**** Please read the following background information before examining the data in the Spanish minor assessment report.**

Students minoring in French, Italian, and Spanish will be required to demonstrate a level of proficiency sufficient to converse comfortably on everyday topics, to attain intermediate levels of proficiency in writing and reading the target language, and to understand and appreciate the target language cultures.

These outcomes will be achieved by showing proficiency in the 5 C's:

- 1) Communication: The communication standard stresses the use of the target language for communication in —real life situations. It emphasizes —what students can do with language rather than —what they know about language. Students are asked to communicate in oral and written form, to interpret oral and written messages, to show cultural understanding when they communicate, and to present oral and written information to various audiences for a variety of purposes.
- 2) Cultures: Cultural understanding is an important part of language education. Experiencing other cultures develops a better understanding and appreciation of the relationship between languages and other cultures, as well as the student's native culture. Students become better able to understand other people's points of view, ways of life, and contributions to the world.
- 3) Connections: Target-language instruction must be connected with other subject areas. Content from other subject areas is integrated with target language instruction through lessons or courses that are developed around themes common to other subject areas.
- 4) Comparisons: Students are encouraged to compare and contrast the target language and cultures with their own. They discover patterns, make predictions, and analyze similarities and differences across languages and cultures. Students often come to understand their native language and culture better through such comparisons.

- 5) **Communities:** Extending learning experiences from the language classroom to the home and multilingual and multicultural community emphasizes living in a global society. Activities may include: field trips; use of e-mail and the Internet; participation in clubs, exchange or study-abroad programs, and cultural activities; school-to-work opportunities; and opportunities to hear speakers of Spanish at the University and in the classroom.

In order to assess these outcomes all graduating seniors minoring in Spanish participate in three assessment measures:

1. **An Oral Proficiency Interview (OPI)** which determines students' oral language communication level based on the ACTFL (American Council on Teaching Foreign Languages) proficiency guidelines. (For the rubric see the end of this document)
2. **A Written Proficiency Test (WPT)** which determines students' written language level based on ACTFL proficiency guidelines. In addition, this short written exam measures the students' knowledge of Cultures, Connections and Comparisons. (For the rubric used for the WPT please see the end of this document)
3. **An exit survey** that measures their perceptions and knowledge of Communication, Cultures, Connections, Comparisons and Communities. (Please see the end of this document)

I. Program student learning outcomes (SLOs) assessed in this cycle, processes, results, and recommendations.

A. Which of the program SLOs were assessed during this cycle?	B. When was this SLO last assessed?	C. What method was used for assessing the SLO?	D. Who was assessed?	E. What is the expected achievement level and how many students should be at it?	F. What were the results of the assessment?	G. What were the department's conclusions about student performance?	H. What changes/improvements are planned based on this assessment?

Comments: **All proposed changes and improvements remain to be discussed with the whole faculty. These are preliminary observations by the Associate Chair.** Our biggest change was using the Written Proficiency Test as a measure instead of the sample paper. I think this gave us much more material for assessing. We need to assess more minors so one student does not affect the percentage so drastically.

We have integrated YouTube video oral projects in second and third year courses, but the 	<p>While the communication goal was not met on this cycle when it came to oral proficiency. 			best innovation was doing it on the 100 level courses. It took a lot from all faculty and it was amazing.	
CULTURE	2016	<p>1. Maintain our focus on culture through interdisciplinary classes.</p> <p>2. Keep on offering cultural activities outside class.</p> <p>3. Promote Study Abroad and community involvement.</p>	<p>1. We have continued with our cultural approaches at every level.</p> <p>2. We continued our culture through interdisciplinary classes.</p> <p>3. The Language Center offered a great number of activities.</p>	<p>Our outcomes on this SLO are strong and fall within our target.</p> <p>In the surveys students expressed the positive impact of study abroad and activities at the Language Center.</p> <p>Students are also very pleased with study abroad. Several mentioned them in their surveys.</p>
CONNECTIONS	2016	<p>1. Continue to be explicit about the connections students can make through their interdisciplinary courses.</p> <p>2. Continue promoting FL 394 as service learning and field experience that connects Spanish learning with other subject areas.</p>	<p>1. We asked teachers to be more explicit about the connections students are making but left it up to them.</p> <p>2. We had at several students participate in FL394 Field Experience courses.</p> <p>3. We offered several Conversation/Composition Courses this year.</p>	<p>Our outcome stayed low this year despite our efforts. We need to continue implementing the ideas that were put forth last year. Results of the mandatory student engagement activity remain to be seen as students climb up from first and second year courses.</p>
COMPARISONS	2016	<p>1. Continue fostering comparisons in culture, language, etc.</p> <p>2. Conversation/Composition courses need to have at least one paper where students do</p>	<p>1. We have continued fostering comparisons.</p> <p>2. Including a comparison contrast paper was left to individual teachers. Many decided to include it.</p>	<p>We hit our mark. COMMUNITIES	2016	<p>1. Continue extending learning experiences from the classroom to the home and multilingual and multicultural community.</p> <p>2. Add project where students do field work (interviews of community members, participation in Spanish speaking communities)</p> <p>3. Continue creating opportunities where students use SPN to become part of a larger community. Field trips; clubs, study-abroad programs, school-to-work opportunities,</p> <p>4. Promote FL 394 as service learning and field experience that connects Spanish learning with other subject areas.</p>	<p>1. We continued with our mandatory policy for students to participate in one student engagement activity at 1st and 2nd year courses.</p> <p>2. The 301 course has this as the final class project. We included an interview in all first and second year classes.</p> <p>3. We were not able to do this due to lack of personnel.</p> <p>4. We are doing more project based learning with community involvement at 300 level.</p> <p>5. We did our “interview a person” activity in all 100 level courses. This was a feat!</p>	<p>Students were delighted by opportunities to go abroad as per survey commentaries.</p> <p>Students seem to feel part of the Spanish students community as they mention in their surveys how comfortable they feel with their professors and how much they appreciate their classmates.</p>

Comments:

We were successful capturing minors that were graduating for assessment.

We are now in our fourth year of using the new written proficiency test and it is great because it elicits functions we want to measure per the rubric below.

Student's comments on the exit survey were very positive as they pointed out the friendliness and support from faculty, the availability of the language center, and the many opportunities to become immersed in Spanish culture. They would like to see travel abroad back and we can hopefully help with that next year.
