Appendix A: Student Code of Conduct

Colorado State University Pueblo

Student Code of Conduct

Updated August 2023

*POLICY SUBJECT TO CHANGE, PLEASE REFER TO https://www.csupueblo.edu/student-conduct/_doc/student-code-of-conduct.pdf

I. PURPOSE

Colorado State University Pueblo strives to achieve a campus community in which individuals demonstrate respect for others, for themselves, and for the University; uphold high standards of personal and academic integrity; are accepting of differences and gain an appreciation for living in a diverse environment; understand the impact of their behavior both upon the University and the larger community; and freely accept the responsibility for and the consequences of their conduct.

To that end, while recognizing that freedom of expression and academic inquiry are inherent to the educational environment, the University expects all members of its community to embody respect, a sense of community, integrity, and a commitment to responsibility.

Upon admission to the University, students share in the obligation to protect the educational and developmental mission of the University through a commitment of respect to the University, themselves, and one another. Additionally, students will retain their individual rights while accepting the responsibility to respect the rights of others and the standard set forth by the University within this Code.

The learning outcomes of the Student Code of Conduct are that the student, through their experience in the student conduct process, will be able to:

- A. Recognize the policy that they allegedly violated
- B. Explain the impact that their behavior has on them and the University community
- C. Identify ways they and the community can be positively impacted through social and restorative justice

It should be noted, this Code exists as an educational opportunity for students to gain personal and academic development during their time at CSU Pueblo. This Code is not meant to serve as a punitive measure; rather, it is to serve as a means to protect the rights of the community and the individual students. If, at any time, a student is unable to share their responsibility in upholding this Code, they may be asked to part ways with the University.

A person is considered to be incapable of giving consent when the person lacks the cognitive ability to make an important life decision, and this measure applies even when the same persons have engaged with one another in consensual sex in the past.

III. POLICY

A. Student Rights and Responsibilities

Throughout their involvement in the student conduct process, all students have the following rights and responsibilities as outlined below.

1. The Right to Fair Treatment. All students have the right to expect a fair and impartial process in which it is the responsibility of the University to show that a violation has occurred before any sanctions are imposed, with the exception of interim actions. This includes the right to object to any conduct administrator based upon a demonstrable and significant bias.

2. The Right to Privacy. Students have the right to privacy with respect to all disciplinary action and records, subject to exceptions outlined in the Family Educational Rights and Privacy Act [FERPA].

3. The Right to Written Notice. Students have the right to proper written notification of allegations of misconduct, any conduct meeting occurring based on their behavior, and the right to written notification of the results of such meetings.

a. Written notification of a conduct meeting shall include the date, time and location of the meeting, the person or group conducting the meeting, the alleged violations committed, and a description of the allegations to be considered.

b. Written notification of a decision shall include a specific finding of fact, the violations committed (if any), the sanctions imposed (if any), and the process by which an appeal may be filed.

c. Written notice to the student will be provided via electronic mail (email) through a student's University email account. Students have the responsibility to check their student University email to receive notifications.

d. Students have the ability to review information 72 hours prior to the scheduled conduct meeting.

4. The Right to participate in a Conduct Meeting. A conduct meeting is defined as a meeting in which there is an investigation of the allegations. Students have the right to be heard and to discuss the allegations brought forth against them. Students have the right to review and to respond to all information and/or documentation used by a conduct administrator to reach a decision, and the right to provide information, witnesses, and/or documentation of their own to the conduct administrator. These rights should not be construed to allow direct cross-examination of witnesses.

Students who choose not to participate in the conduct process have the right to do so, but the process will continue in their absence to determine if a violation occurred.

a. Students have the responsibility to arrange for the presentation of any witnesses who may have information pertaining directly to the allegation at the time of the conduct meeting. Disciplinary proceedings will not be rescheduled to accommodate witnesses. Character witnesses may not be considered relevant to an investigation.

5. The Right to an Advisor. Students have the right to the presence of a single advisor of their choice throughout the disciplinary process to assist them with their conduct proceedings. Advisors may freely consult with the students they advise, provided they do not disrupt the proceedings. Advisors may not examine witnesses nor advocate in this advisory role.

- b. An advisor can be an attorney, parent/guardian, faculty or staff member (one who is not or cannot be considered a witness to the event or persons involved in this administrative process), or a trusted friend.
- c. Advisors cannot be a person considered a witness to the alleged violation.

6. The Right to Appeal. Students have the right to request an appeal of a conduct administrator's decision.

Students have the responsibility to comply with all sanctions imposed, even during an appeal, until those sanctions have been modified or overturned as a result of an appeal.

B. Jurisdiction

The Student Code of Conduct and the student conduct process applies to the conduct of individual students, both undergraduate and graduate, and all student organizations. For the purposes of student conduct, the University considers an individual to be a student when the student has initially enrolled for classes and thereafter as long as the student has a continuing educational interest in the University. The University may take jurisdiction over a student once admitted to the University, if the alleged act committed prior to enrollment is egregious enough that, if found responsible, suspension or expulsion would be warranted.

The University retains conduct jurisdiction over students who choose to take a leave of absence, withdraw or have graduated, for any misconduct that occurred prior to the leave, withdrawal or graduation and thereafter as long as the student has a continuing educational interest in the University. If sanctions are assigned and not completed by the deadline imposed, a hold will be placed on the student's account which can affect their ability to enroll, add/drop courses, obtain official transcripts, and/or graduate. All sanctions must be satisfied prior to re-enrollment eligibility.

This Code applies to all conduct that occurs on University premises and at University-sponsored activities occurring away from campus, as well as to any off-campus conduct that adversely affects the University community and/or the pursuit of the University's educational mission. The decision whether to extend jurisdiction in a specific off-campus incident shall be made at the discretion of the Primary Administrator or Assistant Dean.

The Primary Administrator is not required to take jurisdiction over a student who has allegedly violated the policies or guidelines of an individual academic program or who has allegedly committed a violation of academic policies as outlined in the Catalog. Academic programs may have separate codes of conduct and rules and policies that apply to the program that are separate and apart from the Student Code of Conduct. In those situations, when the Primary Administrator does not take jurisdiction, and the student does not have the rights articulated within this Code in relation to individual program violations. Pursuant to specific student codes within programs, a student may be dismissed from a program without the involvement of the Primary Administrator; however, an individual program may not suspend or expel a student from the University.

The Student Code of Conduct may be applied to behavior conducted online, via email or other electronic means. Students should also be aware that online postings such as blogs, web postings, chats and social networking sites are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations.

C. Standards of Conduct

The underlying philosophy of the disciplinary process is an educational and restorative one; however, the University reserves the right to take corrective action when appropriate. Such action may not normally be waived or postponed solely due to concurrent criminal or civil proceedings, nor shall the reduction or dismissal of criminal charges be taken as sufficient reason to defer disciplinary action. In exceptional circumstances, the University may deem it appropriate to delay formal disciplinary action due to the existence of external legal proceedings. Such decisions shall be made at the discretion of the Primary Administrator or Assistant Dean.

A. Student Organizations

As an essential part of the University community, Student Organizations are expected to conduct their activities at all times in a manner that reflects the values, mission, and goals of Colorado State University Pueblo as well as expectations defined in the Student Organization Handbook. Student Organizations are subject to this Code in the same manner as individual students. Alleged violations on the part of Student Organizations shall be investigated by the Office of Student Conduct in conjunction with the appropriate University offices or departments. Any incidence of misconduct may result in disciplinary action against a Student Organization as a whole, as well as against one or more individual members.

Actions may be considered violations of this Code when those actions take place at organization- sponsored or co-sponsored events, whether sponsorship is formally linked to the organization, or believed to be related to the organization; when parties involved have received the consent or encouragement of the organization or the organization's leaders or administrators; or when those actions were known or should have been known to the membership or its administrators and they did not prevent the violations occurrence. Meetings for Student Organizations follow the same general student conduct procedures as individual students.

B. Academic Complaints/Violations

Students found in violation of the Academic Integrity Policy found in the Catalog (<https://www.csupueblo.edu/catalog/>) may be reported to the Office of Student Conduct by the academic department or faculty member finding the violation. While the student may face consequences within their academic department or course, students are also held subject to a violation of this Code and can be charged in addition to any action imposed by a faculty member or academic department. Students found in repeated violation of the academic integrity policy are subject to suspension from CSU Pueblo at the discretion of the Primary Administrator.

C. Sexual Misconduct Complaints/Violations

Students found in violation of the Title IX, Sexual Harassment and Gender Discrimination will be held accountable as stated in the policies and procedures provided within that policy. The process for investigations of allegations of violation of the policy are found on the Office of Institutional Equity webpage (<https://www.csupueblo.edu/institutional-equity/>). Any student found in violation of that Policy is subject to sanctioning by the Primary Administrator or designee. Allegations that fall outside of the jurisdiction/applicability of the Title IX, Sexual Harassment and Gender Discrimination will be referred to the Office Student Conduct & Community Standards.

D. Reporting Process

Any person may file a report (Reporting Party/Complainant) with the Office of Student Conduct alleging student misconduct of another student (Responding Party). The University may serve as the Reporting Party/Complainant in any action. Once a report has been received, the University retains the right to proceed with the disciplinary process, even if a Reporting Party/Complainant later chooses to retract, rescind, or recant any or all of the report and/or chooses not to cooperate.

The Office of Student Conduct may share or refer a report to other offices, agencies, and/or jurisdictions as appropriate (e.g. the Office of Institutional Equity, Department of Residence Life & Housing, Pueblo County Sheriff's Office, Pueblo Police Department, etc.). There is no time limit on reporting violations of the Student Code of Conduct; however, the longer someone waits to report an offense, the harder it becomes for University officials to obtain information and witness statements, and to make determinations regarding alleged violations.

Though anonymous reports are permitted, doing so may limit the University's ability to investigate and to respond to a report. Those who are aware of misconduct are encouraged to report it as quickly as possible to the Office of Student Conduct, the Pueblo County Sheriff's Office at CSU Pueblo, and/or the Title IX office.

E. The Conduct Process

1. Report Review & Investigation

Once a report has been filed with the Office of Student Conduct, it shall be resolved in one of the following ways at the discretion of the Primary Administrator:

- If a report is unable to be verified or to be evidenced at the time it is filed, no further action shall be taken. The University may resume action on any report should further relevant information become available to substantiate the original report.
- Further investigation may be conducted by the Primary Administrator, or designee, if it is determined that the report may be substantive.

2. Interim Actions

All students have the right to continue their education free from the threat of harassment, abuse, retribution, and/or violence. The University may take whatever immediate measures it deems necessary in order to protect the safety, security, of a student, the University, and/or any member(s) of the community and the integrity of the investigation.

The Primary Administrator, or designee, may impose restrictions and/or separate a student from the community pending the completion of a campus meeting on the alleged violation(s) of the Student Code of Conduct when a student

- represents a threat of serious harm to others,
- is facing allegations of serious criminal activity,
- to preserve the integrity of an investigation,
- to preserve University property and/or to prevent disruption of, or interference with, the normal operations of the University.

- No Contact Orders**—A No Contact Order (NCO) is a directive to refrain from any intentional contact, direct or indirect, with one or more designated persons or group(s) through any means, including personal contact, electronic, telephone, or third parties. All parties issued an NCO are held responsible for following the directive regardless whether they are the Reporting Party/Complainant or Responding Party. Violating a No Contact Order can result in suspension from CSU Pueblo for either party.
- Interim Suspension**—During an interim suspension, students may be denied access to University premises and/or all University activities or privileges for which the student might otherwise be eligible, as may be deemed appropriate. Whenever an interim suspension is imposed, a conduct meeting shall be conducted in a timely manner. Students who have been suspended on an interim basis and whose suspension upon meeting or appeal is found to have been unwarranted, shall be provided full opportunity to reestablish their academic and student standing to the extent possible within the abilities of the University, including the opportunity to take examinations, make up class assignments, or otherwise complete course assignments missed due to the Interim Suspension. Students who have been suspended on an interim basis and then found to be in violation of the Code do not have the right to any refund or reimbursement for tuition, fees, room and board or any other expense associated with attending the University. Any reimbursable funds made available to a student found not responsible will be determined on a case by case basis.
- No Trespass**—A student may be issued a directive stating they are not permitted on campus or in particular parts of campus. In the event of a No Trespass, a student will be given specific parameters of their inability to be in a certain area of campus until a specified time. Students issued a No Trespass from certain areas of campus paid for by student fees do not have the right to any refund in student fees.
- Temporary Removal**—The University reserves the right to temporarily remove a student from a classroom or on-campus housing in the event that it is deemed necessary to protect the health and safety of the campus or the integrity of an investigation. All measures will be made to prevent the disturbance of a student's academic studies when possible.

3. Conduct Meetings

- Students will be notified of an allegation being reported against them through a letter they receive via their student email. This letter will detail the time/location of the virtual meeting, and allegations made as stated in section III of this Code.
- Students are required to contact the Office of Student Conduct within five (5) business days of the letter being sent.
- The purpose of a Meeting is to evaluate the information presented to the Office of Student Conduct. Students are responsible for bringing any information they may have to this meeting as well.
- Students will have the opportunity prior to this meeting to see all of the information related to their alleged violation of the Code.
- This meeting will be held to determine whether any of the standards of conduct outlined in this Code may have been violated, and, if so, what sanctions are to be imposed to remedy the situation or prevent a reoccurrence.

Students are not required to participate in a conduct meeting; but failure to participate does not waive a student of responsibility. If a violation is found, a student is still subject to the sanctions imposed.

4. Information. The Reporting Party/Complainant(s) and the Responding Party(s) may provide information to the conduct administrator(s) for consideration, including witness statements, emails, photographs, etc.

5. Standard of Proof. Determinations shall be made on the basis of a preponderance of the evidence, i.e. whether it is more likely than not that the Responding Party(s) committed the alleged violation(s). Formal rules of process, procedure, and/or technical rules of evidence, such as those applied in civil or criminal courts, are not utilized in student conduct meetings.

6. Witnesses.

- Students from either Reporting or Responding Party(s) may provide any witnesses with knowledge of relevant, first-hand information to the case.
- Character witnesses may be considered in the event a Responding Party is found responsible. Character witnesses will be used solely to determine sanctions and character witness information must be provided in writing to the conduct administrator prior to, or during, the conduct meeting.

- c. There is no limit to how many witness statements can be submitted, but the impact of witness statements on the conclusion of a case is at the discretion of the conduct administrator.

7. Conduct Administrators. Administrators may be persons or groups designated by the University and trained by the Primary Administrator to conduct meetings. The exact process by which each of these administrators convene, consider evidence, and determine sanctions is determined in consultation with the Primary Administrator or Assistant Dean. A Board/Committee of staff and faculty from the campus community may conduct meetings in place of a single administrator when necessary at the discretion of the Primary Administrator, or at the request of a student.

8. Decisions. Decisions made as a result of any meeting shall be provided in writing to the Responding Party(s) and sent via their student email account. Responding Party(s) are responsible for checking their email and receiving the outcome. If, for any reason, a student's University email account is not in working order and the email is returned, the conduct administrator may make the decision to either send the response to a personal email account verified by the student, or via US Mail to the address on file in the student's University account.

At any time, the Conduct Administrator may institute additional procedures, or modify any stated timelines, in the interest of assuring due process for all parties involved.

G. Appeals

A student may request an appeal of a decision made by any conduct administrator in any instance not specified as final, such as, in the case of an Appeal Committee. All sanctions determined by the original conduct administrator remain in effect during the appeal process.

A student may appeal on one of the four following grounds:

- A procedural error occurred that significantly impacted the outcome of the initial meeting.
- The information presented in the initial meeting was insufficient to establish a preponderance or "more likely than not" standard that a violation occurred.
- The sanction(s) imposed in the initial meeting were substantially disproportionate to the severity of the violation(s) committed.
- New and significant information is now available, sufficient enough to alter the decision, which was not known at the time of the initial disciplinary meeting. [Failure to provide information or to participate in a meeting or investigation, even when resulting from concern over pending criminal or civil proceedings, does not make information "unavailable" at the time of the meeting.]

Any party submitting an appeal request must do so in writing via the Conduct Appeal form (https://cm.maxient.com/reportingform.php?CSUPueblo&layout_id=20) found on their decision letter, or on the OSCCS website no later than five (5) business days following the day the student was notified of the decision of the original conduct administrator. A student has been notified of the decision of the original conduct administrator at the day and time the decision was emailed to the student. A business day is considered Monday through Friday between the hours of 8am-5pm, excluding University closure days.

Neither students nor conduct administrators present directly to the panel, therefore all information regarding the appeal must be provided in writing. Students are permitted to submit one appeal form. Any additional information not provided in the original appeal form will not be considered during the appeal. It is strongly advised that a student not complete the appeal form until they have all information needed.

Once the appeal is received by the Assistant Dean, or designee, they will conduct an initial review to determine if the request for appeal is timely.

All parties will be informed via their student University email account of

- the acceptance their appeal (when timely submitted),
- the members of the Appeal Committee to determine any conflicts of interest, and
- the Appeal Committee's anticipated timeline. Any conflicts or concerns with the timeline must be expressed by the students within two (2) business days.

If the appeal is not timely and cannot be accepted, they will be notified by the Assistant Dean, or designee, that their appeal cannot be accepted. If the request for appeal is not timely (not within the five (5) day timeframe allotted) the original finding and sanction will stand and the decision is final with no further right to appeal.

If the request for appeal is timely, the Assistant Dean, or designee, will:

- Inform the original conduct administrator of the appeal and provide the Conduct Appeal form to the conduct administrator. The conduct administrator will respond within three (3) business days and provide the response to the Assistant Dean, or designee.

- Then, refer the case to an Appeal Committee to review only the specific grounds requested in the Conduct Appeal form. The Panel will be provided access to the case information so that a decision may be made.

An appeal being granted does not give the opportunity for a case to be reheard. Rather, the appeal is used to determine if:

- one or more of the four grounds for an appeal has been satisfied and
- what, if anything, should occur based on their findings

The Appeal Committee will resolve the appeal in one of the following ways:

- Uphold the decision of the original conduct administrator; or
- Return the case to the original conduct administrator with specific findings or recommendations, including but not limited to: re-hearing of the matter, consideration of additional evidence, and/or modification of sanctions;
- Refer the case to a new conduct administrator for review; or
- Dismiss the case on the grounds that no reasonable party could have found the Responding Party responsible for the allegation(s) submitted.

The Appeal Committee will provide detailed findings, recommendations, and rationale for their decision. The decision will be provided to the Assistant Dean, or designee, who will forward the decision, along with any instructions, to the party and the conduct administrator. If the decision includes a recommendation for suspension or expulsion, the decision must be reviewed and approved by the Dean of Students. If the Dean of Students does not agree with the recommendation to suspend or expel the student, then the Dean of Students must provide rationale for that decision and any sanctions or actions that must be taken by the Student. Any finding made during the appeal process, including any decision made by the Dean of Students, will be considered final and no longer eligible for appeal.

H. Disciplinary Actions

1. Findings

- a. A student may be found responsible for a violation when there is enough evidence for a conduct administrator to believe the student engaged in the alleged conduct violation.
- b. A student may be found not responsible when not enough evidence exists to find the student responsible for a violation.

An educational conversation may be had with a student when a policy violation may exist but it is determined by the conduct administrator that a conversation would be more appropriate than a sanction to remedy the behavior.

2. Student Standing/University Status

a. A **warning** is given to notify a student that past behavior has been inconsistent with the expectations of the University. A warning has no immediate effect upon a student's standing at the University. However, once given a warning, students should expect more serious sanctions to result from any subsequent violations.

b. **Probation** serves to notify a student that further transgressions must be avoided for a specified period in order for the student to remain a part of the University community. During a student's probationary period, that student is not in good disciplinary standing with the University; as a result, certain co-curricular activities may be prohibited at the discretion of the Primary Administrator, eligibility for participation in certain activities including study abroad programs, attending conferences, maintaining office in any student organization, or representing the University at official functions, events or intercollegiate competition as a player, manager or student coach, may be restricted. Lack of good standing can also be a considering factor in a student's employment with the University. Any further violations while on probation can result in a student's suspension or dismissal from the University.

c. **Deferred suspension** is when the suspension will be automatically enforced if the student fails to complete any assigned sanctions by the deadline and/or for any subsequent violations of the Code. If the student is found responsible for any subsequent violations of the Code, the student will be automatically suspended from the University in addition to the other sanctions imposed for the subsequent violation. During a student's deferred suspension period, that student is not in good disciplinary standing with the University; as a result, certain co-curricular activities will be prohibited by the Primary Administrator, eligibility for participation in certain activities including study abroad programs, attending conferences, maintaining office in any student organization, or representing the University at official functions, events or intercollegiate competition as a player, manager or student coach, will be restricted. Lack of good standing will also be a considering factor in a student's employment with the University.

d. A student who has been **suspended** from the University may not participate in any University activities, academic or otherwise, for a specific period, and may be restricted from University premises.

This sanction will be noted as a Suspension on the student's official academic transcript and the student will be withdrawn from all courses. A suspended student who wishes to re-enroll must apply for re-entry to the University and must also petition the Primary Administrator, who shall determine whether any and all requirements for readmission have been satisfactorily completed.

e. **Expulsion** is permanent separation and removal from the University. A student who has been expelled from the University is permanently prohibited from participating in any University activities, academic or otherwise, and will be restricted from all University premises and activities. This sanction will be noted as Expelled on the student's official academic transcript and the student will be withdrawn from all courses.

3. Sanctions

If found responsible for violating the standards held within this Code, a student may be asked to complete certain actions to remedy their behavior or prevent its reoccurrence. In considering the appropriate sanction for a particular incidence of misconduct, any or all of the following factors may be considered:

- The circumstances surrounding the misconduct, including the Responding Party's intent when committing the offense, including any aggravating and mitigating factors involved.
- The actual and potential consequences of the misconduct, including the egregious nature of the action.
- The precedent established by the University for similar misconduct.
- The previous disciplinary history of the student, if any. It is the student's responsibility to review his or her conduct record, and the student may be deemed to have knowledge of his or her record of previous conduct violations and sanctions, whether or not the student chooses to review the record.
- The student's attitude throughout the process.

Sanctions are not limited to the information contained here [see sanction guidelines table], but can include one or more of the following:

Assessment/Consultation	Student may be required to complete a psychiatric assessment, mental health assessment, or consultation to ensure their ability to participate in the campus community.
Coach/University Employer Referral	A student's coach or University employer may be notified of the incident, if applicable.
Community Service/Activity	Requirement that services be offered for a specified period to an appropriate non-profit community agency and/or to a university office.
Educational Assignment	A student is required to complete a specified educational assignment related to the violation committed. Such educational assignments may include completion of a workshop or seminar, class, report, paper, project, writing a letter of apology, seeking academic counseling or substance abuse screening, alcohol or drug program and/or consultation, counseling consultation, psychological or psychiatric evaluation. It may also be a requirement to sponsor or assist with a program for others on campus to aid them in learning about a specific topic or issue related to the violation for which the student or organization was found responsible.
Educational Fund Payment	Reasonable fees may be imposed.
Loss of Privileges	A limitation is placed upon selected privileges for a specific period of time. Loss of privileges may include, but may not be limited to, denial of the right to represent the University, a denial of the use of campus facilities or access to areas of campus, or denial from participation in co-curricular activities. Should a student hold a leadership position on campus, that status may be revoked.
Medical Amnesty	CSU Pueblo encourages all students to call for help when any sign of alcohol poisoning or drug overdose is observed. Students who call for help to assist a friend or themselves and the student in need of assistance may be eligible for medical amnesty. Students who are provided medical amnesty will not be subject to disciplinary sanctions; however, educational sanctions may be applied. Receipt of medical amnesty is at the discretion of the Primary Administrator, or designee.
Residence Hall Transfer or Removal	A student is required to transfer residence halls or leave the residence halls for a specified or indefinite period of time.
Restitution	Reimbursement for damage or loss of property or expenses of others as a result of the misconduct.

V. IMPLEMENTATION & APPROVAL

A. Interpretation & Revision

Under the authority of the President, any question of interpretation or application of the Student Code of Conduct shall be referred to the Assistant Dean for final determination. The Student Code of Conduct shall be reviewed a minimum of every three years under the direction of the Assistant Dean, in consultation with the Office of the General Counsel and subject to the approval of the University President and Board of Governors.

B. Disciplinary Records & Notice

The Office of Student Conduct shall maintain records of all disciplinary action in accordance with University policies and federal legislation. All conduct records are maintained by the University for seven (7) years from the time of their creation, except those that result in separation from the University (suspension or expulsion) which are kept indefinitely unless appealed. Appeals to have a violation removed from a student record after seven years must be done so in writing to the Primary Administrator. Criteria to apply for an appeal are as follows: no further violations for the past seven years, finding may not include offenses relative to Title IX offenses, regardless of jurisdictional issues or violence or threats of violence or weapon violations..

1. Parental Notification. The University may notify the parents or guardians of any student under the age of twenty-one who has been found in violation of University alcohol and/or drug policies. The University may also notify the parents or guardians of any student who has been found in violation of University policies related to the health and safety of the campus community.

2. Public Notification. The University does not normally make disciplinary records public, even in cases where such notification is permitted by law. However, the community may be notified of the University's response to behavior that had a significant impact on the safety and security of the campus. Victim names will not be released.

Appendix B: Alcohol and Other Drug Policy

POLICY PURPOSE:

Colorado State University Pueblo is committed to providing an academic and social environment that supports excellence in academic and related pursuits and promotes individual responsibility, health and safety, and community welfare. Substance misuse and abuse can lead to serious health problems for individuals and harm to the community. To decrease risk factors and protect the community, CSU Pueblo provides comprehensive Alcohol and Other Drug (AOD) education, programs, and outreach for its students, staff, faculty, and community partners. The purpose of this policy is to establish safe practices and protect the University, its students and others from the adverse effects of Alcohol and Other Drug misuse.

POLICY APPLIES TO (Persons affected by):

This policy applies to all students at the University. This policy applies in addition to the Student Code of Conduct and Residence Life & Housing Handbook.

EXEMPTIONS:

This policy does not apply to bona fide, approved research projects utilizing Alcohol or Cannabis or its derivatives, or any other Controlled Substance in compliance with all applicable federal and state laws and regulations and university policies.

DEFINITIONS:

Alcohol or Alcoholic Beverage- any substance which is or contains ethyl alcohol that is designed for the purpose of human consumption

AOD - Acronym for Alcohol and Other Drugs.

Binge Drinking- A pattern of consuming Alcohol with an intention of becoming intoxicated by heavy consumption over a short period of time, or playing drinking games (such as beer pong, chugging contests, using a funnel or other device for enhanced consumption, etc.).

Campus- All property, buildings and facilities of Colorado State University Pueblo, whether owned, leased or otherwise under the control of the University.

Cannabis or marijuana- A plant used to produce hemp fiber and as a psychoactive drug, its parts and its derivatives containing tetrahydrocannabinol (THC).

Controlled Substances- As defined in Schedules I through V of Section 202 of the Controlled Substances Act, 21 U.S.C. 812, 21 CFR 1308.11-1308.15, or in Colorado Revised Statutes [C.R.S.] §18-18-102(5). These include substances that have a high potential for misuse or which, if abused, may lead to psychological or physical dependence. Among these are heroin, fentanyl and other opium derivatives, methamphetamines, marijuana, cocaine, and other mind-altering drugs.

Drug- A Controlled Substance, prescription drug, or other medication or substance, other than Alcohol, that has the potential to induce intoxication or other mind-altering effects.

Medical Amnesty- An exception or pardon from disciplinary sanctions when a student calls for medical help for themselves and/or others.

Paraphernalia- Equipment, products, and materials that have been used or are intended to be used to cultivate, manufacture, distribute, or consume illicit drugs (including medical and recreational Marijuana and its derivatives) or to engage in Binge Drinking.

Possession- An act where an individual has or holds any amount of Alcohol or other Drug(s) on their person or in a place under their control.

Tobacco Products- means all forms of tobacco and imitation tobacco products, including but not limited to cigarettes, cigars, pipes, water pipes (hookah), electronic/e-cigarettes, vape pens and smokeless or “spit” tobacco, and specific nicotine products.

POLICY STATEMENT:

CSU Pueblo will not tolerate the excessive, inappropriate, or illegal use or abuse of Alcohol or other Drugs on or off campus property. The University will not condone criminal activity on its property, or on property under its direct control, and will impose disciplinary sanctions up to and including expulsion of a student who violates CSU Pueblo's AOD policies, consistent with federal, state and local laws. The University may also make referrals to law enforcement authorities for criminal prosecution. CSU Pueblo has the right to adjudicate off-campus cases that are judged to impact the University's educational mission and/or the health and safety of members of the community.

The University expects that those who wish to include Alcohol as part of their activities will do so responsibly and lawfully. Responsible drinking includes making sound judgments about whether, when, and how much to drink, understanding the health issues related to the consumption of Alcohol, and avoiding excessive or Binge Drinking or any other abuse of Alcohol.

Persons planning events on Campus should be mindful of the complexities introduced into planning an event with Alcohol. Event management issues such as the provision of refreshments, management of the participants or audience, security, insurance concerns, liability of participants, protection of minors, and other factors require serious attention for any event, especially when Alcohol is served. Event organizers must fully understand the University's Alcohol and Other Drug policies and applicable laws and must manage their events accordingly. They also are expected to keep the safety and well-being of participants at the forefront of their planning and management of events. Faculty and staff members who advise students are expected to assist them in making responsible decisions about their events and to facilitate the enforcement of this policy.

Student organizations may not plan or hold events that promote or encourage the over-consumption of Alcohol or the use of Drugs. Those planning events should remember that the vast majority of events at CSU Pueblo take place without Alcohol or Drugs; that most members of the undergraduate community are not of legal drinking age; and that among those who are, many do not drink Alcoholic Beverages at all. Campus organizations that choose to plan events with Alcoholic Beverages are expected to maintain a reasonable balance in their programming between events with and those without the serving of Alcoholic Beverages, and to include and welcome non-drinking participants at every event, without exception.

Marijuana and its derivatives are Controlled Substances, and, despite state law, they remain illegal under federal law. Their use and possession on Campus and at CSU Pueblo events can put the University at risk of non-compliance with strict laws and regulations that carry severe penalties and are strictly prohibited.

DRUG- FREE SCHOOLS AND COMMUNITIES ACT (DFSCAO)

The DFSCA requires CSU Pueblo to establish policies that address unlawful possession, use, or distribution of Alcohol and Drugs by students and employees. The DFSCA also requires the establishment of a drug and alcohol abuse prevention program. This policy and the CSU Pueblo's Health Education & Prevention Program address these needs for the student community, and the program is reviewed every other year, with a biennial report issued to the campus community.

Prohibitions on Possession, Consumption and Impairment**The University Prohibits:**

1. Underage Possession or Consumption- The possession and/or consumption of Alcohol by persons under the age of 21 is prohibited. Possession and consumption of Alcohol by Residential Students, or by anyone in the Residence Halls and Apartments, is further regulated in the Residence Life and Housing Handbook.
2. Providing Alcohol to Minors- No student, regardless of age, shall provide Alcohol to anyone under age 21.
3. Irresponsible Serving of Alcohol- When providing Alcohol to those of the legal age to drink, students must practice responsible serving procedures. Irresponsible serving procedures include, but are not limited to, providing Alcohol to intoxicated individuals, providing Alcohol to minors, allowing persons to drive who have been drinking, and creating environments conducive to Binge Drinking. Students may be held responsible for the behavior of their guests who violate this policy.
4. Binge Drinking- Participating in, encouraging or knowingly permitting Binge Drinking is prohibited.

5. Severe Intoxication- Being intoxicated by Alcohol to a level that requires, or appears to require, medical attention or supervision by others, or poses a danger to the health or safety of oneself or others, is prohibited.

6. Use During Class- Use of Alcohol or Drugs, or tobacco, during any class, whether in-person in the classroom or while attending a class online or remotely.

7. Citations- Students receiving citations for Driving While Impaired (DWI) or Driving Under the Influence (DUI) may also be disciplined by the University.

8. Possession, Use, or Sale of Marijuana and Other Drugs- The unlawful manufacture, distribution, dispensation, possession, or use of Drugs (including medical and recreational Marijuana and its derivatives) on property owned or controlled by the University, or as any part of any University activity, is prohibited. The possession of a medical Marijuana permit does not allow for the possession, use or storage of Marijuana anywhere on university property, including in the residence halls and university apartments.

9. Paraphernalia- Possession, sale or use of Alcohol or Drug Paraphernalia on university property.

10. Promotion and Advertisement- Marijuana and other Drug industry promotions, advertising, marketing, and distribution are prohibited on Campus and with campus and educational activities.

11. Prescription Medication- The distribution, dispensation, or possession of prescription medication that has not been prescribed by the individual's licensed treating provider is prohibited. Individuals who have been prescribed medications (including scheduled Drugs) may only use those medications as prescribed by their treating provider. Any other use or unauthorized sale is prohibited. All prescription medication must remain in the original labeled packaging provided to the individual to whom it was prescribed.

Permissible Activities that May Include Alcoholic Beverages

CSU Pueblo permits the lawful use of Alcoholic Beverages at events and in connection with activities on CSU Pueblo property, when certain circumstances and conditions are present. These include:

- When the activity takes place in a licensed restaurant, bar or other premises, such as the football stadium, in the Da Brix at the Occhiato Student Center, or at a licensed off-Campus establishment.
- When the activity takes place in another location on Campus and is catered by a food service company contracted by the University, that holds the appropriate Alcoholic Beverage license, and prior approval from the responsible university department and the University President or President's delegate has been received.
- When service of Alcohol at the event is approved, in advance, by the Cabinet in accordance with the Event Scheduling and [Facilities Use Policy](#).

Medical Amnesty

CSU-Pueblo encourages all members of the community to call for help when any sign of Alcohol poisoning or Drug overdose is observed. Students who call for help to assist someone or themselves may be eligible for medical amnesty. Students who are provided medical amnesty shall not be subject to disciplinary sanctions; however, students may be required to attend an Alcohol and Drug educational program. Receipt of medical amnesty is at the discretion of the Office of Student Conduct and Community Standards. Examples of substance use crisis situations where medical amnesty may be claimed include:

- When a student calls for medical assistance for another student or themselves because of severe alcohol intoxication, overdose, or physical injury by calling 911 or the Pueblo County Sheriff's Department (719-549-2373).
- When a representative of an organization hosting an event calls for medical attention for an individual present at their event and works cooperatively with responders, the individual initiating the call, the organization, and the student needing medical assistance may be able to claim medical amnesty.

Failure to Respond to an Alcohol or Drug Related Emergency

Students who fail to call for medical assistance in an alcohol or drug-related emergency may be subject to enhanced conduct sanctions and possible criminal prosecution. Whenever there are reasonable grounds to suspect that a student may be experiencing a substance use crisis, a report should be made to [Pack CARES](#) after calling emergency services.

Violations

Students who violate the University's policies concerning Alcohol and Drugs face sanctions in accordance with the Student Conduct Code and may be subject to criminal prosecution under federal and state laws for Alcohol and Drug-related criminal offenses.

It is also a violation of this policy to: (1) Retaliate against any person for reporting suspected impairment or taking any other action under this policy, even if such action ultimately proves to be unwarranted; or (2) Knowingly make a false report of impairment against another. Such violations will be taken seriously and may result in disciplinary action. If a representative of an organization hosting an event calls for medical attention for an individual present at their event and works cooperatively with responders, the individual initiating the call, the organization, and the student needing medical assistance may be able to claim medical amnesty, if the situation is an isolated event.

Appendix C: Discrimination (Including Title IX Sex Discrimination), Protected Class Harassment, and Retaliation (Emergency Interim Policy)

POLICY PURPOSE:

CSU Pueblo (“CSU Pueblo” or the “University”) is committed to equal educational and employment opportunities and to the elimination of all forms of Discrimination, Protected Class Harassment, and Retaliation. This Policy addresses the types of conduct which are prohibited by CSU Pueblo in order to maintain its longstanding commitment to a campus environment free from these types of misconduct.

POLICY APPLIES TO:

Persons: This policy applies to all CSU Pueblo Students, applicants for admission, employees, applicants for employment, affiliates, guests, and University Community Members and others who are subject to the jurisdiction and authority of the University to impose disciplinary sanctions with respect to matters of Discrimination, Protected Class Harassment, and Retaliation.

Conduct: The University has jurisdiction and authority to investigate and impose disciplinary sanctions for:

- Sex Discrimination that occurs within the United States when the Respondent is a Student, or is eligible to return as a Student, or an employee of the University, that is alleged to have occurred on and after August 1, 2024. Complaints received at any time by the University concerning conduct that is alleged to have occurred prior to August 1, 2024 are covered under a prior version of this policy, available from the Office of General Counsel upon request.
- Sex-Based Hostile Environment Harassment, even when some of the conduct occurred outside of the University’s Education Program or Activity or outside of the United States.
- All other Discrimination and Protected Class Harassment under this policy.

DEFINITIONS:

Advisor: A person selected by a Party or assigned by the University to aid a Party in any proceeding under this Policy, including accompanying the Party to meetings, interviews, hearings, appeals and other proceedings.

Complainant: A person who is alleged to have been subjected to conduct that could constitute a violation of this policy at a time when that individual was a Student or employee of the University, or who was participating or attempting to participate in CSU Pueblo’s Education Program or Activity.

Complaint: An oral or written request to the University that objectively can be understood as a request for the University to investigate and make a determination about alleged Discrimination or Protected Class Harassment.

Confidential Employee: A university employee whose communications are privileged or confidential under applicable federal or state law, or who has otherwise been designated by the University as a Confidential Employee for the purpose of providing services to persons related to Sex Discrimination, with respect to information received while the employee is functioning within the scope of their duties to which the privilege or confidentiality applies. Examples of Confidential Employees include mental health counselors, pastoral counselors, and medical treatment providers.

Consent: Clear, knowing, and voluntary words or actions that give permission for specific sexual activity. Consent cannot be given by a person who lacks capacity because of their age or temporary or permanent physical or mental condition. Consent must exist at all times during sexual activity and can be withdrawn at any time by words or actions.

Decisionmaker: The individual responsible for reviewing the investigation report and rendering a decision on whether the Respondent is responsible for violating this Policy. This may be either the Title IX Coordinator/Director of Institutional Equity or designee, for matters relating to allegations of policy violations where the Respondent is an employee, or the Associate Director of Student Conduct & Community Standards where the Respondent is a Student, or the Hearing Officer if a live hearing is used. The Decisionmaker for an appeal is different; see the Title IX Grievance Procedures section on appeals.

Discrimination: Treating someone differently based on their characteristics or perceived characteristics in matters of admissions, employment, or Education Programs or Activities of the University (including all of its operations and departments). Discrimination includes:

- Sex Discrimination: Discrimination based on sex, sex stereotypes, sex characteristics, parental, family, or marital status, pregnancy or related conditions, sexual orientation, or gender identity or expression. Sex Discrimination includes Sex-Based Harassment as further described in this policy.
- Protected Class Discrimination: Discrimination based on a person's membership or perceived membership in a Protected Class.

Education Program(s) or Activity(ies): Any academic, extracurricular, research, occupational training, athletic, or other education program or activity operated by the University, including activities that occur in a building owned or controlled by a student organization that is officially recognized by the University.

Grievance Procedures: Those procedures adopted and published by the University implementing and effectuating this policy, including the [Title IX Grievance Procedures](#) and the Protected Class Discrimination and Harassment Procedures.

Harassment means either:

- Protected Class Harassment: Harassment that is based upon an individual's actual or perceived membership in a Protected Class other than sex; or
- Sex-Based Harassment: A form of Sex Discrimination, this means Harassment on the basis of a person's sex including, but not limited to:
 - o Quid Pro Quo Harassment: An employee, agent, or other person authorized by the University to provide an aid, benefit, or service under an Education Program or Activity of the University, explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct.
 - o Hostile Environment Harassment: Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from a university Education Program or Activity.
 - o Specific Offenses: Sexual Assault, Intimate Partner Violence and Sexual Exploitation are all considered Sex-Based Harassment (see definitions for these terms).

Intimate Partner Violence: Collectively refers to Dating Violence, Domestic Violence, or Stalking, defined as follows:

- Dating Violence means an act or threatened act of violence upon a person who has been in a social relationship of a romantic or intimate nature with the victim. Whether there was a romantic or intimate relationship will be gauged by the length of the relationship, the type of relationship, and frequency of interaction between the persons involved in the relationship. Dating Violence does not include acts covered under the definition of Domestic Violence.
- Domestic Violence means committing a felony or misdemeanor crime under the law of the jurisdiction where it occurred, by a person who:
 - o Is a current or former spouse or intimate partner of the victim under the domestic violence laws of Colorado, or a person similarly situated to a spouse of the victim;
 - o Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
 - o Shares a child in common with the victim; or
 - o Commits acts against a youth or adult victim who is protected from those acts under the domestic violence laws of Colorado.

• Stalking means:

- o Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress; or
- o Directly, or indirectly through another person, or by electronic means, knowingly making a credible threat to another person and, in connection with the threat, repeatedly following, approaching, contacting, placing under surveillance, or communicating with that person, a member of that person's immediate family, or someone with whom that person has or has had a continuing relationship.

Investigator: An individual assigned by the Title IX Coordinator/Director of Institutional Equity to investigate the matters contained in the report or Complaint that has been brought to the attention of the Responsible Administrator, unless the Responsible Administrator has determined that the matter should be dismissed without an investigation.

Party or Parties: A Complainant and/or Respondent.

Protected Class: An individual's or group's attributes or perceived attributes or activities of any of the following:

- Disability (a mental or physical impairment which substantially limits a major life activity)
- Race (includes hair texture, hair type, or a protective hairstyle commonly or historically associated with race)
- Creed
- Color
- Sex, Sexual Orientation, Gender Identity or Gender Expression
- Genetic Information
- Religion
- Age (40+)
- National Origin or Ancestry
- Parental, Family or Marital Status
- Pregnancy, childbirth, and related conditions, including childbirth, termination of pregnancy or lactation, and recovery from any of these
- Sharing and comparing wage information with coworkers; or
- Other protected categories as provided by applicable law.

Respondent: A person accused of engaging in conduct prohibited by this policy.

Responsible Administrator: The Title IX Coordinator/Director of Institutional Equity, a Deputy Title IX Coordinator, the Associate Director of Student Conduct & Community Standards, or their respective designees who are responsible for administering this policy and the Title IX Grievance Procedures in a particular case.

Retaliation: Intimidation, threats, coercion, or discrimination against a person by the University, its Student, employee, or authorized agent, for the purpose of interfering with any right or privilege secured by Title IX or this policy, or because that person reported information, made a complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding or other actions taken by the University under this policy or opposed a discriminatory practice.

Sexual Assault: Non-consensual sexual contact, and any offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation, which include forcible rape, forcible sodomy, sexual assault with an object, forcible fondling, incest, and statutory rape.

Sexual Exploitation: Conduct involving a Respondent taking, or attempting to take, non-consensual or abusive sexual advantage of a Complainant including, but not limited to:

- Producing, distributing, receiving, or possessing illegal pornography involving the Complainant, regardless of whether the illegal pornography is physical or digital;
- Engaging in sexual voyeurism or knowingly allowing another individual to engage in sexual voyeurism of the Complainant, either in person or through electronic means;

- Producing, creating, distributing, intentionally receiving, or possessing pictures/videos of a sexual nature, or otherwise creating a record or recording of a sexual nature, involving the Complainant without the Complainant's Consent;
- Benefiting, promoting, or earning money from the prostitution of the Complainant; or
- Intentionally exposing one's genitals in non-consensual circumstances involving the Complainant, or inducing another to do so.

Student: A person who has gained admission to the University; who is enrolled in courses at the University, either full- or part-time, pursuing undergraduate, graduate, continuing education or professional studies; or who is not officially enrolled for a particular term but has a continuing relationship with the University and is not required to reapply for admission before returning.

Supportive Measures: Individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a Complainant or Respondent, not for punitive or disciplinary reasons, and without fee or charge to the Complainant or Respondent, to:

- Restore or preserve that Party's access to the University's Education Program or Activity, including measures that are designed to protect the safety of the Parties or the University's educational environment; or
- Provide support during the University's Title IX Grievance Procedures or during the informal resolution process described in those Grievance Procedures.

Title IX: Title IX of the Education Amendments Act of 1972, 20 U.S.C. §§ 1681-1688, and related regulations codified in 34 C.F.R. Part 106. Title IX provides that no person in the United States shall, on the basis of sex, be excluded from participation in, denied the benefits of, or be subjected to Discrimination under any Education Program or Activity of the University.

Title IX Coordinator/Director of Institutional Equity: A non-confidential employee of the University who is responsible for coordinating the University's efforts to comply with its obligations under Title IX. The Title IX Coordinator may be assisted by one or more Deputy Title IX Coordinators appointed by the University or other designees. The name and contact information for the Title IX Coordinator appears in the header of this policy and on the website of the Office of Institutional Equity [OIE].

University Community Member: Students, faculty, staff, and other employees and volunteers, affiliates, guests of the University, and certain third parties (where provided by law or contract) including, but not limited to, university agents, contractors, consultants, grantees, subcontractors, and their employees, who participate or seek to participate in the University's Education Programs and Activities.

POLICY

Colorado State University Pueblo prohibits all forms of unlawful Discrimination, including Sex Discrimination, Protected Class Harassment, and Retaliation. The University will not tolerate such behavior, and will respond promptly and equitably to all Complaints it receives.

In the limited circumstances in which Title IX permits different treatment or separation on the basis of sex, the University and those acting on its behalf must not carry out such different treatment or separation in a manner that discriminates on the basis of sex by subjecting a person to more than de minimis harm, i.e., harm that is so slight or insignificant that it does not merit attention by the University. It is presumed that adopting a policy or engaging in a practice that prevents a person from participating in an Education Program or Activity consistent with the person's gender identity subjects a person to more than de minimis harm.

Obligation to Report Discrimination

- All CSU Pueblo employees have an obligation to respond in some way to a report of a violation of this policy of which they become aware. Specific obligations include:
 - An employee who is not a Confidential Employee who has knowledge of conduct that reasonably may constitute a violation of this policy must notify the OIE promptly.
 - A Confidential Employee of the University is not required to notify the OIE after having knowledge of Sex Discrimination but must provide information to anyone who informs them of the alleged conduct about the Confidential Employee's status as confidential for purposes of Title IX; how to contact the Title IX Coordinator; how to make a Complaint; and how the Title IX Coordinator can help.
 - Notwithstanding the above, a person who has personally been subject to conduct that reasonably may constitute Sex Discrimination is not required to report information about that conduct.
- **Amnesty in Reporting—Drug and Alcohol Policy Violations**

The University encourages reports of Discrimination, Harassment and Retaliation, and participation in any ensuing grievance process. It is the policy of the University to seek to remove barriers to reports and participation by providing amnesty for potential violations of alcohol and drug use policies occurring at or near the time of the incident for student parties and witnesses who report or otherwise participate in the University's grievance process. In general, the University will not pursue disciplinary action for personal consumption of alcohol or other drugs that would otherwise be a violation of the Student Code of Conduct or university policies on drugs and alcohol against a person who makes a good faith report to the University, or participates as a party or witness in a grievance proceeding, concerning violations of this policy (so long as the drug or alcohol violation did not endanger the health or safety of others). The University may engage in an assessment and/or educational discussion or pursue other non-disciplinary options regarding alcohol or other drug use in such cases.

How to Make a Report

- Reports of Discrimination of any kind, including Sex Discrimination, Protected Class Harassment, and Retaliation should be made to the OIE. Reports may be made in person, by mail, by telephone, or by email, or by using the online reporting form:
 - Phone: 719-549-2210

- Sexual Assault, Sexual Exploitation, and Intimate Partner Violence and any other potential crime should also be reported to the campus law enforcement using the online reporting form or by calling:
 - Emergencies/Crime in Progress: 911
 - CSU Pueblo Campus Safety Office Phone: 719.549.2373
 - Non-Emergency Dispatch: 719.583.6250
- Confidential reporting options include:
 - Wolfpack Wellness Center
 - Phone: 719.549.2830
 - Email: csup_shs@csupueblo.edu
 - Student Counseling Center | Counseling Center | CSU Pueblo
 - Center for Health and Human Inquiry, Room 174
 - Phone: 719.549.2838 [24 hours]

Reporting a Student's Pregnancy:

- Whether or not a Complaint is made under this policy, when a Student (or a Student's parent or other legal representative) informs a University employee of the Student's pregnancy or related conditions, the employee must provide that person with the Title IX Coordinator's contact information and inform that person that the Title IX Coordinator can coordinate specific actions to prevent Sex Discrimination on the basis of pregnancy and ensure the Student's equal access to the University's Education Programs or Activities.
- When the OIE receives a report as stated above, they must inform the Student (and the Student's parent or other legal representative who reported the pregnancy) that the University does not discriminate on the basis of pregnancy or related conditions, and that it will take other specific steps to prevent Discrimination, as outlined in the Grievance Procedures.

In addition to the reporting obligations explained in this policy, all individuals who believe they have experienced any incident that is potentially subject to this policy, and all members of the University Community who may be aware of such incidents, are encouraged to promptly report the incident to the OIE.

For every report received, the University will review the circumstances of the reported conduct to determine whether the University has jurisdiction over the Parties involved, and take steps within its control to eliminate, prevent, and address the reported conduct. The University will respond promptly and effectively to all reports received, assess all available information, and, where appropriate, offer the Parties information regarding resources and Supportive Measures.

Duties of the Title IX Coordinator/Director of OIE

The Title IX Coordinator/Director of OIE must:

- Oversee the University's compliance with Title IX, including this policy, procedures, education and prevention efforts.
- Monitor the University's Education Program and Activity to identify barriers to reporting information that reasonably may constitute Sex Discrimination under Title IX.
- Coordinate education and training of all employees, with specific training as to Title IX and its procedures for those involved in the Title IX process, as further described in the Grievance Procedures.
- Coordinate education and training to University Community Members on when employees must notify the Title IX Coordinator about conduct that reasonably may constitute Sex Discrimination under Title IX, and how Students can seek confidential assistance or make a Complaint of Sex Discrimination.
- Notify University Community Members of how to contact CSU Pueblo's Confidential Employees.
- Assign each Title IX matter to a Responsible Administrator, who may be the Title IX Coordinator or another individual in the OIE.

Grievance Procedures:

The University will provide a fair and equitable process in all matters alleged under this Policy and will adopt Grievance Procedures to implement this policy. The Title IX Grievance Procedures will be separate from the Protected Class Discrimination and Harassment Grievance Procedures and will be approved by the Director of Institutional Equity and the Office of General Counsel. The Grievance Procedures will address the steps in the adjudication process from the receipt of the Complaint through the final decision on any appeal that may be filed. In all Grievance Procedures, this Policy will apply, including the Definitions above.

Making a Complaint:

- A Complaint of any alleged violation of this policy may be made verbally or in writing by a Complainant or a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a Complainant. All Complaints should be made to the OIE. A form for submitting a Complaint is provided on the OIE website.
- For Sex Discrimination, including Sex-Based Harassment, a Complaint may also be made by the Title IX Coordinator, who may bring a Complaint against a Respondent in the absence or withdrawal of a Complaint by a Complainant, if the Title IX Coordinator determines that the conduct alleged presents an imminent and serious threat to the health or safety of any person, or prevents the University from ensuring equal access on the basis of sex to its Education Program or Activity.
- For Sex Discrimination other than Sex-Based Harassment, a Complaint may also be made by any student or employee, or any person who was participating or attempting to participate in an Education Program or Activity at the time of the alleged Discrimination.

After the Responsible Administrator receives notice of a Complaint or the Title IX Coordinator initiates a Complaint, the appropriate official must take steps to address reasonable concerns about the Complainant's safety or the safety of others, including by imposing Emergency Removal and/or providing Supportive Measures. The appropriate official will then initiate an investigation into the matters alleged in the Complaint under the Grievance Procedures.

Dismissal of the Complaint:

- The Responsible Administrator may dismiss a Complaint, or any allegations in the Complaint, under certain circumstances as provided in the Grievance Procedures.
- The decision to dismiss a Complaint may be appealed as provided under Appeals, below.

Informal Resolution:

In lieu of the formal Grievance Procedures, the Parties may elect to participate in an informal resolution process offered by the University in appropriate cases. Informal resolution is not available when it would conflict with any applicable law or when the Title IX Coordinator determines it is inappropriate based on the allegations. Steps in the informal resolution process are outlined in the Grievance Procedures.

Emergency Removal:

- After receiving the Complaint or any information that a violation of this policy may have occurred, the Responsible Administrator will conduct an individualized safety and risk analysis to determine whether an imminent and serious threat to the health or safety of a Complainant or any Student, employee, or other person is present. If it is determined that such a threat exists, the University may take emergency action to address the threat, including, but not limited to, removing the Respondent from all Education Programs and Activities, excluding them from campus, and/or referring the matter to law enforcement for further action.
- If a decision is made to remove the Respondent, the University will provide the Respondent with notice and an opportunity to challenge the action immediately following the removal. If the Respondent is an employee of the University, emergency removal may include placing them on administrative leave pursuant to applicable leave policies and procedures.

Supportive Measures:

- The University will offer and coordinate Supportive Measures as reasonably available and appropriate for the Complainant and/or Respondent to restore or preserve that person's access to the University's Education Program or Activity or provide support during any Title IX Grievance Procedures, including an informal resolution process.
- Either Party may seek a reversal or modification of a Supportive Measure applicable to them by contacting the Director of Institutional Equity/Title IX Coordinator at any time while the Supportive Measure is in place or within five university business days after the decision to provide, deny, modify or terminate a Supportive Measure.
- See the Title IX Grievance Procedures for more information about Supportive Measures.

Investigations:

- All investigations will be conducted by the University in a manner that is adequate, reliable and impartial. The burden is on the University, not on the Parties, to conduct an investigation that gathers sufficient evidence to determine whether the alleged policy violation occurred.
- Investigations and all Grievance Procedures will be conducted with reasonable promptness. Specific timeframes may be contained in the Grievance Procedures. Timeframes may reasonably be extended on a case-by-case basis for good cause with notice to the Parties of the reason for the delay. Unreasonable or abusive requests for extensions will not be granted.

Confidentiality:

The University will take reasonable steps to avoid disclosure of any personally identifiable information of the Parties or any person involved in a proceeding under this policy. Such information shall only be disclosed when:

- The person at issue in the information gives prior, written consent to the disclosure;
- The information is disclosed to a parent, guardian, or other authorized legal representative with the legal right to receive disclosures on behalf of the person;
- The disclosure is necessary to carry out this policy and the Grievance Procedures or otherwise address conduct that reasonably may constitute a violation of this policy;
- The disclosure is required by law or court order; or
- The disclosure is necessary to address any other university policy violation or employment matter.

Nothing in this policy is intended to supplant, delay, or interfere with any criminal or civil action in a court of law concerning the conduct alleged in a Complaint; nor shall the filing of any such action necessarily terminate, delay, or interfere with the University's response under this policy.

It is a violation of this policy to knowingly make false statements or knowingly submit false information during an investigation or Grievance Procedure. A finding of no violation of the policy does not in and of itself constitute sufficient evidence of anyone having made a false statement.

Retaliation:

- Retaliation against a Complainant, Respondent, or any person involved in the investigation will not be tolerated. Those found to have Retaliated against any individual will be disciplined according to the applicable disciplinary procedures based on their status at the University.
- Action is generally deemed retaliatory if it would deter a reasonable person in the same circumstances from opposing practices prohibited by this policy or participating in the Procedures under this policy.
- Depending upon the facts, examples of conduct that may be retaliation may include, but are not limited to demotion, denial of raise, termination, threats, violence, harassment, and intimidation.

Sanctions:

- Sanctions will be determined with reference to the Respondent's status at the University and applicable policies and procedures including the Student Conduct Code, Faculty Handbook, Administrative Professional Handbook, and State of Colorado Personnel Board Rules and statutes.
- The range of possible sanctions may be found in the Grievance Procedures.

Appeals:

- Either Party may appeal dismissal of a Complaint for Sex Discrimination, or of the final decision on any Complaint, as to whether a policy violation occurred. The bases for an appeal of a dismissal or decision are limited to:
- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the dismissal or decision was made; and
- The Title IX Coordinator, Investigator, or Decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual Complainant or Respondent that would change the outcome.
- See the Grievance Procedures for more information on appeals.

Recordkeeping:

The University will maintain records of Complaints and all proceedings conducted under this Policy and the Grievance Procedures for a period of seven years.

The position of CM has been created to personify the mission of the university by giving the successful candidates opportunities to have a hands-on experience of what the day-to-day responsibilities are of being a role model for fellow staff and students. They help ensure that only residents and their guests enter the hall and will ask for identification upon your entrance into the building.

Work Crew

The student Work Crew assists with various maintenance and custodial needs. They provide general minor repair work to the halls and may enter rooms to complete work orders such as lofting beds, repairing shelves, replacing broken desk drawers and similar minor work.

Office Staff [OA]

The office staff includes professional and student staff in the Office of Residence Life and Housing who are responsible for the administrative duties in Residence Life. Enforcement of the fire- and life-safety standards is everyone's responsibility. Your residence hall staff and other university health and safety officials will be involved in observing and monitoring all standards. Periodic inspections of student rooms help promote fire- and life-safety awareness and identify any noncompliance of safety standards. Variations of personal likes and needs are endless and cannot all be covered in written standards. Your Resident Assistant (RA), Assistant Director (AD) and other housing staff can provide you with answers to specific questions that may not have been covered here. If you have questions or concerns about what may or may

not be appropriate or allowable, ask first. Your residence hall staff may be very helpful in providing or obtaining the correct information for you before any unnecessary time or expense has been generated.

RLH staff reserves the discretion to determine if any appliance or the use of one creates a concern to fire- and life- safety. Appliances not approved or determined unsafe will be confiscated by RLH staff to prevent further use. They will be returned to the resident only when an appropriate removal timeline is provided.

Consolidation

Students whose roommate does not show up at the beginning of the semester or leaves at any point in the academic year are not guaranteed a single room for the remainder of the academic year. Students may receive a roommate or be reassigned to another room in the same hall (whenever necessary) to permit the maximum use of paid space.

If assignment to another room is necessary, every effort is made to keep the student being moved in the same hall and on the same floor. Decisions regarding availability of single rooms will be communicated via email if the option to buy- out is available.

The consolidation process is not optional as it helps the department maximize community experience and resource utilization. Students who fail to participate will be documented for non-compliance.

Dining On-Campus

On-campus dining is operated by Auxiliary Services located in the Occhiato Student Center. Meal plans are required for all residents living in Crestone, Culebra and Greenhorn Hall. Meal plans are not required for that live in the Walking Stick Apartments. Meal plans may be changed any time prior to check-in and through the second week of the semester. Changes to meal plans are processed through Auxiliary Services.

Guests

The following guidelines have been established to maximize the safety and security of our Residence Halls. They also recommended measures to minimize conflicts between roommates.

- 1.Any guest under the age of 15 must have permission of parent/guardian to be in the halls. The professional staff member or designated staff will need to speak directly to the parent/guardian. Guests under the age of 15 must complete an Emergency Contact Form.
- 2.All guests must be registered online through the Guest Sign In module of the housing portal (access in your PAWS account). It is the resident's responsibility to ensure they complete the registration form for any/all guests. If the resident fails to report to their guests they will be documented for noncompliance and are subject to losing their guest privileges. The importance of signing guests in is to provide Residence Life and Housing with an accurate depiction of all individuals in the building in case of an emergency.
- 3.Each resident can check-in a maximum of 2 guests/visitors.
- 4.Residents are responsible for their guests at all times. Guests are expected to follow all established roommate agreements, Residence Life and Housing policies and procedures, the Student Code of Conduct and state and federal laws.
- 5.Each guest must have a resident host and be escorted at all times.
- 6.Residence Life & Housing staff, roommates and suitemates reserve the right to refuse or remove a guest for any reason, at any time. Guests must leave when they have been directed to do so.
- 7.Guests are not allowed overnight during break periods and summer sessions.
- 8.Guests are allowed to stay for a maximum of 3 nights in a 7-day period and no more than 10 nights total.

Reassignments

Residence Life & Housing reserves the right to make alternative assignment decisions or reassign students as the university determines appropriate. These reasons include, without limitation: for temporary accommodation when permanent space is not available, construction, renovation, and/or maintenance activities, roommate conflicts, health, safety, security concerns, university regulations.

Accommodations are assigned at maximum design capacity. Unoccupied rooms and/or spaces are reserved for use by Residence Life & Housing. If a vacancy occurs in an assigned room, the remaining resident(s) of the room agree(s) to accept other roommate(s) as assigned by Residence Life & Housing. Room reassignment, utility, or facility disruptions will not result in reimbursement.

Renter's Insurance

It is highly recommended that students living in the Residence Halls and Walking Stick purchase renter's insurance to protect their property. Most insurance companies offer renter's insurance at a reasonable rate. Please contact your insurance agent for more information.

The University assumes no liability for the loss, damage to, or theft of property belonging to the student. The University shall not be liable for claims for damage due to any injury or injury to anyone, or property damage which arises from the use and occupancy of Student Housing. This includes but is not limited to failure of electrical power, plumbing, sewer, or presence of snow, steam or the occurrence of leakage, explosion, fire, smoke, natural occurrences, law or government action, or any rule of regulation of any government agency. The student is responsible for obtaining private property insurance.

Room Changes

Room changes can be made after the third week of each semester between the designated dates. Requests for room changes must be initiated by the resident and not by a parent/guardian or other third party. To request a room, change, residents must contact their Assistant Director, for more information visit the front desk of your hall or the Walking stick clubhouse during business hours. All resident requested room changes will incur a \$50 fee.

Please be aware that a room change request does not automatically grant you permission to move rooms. You will receive official notification of the room change decision via your CSU Pueblo student email and the housing portal. Residents moving into a more expensive room type will be billed the pro-rated difference. Residents moving into a less expensive room type will be credited the pro- rated difference.

Residents may not:

- Move into completely empty spaces (ie. Open double or triple)
- Move into a room that is completely occupied (ie. Turn a double into a triple, or a triple into a quad)
- Request someone else move out so they can move in

Students who move rooms without authorization from the Office of Residence Life & Housing will be fined \$150 to their university account, face disciplinary action, and may be moved back to their original room. Residence Life & Housing keeps track of room assignments to help identify the location of residents for safety and security purposes as well as to track the availability of space for all students applying for housing

Room Condition Report (RCR)

Upon check-in, each resident is responsible for documenting any pre-existing damage or wear and tear to the assigned spaces and furniture within. When the resident arrives for check-in, the resident receives the link to an online RCR and has time to view the space and complete the RCR before moving their belongings into the space. Failure to complete the RCR within the first week of moving into a residential space indicates that the room is in good condition and the student waives their right to appeal any damages found during checkout or end of year damage assessments of residence halls. For moves during the year, the RCR must be completed the day of the move for the old and new room.

Roommate Agreement

Sharing a room is an exciting part of the campus living experience. During the first half of the fall semester, roommates will complete a roommate agreement via the website link provided by their Resident Assistant at their first-floor meeting. The roommate agreement ensures that there are rules in place that all parties agree upon. The roommate agreement will be revisited and revised as needed. When room changes occur, new roommates

will complete a new agreement.

Find the [Walking Stick Apartment Agreement](#) at this link.

Find the [Residence Hall Agreement](#) at this link.

Roommate Mediation

Mediation is a process where students partake in conflict resolution with a staff member. The sharing of living space with another person is part of the learning experience of residential living. All roommates are expected to invest in relationship communication, compromising and mutual respect are keys to successfully living together.

Students should discuss issues directly with their suitemates, roommates, or neighbors. If a resolution cannot be reached by all parties, a student can ask for assistance from their RA or a professional staff member.

If a student living in the Residence Halls or Walking Stick feels unsafe, has been threatened, or has experienced physical violence at any point during the process, they must contact Residence Life and Housing immediately.

As a last resort, a room change can be considered after two mediations, one completed with an RA and the other completed with a professional staff member. The professional staff members will make the decision if one or all the individuals will need to move if a resolution cannot be agreed upon. All mediations will be formally documented in order to ensure proper process is being followed.

In-Hall Services

Desk Hours & Resources

The front desk locations provide a warm and welcoming environment where residents can obtain an array of information and services. Examples may include, but are not limited to:

Keycards

Crestone Hall, Culebra Hall, Greenhorn Hall, and the Walking Stick laundry facility are accessible by key card. The resident's ID serves as the card for the main doors, laundry facilities, hallway doors, and the student's room door. Each new ID must be activated at the front desk through the encoding system. A student can only swipe into the building they live in and Greenhorn hall to access the front desk.

It is a policy and a safety and security violation to loan or give their ID to any other individual. If RLH staff are notified that an ID has been loaned the ID will be confiscated, and the resident will be documented.

If a student is locked out of their room, they must notify the RA, CA, or DA on duty to be let back into their room. They must show their key to the RA/CA/DA.

If a student loses their key, they must notify Residence Life immediately. If it is after business hours, they must notify the Resident Assistant on duty to gain access to their room. The student will have to get a new ID card from Auxiliary Services to be encoded.

Keys at University Village in Walking Sticks

In the University Village at Walking Stick apartments, each student receives two keys: a key to their front door and a key to their room. - If a resident loses their key, the resident will be responsible for paying a fee for an apartment recore. Residents are responsible for notifying staff in the case the key issued to them is lost.

Administration building. Parking is only allowed in designated areas. Walking stick parking lots may only be occupied by Walking Stick residents. Any visitors may park in the parking lot behind the Residence Halls.

Students should contact the [Disability Resource and Support Center](#) to determine their need and availability of resources.

Reporting Disabilities

Residents with disabilities are welcome to share information with professional staff members at the beginning of the semester. This information assists emergency personnel in providing appropriate help in case of evacuations and emergencies. Reporting is strictly voluntary.

Safety Assistance

Prior to arrival, students with disabilities may request a supplemental fire alarm horn or light strobe to assist them in complying with an emergency evacuation of the building such as a fire emergency.

Residence Hall Accessibility

We are inclusive to handicap accessibility and our buildings meet ADA requirements.

Assistance Animals

We recognize and value the importance of assistance animals as part of the student experience. Before bringing an assistance animal into your space, you must contact Disability Resource and Support Center (DRSC) to begin the process.

You may not move an animal in until you are granted permission by RLH. Doing so could result in a fine and documentation for non-compliance. After you receive the recommendation from the (DRSC) RLH will contact you to set up a meeting and complete your housing paperwork.

Rules and expectations will be reviewed and agreed upon before animals are permitted. If you have a service animal,

The additional contact information is confidential, accessible only to authorized campus officials and law enforcement, and may not be disclosed outside of a missing persons’ investigation. If the missing student is under the age of 18 and not emancipated, the Office of Residence Life and Housing will notify the parent or legal guardian and the designated missing person contact (if one was selected), no later than 24 hours after the student is determined to be missing.
