

Program: Athletic Training

Date: May 13, 2016

Completed by: Roger Clark, PhD, ATC

Assessment contributors (other faculty involved in this program's assessment): Athletic Training Faculty/Staff

Please describe the 2015-2016 assessment activities for the program in Part I. Use Column H to describe improvements planned for 2016-2017 based on the assessment process. In Part II, please describe activities engaged in during 2015-2016 designed to close-the-loop (improve the program) based on assessment activities and the information gathered in 2014-2015. Thank you.

I. Program student learning outcomes (SLOs) assessed in this cycle, processes, results, and recommendations.

A. Which of the program SLOs were assessed during this cycle?	B. When was this SLO last assessed? Please indicate the semester and year.	C. What method was used for assessing the SLO? Please include a copy of any rubrics used in the assessment process.	D. Who was assessed? Please fully describe the student group(s) and the number of students or artifacts involved.	E. What is the expected achievement level and how many or what proportion of students should be at it?	F. What were the results of the assessment?	G. What were the department's conclusions about student performance?	H. What changes/improvements to the <u>program</u> are planned based on this assessment?
SLO #2: Students will demonstrate Prevention and Health Promotion	Spring 2015	<u>Direct Measure:</u> Board of Certification (BOC) exam results. The collective score for all students per domain area.	Program Graduates who took BOC exam between April 2014 and Feb 2015. N=10	Graduates will score at or above the national average for this domain area.	Program graduates average=76.18% National average=77.62%	Program graduates performed below the national average.	Faculty/Staff will discuss this outcome and review the syllabi and NATA Educational Competencies that are related to this SLO.

		<u>Indirect Measure:</u> Athletic Training Program Graduate Survey results. Students rate Per SLO (Asked how well outcome was met?) Rating: 5=excellent 4=good 3=average 2=poor, 1=not at all	2015 graduates N=5	Students will rate the outcome at or above a score of 3. 3=average	Rating=4.4	Student rating of Good	Faculty/staff will discuss possible reasons for student's rating of how well program prepared them in the area of the SLO and their performance on the BOC exam in this content area not matching.
SLO #3: Students will demonstrate Clinical Examination and Diagnosis	Spring 2015	<u>Direct Measure:</u> Board of Certification (BOC) exam results. The collective score for all students per domain area. <u>Indirect Measure:</u> Athletic Training Program Graduate Survey results. Students rate Per SLO (Asked how well outcome was met?) Rating: 5=excellent 4=good 3=average 2=poor, 1=not at all	Program Graduates who took BOC exam between April 2014 and Feb 2015. N=10 2014 graduates N=5	Graduates will score at or above the national average for this domain area. Students will rate the outcome at or above a score of 3. 3=average	Program graduates average= 77.46% National average= 76.73% Rating=4.6	Program graduates performed above the national average. Student rating of good.	Nothing at this time. Nothing at this time.

SLO #4: Students will demonstrate Acute Care of Injury and Illness	Spring 2015	<u>Direct Measure:</u> Board of Certification (BOC) exam results. The collective score for all students per domain area <u>Indirect Measure:</u> Athletic Training Program Graduate Survey results. Students rate Per SLO (Asked how well outcome was met?) Rating: 5=excellent 4=good 3=average 2=poor, 1=not at all	Program Graduates who took the BOC exam between April 2014 and February 2015. N=10 2015 graduates N=5	Graduates will score at or above the national average for this domain area. Students will rate the outcome at or above a score of 3. 3=average	Program graduates average= 83.16% National average= 82.84% Rating=4.6	Program graduates performed above the national average. Student rating of good.	Nothing at this time. Nothing at this time.
SLO #5: Students will demonstrate Therapeutic Intervention	Spring 2015	<u>Direct Measure:</u> Board of Certification (BOC) exam results. The collective score for all students per domain area	Program Graduates who took the BOC exam between April 2014 and February 2015.	Graduates will score at or above the national average for this domain area.	Program graduates average= 75.99% National average= 75.41%	Program graduates performed above the national average.	Nothing at this time.

		<u>Indirect Measure:</u> Athletic Training Program Graduate Survey results. Students rate Per SLO (Asked how well outcome was met?) Rating: 5=excellent 4=good 3=average 2=poor, 1=not at all	2015 graduates N=5	Students will rate the outcome at or above a score of 3. 3=average	Rating=3.6	Student rating= average	Nothing at this time.
--	--	---	------------------------------	--	------------	----------------------------	--------------------------

Comments:

A standard for CAATE accreditation is that a program must have a 70% three year aggregate first time pass rate on the BOC exam. The AT Program's three year aggregate first time past rate is 79%. Twenty-eight graduates took the exam and 22 graduates passed the exam the first time in the past 3 years.

II. Follow-up (closing the loop) on results and activities from previous assessment cycles. In this section, please describe actions taken during this cycle that were based on, or implemented to address, the results of assessment from previous cycles.

A. What SLO(s) did you address? Please include the outcome(s) verbatim from the assessment plan.	B. When was this SLO last assessed? Please indicate the semester and year.	C. What were the recommendations for change from the previous assessment?	D. Were the recommendations for change acted upon? If not, why?	E. What were the results of the changes? If the changes were not effective, what are the next steps or the new recommendations?
Students will demonstrate Therapeutic Intervention	Spring 2014	Faculty/staff discussed this outcome and reviewed the syllabi of the courses that cover the educational competencies related to the SLO. It was decided that the faculty/staff would strive to link what the students were being taught in the classroom with what they are doing in their clinical education.	Yes	<p>Program graduates average BOC exam score in related content area in Spring 2014 was 65.02% and the National average was 70.2%.</p> <p>In Spring 2015, program graduates average BOC exam score in the related content area was 75.99% and the National average was 75.41%.</p> <p>This showed an improvement in the performance on the SLO and meeting the benchmark of being at the national average or above.</p>
