281 (Aural Skills I – IV) provides focused instruction toward SLO 3. The Department continues discussion on possible assessment tools on this SLO outside of the course exams.

The Department continues discussion of possibility of adding a *Community Engagement* student learning outcome to the essential outcomes of all majors.

### *Written Junior Qualifications Exam*

#### Music Theory exam

|                     | Score: <u>Exemplary/Satisfactory/Unsatisfactory*</u> |
|---------------------|------------------------------------------------------|
| Lower level skills  | 1) Analysis of key and diatonic harmony              |
|                     | 2) Analysis of modulation                            |
| Higher level skills | 3) Analysis of chromatic harmony                     |
|                     | 4) Resolution of harmony                             |

\* Exemplary, Satisfactory, Unsatisfactory scores derived as follow:

- For item 1: Exemplary score represents correct analysis of 6 of 6 diatonic chords; Satisfactory represents correct analysis of 6 of 6 diatonic chords with errors in figured bass analysis; Unsatisfactory score represents incorrect analysis of key and/or Roman Numeral analysis of chords.
- For item 2: Exemplary score represents correct identification of key and analysis of chords; Satisfactory score represents correct identification of key, but errors in figured bass analysis and/or analysis of one of four chords; Unsatisfactory score represents incorrect analysis of key, or incorrect analysis of more than one of four chords in new key.
- For item 3: Exemplary score represents correct identification of 3 of 3 chromatic chords; Satisfactory score represents correct identification of 2 or 3 chromatic chords; Unsatisfactory score represents correct identification of 1 or 0 of 3 chromatic chords.
- For item 4: Exemplary score represents correct resolution of at least 3 of 5

examples and correct identification of chord and pitch content with no more than part-writing errors in at least a fourth example; Satisfactory score represents correct resolution of at least 2 of 5 examples and correct identification of chord and pitch content with no more than part-writing errors in at least a third example; Unsatisfactory score represents correct resolution of less than 2 of 5 examples.

### Music History exam

|                     |                                               |                                                      |
|---------------------|-----------------------------------------------|------------------------------------------------------|
|                     |                                               | Score: <u>Exemplary/Satisfactory/Unsatisfactory*</u> |
| Lower level skills  | 1) Identification of Historical Periods       |                                                      |
|                     | 2) Identification of Period dates             |                                                      |
| Higher level skills | 3) Identification of representative composers |                                                      |
|                     | 4) Description of style in each period        |                                                      |

\* Exemplary, Satisfactory, Unsatisfactory scores derived as follow:

- For item 1: Exemplary score represents correct identification of all 6 historical style periods. Satisfactory represents correct identification of at least 5 of 6 historical style periods. Unsatisfactory score represents correct identification of less than 5 of 6 historical style periods.
- For item 2: Exemplary score represents correct identification of approximate dates for all 6 historical style periods. Satisfactory represents correct identification of approximate dates for at least 5 of 6 historical style periods. Unsatisfactory score represents correct identification of approximate dates for less than 5 of 6 historical style periods.
- For item 3: Exemplary score represents correct identification of representative composers for at least 6 of 6 historical periods. Satisfactory represents correct identification of representative composers for at least 4 or 5 historical style periods. Unsatisfactory score represents correct identification of representative composers for less than 5 of 6 historical style periods.
- For item 4: Exemplary score represents correct identification of stylist traits of 6 of 6 historical periods with detailed information provided regarding melodic, harmonic, and rhythmic traits. Satisfactory represents correct identification of stylistic traits of 4 or 5 historical periods with detailed information provided regarding melodic, harmonic, and rhythmic traits. Unsatisfactory score represents incorrect identification of stylistic traits for at least 4 historical periods.

### **Music Theory Pre- and Post- Tests**

The instructor for Music Theory I administers pre- and post-tests during the first and last weeks of the course. The Department compared averages of students who audition prior to their first semester of enrollment versus those who do not audition.

**Conclusions and Changes in Curriculum moving forward:**

Beginning Fall 2018, the department proposes different first-semester courses of study for those who formally audition prior to the first semester of enrollment and for those who do not. Those who have not formally auditioned for the department prior to their first term of enrollment will be interviewed by the Department Chair during Orientation to determine if they are adequately prepared for the schedule permitted auditionees. Without Department Chair approval, non-auditionees will be advised to take the alternative first-semester course of study. This information will be communicated with the Music First Year Advisor to ensure students are properly advised through the Orientation process.

| <i>First Semester Course of Study for Those Who Audition Prior to Enrolling:</i>                                                                                                                                                                                                                     | <i>First Semester Course of Study for Those Who <b>Do Not</b> Audition Prior to Enrolling:</i>                                                                                                                                                                                          |

**Curriculum:**

The Department of Music continues to improve assessment tools and processes and relies on this information heavily in making curricular decisions. The department will assign faculty groups in 2017-2018 to review assessment tools in each SLO area and continue to implement improvements in the departmental assessment and curricular review process.

# APPENDIX C

Colorado State University – Pueblo  
Department of Music

## JUNIOR QUALIFICATIONS EXAMINATION

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Degree Program (General, Music Education, Performance): \_\_\_\_\_

**\*\* READ INSTRUCTIONS FOR EACH QUESTION CAREFULLY \*\***

### I. Music Theory

Provide Roman numeral/figured bass analysis for each of the chords in the chorale below. Resolve the chords marked with an asterisk and provide Roman numeral/figured bass analysis for the chord to which you resolve.

A modulation occurs in the last four chords of the example. For the chord marked with two blanks (which functions as a pivot, or common, chord), provide Roman numeral analysis in both the original key and, once identified, the key to which the example modulates.

**II. Music Appreciation/History**

From approximately 400 AD to present, scholars typically define six broad stylistic eras in the history of western music.

In the space provided below, identify these six eras, approximate dates for each, and a representative composer from each era. Additionally, briefly describe a melodic/harmonic and rhythmic feature that distinguishes the music of each era.
