An Invitation
You are cordially invited to visit the University of Southern Colorado campus, meet members of the faculty and administration, and inspect the facilities of the university. Escorted tours of the campus will be provided on request. The administrative offices are open from 8 a.m. to 5 p.m. Monday through Friday. Please call or write the admissions office in advance of your visit: (719) 549-2461.

University of Southern Colorado (USPS 857-100) is published four times a year, in March, July, August and November. Periodical postage paid at Pueblo, Colorado 81003. POSTMASTER: Send address changes to the UNIVERSITY OF SOUTHERN COLORADO, Office of Admissions and Records, 2200 Bonforte Boulevard, Pueblo, Colorado 81001-4901.
The University of Southern Colorado is an active partner in the educational, economic and cultural life of the Southern Colorado region. USC serves as a valuable community resource by sponsoring cultural events, providing student internships, and conducting research on community and business problems. Students enhance their educational experience and increase their career opportunities through involvement with community service programs and university partnerships.

The Educational Alliance of Pueblo is an evolving partnership between the university and Pueblo School District No. 60, which encourages the two institutions to share ideas, personnel and other resources.

The university currently holds the charter for the Pueblo School for the Arts and Sciences, a paideia-style charter school which opened in fall 1994.

The university operates Pueblo's 75-acre Greenway and Nature Center as an interdisciplinary learning center directed by USC's College of Science and Mathematics. Students enjoy increased opportunities for field research and localized environmental studies at the popular recreational and nature-study site along the Arkansas River.
USC has transformed teacher education by developing a comprehensive Center for Teaching and Learning. The center's university and local school district staff oversee teacher preparation, engage in research and curriculum development, and seek to provide a continuity of academic programs from pre-kindergarten through the baccalaureate degree.

Students and faculty in USC's Malik and Seeme Hasan School of Business regularly participate in cooperative projects with local businesses and with the Pueblo Economic Development Corporation (PEDCo). The USC Center for Business Development publishes a semi-annual newsletter featuring a Cumulative Progress Index for the Pueblo community.
Students in USC's College of Applied Science and Engineering Technology designed and manufactured the payload for the Colorado Student Ozone Atmospheric Rocket (CSOAR). Constructed cooperatively by student members of the Colorado Space Grant Consortium, the rocket was launched successfully from the NASA facility at Wallops Island, Virginia.

USC's Hoag Recital Hall is a popular location for many community events, including the Town and Gown performance series, co-sponsored by the Sangre de Cristo Arts and Conference Center. USC band and choir concerts, symphonies, recitals and other events conducted by students and faculty in USC's College of Humanities and Social Sciences generally are open to the public.

THE UNIVERSITY

HISTORY
The University of Southern Colorado has served the changing needs of the citizens of Colorado for more than 60 years.

In 1933, the institution was incorporated as The Southern Colorado Junior College. Classes took place on the top floor of the Pueblo County Courthouse. The “Class of 35” graduated 17 students. In 1936, the first building on the Orman Avenue campus site was donated by the Colorado Fuel and Iron Corporation. One year later, local citizens decided to support the institution with county taxes; they organized the Pueblo County Junior College District, and the institution was renamed Pueblo Junior College. In 1951, PJJC became the first accredited junior college in Colorado.

A decade later, Colorado’s General Assembly enacted legislation, effective in 1963, changing PJJC to a four-year institution — Southern Colorado State College — to be governed by the Board of Trustees of State Colleges. SCSC received accreditation in 1968.

By then, four buildings had been erected on the new campus north of Pueblo’s Belmont residential district. On July 1, 1975, the state legislature granted the institution university status. Three years later, the State Board of Agriculture assumed governance of the university. In 1986, USC, Colorado State University and Fort Lewis College joined to form the Colorado State University System.

MISSION
The University of Southern Colorado, in accordance with the mission defined by the Colorado Commission on Higher Education in 1976 and revised in 1985, provides a unique contribution to higher education in the state. USC strives to become an excellent regional university with a polytechnic emphasis, continuing its tradition of teaching effectiveness and increasing its efforts in basic and applied research while maintaining a high degree of service to the citizens of Pueblo, the region and the state.

USC is an accredited institution with a specific mission:
1) to emphasize career-oriented, technological and applied programs, while maintaining strong programs in the liberal arts;
2) to engage in basic and applied research for the benefit of society; and
3) to function as the major education resource for cultural, industrial and economic growth throughout the southeastern Colorado region.

The university accepts enthusiastically its role as a regional university with a polytechnic emphasis. We believe that our special commitment to applied research and career oriented education, embracing but not limited to the technologies of engineering, science, and business, and grounded in an unalterable commitment to the traditional liberal and fine arts, creates a unique opportunity to educate the whole person. We resolutely embrace the conviction that while our liberal arts programs must be predicated on preparing students to engage in productive and meaningful living as well as to earn a living, our professional programs must maintain a strong liberal arts component to guard against the obsolescence of purely vocational and topical learning in a rapidly changing world.

High-quality teaching is the number one priority at the University of Southern Colorado. At the same time, faculty engage in scholarly activity to add to the store of knowledge in various disciplines and fields, and apply that knowledge to solving community and regional problems. Faculty involvement in research, as well as in scholarly and creative activities, substantially enhances the quality of teaching at the university. The University of Southern Colorado also places special emphasis on student development and success. To address this special emphasis, the university has made an unequivocal commitment to significantly improve the retention and graduation rates of all students.

In addition to the primary emphasis on teaching and the accompanying obligation to engage in scholarly endeavors, the university is committed to serving the surrounding community and region. The service obligation is fulfilled primarily through the processes of teaching and research, since the outcomes of those activities significantly address the needs of society. However, as a regional university which strives for excellence, we contribute to the overall quality of life and economic growth in our surrounding environment by sponsoring cultural events, clinical activities, student internships, research on community and business problems, and other special means of interaction.

To enhance its overall relationship with the city and region, the university is strongly committed to providing access for members of all minority groups, particularly the large Hispanic population within its service area, emphasizing and fostering cultural pluralism, enhancing the traditions of culture and language, encouraging the development of economic opportunities, providing appropriate academic support programs, and ensuring equal opportunity for all persons who are, or may become, members of the university community.

Thus the university’s mission has three components: teaching (the primary emphasis), scholarly activity (necessary to the advancement of knowledge and to high-quality teaching) and service (contributing to the development of the city and region).
GOALS AND PRIORITIES
In fulfilling its basic mission, the university regularly establishes long-range and short-term goals. Students, faculty, staff and administrators actively work together to achieve such important goals and to establish priorities for the institution's future. Copies of the most recent strategic plan are available for inspection in the Office of Finance and Planning.

GOVERNANCE
As part of the Colorado State University System, the University of Southern Colorado is governed by the State Board of Agriculture, which also governs Fort Lewis College in Durango and Colorado State University in Fort Collins. The Colorado Commission on Higher Education, the central policy and coordinating board for all public institutions, establishes policy on legislative, academic and fiscal matters.

ACCREDITATION
The University of Southern Colorado is accredited at the bachelor's and master's levels by the Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools.

Individual programs approved by accreditation agencies include: chemistry, the American Chemical Society; civil, electronics, and mechanical engineering technology, the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET); industrial engineering, the Engineering Accreditation Commission of ABET; education, the Colorado State Board of Education; music, the National Association of the Schools of Music; nursing, the National League for Nursing; and social work, the Council of Social Work Education.

AFFIRMATIVE ACTION/EQUAL OPPORTUNITY COMMITMENT
The University of Southern Colorado is committed to providing an environment free from unlawful forms of discrimination, including sexual harassment, against any person based upon race, color, ethnic background, religion, gender, national origin, age, sexual orientation, disability, or status of veteran of the Vietnam Era.

Also, the university provides affirmative action to ensure that protected class applicants are employed and that all employees are treated fairly during employment without any regard to the aforementioned protected groups, in accordance with the laws of the United States and the State of Colorado. Such action includes, but is not limited to, affirmative efforts with respect to employment, promotion, transfer, recruitment, advertising, layoff, retirement, or termination; rate of pay or other forms of compensation and selection for faculty development activities. The university posts in conspicuous places notices setting forth the provision of nondiscrimination policy, affirmative action plans and programs, and equal opportunity commitments.

The university prohibits discrimination based on the aforementioned criteria above in admission or access to, treatment of, or employment in its educational programs or activities. The Americans with Disabilities Act (ADA) prohibits any form of discrimination based on disability in admission to, access to, and the operations of programs, services or activities at the University of Southern Colorado. Inquiries concerning Titles IV, VI, and VII of the 1964 Civil Rights Act Section 504, ADA, and Title IX of the Education Amendments of 1972 may be referred to Affirmative Action Director, University of Southern Colorado, 2200 Bonforte Boulevard, Pueblo, Colorado, 81001-4901, phone (719) 549-2936 or Office of Civil Rights (OCR) Department of Education, Colonnade Center, 1244 Speer Blvd., Denver, CO 80204-3582. Any questions, complaints and requests for additional information of ADA may be directed to the ADA Coordinator at (719) 549-2511.

THE CAMPUS
USC's campus, spanning more than 275 acres, crowns the north end of Pueblo, a historically and culturally rich city of 100,000 located near the Greenhorn Mountains in the colorful Pikes Peak region of southern Colorado.

Fourteen of the 15 buildings on campus, as well as fountains and pathways, follow the grand and unusual architecture of the University Library complex, which received a national award for design in 1966 from the American Institute of Architects and the U.S. Office of Education.

Approximately 320 sunny days a year attract outdoor enthusiasts to a full slate of summer and winter recreational activities, encompassing water sports at Lake Pueblo, biking along Pueblo's unique river trails, white water rafting, golf, tennis and skiing in the mountains to the west.

Enrollment exceeds 4,000 students from throughout southeastern Colorado, the state, the nation and several foreign countries, representing a diversity of age groups and backgrounds, both rural and urban.

TERMS OF THIS CATALOG ISSUE
Students graduate under the catalog requirements noted in the Academic Policies section of this catalog. The 1996-98 issue becomes effective fall semester 1996. Information contained within the catalog is current as of April 1996, but is subject to change without notice and therefore is not to be regarded as an irrevocable contractual commitment. Modification may occur at any time during the student's term of residence in the interest of lawful missions, processes and functions of the institution. The university will make reasonable efforts to inform students of any modifications occurring prior to publication of the 1998-2000 catalog issue.
The University of Southern Colorado welcomes applications from all persons interested in post-secondary education. The Office of Admissions is located in the Administration building. Prospective students may obtain information about all USC programs, as well as university admission procedures, from the admissions office. Campus tours are available from 9 a.m. to 4 p.m. Monday through Friday. Advance notice is helpful but not mandatory.

All correspondence concerning admission and campus visits should be addressed to the Office of Admissions, USC, Pueblo, CO 81001-4901.

ENTERING FRESHMEN

Admission Standards
The University of Southern Colorado's admission process is designed to promote diversity within the student population and to assure equal access to qualified applicants. The final admission decision is based on the applicant's potential for attaining a degree at the university.

First-time applicants are eligible for consideration for admission to the University of Southern Colorado if the CCHE admissions index score is 80 or higher. The score can be achieved by various combinations of high school grade-point average and ACT composite or SAT combined scores. Such combinations include:

<table>
<thead>
<tr>
<th>High School GPA</th>
<th>Minimum ACT or</th>
<th>SAT Composite</th>
</tr>
</thead>
<tbody>
<tr>
<td>2.0000</td>
<td>23</td>
<td>1030-1050</td>
</tr>
<tr>
<td>2.3000</td>
<td>20</td>
<td>910-930</td>
</tr>
<tr>
<td>2.6000</td>
<td>18</td>
<td>830-850</td>
</tr>
<tr>
<td>3.0000</td>
<td>15</td>
<td>730-740</td>
</tr>
<tr>
<td>3.3000</td>
<td>13</td>
<td>630-660</td>
</tr>
</tbody>
</table>

If applicants do not achieve an index score of at least 79, the credentials will be reviewed by an admissions committee, which will base a recommendation for admission on:

1) the applicant's academic and personal potential to benefit from or contribute to university programs; and
2) the applicant's previous academic record.

Students with non-traditional backgrounds are encouraged to apply.

Admission Requirements
Students may apply any time after the completion of their junior year in high school. One official transcript of high school work should be sent directly to the admissions office from the high school, and a final transcript must be submitted after the applicant graduates from high school. Students who apply on the basis of the General Education Development (GED) tests in place of high school graduation must have the agency issuing the GED tests forward the test scores (not the certificate) to the Office of Admissions.

Applicants must submit:
1) a completed USC application;
2) a $15 application fee (non-refundable);
3) an official transcript of high school records or GED scores; and
4) scores from either the ACT or the SAT.

* NOTE: Acceptance by the university does not necessarily mean acceptance into a particular degree program, some of which have admission requirements beyond those of the university.

Minimum High School Academic Preparation Standards (MAPS)
Students who meet the course requirements for graduation from a Colorado high school also meet the minimum academic preparation standards for admission to the University of Southern Colorado. However, to be prepared to take full advantage of the university's academic programs, and to strengthen the probability of graduation and career success, the university strongly recommends that students complete the following course work while in high school:

- four years of English;
- three years of mathematics including two years of algebra and one year of geometry;
- two years of natural science including at least one year of physical science;
- two years of social studies including American government; and
- two years of a single foreign language.

Advanced Placement
The University of Southern Colorado participates in the Advanced Placement Program of the College Entrance Examination Board. Under the program, outstanding secondary school students may take certain college-level courses in their own high schools. Students who have taken the Advanced Placement Examination and who have received scores of 3, 4, or 5 will be granted university credit as well as advanced placement. USC credit is awarded without a grade, is counted toward graduation credits, and may be used to fulfill specific requirements.

For further information, students should contact the admissions office.

TRANSFER STUDENTS
Students who have attended other colleges or universities and are seeking admission to USC for the first time must submit:

1) a completed USC application;
2) a $15 application fee (non-refundable);
3) official transcripts sent directly to USC from each college attended. USC will not accept transcripts from applicants; and
4) Final high school transcripts and ACT or SAT scores must also be submitted if total transfer credits earned are less than 12 semester hours.

Note: Transfer students who have 12 to 29 collegiate semester credit hours must meet the first-time freshmen standards or have a 2.0000 GPA in previous college courses.

Transfer students must be in good standing at the institution last attended and have at least a 2.0000 cumulative grade-point average. If not, the records will be reviewed and a recommendation on admission will be made by the admissions committee.

Students who are enrolled at another institution at the time application for admission is made to USC should arrange to have one official transcript from the current institution sent with the application. A final transcript should be sent when the current term is completed.

Transferred credit will be evaluated as soon as possible after official transcripts have been received and the student has been accepted for admission.

Each student must indicate all previous college experience on his or her application. Applicants may not ignore previous college attendance. Students who fail to inform the Office of Admissions of all previous college work will be subject to cancellation of enrollment.

**Transfer Agreements**

USC is dedicated to the concept of guaranteed transfer opportunities for students enrolled at any of Colorado’s public two-year and four-year institutions. Information on transfer agreements is available in the Office of Admissions. Additional information appears in the Academic Requirements section of this catalog.

**Transfer of Credit**

Transfer students should be aware of the 10-year time limit on credit earned toward a bachelor’s degree, which applies to both transfer and resident credit. (Additional information appears in the Academic Requirements section of this catalog.)

Credit is accepted by USC from regionally accredited institutions recognized by the American Association of Collegiate Registrars and Admissions Officers. For credit toward degree requirements, USC accepts a maximum of 64 semester hours from community or junior colleges and/or a maximum of 96 semester hours from four-year institutions.

Courses with grades of D or F are not accepted for transfer with one exception. Grades of D in General Education Knowledge Component courses are accepted in transferring Colorado Community College and Occupational Educational System core courses if the student has fully completed either an AA or AS degree with at least a 2.0000 cumulative grade-point average.

The University of Southern Colorado may accept the AA or AS degree from other states as fulfilling the university’s general education requirements. Transcripts will be reviewed on an individual basis by the Office of Admissions to determine if general education requirements are satisfied.

Credit from a nonaccredited institution may be accepted by petition for transfer after the student has completed at least 24 semester hours at USC with a C (2.0000) average or better.

The university accepts up to eight semester hours of cooperative education courses in transfer. Cooperative education course work, to be acceptable, must include a clearly defined academic element, such as a study plan or reading assignments.

A maximum of 30 hours of correspondence work may be applied toward a bachelor's degree. Extended studies will be treated in the same manner as traditional credit.

Military service credit is evaluated when official copies of certificates are received at USC. Courses are evaluated according to the American Council on Education Guide. A maximum of 20 semester hours of credit is counted toward a baccalaureate degree. Credit is not given for military service work experience.

Acceptance of credit does not necessarily mean that a specific department will accept the same credit toward its major requirements. Each department evaluates transfer courses to determine applicability to major requirements.

All application materials for applicants who decide not to enroll for the term for which they applied will be kept on file in the Office of Admissions for one year.

**College Level Examination Program**

All credit earned by the student on any of the CLEP general examinations and recorded on the student’s transcript from another institution is accepted in transfer, if the credit is not duplicated from other sources. If CLEP credit is transferred directly, only credit in the areas of humanities and social science is accepted unless otherwise approved in writing by the appropriate department chair and dean. If a student has taken humanities or social science classes before taking CLEP tests, those credits are deducted from the CLEP credits.

**Appeals Process**

If a student disputes the university’s evaluation of credits from other Colorado public institutions, the student must file a written appeal with the director of Admissions within 15 calendar days of receiving the evaluation. If the student fails to file an appeal within the 15-day period, the decision made in the transfer evaluation will be binding.

The director of Admissions will have 30 calendar days to review the appeal and notify the student in writing of the decision including the rationale for the decision. In addition, the student will be notified in writing about the process for appealing and the appeal decision should the student feel that reasonable doubt exists.

If the director of Admissions fails to inform the student of the available appeal options, the appeals decision shall be null and void. The student's request prevails and cannot be overturned by any institutional administrator or committee.
The student may appeal the first appeal decision in writing to the associate provost. The appeal must be filed within fifteen (15) calendar days of the postmark date of the letter from the director of Admissions regarding the first appeal decision.

The university must hear and reach a decision on the appeal within fifteen (15) calendar days after the appeal is filed. The student will be notified in writing by the university of the decision regarding the appeal and the rationale for the decision. In addition, the student shall be informed in writing about the subsequent process for appealing the institutional transfer decision, if the student chooses to do so.

The student may appeal the institutional decision by writing the vice chancellor for academic affairs of the Colorado State University System (CSUS). The appeal must be filed within five (5) calendar days of the postmark date of the letter notifying the student of the institutional decision. If the student fails to file an appeal within this time period, the institutional decision shall be binding.

The vice chancellor for academic affairs shall review and reach a decision on the appeal within five (5) calendar days after the appeal is filed. The student will be notified in writing of the decision regarding the transfer appeal and the rationale for the decision. In addition, the institution shall inform the student that the decision may be appealed further by writing to the Colorado Commission on Higher Education (CCHC). The appeal must be filed within five (5) calendar days of the postmark date of the letter notifying the student of the vice chancellor’s decision.

**Graduation Cum Laude**

Transfer students who wish to be considered for graduation cum laude, magna cum laude, or summa cum laude should request a recomputation of grade-point average as outlined in the *Academic Policies* section (Dean’s List and Graduation Cum Laude) of this catalog.

**INTERNATIONAL STUDENTS**

Students who are residents of another country must submit the following to be admitted to USC:

1) the official application for university admission, accompanied by a $15 fee;

2) two official transcripts of all work completed either in high school or in college (or the equivalent). One transcript must be in the native language, one in English. Both must show courses taken, grades earned, length of classes and length of school terms. All transcripts must bear the official seal of the issuing institution and must be sent by that institution directly to the Office of Admissions. An explanation of all transcript terminology must be included;

3) results of an English language proficiency test. First-time freshman students: A score of 500 on the Test of English as a Foreign Language (TOEFL) or a minimum score of 80 on the Michigan Test of English Proficiency, or completion of the advanced level at an English language training center is required. Transfer students: A score of 500 on the Test of English as a Foreign Language (TOEFL) or a minimum score of 80 on the Michigan Test of English Proficiency is required. In addition, transfer students must have an overall cumulative grade-point average of 2.0000 or above. English language proficiency tests are not required of students from countries where English is the native language.

4) a financial statement regarding the resources available to the student during his or her stay in the United States. An international student cannot be accepted without this statement, since no institutional funds are available to support international students.

The Office of Admissions reserves the right to change policy. Exceptions are at the discretion of the director of Admissions.

No international student applications for admission will be considered until all required materials are complete. All materials must be received by the Office of Admissions by the application deadlines.

**INTERNATIONAL BACCALAUREATE DIPLOMA PROGRAM**

The University of Southern Colorado recognizes and encourages high school students to participate in the International Baccalaureate Diploma Program. The university recognizes the IB program as a rigorous pre-university course of study for highly motivated secondary students. Students who complete the IB program and IB examination(s) are eligible to receive credit and advanced placement standing at the University of Southern Colorado.

To receive university credit, a student must take the IB examination(s) and request that the scores be sent to the University of Southern Colorado admissions office. Upon receipt of the scores, an evaluation for credit will be performed by the appropriate academic department. The student will be notified by mail of the evaluation results in approximately two - four weeks.

A score of 4 or better on the IB examination(s) will receive between 3 -10 credits for most examinations. Please contact the office of the director of Admissions for more information.

**READMITTED STUDENTS**

Students who have been enrolled in residence, but whose attendance was interrupted for one or more regular semesters, are required to file an application for readmission by the admissions deadline of the semester in which they wish to enroll. Students who withdraw, or are withdrawn, from the university for any reason and are subsequently readmitted after an absence of two or more semesters are governed upon readmission by the catalog current at the time of readmission. Any exceptions to the policy must have prior approval from the provost. Degree-seeking students who have attended another post-secondary institution or have taken college-level correspondence or extended studies courses must provide complete official transcripts of such studies.

**ACADEMIC RENEWAL**

Students who return to the University of Southern Colorado after an absence of at least two years, and have not
attended full-time at any other college or university, may request academic renewal at the time of readmission to the university. Students who take advantage of the Academic Renewal Policy will not have grade-point averages carried forward upon readmission, and courses with grades of D or F will not count toward graduation.

Students who seek readmission to the university after an absence of 10 years or more will not have grade-point averages carried forward. Any college credit earned more than 10 years before the date of readmission is not applicable toward the degree desired unless approved by the chair of the department offering the course(s) [or equivalent(s)], and by the appropriate dean. Courses petitioned for general education credit must also be approved by the Office of Admissions.

Students who elect academic renewal will be required to complete at least 32 hours of credit after readmission before they are eligible for a baccalaureate degree.

The Academic Renewal Application can be obtained from the Office of Admissions.

UNCLASSIFIED STUDENTS

Students may enroll at the University of Southern Colorado as unclassified (non-degree seeking) students if one of the following categories applies.

Special Student:
Special student status is reserved for applicants who are 20 years of age or older and who wish to enroll in courses without degree-seeking status. Applicants who wish to register as special students are required to file an application with the Office of Admissions each term that they wish to enroll.

A special student may carry up to 15 hours per semester and may earn a maximum of 30 semester hours while maintaining special student status. The student must maintain a 2.000 cumulative grade-point average as a special student. Special students who wish to exceed the 30-semester-hour maximum may file a petition with the Office of Admissions. However, no more than 30 semester hours may be applied to the baccalaureate degree should the student decide to become a degree candidate.

Degree-plus Student:
Non-degree-seeking students who have completed a baccalaureate degree may enroll as unclassified degree-plus students after filing the appropriate application with the Office of Admissions.

Guest Student:
Students who have enrolled as degree candidates at other institutions of higher education may enroll for the summer term at the University of Southern Colorado as guest students. Guest students must complete the appropriate application with the Office of Admissions.

High School University Program:
High school seniors may register for classes at the university. Students must submit an admission application approved by their high school counselor, principal and parents for each term they wish to enroll. In some cases, the high school district may pay students' tuition. Information on such programs is available in the Office of Admissions.

Senior Citizens:
Persons 65 years of age or older, or 62 and retired, may audit courses on a space-available basis without paying tuition. Permission of the instructor is required.

Unclassified students are ineligible to receive financial assistance from the university, including aid from all federal and state financial assistance programs.

VETERANS

Veterans must follow the admission requirements and procedures outlined in this catalog. For certification of eligibility for education benefits under one of the Public Laws, students can apply for Veterans Administration benefits through the Office of Veterans Affairs in the Administration building, Room 311.

ADMISSION PROCEDURES

Application Deadlines
The application for admission as a degree seeking student and all other required documents must be received before the deadline of the semester in which the student plans to enroll. Deadlines for 1996-97 and 1997-98 are:

<table>
<thead>
<tr>
<th>Semester</th>
<th>Deadline</th>
</tr>
</thead>

REGISTRATION

Advisement
All students are required to consult an academic adviser before registering for classes. Academic advisers are assigned by the major area. Degree-seeking students who have not selected a major and unclassified students should contact the Developmental Advising Center, Room 232 of the Psychology building.

Registration Procedures
Details on registration procedures are published in the class schedule bulletin distributed to students well in advance of each registration period.

Payment of Tuition and Fees
Tuition and fees are assessed in accordance with approved policies. Instructions for payment and payment deadlines are stated in the class schedule bulletins. Specific information about tuition and fees is given in the Student Expenses section of this catalog. Contact the accounting office at (719)549-2234, Administration building room 212 for more information.

Changes of Address
Students should keep university authorities informed of their current address. A change in address should be reported immediately to the records office.
Completion of Student Courses
The university holds students responsible for completing all courses for which they have enrolled unless they obtain approval for a change in registration or file an official withdrawal. Students not following proper course or university withdrawal procedures will receive failing grades.

Immunization Requirement
Colorado law requires all college students born since January 1, 1957, to be immunized against measles, mumps and rubella.

Proof of immunity consists of:
- Measles — two doses of live measles vaccine administered after 12 months of age or a blood test showing immunity to measles.
- Mumps — two doses of live mumps vaccine administered after 12 months of age or a blood test showing immunity to mumps.
- Rubella — two doses of live rubella vaccine administered after 12 months of age or a blood test showing immunity to rubella.

Prior to registration please have verified immunization records sent to Student Health Services, University of Southern Colorado, Pueblo, Colorado 81001-4901 or fax records to (719) 549-2646.

Booster vaccinations are provided by Student Health Services free of charge if immunization records indicate that a booster is necessary. For further information, contact the Student Health Services Office at (719) 549-2830.

STUDENT EXPENSES
Tuition rates are established by the State Board of Agriculture following budget action of the Colorado General Assembly. Tuition rates for any succeeding fiscal year are not known until the period of March to June of each year, when appropriations are made. The State Board of Agriculture therefore reserves the right to change the tuition and fees schedule at any time.

RESIDENCE CLASSIFICATION
A person moving to Colorado must be domiciled in the state for 12 continuous months before becoming eligible for a change in residence classification. To qualify for in-state classification for tuition purposes as a resident of Colorado, a person must do more than just reside in Colorado for the preceding 12 continuous months. "Residency" in this context means legal "domicile," which requires intent to remain in Colorado indefinitely in the sense of making one's permanent home in the state. The distinction is that one may have any number of residences at one time, but never more than one domicile.

A particularly relevant point is that one retains a former domicile until a Colorado domicile is established by the 12-month residency.

Intent is determined by:
1) the student's written declaration of intent to remain in Colorado indefinitely, i.e., the student has no present intent to leave the state now or in the future;
2) documented evidence of overt actions that link the student to Colorado.

Examples which establish intent are: payment of Colorado state income tax, a Colorado driver's license, Colorado motor vehicle registration, the compliance with mandatory duty upon a domiciliary of the state, and voter registration. Obviously, the specific actions that establish intent vary according to the individual and the circumstances, but each individual must, with his/her circumstances, act consistently with the stated intent. An information brochure pertaining to the establishment of residency for tuition purposes may be obtained by writing to the Office of Admissions.

A student's classification as a Colorado resident for tuition purposes is made by the university at the time of admission, according to Colorado statutes. Any student classified as a nonresident who believes that he/she can qualify as a resident may obtain a petition and a copy of the statutes governing tuition classification from the Office of Admissions. The petition is processed only if the student has an application for admission on file or is currently enrolled. The petition is due no later than the day before the first day of class for the semester in which the change is requested. Deadlines are published in each semester class bulletin.

Students 22 years of age or under who are independent from their parents must prove emancipation and demonstrate residency on their own qualifications. Students must notify the Office of Admissions if their status changes from resident to non-resident. Any student who willfully gives wrong information to avoid paying non-resident tuition is subject to legal and disciplinary action.

TUITION AND FEES
The following schedule of tuition, fees and other charges is for information only. All fees and charges listed are subject to change because of action by the governing board prior to the beginning of the semester. The governing board normally acts on tuition and fee charges at its June meeting prior to the start of the academic year. Current information can be obtained from the university controller at (719) 549-2232. Tuition and fees per semester for 1985-86 were as follows:

<table>

OTHER SPECIAL FEES
The following are examples of special fees approved for the 1995-96 academic year. For a complete list of special fees, contact the university controller at (719) 549-2232.

Admissions Fees
Application fee
Credit by examination (per course) 50
Late add charge (per course) 10
Matriculation fee 32
Reinstatement fee 50
Transcript fee ($1st free) 2
Applied music fee (per lesson credit hour) 30
Faculty/staff identification card validation 11
Fee to mail placement file-per packet 3
Identification card replacement 60
Music locker fee 5
Musical instrument rental fee ($35 refundable upon return of instrument) 50
Original student/faculty/staff identification card 5
Parking sticker replacement 4
Physical education designated classes
Life Saving 20
Scuba Diving 55
Skiing 95
Training Room 25
Water Safety 20
Physical education fee 3
Return/short check charge 17
Wellness Center 15
Student Family (Summer 7.50) 15

ROOM AND BOARD RATES
(Subject to change by governing board action)
Occupancy and damage deposit $100
The deposit is required with each application for space in the residence hall and is held for the duration of occupancy.

Room (Per Semester, 1995/96 Rates)
Single (continuing residence hall student) varies
Single (incoming student) $1,370
Double (continuing residence hall student) varies
Double (incoming student) $916

Board (Per Semester)
19-meal plan $1,174
14-meal plan $1,138
10-meal plan $1,086

Room and Board (10-Week Summer Semester)
Single room $856
Double room 74
19-meal plan 734
15-meal plan 710

Room and Board (5-Week Summer Semester)
Single room $428
Double room 287
19-meal plan 267
15-meal plan 255

OPTIONAL COPIRIG FEE
In the spring of 1989, students voted to establish a chapter of the Colorado Public Interest Research Group (CoPIRG), to be funded by a $4 waivable fee. CoPIRG is a statewide, student-directed, non-partisan, non-profit organization that conducts research, advocacy, and public education on such issues as voter registration, safe drinking water, air quality, toxic waste clean-up and prevention, consumer protection and good government. CoPIRG chapters also operate at Colorado State University, the University of Northern Colorado, and Metro State College.

Students interested in becoming involved with CoPIRG projects may call (719) 549-2198 or (303) 355-1861. The CoPIRG fee will be added to other charges automatically unless you initial the appropriate space on your registration form to waive the fee. If you do not wish to be charged for CoPIRG and forget to initial the appropriate space, a refund can be requested from the CoPIRG office in the Ochotta Center.

PAYMENTS
A standard deferment plan is available. Please refer to the current semester course bulletin for specific due dates.

ADDITIONAL PROCEDURES
Additional procedures are published before the beginning of each semester in the semester course bulletin. The procedures describe the distribution of financial aid, payment due date, drop/add and withdrawal, administrative withdrawal for non-payment and refund policies. Students will be held responsible for adhering to the policies and procedures contained in the bulletin.

DELINQUENT STUDENT ACCOUNTS
Students are subject to any or all of the following actions if they have a delinquent debt to the university:
- Administrative withdrawal
- Transcripts held
- Degree not conferred
- No future course registrations allowed

Reasonable collection/legal costs will be added to the amount due. Any student who pays with a check that is returned unpaid by their bank will be subject to all of the penalties for late payment and also will be charged an additional $17 fee.
ADJUSTMENTS

The Tuition Adjustment Appeals Committee will consider requests for adjustment to billed tuition and fee charges when a student must withdraw due to extenuating circumstances. Please see the semester course bulletin for procedures on how to file an appeal.

FINANCIAL ASSISTANCE

Financial aid is a resource for students and parents seeking monetary assistance to help defray the costs of higher education. Eligible students who demonstrate financial need may receive assistance from the federal government and/or the State of Colorado in the form of grants, loans, work-study and/or scholarship funds. Students may obtain applications and other necessary forms from the Office of Financial Aid, Administration building, room 309, phone (719) 549-2753.

The primary responsibility for educational costs resides with the student and the student’s family. Assistance offered through the financial aid office is intended to supplement the family contribution. Requests for assistance always exceed the funds available and federal monies are allocated according to documented financial need.

FINANCIAL AID POLICIES

Students must complete all necessary forms and submit requested documents to be considered for financial aid.

Funds are awarded on a first-come, first-served, need basis.

Financial Aid Application Steps

1) To be considered for financial aid, students must be accepted for admission in a degree program. (Please note: Financial aid students can receive funds as "undeclared" until they have earned 45 credit hours, including transfer credits. After reaching 45 credit hours a major area of study must be declared.)

2) Complete and mail (to the processor) by March 1, a Free Application for Federal Student Aid (FAFSA), available at local high schools, colleges and universities. The USC school identification code is: 001365

3) Once the FAFSA has been processed, students will receive a Federal Student Aid Report which must be submitted to the financial aid office.

4) Students whose data has been selected for verification will be required to submit a verification form and a signed copy of the tax return(s) used to complete the FAFSA prior to being awarded.

5) Transfer students must submit a Financial Aid Transcript (obtained in any financial aid office) for each college, university, technical and/or trade school previously attended.

Definition of Good Standing

Students are considered to be in good standing for financial aid purposes if they are eligible to be enrolled in accordance with the guidelines established by the university and the Office of Financial Aid.

Continuing students must be in good standing and comply with the financial aid Satisfactory Academic Progress Policy; and must reapply for aid each year.

Students may not receive financial aid if they are:

1) on financial aid suspension or academic suspension;
2) in default on student loans or owe refund or repayment on grants previously received to attend USC or other institutions; and
3) non-citizens or are not permanent residents of the United States.

SATISFACTORY ACADEMIC PROGRESS POLICY

Federal and state financial aid regulations require that all students receiving or applying for financial aid must maintain satisfactory academic progress toward degree completion to remain eligible for financial aid. Students must meet the requirements for satisfactory academic progress toward a degree, as outlined in this policy, to retain eligibility for financial aid, whether or not they were previously receiving financial aid.

The financial aid office reviews satisfactory academic progress for fall and spring semesters at the end of each academic year (May) for each student receiving financial aid.

Regular Progress

Below are the criteria considered when academic progress is reviewed to determine if students met the minimum requirements of the financial aid Satisfactory Academic Progress Policy. There is no probationary status prior to suspension.

Students who fail to meet any one of the criteria will be placed on financial aid suspension.

1. Earn 70 percent of credit hours attempted

Credit hours attempted include all credit hours for which registration charges are incurred. To maintain satisfactory academic progress for financial aid, a student must attempt or be enrolled for the appropriate number of credit hours. Listed below are the definitions for full-time, three-fourths time and less-than-half-time status.

Undergraduates - Enrollment Status

<table>
<thead>
<tr>
<th>Status</th>
<th>Credit Hours/Quarter</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-time</td>
<td>12 + credit hours/semester</td>
</tr>
<tr>
<td>Three-fourths time</td>
<td>9 to 11 credit hours/semester</td>
</tr>
<tr>
<td>Half-time</td>
<td>6 to 8 credit hours/semester</td>
</tr>
<tr>
<td>Less-than-half-time</td>
<td>1 to 5 credit hours/semester</td>
</tr>
</tbody>
</table>

Graduates - Enrollment Status

<table>
<thead>
<tr>
<th>Status</th>
<th>Credit Hours/Quarter</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-time</td>
<td>9 credit hours/semester</td>
</tr>
<tr>
<td>Three-fourths time</td>
<td>6 to 8 credit hours/semester</td>
</tr>
<tr>
<td>Half-time</td>
<td>4 to 5 credit hours/semester</td>
</tr>
</tbody>
</table>

Students must earn 70 percent of all credit hours attempted (i.e., all credit hours for which the student registers or enrolls).
Following are three examples of the 70 percent rule:

1) Students who attempt 12 credit hours during fall and 12 credit hours during spring must earn 70 percent of the 24 credit hours they attempted.

\[
70 \text{ percent} \times 24 \text{ (credit hours attempted)} = 16.8
\]

Rounded down, 16 credit hours must be earned with a passing grade. If the student earned 16 of 23 hours attempted, he/she would not be placed on financial aid suspension due to current hours earned. If the student earned less than 16 credit hours, he/she would be placed on financial aid suspension.

2) Another example includes a student who attempted 8 credit hours (half-time) during fall semester and 12 credit hours (full-time) during spring semester, a total of 20 credit hours.

\[
70 \text{ percent} \times 20 \text{ (credit hours attempted)} = 14 \text{ credit hours minimum must be completed with a passing grade. If the student earned 14 of 19 hours, there would be no financial aid suspension due to current hours earned. However, if the student earned 13 credit hours or less, he/she would be placed on financial aid suspension.}
\]

3) Student attempts 18 credits fall and 15 credits spring. The student must earn \((18 + 15 = 33 \times 70 \text{ percent}) 23\) credit hours with passing grades. If the student earned fewer that 23 credit hours, financial aid suspension would result.

The following are considered passing or not passing grades:

Passing Grades:
A, B, C, D, S

Grades not acceptable as passing:
F, U, W, WN, INC, NC

II. Minimum cumulative grade-point average (GPA)

The required minimum cumulative grade-point average is based on the total number of credit hours a student has attempted, including transfer hours and academic renewal hours.

Undergraduates must maintain the following minimum cumulative grade-point averages:

<table>
<thead>
<tr>
<th>Credit Hours Attempted</th>
<th>Required Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-12</td>
<td>1.5000</td>
</tr>
<tr>
<td>13-24</td>
<td>1.6000</td>
</tr>
<tr>
<td>25-36</td>
<td>1.7000</td>
</tr>
<tr>
<td>37-48</td>
<td>1.8000</td>
</tr>
<tr>
<td>49-59</td>
<td>1.9000</td>
</tr>
<tr>
<td>60+</td>
<td>2.0000</td>
</tr>
</tbody>
</table>

Degree plus (students working on a second undergraduate degree) and those students who have a baccalaureate degree but are working towards a teacher certification must have a minimum cumulative grade-point average of 2.0000.

Graduate students (those pursuing a master's degree) must have a minimum cumulative grade-point average of 3.0000.

III. Maximum credit hours attempted

Students must maintain satisfactory academic progress within the maximum credit-hour limits listed below. A student will be placed on financial aid suspension at USC once the total credits attempted, plus transfer and academic renewal credits, exceed the following number of credits:

Undergraduate Degree ................................................................. 144
Graduate (Master Level) ............................................................... 60
Second Undergraduate Degree ......................................................... 50
Teacher Certification Elementary ..................................................... 60
Teacher Certification Secondary ....................................................... 45

Note: Transfer hours and academic renewal credits are included in the maximums. Students exceeding maximum credit hours will be suspended and have the right to appeal.

IV. Total withdrawal

Any financial aid recipient who processes a total withdrawal from the university will be placed on financial aid suspension. Total withdrawal means all classes are officially dropped and the student is no longer enrolled and in attendance at USC. TOTAL WITHDRAWAL IS MONITORED EVERY SEMESTER, including summer. Any aid previously accepted (including work-study), loans, grants and scholarships) for the remainder of the academic year is canceled. Reinstatement of the funds upon appeal approval is subject to the availability of funds. Scholarship recipients must check with the donor to find out if they are still eligible.

The following definitions and terms are used in the Financial Aid Satisfactory Progress Policy.

Incomplete and Grade Changes

Grade changes or grades of 'incomplete' which affect a student's financial aid suspension status must be changed or completed prior to the drop/add deadline of the subsequent fall semester in which the student enrolls. Students must deliver documentation of grade changes to the Office of Financial Aid no later than the end of the second week after the drop/add period of the next semester.

Repeated Courses

For financial aid purposes, a course may be repeated twice. Courses repeated more than twice must be in addition to 12 (first-time) credit hours per semester or in addition to the minimum number of credit hours attempted. For example, a student who enrolls for 12 hours and completes eight, (a four-hour course was failed) can enroll for the course plus eight additional hours in a subsequent semester. If the course (four hours) is repeated a third time, the student must enroll for 12 hours plus the four-hour course for 16 total credit hours during a subsequent semester of attendance.

"Credit hours attempted" are all credit hours for which the student registers (enrolls).
Remedial Courses
Remedial courses (below 100 level) are counted toward hours attempted per semester, but not toward the maximum credit hours attempted, nor toward a degree program.

Academic Renewal
Students who are approved for academic renewal are considered under the same criteria as the transfer student, with regard to the GPA and total hours earned. Contact the Office of Admissions for the Academic Renewal Policy.

Transfer Students
Transfer hours accepted at USC are counted in the total hours attempted. Therefore, transfer students must earn the USC grade-point average required for the credit-hour level that includes transfer hours accepted in order to maintain eligibility for financial aid. For example, a student who transfers 30 hours from another college and has attempted 30 at USC for a total of 60 hours is expected to maintain a 2.0000 cumulative GPA.

Financial Aid Probation
There is no probation period prior to financial aid suspension. Academic suspension supersedes financial aid suspension and is defined in the USC Bulletin. Students on academic suspension are not eligible for financial aid. To appeal academic suspension, refer to the USC Bulletin.

Financial Aid Warning
A warning letter will be sent to fall semester financial aid recipients who earn less than the minimum required hours per semester and/or whose cumulative grade-point average is below the minimum requirement, or who have reached the maximum hours allowed.

Students receiving the warning letter will receive the spring grants, loans and work-study previously awarded to them. Scholarship recipients must check with the nominating committee to determine whether or not they are still eligible to receive scholarship funds. It is recommended that such students contact the Learning Assistance Center, Developmental Academic Advising Center and/or Student Support Services to determine eligibility for tutorial assistance and academic counseling.

Financial Aid Suspension
Financial aid suspension is defined as a condition in which students are no longer eligible to receive financial aid of any kind including all loans, grants, work-study and scholarships.

Academic progress will be reviewed at the end of each academic year (after spring semester). Students will be notified in writing regarding suspension of financial aid eligibility.

Students will be suspended from financial aid eligibility for any of the following reasons:
1) Completing, with passing grades, less than 70 percent of all hours attempted.
2) Low cumulative grade-point average, based on the number of credit hours attempted (including academic renewal and transfer credits).

3) Exceeding the maximum credit hours allowed.
4) Total withdrawal from USC in any semester, including summer.

Appeals Procedure
Both undergraduate and graduate students follow the same financial aid appeals procedure. The appeals process is initiated by the student following written notification of the suspension in cases where there are exceptional circumstances that have affected the student's academic performance.

Exceptional circumstances include, but are not limited to:
1) Serious illness or injury,
2) Death or severe illness of immediate family members,
3) Divorce or separation of student and spouse or student's parents.

A student who wishes to appeal suspension due to failure of meeting satisfactory progress standards must submit a one-page letter of appeal along with documentation of the mitigating circumstances by June 1 for summer and no later than the end of the drop/add period for fall and/or spring. Appeals received after these dates will be considered for the following semester. For example, if the last day to drop or add a class is Sept. 11, the appeal letter must be received no later than 5 p.m. that day.

Students who exceed the maximum enrollment limitations and who desire continued eligibility for financial aid should submit a letter of appeal indicating the reasons for not having completed a degree. Also, the student must submit a copy of the senior planning sheet and/or a written statement from their academic adviser(s) indicating course work necessary for completion of degree and when the courses will be taken.

Financial aid counselors will review appeals based on criteria established by the Financial Aid Suspension Appeal Committee. If a counselor denies an appeal, it will be forwarded to the committee for further review. Students whose appeals are denied by the Financial Aid Suspension Appeal Committee may appeal to the associate provost. Students will be notified in writing of the decision of their appeal.

If an appeal is denied, the suspension is valid for three years. Those on suspension, who attend without any financial aid but who are in compliance with the policy, may request reinstatement for future financial aid eligibility through the regular appeals procedure.

Reinstatement
Students whose appeals are approved will be awarded based on available funds. Those reinstated must meet the criteria established in the Financial Aid Satisfactory Academic Progress Policy. If they fail to meet criteria, they will be suspended and, again, have an opportunity to appeal.
FINANCIAL AID PROGRAMS/GRANTS

Federal Pell Grant
A Federal Pell Grant is an award to help undergraduates pay for an education after high school. The Federal Pell Grant program describes an undergraduate as one who has not earned a bachelor's degree.

For many students, Federal Pell Grants provide a foundation of financial aid to which aid from other federal and non-federal sources may be added.

Students must re-apply each year. The period of eligibility is the length of time required for completion of the first baccalaureate course of study.

Colorado Student Grant (CSG)
The CSG is awarded to undergraduate residents on the basis of financial need. The amount of the grant cannot be greater than $2,000 per academic year and generally will not exceed one-half the documented financial need. Funds are provided by the Colorado General Assembly.

Federal Supplemental Education Opportunity Grant (FSEOG)
The FSEOG is a form of non-repayable financial aid and is designed to assist undergraduate students with exceptional need, targeted to Federal Pell Grant recipients and other exceptional need students. Awards may not exceed $4,000 per year.

Part-time Student Grant (Colo.)
The part-time student grant is awarded to undergraduate Colorado residents, with financial need, who are enrolled less than full-time. The amount of the grant cannot exceed $2,000 per year.

State Student Incentive Grant (SSIg)
The SSIg is awarded to undergraduate resident students on the basis of financial need. Stipends range from $200 to $2,500 per academic year and generally will not exceed one-half of the documented financial need. The SSIgs consist of one-half state and one-half federal funds.

WORK-STUDY

College Work-Study Program (CWSP)
The CWSP is designed to provide jobs to students who, without the earnings from the employment, could not attend the university. The program is funded by both the federal government (Federal work-study) and the Colorado General Assembly. The university annually employs approximately 700 students in the work-study program.

Full-time Work-study
Full-time work-study is a program designed to provide students with employment during the summer. A portion of the earnings from the employment must be used to offset educational costs of the next academic year.

To be eligible, students must:
1) enroll at the university for the next academic year as degree-seeking (classified) students;
2) document financial need for the next academic year,
3) complete separate applications for the summer full-time work-study and for the next academic year by the specified date; and
4) save a major portion of the earnings to assist with the next year's educational expenses.

No-need Work-study
The no-need work-study program is funded by the Colorado General Assembly. To be eligible, students must be undergraduate Colorado residents.

Students are selected for the program if qualifications are met and if funds are available. The average no-need work-study award for the academic year is $1,400. Students must apply for need-based financial aid and must be found not eligible for need-based assistance in order to qualify for the no-need program. They must complete the Free Application for Federal Student Aid (FAFSA). Students should not assume that they will be found ineligible for need-based financial aid. Those who are declared ineligible for need based work-study, however, may qualify for no-need work study.

FEDERAL FAMILY EDUCATION LOANS

Prior to any federal education loan (Federal Stafford or Federal PLUS) being certified by USC, the applicant must complete the financial aid application process (including the free application for Federal Student Aid).

Federal Perkins Student Loan
(Formerly titled National Direct Student Loan-NDSL) a Federal Perkins Loan is a low-interest (5 percent) loan to help exceptional need students pay for post-secondary education. USC must disclose the loan disbursement and default status to a credit bureau organization.

Students may be eligible to borrow up to a total of:
• $3,000 a year as an undergraduate if they are enrolled in a degree program, leading to a bachelor's degree;
• $5,000 a year as graduate students enrolled in a master's degree program;
• $15,000 aggregate if they are undergraduates working toward a bachelor's degree; or
• $30,000 aggregate for graduate or professional study (total includes any amount borrowed under Federal Perkins Loan or NDSL for undergraduate study).

Repayment of the loan begins nine months after students cease to be enrolled half-time. Students may be allowed up to 10 years to repay the loan. The amount of payment depends upon the size of the debt but usually is in payments of at least $30 or $40 per month for first time borrowers. The university may agree to a lesser amount because of extraordinary circumstances such as prolonged unemployment.
In case of default on a Federal Perkins Loan, which the
university is unable to collect, the federal government
may take action to recover the loan. Questions about the
terms of the loan, repayment obligations, deferment or
cancellation should be directed to the financial aid office or
to the accounting office.

Federal Stafford Loans
The Federal Stafford Loan program is designed to enable
students to secure long-term loans from private lending
institutions, such as banks, savings and loan associations,
and credit unions.

The loans have a low interest rate for students in school
and enrolled at least half-time.

Students who receive a need-based Federal Stafford Loan
pay no interest on the loan while in school or in deferment.
This type of Federal Stafford Loan is referred to as “subsi-
dized.’

An “unsubsidized” Federal Stafford Loan is available to
students who are not eligible for a need-based (subsidized)
Federal Stafford Loan. With an unsubsidized Federal
Stafford Loan, students are responsible for the interest
during the in-school and deferment periods.

The Federal Stafford Loan Program is intended solely to aid
students pursuing a degree in higher education. Students
should borrow only the amount they believe is necessary to
pay for educational costs. Keeping the amount of a loan at
a minimum will ease repayment.

Student Loan Amounts
Federal Stafford Loans cannot exceed the student’s unmet
financial need, as determined by the financial aid office and
the grade-level loan limits per academic year which are
determined by the federal government.

$2,625  freshman  
$3,500  sophomore  
$5,500  junior, senior and degree plus  
$8,500  graduate and professional

Federal Stafford Loan Check Distribution
Federal regulations require that all loans be disbursed in
multiple disbursements regardless of loan amount or length
of the loan period. Therefore, students who borrow for both
fall and spring semester will receive two disbursements, one
each semester. Students who borrow for summer, fall, and
spring, will receive three disbursements, one each semester.
For one semester loans, the student will receive two
disbursements. The second disbursement cannot be
made until at least one-half of the loan period has
elapsed.

First-time freshmen must be in attendance 30 days of the
first semester of the loan period before receiving the first
loan check.

Electronic Funds Transfer is available to students whose
loans are guaranteed through the Colorado Student Loan
Program (CSLP). Funds are transferred to a university
account. On a weekly basis, with student permission, funds
received will be credited to the student’s account and/or paid
to the student directly.

Lending institutions send the loan check to the accounting
office where the check is recorded. The student’s academic
progress, enrollment status, and eligibility will be checked by
the financial aid office. Once these measures have been
taken, with proper identification, the student may sign for
the check and sign it or apply it to their university account.

Loan checks may be disbursed after the end of the loan
period or when a semester is over, under certain conditions.

A school cannot hold a student loan check for more than 45
days after it has been received. The check will be returned
to the lender.

Federal PLUS - Parent Loan for Dependent Students
The Federal PLUS loan is a non-need-based parent loan
for dependent students and has a variable interest rate not
to exceed 9 percent. The rate is adjusted every July 1 by the
U.S. Department of Education. Credit checks are conducted
by the lender to determine loan approval. If the loan is
denied the lender is responsible for notifying the parent
(borrower).

Parents of dependent undergraduate students may borrow
up to the cost of education minus financial aid per year for
each child who is enrolled at least half-time and is a
dependent student. The PLUS loan must be disbursed in
multiple disbursements (similar to the Federal Stafford). The
borrower (parent) must begin monthly payments of a
Federal PLUS loan 60 days after the final loan check is
disbursed.

Parents may request deferment of repayment under certain
conditions established by the lender.

Student Success Loan
The Student Success Loan is intended only for those
financial emergencies that present extreme hardship which
could not reasonably be foreseen and which seriously
threaten the continuation of the student’s enrollment at the
university.

Students must currently be enrolled for at least 12 semester
credits, must be in good standing and must not have an
unpaid university account. Student Success Loans will not
be made at any time when the university is not in session.

Maximum loan amount is $350 per semester.

Loans are to be repaid within a short period of time (nor-
mally within 60 days). If the loan has not been repaid or
arrangements made for its repayment by the due date, the
delinquent loan will be treated as an overdue student
account and handled in accordance with university policy.

Applications for Student Success Loans are available in the
Office of Financial Aid. A $3 fee, assessed for processing
the loan, will be deducted from the loan amount.

SCHOLARSHIPS

USC President’s Scholarship
The President’s Scholarship program is designed to provide
recognition for outstanding academic performance and
talent (art, creative writing/journalism, music, speech/
theatre). Scholarships of $1,000 are awarded to selected
undergraduate U.S. citizens or resident aliens who are
incoming freshmen, community or junior college transfer
students or continuing students at USC.
Freshmen recipients are selected on the basis of high school grade-point average, class rank, and Scholastic Aptitude Test or American College Test scores. All others are selected on the basis of the cumulative GPA. These parameters may vary from year to year and are dependent on the availability of funds. Recipients of the scholarships are selected by a special committee. Currently enrolled USC students must complete 24 semester credits per year (courses with grades of S/U are not included). Renewal of the scholarship is based on the student’s cumulative grade-point average at the end of each semester. Grade-point averages of transfer students are not considered in determining cumulative grade-point averages. The award cannot be used for more than eight academic terms or beyond the time that the bachelor’s degree is awarded. The funds are provided by the Colorado General Assembly.

**USC Diversity Grant**
The Diversity Grant program is designed to recruit and retain students from under-represented groups (who contribute to a diverse educational environment). Honors Diversity Grants of $1,000 are available to minority, single parent and handicapped students in the Honors Program. Additional USC Diversity Grants of $1,000 will be awarded on the basis of GPA and overall qualifications. Applications are available in the financial aid office. The grants are designed to supplement other aid programs available to students. The number of awards is dependent upon the level of state funding for the program. Funds are provided by the Colorado General Assembly.

**Awards to Out-of-State Students**
A portion of the undergraduate scholarship funds may be awarded to non-resident (out-of-state) students provided all established criteria is met. Applications are available in the financial aid office.

**Private Scholarship Program**
The University of Southern Colorado Foundation administers many scholarships awarded by corporations, businesses, foundations, individuals and other private sources. Various scholarships also are financed by local groups, service clubs, cultural societies and similar organizations.

The following procedure has been established for scholarship disbursements from the USC Foundation each semester.

1) The scholarship recipient is notified of the award and **must** send the donor a thank you letter for the scholarship and provide the USC Foundation office with a copy of the letter;

2) When scholarship recipients receive their bills for tuition, they should report to the cashier to endorse checks made payable to themselves AND the university and have their account credited;

3) When all charges are cleared, any surplus remaining from the check will be paid to the recipient if so allowed by the donor.

Questions about private scholarships may be directed to the USC Foundation. Information about most scholarships is available in the USC Foundation office, Administration building, room 320, phone (719) 549-2380, and from high school counselors.

**ADDITIONAL ASSISTANCE PROGRAMS**

**Student Employment Services**
The Career Planning and Employment Center coordinates a variety of student employment opportunities to include the university’s work-study program, on-campus student hourly, and off-campus temporary, seasonal, and part-time jobs. Additional information can be obtained in the Psychology building, room 232, phone (719) 549-2980.

**Veteran’s Benefits**
Programs offered by the University of Southern Colorado, with certain exceptions, are approved by the Community College and Occupational Education System for the education and training of those veterans and dependents of veterans eligible under applicable laws. A veteran or dependent planning a course of training in a special program not described in the university catalog or identified as approved for veteran’s benefits should check with the certifying official before enrolling in such a program, if benefit assistance is desired.

Veterans and dependents who plan to apply for Veterans Administration benefits while attending the University of Southern Colorado should contact the Office of Veterans Affairs as soon as the decision to enroll is made. Two months is the normal processing time required for the Veterans Administration to establish an applicant’s file. Further information may be obtained from the Office of Veterans Affairs, Administration building, room 317A, phone (719) 549-2360 or 2368.

**Bureau of Indian Affairs**
Students who are at least one-fourth American Indian, Eskimo or Aleut, as recognized by a tribal group served by the Bureau of Indian Affairs, may apply for a BIA grant. The amount awarded is based on financial need and availability of funds from the area agency. For additional information, write to: Joseph Gregory, Scholarship Office, U.S. Department of the Interior, Bureau of Indian Affairs, P.O. Box 370, New Town, ND 58763.

**Disabled/handicapped Students**
The Learning Assistance Center, Psychology building, room 232, provides information and appropriate services for disabled and handicapped students.

**REFUNDS**
Students with financial aid who completely withdraw from all classes on or before 60 percent of the semester is completed, and whose institutional charges (tuition/fees and on-campus room and board) were paid with financial aid funds, will have a refund calculated. The refund will be credited back to the financial aid programs.
U.S. Department of Education regulations require an institution to have a fair and equitable refund policy. The Higher Education Amendments of 1992 define a "fair and equitable refund policy" as one that provides for a refund of at least the largest amount.

For each financial aid recipient who does not complete the enrollment period (completely withdraws from all classes) for which they were charged, the school must calculate all possible refunds to see which is the largest. Normally, an institution would use the largest refund amount applicable by state law or by the accrediting agency. Neither Colorado nor North Central Accreditation have a refund policy in place. Because neither of these apply, the financial aid officer must compare the institutional amount of refund to one of two federal refund formulas, (1) Statutory Pro-Rata or (2) Federal Refund, to determine the largest refund.

The (Statutory) Pro-Rata formula is used for first-time students (both freshmen and transfer students) who withdraw on or before the 60 percent point of the semester.

A federal refund is calculated for students who are continuing students and who withdraw on or before the 60 percent point of the semester.

For information on the institutional refund policy, refer to the semester course bulletin.

Once the largest amount of refund has been determined, the funds will be credited to the following accounts, as prescribed by federal regulation in the order given below:

1) Unsubsidized Federal Stafford Loan
2) Subsidized Federal Stafford Loan
3) Federal PLUS Loan
4) Federal Perkins Loan
5) Federal Pell Grant
6) FSEOG
7) Other Title IV Aid programs
8) Other federal, state, private, or institutional aid
9) The student

REPAYMENT

Repayment may result if the student received funds for non-institutional costs. Non-institutional costs generally include off-campus room and board, transportation, and miscellaneous expenses.

Federal Stafford Loans received and work-study funds earned are not considered when the repayment is calculated.

The financial aid officer will calculate a weekly amount for non-institutional expenses and multiply this amount by the number of weeks the student is enrolled. If these expenses are less than the amount of cash received, the student must repay the difference. If total expenses exceed the amount of cash received, no repayment is necessary.

Repayment of funds, as prescribed by federal regulations, will be distributed as follows:

1) Federal Perkins Loan
2) Federal Pell Grant
3) FSEOG
4) Other Title IV Aid programs
5) Other federal, state, private, or institutional aid

Following is an example of a refund and repayment:

Jennifer, who lives at home, withdrew during the third week of classes. This is Jennifer's second semester at USC. She received a Federal Pell Grant of $1,170 and a subsidized Federal Stafford Loan of $1,312.

Refund Example

The institution calculated Jennifer's refund at $960. Because she is a continuing student, a federal refund must also be calculated. This calculation indicates that $920 would be refunded.

The institutional refund of $960 will yield the largest refund. Therefore, the $960 will be returned to the lender who paid her subsidized Federal Stafford Loan.

Repayment Example

Jennifer received all of her Federal Pell Grant ($1,170) to use for non-institutional costs.

The total allowed for her non-institutional costs totaled $2,498. This figure divided by 15 (number of weeks in the semester) averages $166.53. Therefore, her allowable non-institutional costs total $499.60 ($166.53 x 3 weeks).

Jennifer must repay $670.40 ($1,170 - $499.60) of the Federal Pell Grant she received.

The financial aid officer will notify the accounting office of the amount that must be repaid and to which account it should be credited.

Students who owe a repayment of financial aid dollars are not eligible to receive additional assistance until the amount is repaid in full.

Note: Policies subject to change without prior notice.
PROGRAMS, SERVICES, AND POLICIES

The Division of Student Life operates a number of offices, facilities, programs and organizations which exist primarily to enhance and support students’ academic lives at the university.

HOUSING

Belmont Residence Hall (BRH) houses nearly 500 students. A modern, multi-story building, BRH consists of three wings which are joined by a large commons area. A main lounge serves as a gathering area, a movie theater, and a large-screen satellite television viewing area. The housing office is located adjacent to the lounge, as is the student mailroom. The lower level of the commons area consists of a recreation area (including a court for basketball, racquetball, and volleyball) and a weight room, a study lounge and a full-service laundry room. Belmont Residence Hall also has computer terminals for use by residents only.

All rooms are designed for two people, although single occupancy is available. Rooms contain beds, desks, bookshelves, study lamps, closets, dressers, and chairs. Linen service is available for a nominal charge.

Freshman Live-in Policy

All full-time (enrolled for 12 or more hours), single, non-veteran freshman students under 21 years of age, enrolled in any university program must live in the residence hall and participate in one of three meal plans. Students who make application to USC with permanent home addresses and high school transcripts from communities that are within a 50-mile radius of the campus are exempt from the live-in requirement. Applications for appeals from the live-in requirement are due by the first day of classes each semester.

A $100 security/damage deposit must accompany each application for space in the BRH. The deposit is not applied to room-and-board payment and is held in escrow for the duration of the student's occupancy. Occupancy and damage deposit payments may not be deferred.

Housing for Married Students

Presently, no housing is available on campus for married students. Married students should contact the Occhiato Center office (Room 113) for referral to housing in the community.

Contract Board Policies

Belmont Residence Hall students are required to contract for meals at the university. Meal plans are purchased each semester and allow the student full dining privileges for that term. Meal passes are not transferable. Special diets prescribed by a physician are given consideration.

Off-campus Housing

The Occhiato Center office maintains a file of off-campus, privately owned rooming houses and apartments. Since listings change rapidly, prepared housing lists are not furnished.

FOOD SERVICE

Most campus food services are located in the Occhiato Center. The main cafeteria is on the ground floor. Serving hours are:

**Monday through Friday**

The snack bar and pub, La Cantina, is on the first floor of the Occhiato Center and is open weekdays.

A small restaurant, the Aspen Leaf, is on the top floor of the center. Serving hours are from 11:15 a.m. to 1:30 p.m. weekdays when classes are in session.

Student meal plan ID's may be purchased by commuters as well as resident students. Discounted cash cards are available in small denominations of $25 in the Auxiliary Services office, Occhiato Center, Room 114.

STUDENT DEVELOPMENT SERVICES

**Career Planning and Employment**

The center provides resources and information to help potential graduates and alumni find career-related employment. On-campus career recruitment interviews are scheduled through the center. Information on career-related work experiences, cooperative education opportunities, and internships is available to assist undergraduate students with career development. The Career Resource Center provides written and video materials on employer organizations, as well as on job search strategies.

**Counseling**

USC provides professional counseling services for students with personal, social, or wellness concerns, including crisis intervention and referral services. In addition, student discussion groups, seminars and workshops are offered.

**Developmental Advising Center**

The Developmental Academic Advising Center provides services to assist students in the following ways: academic advisement for undeclared and unclassified
students with course and major selection; assessment activities to identify and clarify values, interests, abilities and goals; activities to help students relate self-information to occupational and educational information; exploration of educational and vocational options; administration of reality testing; and assistance with implementation of choices and decision-making skills.

The center is staffed by developmental assistance specialists and peer mentors who help students, via the services offered, identify life goals, and acquire skills and attitudes which promote intellectual growth and development.

**Experiential Learning Center**
The Experiential Learning Center offers opportunities to learn how to use experience as a primary vehicle for learning. Experiential education subscribes to the proposition that the learning process is integrally bound with the activities of everyday life -- that “doing” is the fundamental component of learning. The center can serve existing and developing USC programs by offering a wide variety of outdoor and wilderness ventures designed to facilitate personal growth for participants. Programs offered by the center are the USC Outdoor Program, the W.I.L.D. Program (Wilderness Individual Leadership Development), Alcohol and Other Drugs Prevention Program and the USC Challenge Ropes Course.

**Services for the Physically Challenged**
The USC campus is accessible to disabled persons, and the Belmont Residence Hall provides adequate living facilities for handicapped students. Through the Learning Assistance Center individualized support services such as readers, tutors, note-takers and interpreters are available for qualified students. All handicaps, including learning disabilities, are eligible for support.

**Student Employment Services**
The Career Planning and Employment Center coordinates a variety of student employment opportunities to include the university’s work-study program, on-campus student hourly, and off-campus temporary, seasonal, and part-time jobs. The center also includes summer full- and part-time positions as well as internships. As part of a comprehensive career center, the program is committed to serving the educational purposes of the university. The center offers career counseling and teaches effective job search skills.

**Las Hermanas**
Las Hermanas focuses on higher education for Hispanic women, although the organization assists women in need regardless of color or origin. Programs offered by Las Hermanas are as follows: orientation workshops, women's leadership conferences, self-esteem classes, math and English review classes, and support groups. The primary objective is to help women who have been out of school for many years make the transition back to college less stressful.

**Leadership Education and Development (LEAD Program)**
The LEAD Program is a planned, structured approach to building and enhancing leadership and inter-personal skills. The purpose of the LEAD Program is to enroll and retain students with proven leadership ability. The program also provides students with opportunities to volunteer in the community, develop leadership abilities and contribute to academic and student life at the university.

**Learning Assistance Center**
The focus of the center is to provide activities directed toward the improvement of learning assistance strategies for students. The activities include verifying the needs of students experiencing individualized learning problems; developing prescriptive plans and providing necessary aid and/or tutorial assistance; making advisory recommendations concerning educational planning; and providing workshops/seminars to upgrade learning and problem-solving skills.

The center is staffed by learning assistance specialists and academic tutors who provide services based on needs assessments conducted jointly with academic units and students.

**Testing Services**
USC is a national test center for standardized tests, including ACT, SAT, GRE, GMAT, CLEP, and MAT, and provides other interest, aptitude and personality assessments.

**USC -- Pueblo School District No. 60 Student Mentoring Program**
USC students who have been accepted as student mentors may undertake activities, under faculty supervision, for the following objectives: to increase the high school graduation rates of higher risk students enrolled in District No. 60 schools; to increase the college admission rates of District No. 60 students; and to engage in a meaningful community service experience to promote educational and personal growth.

**Women and Non-Traditional Students Services (WANTS)**
Many adults and re-entry students use the services of the WANTS Programs Center, which provides university and community resources information. Special programs and peer counseling are available, and staff members are particularly sensitive to the needs and concerns of non-traditional students.

**OTHER STUDENT SERVICES**

**Orientation**
At the beginning of each semester, orientation sessions for transfer and new students are offered. During orientation, students meet key academic and administrative personnel, learn about university policies, receive academic advising and register for classes. All new and transfer students are urged to attend one of the orientation sessions.

The Admissions office provides information and schedules other opportunities for campus visits and orientation.
**Student Health Services**

Student Health Services offers medical care to all students. The clinic is operated by a registered nurse and a secretary; a physician is on duty part-time. Students are encouraged to visit the health clinic, located in the Occhiato Center, room 160, whenever necessary.

Referrals to other physicians may be made when appropriate or if requested by the student. All medical records are confidential.

**International Student Services**

The office of International Programs assists students from other countries during their stay at the university with immigration matters, academic problems, student organizations, housing and subsistence emergencies.

**STUDENT ACTIVITIES**

**Clubs**

USC students have opportunities to take part in the activities of a number of clubs, organizations, and honor societies. Membership often is based on special qualifications. Students interested in starting a new official campus group must first find a faculty or staff member willing to sponsor the group. Students then must obtain a charter packet from the Associated Students Government (ASG) office and complete and return the forms to ASG. Five copies of a proposed constitution should be submitted to the chairperson of the Club Organization and Facilitating Committee (COFC).

**Following is a list of the Campus Clubs:**

Every effort has been made to list all chartered student clubs at the time this catalog went to press. For further information or an updated list of student clubs or organizations, contact the Associated Students' Government office, Occhiato Center, room 201, or call (719) 540-2846.

**Student Activities**

The Office of Student Activities, located in the Occhiato Center, room 036, houses the Student Activities Board, which is funded by student fees. The board is responsible for planning, coordinating and implementing student-oriented activities. The board is composed of several committees: Special Events, Cultural Events, Town and Gown, Ethnic and Minority Programs, On-Stage, Outdoor Programs, and Production.

**Student Government**

All registered USC students who have paid fees are members of the Associated Students Government (ASG). ASG’s main purposes are promoting student life and maintaining the general welfare of the student body.

ASG functions through three branches of government: legislative, executive and judicial. The legislative branch, the ASG Senate, is composed of 14 senators elected from the student body and is presided over by the ASG executive vice president. The executive branch consists of the president and the vice president. The judicial branch is composed of five justices, one of whom is designated the chief justice. The senate meets weekly.
ATHLETICS
USC views participation in intercollegiate athletics as a beneficial experience and a worthwhile part of the entire educational process. All students are invited to participate.

The university is a member of the National Collegiate Athletic Association Division II and the Colorado Athletic Conference. USC sponsors the following intercollegiate sports:

Men: basketball, baseball, soccer, wrestling, golf and tennis

Women: volleyball, basketball, soccer, softball, and tennis

INTRAMURALS
Intramurals involve students and staff in organized recreation and sports activities. Coeducational and men's and women's activities are offered in a variety of sports. All students are encouraged to participate, either as individuals or with teams.

OCCHIATO CENTER
During the academic year, the Occhiato Center is open regularly from 6:30 a.m. to 8 p.m. weekdays and as scheduled events require. The center is open on Saturdays and Sundays during meal hours and as scheduled for events. Limited hours are established during summer and when classes are not in session. Center hours are extended to accommodate events and meetings.

USC BOOKSTORE
The USC Bookstore is a modern 20,000 square-foot store in the Occhiato Center serving USC faculty, staff and students. Texts for classes, general-interest books, current magazines, classroom supplies, sundries, calculators, greeting cards, and sport and T-shirts are among the many items sold in the bookstore. Hours of operation are printed in the semester course bulletin and on the bookstore entryway.

VEHICLE REGISTRATION
All vehicles operated by students must be registered with the University Police before the first day of classes. A student parking permit costs $24 per year; $12 for a single semester. To register a vehicle, students must present a valid driver's license, a vehicle registration card or proof of ownership and valid university identification. The permit does not guarantee a parking space.

IDENTIFICATION CARDS
All students enrolled should obtain an ID card, provided by the Occhiato Center office, room 113, during regular working hours, Monday through Friday, from 8 a.m. to 5 p.m. To obtain an ID, students must provide a picture identification and the computer printout of a class schedule for the semester. Continuing students must have ID's validated each semester and must present confirmation of registration.

VIOLATIONS OF LAW ON CAMPUS
To protect its educational mission, the university takes a firm stand concerning violations of law on campus. The University Police are charged with the responsibility of maintaining law and order at the University of Southern Colorado and for enforcing all laws, local ordinances and regulations of the university, except when such enforcement is, by such law, made the responsibility of another department, official or agency.

Deliberate illegal activity which comes to the attention of USC officials is not tolerated. No one should assume that USC is a sanctuary for persons breaking the law. At USC, each individual is responsible for his or her behavior.

An offense necessitating police action also may be treated internally as a university disciplinary matter. A full document detailing police policies and statistics is available from the police upon request.

STANDARDS OF CONDUCT
Members of the University of Southern Colorado community are expected to observe the laws of the city of Pueblo, the state of Colorado, and the federal government, and to respect the rights and privileges of other members of the community. USC students, non-students, faculty, and staff, upon entrance to the university, neither gain nor lose any of their rights or responsibilities of citizenship. As a community, USC has the obligation to establish those regulations that best serve and protect its integrity as an institution of higher learning. Activities which will render students or non-students subject to disciplinary action are as follows:

1) violation of federal, state and city laws and ordinances or any other conduct that adversely affects the functions of the university in the pursuit of its educational mission or objectives;
2) attempted or actual theft and/or damage to property of the university or of a member or guest of the university community;
3) unauthorized entry into or use of university or university-controlled facilities or property;
4) failure to comply with directions of university officials acting in the performance of their duties;
5) unauthorized possession, duplication or use of keys to any university premises or unauthorized entry to or use of university premises;
6) violation of the university's and/or residence hall's regulations and rules related to the use, possession or consumption of alcoholic beverages;
7) use, sale, distribution or possession of drugs, controlled substances, barbiturates, etc., not authorized by a physician or expressly permitted by law;
8) violation of published university, campus or residence hall policies, rules or regulations;
9) hazing, defined as an act which endangers the mental or physical health or safety of a student, or which destroys or removes public or private property, for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in, a group or organization;

10) disorderly conduct or loud, indecent or obscene conduct on university or university-controlled property or at university-sponsored functions;

11) physical or verbal abuse, threats, harassment, coercion or intimidation of anyone on university-controlled premises or at university-sponsored functions or any conduct that endangers or threatens to endanger the health, safety, or well-being of any person;

12) dishonesty, such as cheating, plagiarism, misrepresenting oneself or facts or knowingly furnishing false information to any person or agency within the university community;

13) any form of academic dishonesty, including the acquisition of tests or other academic material belonging to a member of the university community without proper authorization, whether for personal gain or for the benefit of someone else;

14) forgery, alterations or misuse of any university documents, records, or instruments of identification with intent to defraud or mislead;

15) tampering with the election of any university-recognized student organization;

16) violation of university traffic or parking regulations;

17) intentional obstruction or disruptions or inciting others to obstruct or disrupt teaching, meetings, research, administration, disciplinary proceedings or other authorized university activities;

18) obstruction of the free flow of pedestrian or vehicular traffic on university premises or at university-sponsored or supervised functions;

19) possessing or using illegal or unauthorized firearms, explosives, dangerous chemicals, or other weapons on university-owned or controlled property;

20) public intoxication, use, possession, distribution or consumption of alcoholic beverages on university property, except in those areas authorized by the university and then only those types of beverages authorized by the university;

21) failing to show proper identification to university police officers or other university staff (acting in an official capacity) when requested to do so; furnishing false information to any university official, faculty member or office;

22) abuse of the judicial system, including but not limited to:
   a) failure to obey a summons of a judicial body or university official;
   b) falsification, distortion, or misrepresentation of information before a judicial body;
   c) disruption or interference with the orderly conduct of a judicial proceeding;
   d) institution of a judicial proceeding knowingly without cause;
   e) attempting to discourage an individual's proper participation in, or use of, the judicial system;
   f) attempting to influence the impartiality of a member of a judicial body prior and/or during the course of, the judicial proceeding;
   g) harassment (verbal or physical) and/or intimidation of a member of a judicial body prior to, during, and/or after a judicial proceeding;
   h) failure to comply with the sanction(s) imposed under the Standards of Conduct;
   i) influencing or attempting to influence another person to commit an abuse of the judicial system;

23) failure to meet financial obligations to the university;

24) tampering with fire equipment in any manner; and

25) any fraudulent misuse of university computer hardware or software.

**DISCIPLINARY PROCEDURE**

The primary responsibility for administering student discipline rests with the Dean of Student Life. In this capacity, the dean receives and investigates all disciplinary complaints and administers the judicial disciplinary process involving unacceptable student conduct and infractions of USC rules and regulations (other than academic rules and regulations).

Decisions of the judicial disciplinary process may be appealed to the Campus Appeals Board, the highest hearing and appeal board for non-academic matters at the university. Decisions involving academic infractions, appeals, etc. must follow the procedures established by the academic division of the university.

Students participating in the university's intercollegiate athletic programs are also subject to the Athletic Department's Code of Conduct.
If the judicial disciplinary process or campus appeals board determines that a student has violated a university regulation, a sanction may be imposed. Sanctions range from warnings to expulsion from the university. Details of the hearing processes, including the associate provost and disciplinary ombudsman’s authority to intervene, are contained in the Standards of Conduct Handbook which contains a detailed explanation and description of institutional disciplinary philosophy, rules and regulations.
ACADEMIC POLICIES

Students are well advised to become familiar with the academic policies of the university. Each student owns the responsibility to comply with those policies. The Office of the Registrar exercises all possible care in checking student records for graduation; however, it is the sole responsibility of the student to fulfill all requirements for a degree.

UNIVERSITY STUDENT RECORD’S POLICY

The University of Southern Colorado’s practice in regard to student record keeping and access is based on the provisions of the Privacy Rights of Parents and Students, Section 438 of the General Education Provisions Act, as amended (P.L. 93-380), also known as the Family Educational Rights and Privacy Act of 1975 (FERPA), or the Buckley Amendment. For specific details, contact the Registrar, Administration building, room 201.

PRIVACY RIGHTS OF STUDENTS/DIRECTORY INFORMATION

The university from time to time publishes several bulletins, lists, brochures, catalogs, directories, yearbooks, annuals, guidebooks, news releases, sports information, honor rolls, etc., containing information which specifically identifies students and information about them. The university is authorized to publish, and will publish such directory information, collectively or individually, unless a student, by the end of the second week of classes, notifies the student privacy office (Registrar, Administration building, room 201) in writing that any or all of the categories listed below (designated directory information) shall not be released without prior written consent. The following information is considered directory information:

- student name
- address
- telephone number
- date and place of birth
- classification
- major field of study
- participation in officially recognized activities and sports
- weight and height of athletes
- dates of attendance
- degrees granted and dates conferred
- awards received
- most recent previous educational agency or institution attended

The university may, however, disclose personally identifiable information from the educational records of a student as provided in section 99.31 of the Student Right to Know Campus Security Act of 1990 without the written consent of the parent or the eligible student if the disclosure is:

1) other school officials such as administrators, supervisors, faculty, staff or on-campus law enforcement unit personnel within the educational institution who are determined to have legitimate educational interests;

2) officials of another school or school system in which the student seeks or intends to enroll, subject to the requirements set forth in section 99.34 of the Act; or

3) subject to the conditions set forth in 99 31-99.35 of the ACT.

The university may also disclose personally identifiable information from the educational records of a student to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

CATALOG REQUIREMENTS

Students may graduate under the catalog requirements for the year in which they are first enrolled, provided they complete graduation requirements within a continuous period of no more than 10 years. If a student withdraws or is withdrawn for any reason from the university and is subsequently readmitted after an absence of two or more semesters, readmittance will be governed by the catalog current at the time of readmission. Any exceptions to the policy must have prior approval from the associate provost. Students should obtain and keep a copy of the catalog under which they enter or are readmitted.

Students who transfer from Colorado community or junior colleges may graduate under the catalog requirements for the year in which they are first enrolled at the transfer college, provided they maintain continuous enrollment between the transfer college and USC and complete graduation requirements within 10 years. If a student withdraws or is withdrawn for any reason from the transfer college or USC and is subsequently readmitted after an absence of two or more semesters, readmittance will be governed by the catalog current at the time of readmission.

Students in the College of Applied Science and Engineering Technology, however, are required to meet the degree program requirements listed in the catalog in effect at the time they are admitted to that degree program, provided they subsequently complete graduation requirements within a continuous period of no more than 10 years.

TIME LIMITATION ON CREDIT

Any college credit earned more than 10 years before the date of admission or readmission is not applicable toward the degree desired unless it is approved by the
chair of the department offering the course(s) [or equivalent(s)], and by the appropriate dean.

General education credit earned more than 10 years before the date of admission or readmission must be approved by the associate provost.

DEAN'S LIST & GRADUATION CUM LAUDE

To qualify for placement on the dean’s list, published fall and spring semester, students must achieve a minimum grade-point average of 3.5000 and place in the upper 10 percent of all eligible full-time students. To be eligible, students must be degree-seeking and must earn at least 12 credit hours in the semester in which grade points were awarded.

Students maintaining high scholastic averages are awarded undergraduate degrees cum laude, magna cum laude, and summa cum laude. A minimum of 32 hours must be earned at USC for a student to be considered for graduation cum laude, magna cum laude or summa cum laude. To graduate cum laude, a minimum cumulative grade-point average of 3.5000 is required; for magna cum laude, a minimum grade-point average of 3.7500 is required; and for summa cum laude, a minimum grade-point average of 3.9000 is required.

Transfer Graduation Cum Laude

A transfer student who wishes to be considered for cum laude, magna cum laude or summa cum laude at USC must request the registrar to recompute the GPA for honors eligibility. All course work transferred from accredited institutions will be used. The GPA will be computed by dividing total quality points earned by total credit hours attempted, including points and credits from all previously attended institutions of higher education.

CLASS HOURS AND CREDIT HOURS

A class hour consists of 50 minutes. One class hour a week of lecture or discussion for a semester earns a maximum of one credit hour. Two or three class hours a week of laboratory activities for a semester earn a maximum of one credit hour. The number of credits awarded for a given course is determined by the number of lecture or laboratory hours spent each week in class and is authorized in accordance with guidelines of the Colorado Commission on Higher Education.

FULL-TIME PROGRAM

A full-time program of study minimally consists of 12 credit hours per semester and normally consists of 15 to 18 credit hours per semester during the regular academic year. Under a typical full-time program, most students can complete a bachelor’s degree in four years. To receive financial aid, insurance discounts, or full veterans benefits, students must earn at least 12 hours per semester.

LIMITS ON PROGRAMS OF STUDY

Programs of study in excess of 18 semester credit hours are defined as overloads. Both resident and extended studies courses are counted in the credit-hour total.

Freshmen who have earned fewer than 15 semester credit hours may not take an overload. Students with 15 or more semester hours may enroll for an overload according to the limits set below.

<table>
<thead>
<tr>
<th>GPA</th>
<th>Credit-hour overload permitted</th>
</tr>
</thead>
<tbody>
<tr>
<td>less than 2.5000</td>
<td>0</td>
</tr>
<tr>
<td>2.5000 - 4.0000</td>
<td>3</td>
</tr>
<tr>
<td>3.4100 - 3.8000</td>
<td>6</td>
</tr>
<tr>
<td>3.8100 - 4.0000</td>
<td>7</td>
</tr>
</tbody>
</table>

Exceptions to these limits must be approved by the student’s faculty advisor and department chair. Both signatures are required. Appeals may be made to the dean of the college of the student’s major.

Under no circumstances may a student enroll for more than a total of 26 semester credit hours in a single semester.

CREDIT BY EXAMINATION

Departmental faculty shall identify those undergraduate courses, if any, for which students may earn credit by examination.

A student may earn credit by examination in any of the approved courses subject to the following conditions:

• the student has not previously earned credit in the course at USC, has not previously failed a challenge exam for the course, or has not previously failed the course itself;
• the student has approval of the appropriate department chair (with appeal rights to the dean) to take the challenge examination;
• the student’s performance on the examination is at the level of B or better;
• the student is currently accepted for admission to USC or is enrolled and in good academic standing at the time the examination is administered;
• the student does not use the challenged course to satisfy the residency requirement for graduation; and
• the student must satisfy any additional criteria as specified by the department.

A student may earn a maximum of 30 hours of credit by examination, with no more than 10 hours of general education courses included in the total.

If the student is successful in challenging a course, the title of the course, credit hours and notation of credit by examination will be recorded on the student’s permanent record. Unsuccessful attempts are not recorded on the transcript.

The credit hours earned by examination do not count in the student’s load for the semester or in the calculation of the student’s grade-point average.

The non-refundable fee for credit earned by examination is $50 per course. Application forms for credit by examination are available in the Office of the Registrar.
CLASSIFICATION OF STUDENTS

Classification of undergraduate students is based on semester credit hours earned as follows:

**Freshman:**
A student who has earned fewer than 30 semester hours of credit.

**Sophomore:**
A student who has earned 30-59 semester credit hours.

**Junior:**
A student who has earned 60-89 semester credit hours.

**Senior:**
A student who has earned 90 or more semester credit hours.

**Graduate Student:**
See the Graduate Studies section for classification information.

**Unclassified:**
A student who has made no commitment to earning a degree. An unclassified student may be classified as degree-seeking when and if admission status is determined. Students under suspension, or those denied regular admission, are not eligible to enroll as nondegree students. Additional information on unclassified students is contained in the Admissions section of this catalog.

**Auditor:**
A student who has been permitted to enroll in a course for which he or she will receive no credit. Auditors determine their own attendance, take no examinations, receive no grades, do not participate in classroom discussion except as permitted by the instructor and earn no credit. They pay the same tuition as persons enrolled for credit. An auditor may not be reclassified to receive credit in the course after the final date for adding courses. In place of a grade, students receive the symbol NC (no credit) on their transcripts. Students wishing to register as auditors must declare their intention at registration and may not seek credit in the course after the drop/add period for the semester has expired. Likewise, a student may not change his or her regular enrollment to auditor (no credit) status after the end of the drop/add period. Auditor (or no credit) forms are available in the Office of the Registrar.

Persons 65 years of age or older, or 62 and retired, may audit courses without paying tuition on a space-available basis. Permission of the instructor is required in all cases.

**Part-time Student:**
A student carrying fewer than 12 semester hours in any semester.

**Grading**

Course grades are reported by letter only. The scale of grades and grade points follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points per Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>2</td>
</tr>
</tbody>
</table>

*Credit is not used to compute grade-point average and is not counted toward graduation.

**Credit is not used to compute grade-point average but is counted toward graduation.

Grades of S and U are available only in certain approved courses. Although a D is passing, it does not constitute a satisfactory grade. Students must have a 2.0000 cumulative grade-point average of C to graduate and to avoid being placed on probation. Many departments and programs do not permit D grades to count toward fulfillment of their requirements, even though the hours can be counted toward graduation requirements. D grades from other institutions are not accepted in transfer except as specified under Transfer of Credit admission section. Some programs require averages higher than 2.0000. Students should check the information provided in the descriptions of the specific majors, minors or other programs in which they are interested. A course grade of F does not constitute a passing grade nor does it satisfy major or institutional requirements.

**In Progress**
A grade of IP (in progress) may be given at the close of the term in certain approved courses. Students receiving an IP must register in the same course the next term, pay tuition and must complete the work during that term. Courses for which IP grades are accrued are identified in the Course Description section of this catalog.

**Incomplete**
A grade of IN (incomplete) is a temporary grade indicating that the student has a satisfactory record in work completed, but for reasons beyond his or her control has missed the final examination or failed to complete other course requirements. Any instructor giving an IN grade must submit an incomplete grade form in four copies. One copy is sent to the student, one to the Office of Records, one to the department chair's office, and one is kept by the instructor. A grade of IN may be changed by the instructor. If incompletes are not completed by the end of the second semester (excluding summer) after they are received, a letter grade of A, B, C, D or F must be assigned by the instructor. Students are responsible for completing the course and initiating the change of an IN to a permanent grade. Re-registration is not necessary.

**Grade-point Average Computation**

The grade-point average (GPA) is calculated by totaling the number of grade points earned, based on the grading scale and the number of credit hours undertaken. The total grade points earned divided by the total credit hours undertaken provides the grade-point average. If, for example, the number of credit hours undertaken is 16 and the grade-points earned are 44, the GPA is 2.7500.
S's, U's, W's, IP's, IN's, and NC's are not computed in the grade-point average. For purposes of computing grade-point average, only USC hours are used.

Grade Changes
Final grades entered in the Office of the Registrar are unalterable unless a grade-change form is completed and signed by the instructor, the department chair, and the dean. A grade-change request should be extremely rare, resulting from an instructor’s error in calculating the original grade or a similar occurrence. It is not appropriate to change a grade because the student submitted additional work. Letter grades of A, B, C, D or F may be changed by instructors to letter grades of A, B, C, D or F before the end of the following term (summer excluded) only with the approval of the college dean. Grades of S, U, W, WF and NC may not be changed. Students are responsible for initiating requests for grade changes.

FINAL EXAMINATIONS
Final examinations are not to be scheduled at times other than those published in the semester course bulletin. In some other courses a final examination may not be appropriate to the material; however, classes meet through the period scheduled for the final examination.

FACULTY RECORDS
All faculty members keep appropriate records (such as grade books or sheets) of each student’s progress in every course offered for university credit. The records are in addition to the final grade reports which are submitted to the Office of the Registrar at the end of each term. Records are retained by the faculty member’s department for one year. They are treated in confidence by the faculty member and chair of the department.

REPEATING COURSES
Undergraduate students may repeat courses; however, they are discouraged from repeating those for which a C grade or better has been earned. The first two times a course is repeated, only the higher grade and credit earned are computed into the student’s grade-point average, provided the student has requested a recomputation of grade-point average by the Office of the Registrar. The previously attempted courses and grades remain in the academic record but are not computed in the overall average. If a student elects to repeat a course more than two times, all grades earned thereafter will be computed in the grade-point average. If a student transfers a course to USC from another institution and subsequently repeats the course at USC, only the credit and grade points earned at USC will be allowed. Students should be aware that some academic departments place limitations on repetition of courses for majors and/or minors.

Transcripts contain an appropriate entry indicating that the grade-point average has been recomputed and stating the basis for recomputation. If a student fails a course twice, only one failure is computed into the grade-point average.

CLASS SCHEDULE CHANGES
Students are encouraged to secure adviser approval for all schedule changes. When students do not secure such approval, they assume full responsibility for their progress toward meeting degree requirements.

Changes of Major
All changes of major must be made through the registrar’s office with the approval of the appropriate department chair.

Adding Courses
Courses may be added to a student’s schedule during the drop/add period, as specified in the class schedules, with the permission of the instructor. Course additions must be processed through the Office of the Registrar.

Students are responsible for processing schedule changes during the drop/add period. Under no circumstances shall the instructor assume this responsibility on behalf of the student.

Addition of Independent Study and Continuing Education
A resident student may enroll in independent study and continuing education courses only if the addition of such courses will not cause his or her program to exceed the maximum load allowable.

Dropping Courses
Courses may be dropped from a student’s schedule through the drop/add period as specified in the semester course bulletin without a record of the dropped course appearing on the student’s permanent record. Courses must be dropped officially through the Office of the Registrar. Short or mini-courses may be dropped in the same manner before 15 percent of the course duration has passed.

Following the end of the drop/add period, students may withdraw from classes according to the policies below.

When a student withdraws from a course before 80 percent of the course duration has passed, a grade of W will be assigned. After 80 percent of the course duration has passed, a student may not withdraw.

NOTE:
- 80 percent of a 15-week course occurs at the end of the 12th week.
- 80 percent of a 10-week course occurs at the end of the eighth week.
- 80 percent of a 5-week course occurs at the end of the fourth week.
- 80 percent of an 8-week course occurs at the end of the sixth week.

Exceptions to the above policy must be approved by the instructor and the dean of the appropriate college. A grade of W does not affect the student’s grade-point average. Grades of W will not be accepted during finals week.
WITHDRAWAL FROM THE UNIVERSITY

To withdraw officially from the university, students must file a withdrawal form with the Office of the Registrar.

**Timing is Critical**

Students who withdraw after the end of the drop/add period are not refunded full tuition and fees. Students who withdraw after the 12th week of the semester also may suffer academic loss; a grade of F may be assigned by instructors if they are not notified officially of the student's withdrawal. To withdraw officially from the university, students must file a withdrawal form with the registrar's office. Withdrawals will not be processed after the last scheduled class day of the semester. Students residing in the residence hall also must check out at the housing office.

**Retroactive Withdrawal**

Students may request that all grades in a previous semester be retroactively removed and replaced by entries of W on the transcript if they have experienced, during that term, health and/or personal problems so severe that they could not reasonably have been expected to complete the semester satisfactorily. The requests must be submitted with documentation of the problem to the Registrar within one calendar year from the end of the semester for which retroactive withdrawal is being sought. With the associate provost's approval, the transcript will be changed with a notation of the retroactive withdrawal and the effective date.

**Military Withdrawal**

If military obligations interrupt the academic work of a member of the armed forces registered for courses, the student may ask instructors for an early termination of his or her courses. Early terminations may include, but are not limited to: 1) a grade of W, 2) an incomplete (IN) grade, if there is any chance the student will be able to complete the course requirements, 3) an early final examination and course grade, 4) partial course credit, or 5) an opportunity to complete the class by independent study. It is the student's responsibility to make such a request in writing to the instructor. After the student and instructor have agreed on the terms of early termination, the agreement must be approved in writing by the department chair and dean.

**Withdrawal for Non-Payment (WN)**

Students who are withdrawn for non-payment of tuition and fees and who subsequently pay their tuition and fees after the semester is completed, are not awarded credit for those courses.

**EXPERIENTIAL CREDIT COURSES**

Through cooperative education, internships, field experiences and laboratory research, students in many degree programs have the opportunity to expand knowledge and apply theory in real-life situations. All experiential credit courses occur under the direction of an academic instructor and are included in the regular university curriculum. In some cases, such courses are required for majors. All such courses require registration, and payment of tuition, carry credit, are listed in the catalog and include a planned program of activities outlined in the course syllabus. The grading system is the same as the system used for regular courses. Supervised work-experience courses are approved for inclusion in veterans class schedules under Veterans Administration Regulation 14265.

**Credit for Life Experience**

Some students may seek academic credit for previous out-of-school work experiences in which the job responsibilities were similar to experiences offered in university-sponsored internships and other programs. Credit for such experiences may be given if the following conditions are met:

1) The experience must be directly similar to the content of internships, field courses and/or laboratory courses in the regular curriculum;
2) The student must describe in writing the nature of the experience and what he or she learned through it;
3) The experience and learning also must be documented by the student's on-the-job supervisor. Documentation must include a detailed account of the nature, frequency and duration of the duties; and
4) A paper integrating the experiences with subsequent or concurrent classroom instruction must be submitted and approved.

The maximum number of semester credit hours allowed for life experiences is six. Any amount over six must be approved and justified by the appropriate dean to the provost. Credit for life experiences is granted only for experience gained within 12 years of the date the degree is expected to be awarded.

Credit for life experiences is subject to the approval of the department chair and the dean of the college in which credit is requested.

**ACADEMIC STANDING**

The academic standing of all students is reviewed at the end of each semester. After a student has attempted 12 semester credit hours, he or she must have a cumulative grade-point average of 2.000 or higher to remain in good academic standing.

**Probation**

Students are placed on academic probation at the end of any semester in which the cumulative grade-point average falls below 2.000. Probation status is noted on the grade report. Once good academic standing is again attained, (cumulative 2.000 GPA), probationary status is removed. Students on probation are encouraged to contact the Developmental Advising Center or their adviser for assistance.

**Suspension**

Students on probation are subject to suspension if at the end of spring semester the cumulative grade-point average falls below the minimum level in the following table:

<table>
<thead>
<tr>
<th>Hours attempted</th>
<th>Cumulative grade-point average</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-12</td>
<td>1.5000</td>
</tr>
<tr>
<td>13-24</td>
<td>1.6000</td>
</tr>
<tr>
<td>25-36</td>
<td>1.7000</td>
</tr>
<tr>
<td>37-48</td>
<td>1.8000</td>
</tr>
<tr>
<td>49-59</td>
<td>1.9000</td>
</tr>
<tr>
<td>60-72</td>
<td>2.0000</td>
</tr>
<tr>
<td>73-84</td>
<td>2.0000</td>
</tr>
<tr>
<td>85-96</td>
<td>2.0000</td>
</tr>
<tr>
<td>97-107</td>
<td>2.0000</td>
</tr>
<tr>
<td>108-120</td>
<td>2.0000</td>
</tr>
</tbody>
</table>
Transfer students must meet the academic standing requirements shown in the Admission section of this catalog. For purposes of measuring hours attempted, the number of hours used shall be the total of transfer credit hours accepted by USC and the number of hours attempted at USC. For purposes of computing grade-point averages, only USC hours are used.

Students who are suspended are ineligible to reenter for a period of two semesters after the date of suspension except by special permission of the associate provost. Suspended students are considered on probationary status upon return to the university, remain under the catalog in effect at the time of regular admission. If the term of suspension is exceeded before the student is readmitted, the catalog in effect at the time of reinstatement must be followed.

Appeals
A student wishing to appeal suspension must submit a letter of appeal to the Office of the Provost. All letters must be postmarked no later than June 30 for admission to the succeeding fall semester. Students submitting appeal letters after June 30 and before October 1 will be considered for spring semester admission. Letters of appeals must be addressed to the associate provost and must explain specific reasons for seeking readmission. Students are responsible for initiating the appeals process.

CLASS ATTENDANCE
Students are expected to attend all classes for which they are enrolled unless excused by the instructor. No extensions of vacation periods are given to students regardless of the location of their homes. Non-attendance of classes caused by late registration is considered the same as absence. Students are not allowed to attend classes for which they are not properly enrolled unless permitted by the instructor.

The university does not have a policy permitting a specific number of cuts or absences from class. Each instructor establishes an attendance policy for his or her classes and must inform students in writing of the policy at the beginning of the term. However, the student's grades shall not be affected negatively solely due to absence from class because of participation in university-sanctioned events. Such university-sanctioned activities may include, but are not limited to: intercollegiate competition, participation on the forensics team, and field trips. Class absence due to university-sanctioned participation does not in any way excuse students from completing class preparations, assignments, examinations, or projects.

Although students may drop classes on their own initiative within timelines established by policy, faculty members have the right to drop students for non-attendance.

ACADEMIC INTEGRITY
Any use of unauthorized assistance in preparing materials which students submit as original work is considered cheating and constitutes grounds for dismissal. Instructors use practical means of preventing and detecting cheating, but the responsibility for maintaining academic integrity and avoiding dishonest scholarship rests with the student. Any student judged to have engaged in cheating may receive a reduced grade for the work in question, a failing grade in the course, or any other lesser penalty which the instructor finds appropriate. Academic dishonesty violates the Student Code of Conduct (see Student Life section of this catalog) and subjects students to the university disciplinary procedure.

CLASSROOM BEHAVIOR
The classroom instructor is responsible for setting standards for all classroom conduct, behavior and discipline. Only enrolled students, administrative personnel and persons authorized by the instructor are permitted in classrooms and other instructional areas during scheduled periods. University policy and Colorado state law also prohibit all forms of disruptive or obstructive behavior in academic areas during scheduled periods or any action which would disrupt scheduled academic activity. Use of classrooms and other areas of academic buildings during non-scheduled periods is permitted only in accordance with university practices. Anyone in unauthorized attendance or causing a disturbance during scheduled academic activity may be asked to leave. If a person refuses such a request, he or she may be removed by the University Police and is liable to legal prosecution.

ACADEMIC APPEALS
Students have the right to appeal any academic decision, including the assignment of grades. Final grades, however, are unalterable unless a grade change form is completed and signed by the instructor, department chair, and the dean. Academic appeals should be made first to the classroom instructor, next to the department chair, then to the dean of the college involved. If a satisfactory resolution cannot be reached, a final appeal may be made to the provost.

TRANSCRIPTS OF CREDIT
Official transcripts are issued by the records office at the request of the student. The first official transcript is free for currently enrolled USC students; for additional copies, a $2 fee is assessed.

Students are not issued transcripts until they have arranged to clear any outstanding financial obligations, and transcript request fees will not be refunded.

COMMENCEMENT
Commencement exercises take place once a year at the end of spring semester. Students eligible to participate include those who completed graduation requirements in the preceding summer or fall semester, as well as those who completed requirements in the spring semester or who will complete requirements the summer following commencement.
DEGREE REQUIREMENTS

Candidates for the baccalaureate degree must satisfy institutional and general education requirements, as well as specific requirements for the major and minor or area of concentration. Students should plan to complete the basic competency requirements in the freshman year and should plan to complete the general education requirements in the freshman and sophomore years. Students must file an approved graduation planning sheet with the Office of the Registrar before midterm of the semester prior to the semester in which a student plans to graduate.

INSTITUTIONAL REQUIREMENTS

To earn a baccalaureate degree, students must, without exception:

1) Earn a minimum of 128 semester hours with a cumulative grade-point average of at least 2.0000. The 128 hours must include six hours of English 101 and 102, three hours of Speech Communications 103 and two hours of computing skills, either ART 104, BUSAD 160, CIS 101, 103, or 110 OR MUS 105, and three hours of MATH 109 or other appropriate math course; A minimum of 40 hours in upper-division courses (numbered 300 or higher). Of the last 32 credits earned immediately preceding graduation no more than 16 may be completed at other colleges or universities. A minimum of 30 semester hours of resident instruction, as stated in the program of the major, must be earned in residence at USC;

2) Satisfactorily complete all general education requirements as explained in the following section, General Education Requirements.

3) Complete the requirements for an approved major including an approved capstone course and minor or area of concentration outside the major. Candidates for a bachelor of science degree must earn a minimum of 48 hours in the college of their major. Candidates for a bachelor of arts degree must satisfy the foreign language requirement; and

4) Meet all financial obligations.

GENERAL EDUCATION REQUIREMENT

The general education requirement for graduation includes a total of 39 semester credits in two categories:

Skills Component .......................... 14 credits
Knowledge Component .................. 25 credits
TOTAL ................................. 39 credits

SKILLS COMPONENT

The requirements included within this component should be completed as early as possible, preferably during the freshman year.

English Composition I .................... 3 credits
English Composition II ................... 3 credits
Speech .................................. 3 credits
Computer Usage ........................ 2 credits
Mathematics ............................... 3 credits

TOTAL .................................... 14 credits

The skills component must be completed with a minimum overall GPA of 2.0000.

For illustrative purposes, the sub-areas of the skills component are:

Literacy and Communication Skills
ENG 101 Composition I
ENG 102 Composition II
SPCOM 103 Speaking and Listening

Computing Skills
ART 104 Computer Graphic Literacy
BUSAD 160 Introduction to Computers and Information Processing
CIS 101 Computers and You
CIS 103 Word Processing
CIS 110 Accessing the Information Superhighway
MUS 105 Introduction to Music and Computers

Quantitative Skills
The mathematics skills requirement can be met in one of three ways:

1) Successful completion of MATH 109 (Mathematical Explorations);
2) Scoring 23 or above on the mathematics component of the ACT Exam; or
3) Completion of any approved* math course of a higher level than Math 109 with a grade of C or better.

*Math 360, 361, 377, and 463 may not be used to satisfy this requirement.

Transfer students who wish to meet condition 3) by substituting a math course completed at another institution must obtain approval from the USC mathematics department.
KNOWLEDGE COMPONENT

The requirements of this component are distributed among the four domains listed below. The domains include a total of eight sub-areas (K¹ through K⁴). At least one course in each of the sub-areas must be completed.

1. Aesthetic and Ethical Values
   K¹ Visual and Performing Arts .................. 3 credits
   K² Literature .................................. 3 credits

2. Understanding People
   K³ International & Multicultural Experience .... 3 credits
   K⁴ Historical Consciousness .................... 3 credits
   K⁵ Health Consciousness and/or
      Awareness of Human Development,
      Experience & Behavior ..................... 3 credits

3. Economic, Political and Social Systems
   K⁶ Economic, Political and Social Systems ... 3 credits

4. Science and Technology
   K¹ Life Science* ................................ 3 or 4 credits
   K² Physical Science* .......................... 3 or 4 credits
      25 or 26 credits

   *A laboratory experience is required in either area K⁰ of
   K⁴.

A minimum of 40 hours in upper-division courses (numbered 300-499) must be completed.

GENERAL EDUCATION REQUIREMENT

KNOWLEDGE COMPONENT

The general education requirement for graduation includes a total of 14 semester hours in the skills component and 25 semester hours in the knowledge categories.

1. AESTHETIC AND ETHICAL VALUES
   K¹ VISUAL AND PERFORMING ARTS
   ART  100 Visual Dynamics
   MUS  118 Music Appreciation
   TH   111 Theatre Appreciation
   TH   112 Film Appreciation

   K² LITERATURE
   ENG  130 Introduction to Literature
   ENG  223 Modern World Literature
   IS   120 Honors Literary Themes
   PHIL 102 Philosophical Literature
   PHIL 201 Classics in Ethics

2. UNDERSTANDING PEOPLE
   K¹ INTERNATIONAL AND MULTICULTURAL
      EXPERIENCES
   ANTHR 100 Cultural Anthropology
   CS     101 Introduction to Chicano Studies
   ENG    240 Survey of Ethnic Literature
   FRN    102 Beginning Spoken French II
   GER    102 Beginning Spoken German II
   ITL    102 Beginning Spoken Italian II
   PHIL   120 Non-Western World Religions
   POLSC  105 Understanding Human Diversity
   PSYCH  200 Understanding Human Conflict
   RUS    102 Beginning Spoken Russian II
   SOC    105 Understanding Human Diversity
   SPN    102 Beginning Spoken Spanish II
   SW     105 Understanding Human Diversity
   WS     105 Understanding Human Diversity

   K⁴ HISTORICAL CONSCIOUSNESS
   ART    105 History through Art I
   ART    106 History through Art II
   CS     136 The Southwest United States
   HIST   101 World Civilization to 1100
   HIST   102 World Civilization from 1100 to 1800
   HIST   103 World Civilization since 1800
   HIST   136 The Southwest United States
   HIST   201 U.S. History I
   HIST   202 U.S. History II

3. HEALTH CONSCIOUSNESS AND/OR
   AWARENESS OF HUMAN DEVELOPMENT,
   EXPERIENCE AND BEHAVIOR
   BIOL 162 Personal Health
   HP    201 Drugs and Healthy Lifestyles
   IS    220 Honors Health Issues
   MACOM 101 Media and Society
   PHIL  204 Critical Reasoning
   PSYCH 100 General Psychology
   PSYCH 151 Human Development
   SOC   101 Introduction to Sociology

3. ECONOMIC, POLITICAL AND SOCIAL
   SYSTEMS

   K¹ ECONOMIC, POLITICAL AND SOCIAL
   SYSTEMS
   ECON 102 Economics and Society
   GEOG 103 World Geography
   IS    230 Honors International and Economic
         Issues
   POLSC 101 American National Politics
   POLSC 260 Power: Political and Economic
         Systems
   PSYCH 231 Marriage, Family and Relationships
   SOC   201 Social Problems
   SOC   231 Marriage, Family and Relationships
   WS    231 Marriage, Family and Relationships

40
4. SCIENCE AND TECHNOLOGY

**K' LIFE SCIENCE**
- BIOL 100  Principles of Biology
- BIOL 100L  Principles of Biology Lab
- BIOL 121  Environmental Conversation
- BIOL 121L  Environmental Conversation Lab
- PSYCH 222  Understanding Animal Behavior

**K' PHYSICAL SCIENCE**
- CHEM 101  Chemistry and Society
- CHEM 101L  Chemistry and Society Lab
- GEOL 101  Earth Science
- GEOL 101L  Earth Science Lab
- IS 110  Honors Physical Science
- IST 205  Issues and Trends in Technology
- MET 105  Materials for Engineering Applications
- PHYS 110  Astronomy
- PHYS 140  Light, Energy and the Atom
- PHYS 140L  Light, Energy and the Atom Lab
GENERAL EDUCATION EXEMPTIONS

Exemptions from skills and knowledge component requirements may have been approved for certain major or minor areas. Please refer to the following for a complete listing of the General Education Exemptions. For current information, a student should consult with their academic adviser or the appropriate department.

TRANSFER STUDENTS

Transfer students will comply with the policy outlined in the university catalog in effect at the time of entry to the university.

The University of Southern Colorado may accept the general education requirements included in the Associate of Arts (AA) or Associate of Science (AS) degree from a regionally accredited two-year or four-year college as a substitute for USC’s general education requirements. Transcripts will be reviewed on an individual basis by the Office of Admissions to determine if general education requirements are satisfied.

In addition, USC accepts the Colorado Community College and Occupational Educational System General Education Core Transfer Program (33 credit hours for the AS or 34 credit hours for the AA degree) as a substitute for the university’s general education requirements for a student who is certified as having successfully completed the core curriculum. However, only courses with grades of C or higher will be accepted for credit in transfer. It is the student’s responsibility to document that the general education requirements were satisfied at the transfer institution.

Transfer students from Colorado four-year colleges or universities who have completed general education requirements with a minimum 2.0000 grade-point average, will be considered to have fulfilled USC’s general education requirements. However, only courses with grades of C or higher will be accepted for credit in transfer. It is the student’s responsibility to document that the general education requirements were satisfied at the transfer institution.

READMIT STUDENTS

Students readmitted to USC must fulfill the requirements in the General Education program.

GENERAL EDUCATION COURSE SUBSTITUTIONS AND/OR WAIVERS

Substitutions and/or waivers for courses fulfilling general education requirements must be approved by the records office.

GENERAL EDUCATION TEST-OUT POLICY

All courses satisfying general education requirements have a test-out procedure. Students wishing to test out of a course should contact the chair of the department offering the course. A student who successfully completes the test-out examination with a grade of B or better satisfies that particular general education requirement. The student does not receive a grade or credit for the course nor does the test-out appear on the transcript. Test-out examinations are free.

MAJOR REQUIREMENTS

A baccalaureate candidate must select a major and successfully complete all requirements prior to receiving a degree. The minimum number of required semester hours varies by major but must include a departmentally approved program of at least 30 semester hours of course work in the program of study, including an approved capstone course.

Emphasis area/option

Programs of study may specify emphasis or option areas within majors. Students may select emphasis areas within a major and may, with the approval of the department chair, have the emphasis area or option recorded on the transcript.

MINOR OR AREA OF CONCENTRATION REQUIREMENTS

In addition to a major, all students must complete either a minor or a concentration of interrelated courses totaling at least 20 semester hours. Minors consist of a sequence of courses in a specific academic discipline which are established by the department offering the minor. General education courses apply towards both the minor and the area of concentration. A double major satisfies the minor requirement. An area of concentration is a selection of interrelated courses supporting a specific academic major.

DOUBLE MAJOR

Students seeking a double major must satisfy the requirements of both majors as stated by both departments involved under a single degree program.

After a degree has been awarded, the Office of the Registrar does not change the transcript to add additional emphasis areas, minors or second (double) majors.

BACHELOR OF ARTS: FOREIGN LANGUAGE REQUIREMENT

Students seeking the degree of bachelor of arts must complete one of the two options listed below:

1) Completion of the second semester of a foreign language (FL course number 102)

Students may test out of the course.
Completion of an FL course above 102 with a grade of C or better will satisfy the requirement.

2) Completion of FL 100, Introduction to Comparative Linguistics, and ANTHR/ENG 106, Language, Thought and Culture.

International students for whom English is a second language may substitute two semesters of English courses for the foreign language requirement.

SECOND BACCALAUREATE DEGREE

A student who wishes to earn a second bachelor’s degree must complete a minimum of 32 hours of credit in residence in addition to the total number of credits required for the first degree. The additional 32 hours of credit must have the approval of the department from which the second degree is to be earned and must be earned in residence at USC. The additional credits required for the second degree may be completed concurrently with the credits applying to the first degree and the two degrees may be granted simultaneously, providing all requirements are completed for both degrees.

If the student possesses a baccalaureate degree from a regionally accredited college or university, the general education and institutional requirements are considered complete. A cumulative grade-point average of at least 2.000 is required for all work completed at USC towards the second degree. Students seeking a second degree are eligible for the Dean’s List and for graduation with distinction.

ASSESSMENT PROGRAM

Legislation enacted by the Colorado General Assembly requires that:

1) institutions of higher education be held accountable for demonstrable improvements in student knowledge, capacities and skills between entrance and graduation;

2) such demonstrable improvements be publicly announced and available;

3) institutions express clearly to students the expectations for student performance; and

4) such improvements be achieved efficiently through the use of student and institutional resources of time, effort and money.

The University of Southern Colorado, in response to the aforementioned requirement, has adopted an assessment plan which contains the following provisions:

1) the basic educational goals for all undergraduates shall be communicated to students in the form of performance expectations for all students;

2) each department shall develop and publish specific curricular, co-curricular, and appropriate student performance expectations for students by major,

3) information on student improvement from entrance to graduation shall be collected, used, and publicly reported;

4) information on after-graduation performance of students shall be collected by means of surveys of graduates, employers, and graduate/professional schools;

5) information on student and alumni satisfaction with their education shall be collected by means of surveys and interviews; and

6) information collected for the accountability report shall be reported annually to the State Board of Agriculture and the Colorado Commission on Higher Education and used for the purposes of improving the quality of the educational experience at the university.

In recognition of the evolutionary nature of an accountability and assessment program, the university acknowledges that the provisions of the plan, as they are stated in this catalog, may change at any time during a student’s residence. The university will make reasonable efforts to inform students of any modifications to the plan.

BASIC EDUCATIONAL GOALS FOR ALL UNDERGRADUATES

The university requires all students to meet or exceed the following performance expectations.

1) Fields of Study Goals

Major Field
Students shall demonstrate outcomes (proficiency) in the major by a variety of assessments specified by the faculty of the department offering the major. Faculty will determine and publish the expected outcomes for each major offered, and the students in the major will be provided with career planning in terms of the expected outcomes.

Minor Field
Students shall demonstrate outcomes in the minor by a variety of assessments specified by the faculty of the department offering the minor. Faculty will determine and publish the expected outcomes for each minor offered.
2) Intellectual Skills Goals

Literacy Skills
Students shall demonstrate effective skills in reading, writing, speaking and listening (public and interpersonal communication), visualizing, computing, locating and documenting sources of information.

Quantitative Skills
Students shall demonstrate the ability to understand and interpret numerical and graphical data.

3) Intellectual Capacities Goals

Problem Solving, Logical Inquiry and Critical Analysis
Students shall demonstrate the abilities of identifying, defining and solving complex problems through logical inquiry and creative exploration; engaging in critical analyses; testing hypotheses; and discriminating between observation and inference.

4) Knowledge Goals

Aesthetic and Ethical Values
1) Creative and/or performing arts - Students shall demonstrate knowledge of aesthetic values and artistic processes.
2) Values (social/ethical) - Students shall demonstrate knowledge of ethical values and social and civic responsibilities.

Understanding People
1) International and multicultural experience - Students shall demonstrate knowledge of cultural differences and global interrelatedness.
2) Historical consciousness - Students shall demonstrate knowledge of the past as a means for analyzing contemporary issues.
3) Health consciousness - Students shall demonstrate knowledge of the principles of mental and physical health.

Economic, Political, and Social Systems
1) Students shall demonstrate knowledge of the social, economic, and political institutions and systems.

Science and Technology
1) Science - Students shall demonstrate knowledge of natural and physical phenomena.
2) Technology - Students shall demonstrate knowledge of technology and its interrelationship with society.

Assessment of Basic Educational Goals

To assess the extent to which students meet or exceed the above performance goals, the university requires that students who have completed at least 90 credit hours be subject to interviews, portfolio maintenance, or standardized tests relative to the assessment of basic educational goals.

To assist students in preparing to meet the performance expectations stated in the basic educational goals provision of the accountability program, the faculty recommend that students:

1) meet the institutional requirements as early as possible, preferably in the freshman year; and
2) meet the general education requirements by the end of the sophomore year, to the extent allowed by the degree program.

Educational Goals for Majors and Minors

Individual departments expect students to meet or exceed performance expectations as stated in each college/school section of this catalog.

Departmental assessment plans differ in accordance with requirements of specific disciplines; however, each plan typically includes the following information:

- Departmental Goals
- Expected Student Outcomes
- General Requirements
- Specific Requirements for Majors
- Co-curricular Requirements (if any)
- Outcomes Assessment Activities

In consideration of the evolutionary nature of departmental assessment plans, departments reserve the right to modify assessment plans as appropriate and necessary. Students will notified of any such changes.

Student Surveys

While attending USC and for a period of five years after graduation the university will conduct surveys, to assess the level of educational satisfaction. Students are strongly encouraged to respond to these surveys and to provide other appropriate forms of feedback so that the university may use the results to continue to improve the quality of education at USC.

Dissemination of Results

Assessment results will be disseminated by the departmental faculty in accordance with the department assessment plan; other results will be available in the Office of the Provost.

Assessment program inquiries may be directed to the director of assessment in care of the Office of the Provost.
GRADUATION RATES

The graduation (or completion) rate is one of the most commonly cited measures of success. This is simply the percentage of a defined body of students who graduate in a specified period of time. For purposes of this brief report, the entering cohort of interest is defined to be first-time freshmen enrolling full-time in a fall term as degree-seeking students. Full-time students are those who enrolled for 12 or more hours during the initial term. The chart below provides the graduation rates for full-time students by entry cohort at the University of Southern Colorado.

USC graduation rates for full-time students:

        Computer Engineering Technology Option
        Computer Information Systems (BS)
Minors: Computer Information Systems

Engineering
Majors: Industrial Engineering (BSIE)
        Systems Engineering (MS)
Minors: Industrial Engineering

The College of Applied Science and Engineering Technology degree programs reflect USC's polytechnic emphasis and are designed to prepare graduates for professional positions in industry, business and governmental agencies.

The industrial engineering degree program prepares graduates to work with the design, improvement and installation of systems. Students learn to consider human characteristics along with those of materials and equipment to produce quality products and services more efficiently. The BSIEN degree program is accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology (ABET).

USC's two-year engineering transfer program provides a solid foundation in basic engineering education for any specialty field the student ultimately selects at USC or at other engineering colleges.

USC's baccalaureate degrees in civil, electronics and mechanical engineering technology are accredited by the Technology Accreditation Commission (TAC) of the Accreditation Board for Engineering and Technology (ABET). The new computer engineering technology option of electronics will be submitted for accreditation in the near future. In addition to practical, hands-on laboratory experience, students receive a rich academic education in small classes taught by faculty with industrial experience. USC's automotive parts and service management degree program combines technical courses and practical labs on the automobile with management courses in business — an unequaled combination.

The computer information systems degree program provides students with the necessary skills to integrate computer systems and applications into a business or technology environment.

Industrial science and technology majors may select options in facilities management to serve in administrative and supervisory positions, or facilities technology to serve in operational positions for major facilities, campuses or complexes. The technology education option prepares majors to teach Technology Education with junior or senior high school state certification.

The master's degree program in systems engineering uses techniques from engineering disciplines, mathematics, behavioral and physical sciences to analyze and design large scale human/machine/software systems for commercial, governmental and non-profit organizations.

DEPARTMENT OF AUTOMOTIVE PARTS AND SERVICE MANAGEMENT AND INDUSTRIAL SCIENCE TECHNOLOGY STUDIES

Department Chair: Ronald Darby

AUTOMOTIVE PARTS AND SERVICE MANAGEMENT PROGRAM

FACULTY: Carleo, Darby, Sevcovic
The major in automotive parts and service management leads to a bachelor of science (BS) degree designed to provide the student with a broad range of management, business and technical skills applicable to the automotive parts and service industries. The curriculum emphasizes personnel supervision, financial analysis, customer relations, warranty administration, sales promotions, techniques of technical problem-solving, service management, marketing, merchandising and distribution methods used by the automotive aftermarket, automotive manufacturer and import industries.

Program Goals

- To prepare students with the appropriate knowledge and skills necessary to become productive, accountable, and responsible employees upon entering the work force.

- To provide students with a comprehensive theoretical foundation, bolstered by hands-on laboratory experiences.

49
• To utilize professional advisory committees to advise faculty of APSM courses for purposes of keeping the curriculums current with industry needs.

Expected Student Outcomes
• Possess technical knowledge in the under-vehicle areas such as braking, steering, and suspension systems.
• Have an understanding of modern design, operation, and repair of engines and related accessory systems.
• Understand and demonstrate by testing; a knowledge of electronic computerized systems of the modern automobile.
• Possess technical knowledge and skills related to power transfer in the automobile to include automatic and manual transmissions, differentials and transferable systems.
• Have a working knowledge of automotive parts management and operation.
• Be familiar with various computerized service and parts management systems.
• Possess knowledge and understanding of customer relations, automotive management styles and methods.
• Have a working knowledge of automotive-specific financial systems.

General Requirements for the APSM Program
• Graduates of the program are required to complete an approved curriculum with a minimum grade of C earned in all major courses.
• Graduates are required to demonstrate intellectual skills and knowledge in related business courses to satisfy the minor and institutional requirements.
• APSM majors shall demonstrate technological literacy by showing the ability to compose and edit, using a word processor, and to use a spreadsheet for quantitative analysis.
• All APSM students will be required to solve problems appropriate to their discipline; to be able to use the computer for design, analysis, and business transactions; and to demonstrate proper use of measurements and diagnostic equipment.
• Students in the APSM minor program are required to complete the approved curriculum with a minimum grade of C earned in all minor courses.

Specific Requirements for the APSM Minor
APSM 115 Automotive Engine Design & Operation 5
APSM 135/135L Automotive Fuel Systems and Exhaust Emissions Systems Lab 4
APSM 245/245L Automotive Electrical Systems I/Lab 4
Approved APSM Electives (min) 7

Total 20

Outcomes Assessment Activities
Students enrolled in the baccalaureate degree programs are expected to meet the following requirements:

1) Students are required to develop and maintain a portfolio containing a record of achievement, showing improvement in intellectual skills, knowledge and capacities between entrance and graduation. During the semester of graduation, the faculty shall evaluate each graduate portfolio. The program will keep a copy of each portfolio on file to be used as a summarization assessment to assist in the evaluation of programs.
2) In addition to the portfolio, survey information from both the graduate and his/her employer will be collected during the first, third and fifth year following graduation.

3) Students minoring in APSM must submit a portfolio containing a record of achievement.

INDUSTRIAL SCIENCE AND TECHNOLOGY PROGRAM

PROGRAM COORDINATOR: Michael Hoots
FACULTY: Bottini, Hoots

The major in industrial science technology (IST) leads to a bachelor of science (BS) degree. The program has three options.

Option 1: Facilities Management

This option prepares students to serve in administration and supervisory positions. Graduates will be prepared to plan, program, and supervise operation, maintenance, and construction in major physical facilities, such as schools, industrial plants, malls, resorts/casinos, sports and hotel/motel complexes, hospitals, office buildings, etc.

Option 2: Facilities Technology

This option prepares students to serve in technical positions related to traditionally non-managerial facilities operations. Graduates will be prepared to apply general facilities technology skills from the IST core curriculum as well as specific, technological skills gained from a degree and/or coursework from an approved, transferable institution. These specialized skills may include fields such as occupational safety and health, architecture, building and grounds maintenance, construction, environmental technology, building systems and other areas related to facilities operations.

Option 3: Technology Education

This option is designed to prepare teachers for junior and senior high schools. Graduates will be skilled in teaching methods, techniques, organization, curriculum, evaluative processes, safety and philosophy. Students will develop manipulative skills in the use and operation of the latest tools, machines, and products used in industry. They will learn technical information as related to our industrial society. State of Colorado (I.A.) certification requirements will be accomplished by completing the program and teacher certification.

Program Goals

- To prepare students with the appropriate knowledge and skills necessary to become productive, accountable, and responsible employees upon entering the work force.
  
- To provide students with a comprehensive theoretical foundation bolstered by hands-on laboratory experiences.
  
- To utilize professional advisory committees to advise faculty of IST options for purposes of keeping the curriculums current with industry needs.

The Facilities Management graduate will:

- be able to supervise facilities operations, maintenance, design and construction;
- understand and have working knowledge of commercial real estate;
- have knowledge and appreciation of human and environmental factors;
- be able to do planning and project management;
- analyze and solve problems relative to facilities functions;
- understand the procedures and processes of corporate finance;
- be able to develop and manage a quality assessment and innovation program; and
- communicate and do critical thinking and problem-solving in industrial science.

The Facilities Technology graduate will:

- be able to perform the same operational tasks as the facilities management graduate without the managerial and supervisory components.

The Technology Education (teaching) graduate will:

- acquire the knowledge and skills necessary to enter teaching positions in junior or senior high schools;
- be able to apply technical knowledge and state-of-the-art methods to solving problems in teaching technology education;
- acquire a basic technical vocabulary and demonstrate hands-on skills in a variety of manufacturing, transportation and energy processes;
- possess demonstrated competencies in understanding and completing a variety of graphic communications projects using equipment in communications.

General Requirements for the IST Program

- Graduates of this program are required to complete an approved curriculum with a cumulative GPA of 2.5000 or better for the technology education option and 2.0000 or better for the facilities options.
- Graduates in the technology education option of the IST program should satisfy all the requirements for a teaching certificate in the State of Colorado. Graduates also must complete the requirements of the Center for Teaching and Learning at the University of Southern Colorado.
- Graduates are required to demonstrate intellectual skills and knowledge in math and science as required in their specific disciplines, with a cumulative GPA of 2.0000 or better.
• All IST majors will be required to solve problems appropriate to their discipline, to engage in logical thinking and to use the tools for creative and logical inquiry specific to their field by completion of projects requiring both oral and written reports.

• Students in the technology education option minor program are required to complete the approved curriculum with a minimum grade of C earned in all minor courses.

Institutional and General Education
Please refer to the General Education Requirements in the Undergraduate Programs section of this catalog or refer to each individual option's curriculum sheet.

Co-curricular Requirements
In all programs, the faculty support and encourage students to have co-curricular experiences that complement and reinforce the curricular experiences by participation in student organizations, clubs, employment or other activities related to these programs.

Outcomes Assessment Activities
Students enrolled in the baccalaureate degree programs of the program are expected to meet the following requirements:

1) Students are required to develop and maintain a portfolio containing a record of achievement, in showing improvement in intellectual skills, knowledge and capacities between entrance and graduation. During the semester of graduation, the faculty shall evaluate each graduate portfolio. The program will keep a copy of each portfolio on file to be used as a summarization assessment to assist in the evaluation of programs.

2) In addition to the portfolio, survey information from both the graduate and his/her employer will be collected during the first, third and fifth year following graduation.

3) Students minor in technology education, must submit a portfolio containing a record of achievement.

DEPARTMENT OF CIVIL ENGINEERING TECHNOLOGY AND MECHANICAL ENGINEERING TECHNOLOGY
Department Chair: Wolfgang Sauer

CIVIL ENGINEERING TECHNOLOGY PROGRAM
PROGRAM COORDINATOR: Womack
FACULTY: Cheng, Hirth, Holderness, Womack

The major in civil engineering technology leads to a bachelor of science in civil engineering technology (BSCET) degree. The major is designed to produce competent field engineering technologists, surveyors, soil and concrete technologists, construction estimators, project managers and engineering design technologists, who have supervisory capabilities. The curriculum places emphasis on surveying, construction, design and estimating. The upper-division courses provide a broader and more detailed understanding in areas such as land surveying, water supply systems, architectural drafting and civil design projects. Managerial and supervisory capabilities are developed in courses such as estimating, construction contracting and supervision.

Students seeking a degree in civil engineering technology should have a mathematics/science background including: algebra, geometry and trigonometry.

Program Goals
• To prepare graduates in civil engineering technology to function effectively in the engineering, surveying or construction teams.
• To provide our students with a broad based curriculum and quality instruction.
• To maintain accreditation as defined by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology.

Expected Student Outcomes
General Requirements
• Graduates are required to complete an approved program of study with a cumulative GPA of 2.0000 or better in their major courses.
• Graduates are required to demonstrate skill and knowledge in the areas of quantitative analysis and science by having a cumulative GPA of 2.000 or better in the mathematics and physics courses common to all programs.

Civil engineering technology majors are required to demonstrate the ability to solve problems appropriate to their discipline, to use computer techniques to complete a final senior-year technical project requiring an oral and written presentation.

Specific Requirements for the CET Major
It is expected that CET graduates should have the appropriate skills and knowledge regarding surveying and drafting. In addition, they should have knowledge of basic construction materials along with the fundamentals of statics, strength of materials, hydraulics, structural analysis and design, and soil mechanics which are central to the discipline.

This program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology.

### MECHANICAL ENGINEERING TECHNOLOGY PROGRAM

**Chair:** Wolfgang Sauer  
**Faculty:** Bailey, Chen, Sauer, Sweet

The major in mechanical engineering technology leads to a bachelor of science degree in mechanical engineering technology (BSMET). The MET program is structured to provide the student with a mix of theory and practical applications in the classroom. Classroom material is reinforced with hands-on application in laboratories. The majority of classes include laboratories. Three areas of the discipline that are emphasized in the MET program are manufacturing, design, and applied mechanics. Computers and design form a common thread throughout each area. Upon graduation, the student has the knowledge and skills that make him or her an immediate asset to employers. The MET graduate can expect to fill positions in industry that use mechanical engineering concepts in a mix of manufacturing, product development, instrumentation, or experimentation.

Students seeking a degree in one of the engineering technology disciplines should have a mathematics/science background including algebra, geometry and trigonometry.

#### Program Goals
- To prepare graduates in mechanical engineering technology to function effectively throughout the engineering spectrum.
- To graduate students who can apply the theoretical foundations and skills of their discipline to solve practical engineering problems by using existing technology.
- To maintain accreditation for all programs as defined by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology.

#### Expected Student Outcomes

**General Requirements**
- Graduates are required to complete an approved program of study with a cumulative GPA of 2.0000 or better in their major courses.
- Graduates are required to demonstrate skill and knowledge in the areas of quantitative analysis and science by having a cumulative GPA of 2.0000 or better in the mathematics/physics, and chemistry courses common to all programs.
- All mechanical engineering technology majors are required to demonstrate the ability to solve problems appropriate to their discipline, to use computer techniques and to complete a final senior-year technical project requiring design and fabrication of a working model followed by written and oral presentations.
- All mechanical engineering technology majors are required to study at least one computer language and to demonstrate their knowledge by applying computer programs to their daily class problems.

**Specific Requirements for the MET Major**
MET majors should have a knowledge of drafting, computer-aided design, materials, statics, dynamics, basic electronics, strength of materials, fluids, thermodynamics, all phases of manufacturing, robotics, and the design process. This program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology.

Program Goals

- To prepare graduates to function effectively in the electronics engineering spectrum.
- To graduate students who can apply the theoretical foundations and skills of their discipline to solve practical engineering problems by using existing technology.
- To maintain accreditation as defined by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology.

Expected Student Outcomes

General Requirements

- Graduates are required to complete an approved program of study with a cumulative GPA of 2.0000 or better in their major courses.
- Graduates are required to demonstrate skill and knowledge in the areas of quantitative analysis and science by having a cumulative GPA of 2.0000 or better in the mathematics and physics courses common to all programs.
- Majors are required to demonstrate the ability to solve problems, to use computer techniques and to complete a final senior-year technical project requiring a hardware and/or software model and an oral and written presentation.
- Majors are required to study at least one computer language and to demonstrate their knowledge by writing appropriate computer programs.

Specific Requirements for the EET Major

All EET majors will be required to learn the use of basic electronic laboratory instruments and to demonstrate such knowledge through appropriate laboratory experiences. In addition, all EET majors should have a knowledge of electrical circuits, discrete electronic devices, digital circuits, advanced integrated circuits (both digital and analog), feedback control systems, microcomputers, and analog and digital communication. The EET program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering Technology. The CENT option of the program is not accredited by the TAC of ABET at this time.

COMPUTER INFORMATION SYSTEMS PROGRAM

PROGRAM COORDINATOR: John Horton
FACULTY: Horton, Cook, Hargrave, Knight, Lasilla
Padgett

The major in computer information systems leads to a bachelor of science (BS) degree designed to provide students with the technical and administrative skills necessary to develop and integrate computer applications in a business environment. Students complete a curriculum which provides them with marketable skills in application programming, system analysis and design, local area network (LAN) concepts and administration, database administration, Internet usage, PC operating systems, applications and architecture.

Program Goals

- To prepare students with the appropriate computer-related knowledge and skills necessary to become productive, accountable, and responsible employees upon entering the work force.
- To provide students with a comprehensive theoretical foundation bolstered by hands-on laboratory experiences.
- To utilize the computer information systems professional advisory committee to advise faculty of the currency of the curriculum based on relevant industry needs.

Expected Student Outcomes

- Demonstrate mastery of the skills necessary to design and code application programs using the C++ and COBOL programming languages.
- Possess a thorough understanding of the information systems analysis and design process as it applies to the development and implementation of computing applications in a business environment.
- Demonstrate skills in database design and administration.
- Have a basic knowledge of local area network (LAN) concepts and administration.
- Possess hardware and software skills necessary to configure and support PC-based computing operations.
- Demonstrate proficiency in an academic field outside the major which supports the student's career interests in the computer information systems discipline.
- Develop oral and written communication skills necessary to convey technical information in a business environment.

General Requirements for the CIS Program

- Students majoring or minoring in computer information systems must maintain grades of C or higher in all courses offered by the program.
- Students must complete at least 128 semester hours in an approved program of study, including 48 hours in the major.

**Institutional and General Education**

Please refer to the General Education Requirements in the Undergraduate Programs section of this catalog or refer to your individual department's curriculum sheet.

**Specific Requirements for the EET Computer Engineering Technology Option**

All EET computer engineering technology option majors will be required to learn applications programming, PC support, computer architecture, database principles and the use of basic electronic laboratory procedures. Students must demonstrate such knowledge through appropriate laboratory experiences.

**TOTAL** | 39 |

**Computer Information Systems Program**

**Program Coordinator:** John Horton

**Faculty:** Horton, Cook, Hargrave, Knight, Lassila Padgett

The major in computer information systems leads to a bachelor of science (BS) degree designed to provide students with the technical and administrative skills necessary to develop and integrate computer applications in a business environment. Students complete a curriculum which provides them with marketable skills in application programming, system analysis and design, local area network (LAN) concepts and administration, database administration, Internet usage, PC operating systems, applications and architecture.

**Program Goals**

- To prepare students with the appropriate computer-related knowledge and skills necessary to become productive, accountable, and responsible employees upon entering the work force.
- To provide students with a comprehensive theoretical foundation bolstered by hands-on laboratory experiences.
- To utilize the computer information systems professional advisory committee to advise faculty of the currency of the curriculum based on relevant industry needs.

**Expected Student Outcomes**

- Demonstrate mastery of the skills necessary to design and code application programs using the C++ and COBOL programming languages.
- Possess a thorough understanding of the information systems analysis and design process as it applies to the development and implementation of computing applications in a business environment.
- Demonstrate skills in database design and administration.
- Have a basic knowledge of local area network (LAN) concepts and administration.
- Possess hardware and software skills necessary to configure and support PC-based computing operations.
- Demonstrate proficiency in an academic field outside the major which supports the student's career interests in the computer information systems discipline.
- Develop oral and written communications skills necessary to convey technical information in a business environment.

**General Requirements for the CIS Program**

- Students majoring or minoring in computer information systems must maintain grades of C or higher in all courses offered by the program.
- Students must complete at least 128 semester hours in an approved program of study, including 48 hours in the major.
• Students must complete a minimum of 21 credits of CIS upper-division coursework. At least 75 percent of CIS upper-division credits must be taken in residence.

• Students must complete a course planning worksheet and participate in the advisement process with a member of the CIS faculty.

### Co-curricular Requirements

The CIS faculty support and encourage students to have co-curricular experiences that complement and reinforce the curricular experiences by participation in student organizations, clubs, employment or other related activities.

### Outcomes Assessment Activities

Students enrolled in the computer information systems program are expected to meet the following requirements:

1) Students are required to develop and maintain a portfolio containing a record of achievement, showing improvement in intellectual skills, knowledge and capacities between entrance and graduation. During the semester of graduation, the faculty shall evaluate each graduate portfolio on file to be used as a summarization assessment to assist in the evaluation of programs.

2) In addition to the portfolio, survey information from both the graduate and his/her employer will be collected during the first and third year following graduation.
DEPARTMENT OF ENGINEERING PROGRAM

DEPARTMENT CHAIR: Hector Carrasco
FACULTY: Carrasco, Keyser, Massey, Sarper

The industrial engineering major leads to a bachelor of science in industrial engineering (BSIE) degree. This program is accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology (ABET). The department also provides courses for the first two years of other engineering disciplines for potential transfer students, courses for engineering options in chemistry and physics, and a master of science in systems engineering (MS) degree.

As defined by the Institute of Industrial Engineers, industrial engineering is concerned with the design, improvement and installation of integrated systems of people, materials, information, equipment, and energy. It draws upon specialized knowledge and skill in the mathematical and physical sciences, together with the principles and methods of engineering analysis and design, to specify, predict and evaluate the results to be obtained from such integrated systems.

Industrial engineers design, improve, and manage the factories and facilities that produce the goods and services at reasonable prices that everyone enjoys every day.

Industrial engineering is a major branch of engineering with applications in manufacturing, service, government, and non-profit organizations. Industrial engineers are productivity and quality specialists who deal with the human aspects of work in addition to the advanced technologies of computer software and production-related hardware.

The program also offers the Master of Science in Systems Engineering. For more information, see the Graduate Studies section of this catalog.

A minor is offered in industrial engineering for students interested in a technical, applied science addition to their major area of study. Engineering options are also available in chemistry and physics, offering students in these majors an opportunity to achieve specific employment or graduate educational goals. The program requirements for the chemistry and physics engineering options are described in the Chemistry and Physics sections of the catalog.

Department Goals

- To provide students with high-quality instruction in industrial engineering which is broad-based and strongly rooted in mathematics, physical science and engineering science.
- To prepare graduates in industrial engineering to function effectively in the workplace and make immediate contributions to the efficient and effective operation of manufacturing industries, service organizations and governmental agencies.
- To maintain accreditation by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology (ABET).

Expected Student Outcomes

General Requirements

- Graduates are required to complete an approved program of study with a cumulative GPA of 2.0000 or better in their major courses.
- Students transferring into industrial engineering (IE) from other universities and/or programs must have a minimum overall GPA of 2.5000. Students transferring into IE from the departmental transfer program must be in good academic standing at the time of the transfer request.
- Students attempting required industrial engineering courses are expected to have completed all prerequisite courses with a minimum grade of C.
- Graduates are required to demonstrate the ability to formulate mathematical models, develop and use computer solutions as appropriate, collect and statistically analyze data, and prepare both written and oral reports of their analyses.

- Master of Social Work (Colorado State University) Social Work (MSW)

The mission of the College of Humanities and Social Sciences is to help students to develop critical thinking, aesthetic awareness, and ethical perspectives, to provide them with the tools and expertise necessary to function as responsible citizens and professionals, and to engage in intellectual and artistic pursuits. Faculty members are committed to quality teaching, theoretical and applied research, scholarship, and creativity, and to effective service to the university, the profession, and the region, and to the innovative use of technology in these endeavors. The college strives to be a community of learners, teachers, and scholars responsive to the challenges of a diverse society, a vulnerable environment, and an increasing technological and interdependent world.

ART DEPARTMENT

CHAIR: Jensen
FACULTY: Avilia, Dalton, R. Hansen, V. Hansen, Marino, Wands

The art curriculum is designed to increase the student's understanding of art and its relationship to society. Course offerings in art provide the student with the opportunity to integrate art and appropriate technology.

The art major prepares the student to be a practicing artist, to enter graduate school for further professional education or to enter the job market in art-related careers. Students also may select art courses as a means of achieving a greater sense of personal accomplishment. Students, faculty, and invited professional artists display works in the USC Art Gallery. An active visiting artist program provides contact with successful regional and national professionals.

The major in art leads to the degrees of bachelor of arts (BA) and bachelor of science (BS). A minor in art is also available.

Department Goals
To prepare students in the discipline of fine art and design to be visually creative individuals with skills in studio processes, knowledgeable in art history, and with experience to enter art-related careers in the job market.

Expected Student Outcomes

General Requirements
- The art faculty firmly believes that a quality undergraduate art program must be built from the strong foundation of basic concepts and techniques provided by the required ART CORE courses. Art history, drawing and design combined with an introduction to the basic art processes, provide the necessary background of information and skills for individual artistic growth and maturity. A strong grounding in the fundamentals of art, as provided in the ART CORE, indicates the department's insistence upon respect for and commitment to the academic discipline of art as a professional career.
- Art majors must complete the required courses known as the ART CORE, except Art 410, before proceeding into the beginning courses.
- No grade lower than a C will count toward either an art major or minor.

TOTAL 20

Co-curricular requirements

The faculty supports and encourages the involvement of art majors and minors in the Art Club and related activities specific to each discipline and actively encourages student participation in such organizations.

Outcomes Assessment Activities

- Art majors will successfully demonstrate competencies required by the department. Competencies will be evaluated by use of portfolio review.
- Each art major is required to produce and maintain a portfolio of work done at USC as a record of achievement. The contents and objectives of the portfolio will be described, discussed and planned in the career orientation class (Art 110). Final evaluation of the progressive portfolio will take place during the student’s last semester as part of the senior orientation class (Art 410). The format of the portfolio may vary according to subject matter and content but in general the presentation materials will consist of 35mm color slides, prints, graphic design samples and/or video tapes, as appropriate.
- As a competency indicator of achievements in the area of art history, part of the portfolio may contain samples of a student’s written material as related to art history, analysis and criticism, as well as a departmental art history exam.

- The intent of the portfolio is to faithfully reflect the ability and competency level of the art student as he or she progresses in the program. The makeup of the portfolio will reflect the personal accomplishments of each individual.
- A complete set of course outlines and examination examples of each art instructor’s classes will be maintained and updated by each faculty member and made available to the student upon request. Class objectives and skills attained during the class will be denoted clearly in the materials. The complete portfolio will be available in the art office.

HISTORY/POLITICAL SCIENCE/PHILOSOPHY/CHICANO STUDIES/ GEOGRAPHY DEPARTMENT

CHAIR: Aichele
FACULTY: Berardi, Carter, Driscoll, Loats, Nicholl, Otis, Sandoval, Spade, Wright

The programs in history, political science, philosophy, and Chicano studies are intended to provide domains of study both for students who desire knowledge for personal enrichment and for students who desire to apply knowledge toward career objectives. Students who major or minor in the fields of the department should expect to develop and refine knowledge of other cultures and the historical and political development of the modern world. Students should also expect to engage in methodical research. Other expectations of students include the ability to prepare rationally cogent papers and the ability to understand political theories, historical movements, and the connections between each.

Departmental programs not only prepare students for occupations in government, business, education, and industry, but also are central to the university’s traditional function of transmitting culture from generation to generation.

HISTORY PROGRAM

The major in history leads to the degree of bachelor of arts (BA) and prepares students for careers in teaching, law, government, and private enterprise, as well as entry into graduate programs.

Program Goals

- To provide students with a general knowledge of history and historical methodology;
- To prepare students, through written research, positive communication skills and research methods to gain knowledge of a given area of history; and
- To prepare students to continue personal study and learning about specific subject areas in the discipline on an independent basis.
Expected Student Outcomes

**General Requirements**
No grade below C is acceptable in the major or minor.

**Outcomes Assessment Activities**
- Demonstrated proficiency in writing coherent and accurate essays on specific topics within the discipline, as determined by the history faculty.
- Portfolios, of a random sample of students, will be prepared for incoming freshmen and/or transfer students with two or more years before graduation. Portfolios will include academic transcripts, major papers written for courses in the discipline, co-curricular data, and other pertinent information. The portfolios will be on file in the office of the program coordinator. Updated copies of all course syllabi, handouts, assignments and exams will be kept in a central file in the department office to enable qualified students to discover how courses are adapted towards program goals.

**POLITICAL SCIENCE PROGRAM**

The major in political science leads to the degrees of bachelor of arts (BA) and bachelor of science (BS), and prepares undergraduates for careers in law, government and politics. Courses in political science also serve to complement the liberal arts core at USC and to prepare students for acceptance into graduate programs leading to professional courses in law or administration or to specialized academic degrees.

While encouraging an exposure to a number of the subfields of the discipline, three areas of emphasis are offered in the political science major: public administration and law, comparative and international politics, and American political institutions, public policy, and politics.

**Program Goals**

To prepare students majoring in the discipline to:

- demonstrate a basic understanding of historical, philosophical and empirical foundations of political science;
- demonstrate a general command of knowledge about the American political system, comparative and international politics, the history of political thought, and standard political science research approaches, and
- demonstrate an ability to continue personal study and learning on an independent basis about specific subjects in the discipline.

To prepare students minoring in the discipline to:

- demonstrate a basic understanding of the nature of the discipline; and
- demonstrate a general knowledge and understanding of the American political system and of comparative and world politics.

**Expected Student Outcomes**

**General Requirements**
- Students in the major must complete a minimum of 36 semester credit hours in political science, including 18 hours in the political science core. Students are required to earn a grade of C or better in all courses and to maintain a cumulative GPA of 2.5000 or better.
- Students in the minor must complete a minimum of 24 semester credit hours in political science, including 9 semester credit hours in the political science core. Students are required to earn a grade of C or better in all courses and to maintain a cumulative GPA of 2.5000 or better.
- Electives are selected in accordance with one of four basic course orientations in political science: 1) public management and administration, 2) American political institutions and public policy, 3) international and comparative politics, 4) graduate and pre-law preparation.
• A maximum of six credit hours of POLSC 480, Practicum in Politics and Public Service, may be applied towards the 36 hours required for the major, or the 24 hours required for the minor.

• Political science courses may not be used to satisfy general education requirements for political science majors.

• Depending on individual interests and goals, students are encouraged to take one year of foreign language or courses in statistics and PHIL 204, Critical Thinking.

### Outcomes Assessment Activities

• Demonstrated proficiency in writing coherent and accurate essays on specific topics within the discipline, as determined by the political science faculty.

• Portfolios, of a random sample of students, will be prepared for incoming freshmen and/or transfer students with two or more years before graduation. Portfolios will include academic transcripts, major papers written for courses in the discipline, co-curricular data, and other pertinent information. The portfolios will be on file in the office of the department chair. Updated copies of all course syllabi, handouts, assignments and exams will be available from a central file in the office of the department chair to enable qualified students to discover how courses are adapted towards program goals.

### PHILOSOPHY PROGRAM

The minor in philosophy complements majors and careers in politics, law, literature, health care, business, technologies, and the liberal arts.

#### Program Goals

- To provide individual courses as well as a minor in general philosophy;
- To help students understand and appreciate the great ideas from philosophy, to see such ideas in relation to the cultural settings, to develop the abilities to think, speak, and write in a clear, analytical manner, and to allow students to develop a viable philosophy of life.

#### Expected Student Outcomes

### General Requirements

Students who wish to minor in philosophy must complete a minimum of 21 credit hours of approved philosophy courses with grades of C or better.

### Outcomes Assessment Activities

• Students must demonstrate proficiency in writing defenses of theses on philosophical topics as determined by the philosophy faculty. A file of representative samples of philosophical writing by students will be retained to document to qualified persons that students are accomplishing the goal of developing the ability to think and write in a clear analytical manner.

### PRE-LAW PROGRAM

Students interested in attending law school should consult the department’s pre-law adviser.
CHICANO STUDIES PROGRAM

The Chicano studies minor complements majors and careers in law, sociology, social work, languages, education, government, business and other disciplines. Courses offer unique undergraduate preparation for those who seek entrance to graduate studies in law, humanities or the social sciences.

Students who plan to live and work in the American Southwest or aspire to careers that involve relations in the American continents are likely to be well served by Chicano Studies courses. The interdisciplinary approach emphasizes history and cultural studies, and selected courses provide the student with in-depth knowledge of specific aspects of the Chicano community.

Program Goals

• To provide individual courses as well as a minor to fulfill the unique role and mission of the University of Southern Colorado.

• To offer an individually designed minor in support of students’ majors.

Expected Student Outcomes

General Requirements

• Students in Chicano studies courses will display an adequate and measurable knowledge of the subject matter within the course.

• Students in Chicano studies courses will develop an understanding of the relationships of ethnic groups within American society by viewing the academic study of Chicanos as a paradigm for the study of other ethnic groups.

• Students must earn a C or better in all courses applicable to the minor.

Specific Requirements for the Chicano Studies Minor

Twenty-four hours: 15 required, nine elective. The student will choose three of the first four courses, and the seminar.

Electives may be selected from Chicano studies courses, several of which are cross-listed with other departments, or by approval of the Chicano studies coordinator, from courses in such areas as Spanish, history, psychology, sociology, and social work, among others.

| CS 220    | Survey of Chicano Literature              | 3       |
| 230       | Chicano: Social and Psych Study           | 3       |
| 291       | Special Topics                            | 1-3     |
| 303       | Chicano Labor History in the U.S.         | 3       |
| 335       | Health in the Chicano Community           | 3       |
| 489       | Borderlands                               |         |
| 495       | Independent Study                         | 1-3     |

Outcomes Assessment Activities

• Upon identification of a Chicano studies minor, the Chicano studies coordinator will initiate a "Chicano studies program" file on the student, with the student's permission. The file will contain the program of design, the student's orientation (research interest, general interest, personal interest, employment interest, etc.), a history of the student's academic progress, the substantive research paper completed in CS 493, a record of meetings with the coordinator, and other examples of the student's academic performance.

• At three-, seven-, and 10-year intervals, the graduate will be contacted and asked to evaluate the program's influence.

• In addition to course syllabi, the Chicano studies coordinator will retain a copy of examinations administered in Chicano studies courses for a 10-year period. At five-year intervals, the coordinator and the faculty will determine if consistency and academic integrity are being maintained by reviewing instruments of cognitive measurement, student perception forms and trends, alumni comments, and comparative analysis of grade distribution patterns.

ENGLISH/FOREIGN LANGUAGES DEPARTMENT

CHAIR: Sheidley
FACULTY: Barber, Cobian, Covi, Fogelquist, Griffin, Hochman, Illici, Kaplan, Morales, Rodriguez-Arenas, Senatore, C. Taylor, T. Taylor, Torres

ENGLISH PROGRAM

The major in English leads to a degree of bachelor of arts (BA) and provides graduates with an understanding of language and literature as a basis for aesthetic, ethical, social, and academic ways of thinking, creating, and researching. Critical, analytic, and composing skills, which provide excellent preparation for professional careers such as teaching, business, media, public service, and the arts, are emphasized.

Program Goals

• Students will become familiar with significant traditions and historical and cultural contexts of literature.

• Students will become familiar with various theories of literature and various techniques in the analysis and understanding of literature.

• Students will gain aesthetic appreciation of literary works.

• Students will become familiar with the structure, history and functions of language.

• Students will gain proficiency in writing and thinking with clarity, creativity and accuracy, and in analyzing and synthesizing information and ideas.

Expected Student Outcomes

The English faculty believes that students' grades are valid indicators of a student's progress and performance; therefore, students must complete, with a grade of C or better, all courses counting toward the major or minor.
Requirements for the English Major

- Specific requirements for the English major are listed below. Students should consult with an adviser in English before registration.

- Students must fulfill the university language requirement for the BA degree.

Requirements for the English Minor

Minor requirements are 20 or more semester credit hours of course work in English, of which 12 must be upper division. Courses must be chosen in consultation with an adviser in English.

For teaching endorsement requirements, see the Center for Teaching and Learning section of this catalog.

Co-curricular Requirements

The English faculty supports and encourages English majors’ involvement in student organizations and participation in tutoring activities in the community and on campus.

Outcomes Assessment Activities

Assessment of the English program is the responsibility of the English Program Assessment Committee, consisting of the chair of English and foreign languages and three other faculty members. The committee's annual reports evaluating the program and proposing any needed changes are compiled from the following information:

- A central file of course syllabi with representative assignments is maintained by the department for inspection by the committee and other qualified persons.

- Faculty advisers monitor each student's progress toward completing major requirements and meeting the Program Goals listed in this catalog. Advisers report any problems or deficiencies in the program encountered by their students to the Program Assessment Committee through the department chair.

- All English majors take a senior-year seminar (Eng 493) emphasizing professional standards and synthesizing the writing and analytical skills students have acquired in other English classes. All students in English 493 write a senior research paper, one copy of which is submitted to the Program Assessment Committee for review. In order to pass English 493, students must demonstrate satisfactory levels of achievement in the four areas of the program goals.

- The Program Assessment Committee reviews or has reviewed the papers from English 493 on an annual basis and prepares an analysis of what they reveal about the program's success.

- The Program Assessment Committee administers a student-satisfaction questionnaire to all senior English majors each year. A similar questionnaire is sent to recent graduates on a periodic basis.

- The Program Assessment Committee monitors the English curricula at leading comparable institutions and apprises the department of innovations worthy of consideration.

English Major

- Faculty advisers meet individually with each of their students on a regular basis to help plan schedules and discuss educational and career goals. Advisers maintain an accurate and up-to-date record of each students' progress towards completion of the requirements for the major.

- All English majors will participate in a senior-year seminar in which all of the writing and analytical skills acquired in other English classes will be synthesized. Students in the class will be expected to complete a senior research project.

Foreign Language .......................... 6**

*English majors may substitute ENG 121 for ENG 102.

**First year foreign language (6-10 credit hours) OR English 106 (3 credit hours) and foreign language 100 (3 credit hours). For International students, English 101 and 102 fulfill the foreign language requirement.

FOREIGN LANGUAGES PROGRAM

The Foreign Languages Program offers a bachelor of arts in Spanish (BA) intended to prepare students for public school teaching and certification, for admission to graduate school, and for careers in international organizations, government and business.

Minors in French, Italian, and Spanish complement a wide variety of majors in other disciplines to enhance the students’ ability to compete for jobs where knowledge of a foreign language is desirable.

Courses in German, Russian and Comparative Linguistics (listed under FL) are taught each semester. Other foreign languages are offered as permitted by enrollment.

Program Goals For Spanish Majors

- Students will achieve satisfactory levels of proficiency in speaking, listening, reading, writing and culture to be measured by examination prior to admission to the required senior seminar.
- Students will acquire a basic knowledge of the traditions and historical and cultural contexts of the literature of both Latin America and Spain.
- Students will develop the critical, analytical and composing skills in Spanish essential to careers in teaching, business, the media, government and the arts.

Program Goals for Minors in Spanish, French and Italian

- Students minoring in French, Italian and Spanish will be required to demonstrate a level of proficiency sufficient to converse comfortably on everyday topics as well as intermediate levels of proficiency in writing, reading and culture.

Majors or minors who fail to complete a course with a grade of C or better are required to repeat the course with a satisfactory grade before proceeding to more advanced offerings.

NOTE:

Any language 101 and 102 may be waived for students participating in the advanced Placement Program with a grade of 4 or 5 or by satisfactory completion of a departmental exam.

A minimum of 32 semester credit hours as approved by a departmental adviser.
For teaching endorsement requirements, see the Center for Teaching and Learning section of this catalog.

Outcomes Assessment Activities
Assessment of the foreign languages program is the responsibility of the Foreign Languages Program Assessment Committee, consisting of the chair of English and foreign languages and three other faculty members. The committee’s annual reports evaluating the program and proposing any needed changes are compiled from the following information:

• A central file of course syllabi with representative assignments is maintained by the department for inspection by the committee and other qualified persons.
• Faculty advisers monitor each student’s progress towards completing major requirements and meeting the program goals listed in the catalog. Advisers report any problems or deficiencies in the program encountered by the students to the program assessment committee through the department chair.
• All Spanish majors take a senior-year seminar emphasizing professional standards and sharpening the writing and speaking skills students have acquired in other Spanish courses. All students in the seminar will be required to write a senior research paper, one copy of which is submitted to the Program Assessment Committee for review. An exit exam administered prior to admission to the senior seminar tests the students’ oral and writing competency and mastery of required reading material.
• The Program Assessment Committee reviews the papers from the senior seminar and the results of the exit exam on an annual basis and prepares an analysis of what is revealed about the program’s success.
• The Program Assessment Committee administers a student-satisfaction questionnaire to all senior foreign language majors and minors each year. A similar questionnaire is sent to recent graduates on a periodic basis.

• The Program Assessment Committee monitors the foreign languages curricula at leading comparable institutions and apprises the department of innovations worthy of consideration.

INTERDISCIPLINARY STUDIES PROGRAM
DIRECTOR: Dr. Gayle Berardi
The university honors program, which offers a minor, provides intellectually invigorating challenges for academically talented students. In small, interdisciplinary seminars, students explore the natural and applied sciences, social sciences, and the humanities. “Graduation with honors” is a significant designation for students applying to graduate or professional schools, or seeking employment.

Program Goals for the Minor in Honors
• To provide a sequence of thematic, interdisciplinary seminars that will enhance both the students’ depth and breadth of knowledge.
• To offer intellectually invigorating challenges and opportunities to students.
• To provide a program that builds to a project undertaken in the student’s senior year under the one-to-one supervision of a faculty mentor in the student’s major field.

Expected Student Outcomes
General Requirements
Criteria for admission to the University of Southern Colorado Honors Program:

1) Incoming freshmen to the University of Southern Colorado are invited to apply for the honors program if they graduated high school with a GPA of 3.5000 or higher and have attained a minimum ACT score of 25.

2) Undergraduate students already enrolled at USC with a minimum grade point average of 3.5000 are invited to apply for membership in the honors program. Two letters of recommendation from faculty members at USC addressed to the honors program director are also required for admission into the honors program.

3) Transfer students with a minimum grade-point average of 3.5000 are invited to join the honors program. In addition, transfer students with a minimum grade point average of 3.5000 may transfer up to six hours of honors credit to the USC honors program with the approval of the honors director. Two letters of recommendation from faculty members at the student’s former institution addressed to the honors program director are also required for admission into the honors program.
4) Students who do not meet the requirements for regular admission into the honors program may apply for provisional acceptance. The academic standing of these students will be addressed after one regular (i.e., fall, spring) semester at USC during which time 12 credit hours, including one three-hour honors, must be completed. Students who meet the standards for the honors program will be granted full admission into the honors program at that time. If they fail to meet the standards, they will be denied admission.

5) Admission of non-honors students into honors courses is at the discretion of the honors director. Students are responsible for communicating their interest to the faculty member teaching the course in the form of a letter detailing their interests and/or expertise in the topic. The student's letter will also outline his/her plan of study for the course, which will be filed with the honors director. Non-honors students may enroll in a maximum of two honors courses. They may, however, apply for admission to the honors program if their overall grade-point average and their honors coursework are commensurate with the general standards for admission.

6) Students enrolled in the honors program will be placed on probation if their overall grade-point average falls below 3.500 or their grade-point average in honors courses falls below 3.0000. Students placed on probation will have two semesters in which to bring their grade-point average to acceptable levels. If they fail to do so within this time period, they will be suspended from the honors program.

HONORS CURRICULUM

1) To graduate with honors designation the candidate must complete 18 credit hours consisting of the following course work:

   Introduction to Honors Seminar .......................... 1
   Honors general education courses ......................... 6
   Honors upper-division courses ........................... 6
   Senior Seminar ............................................. 3

2) A student in the honors program may complete a minor in honors, consisting of the following 22 credit hours:

   Introduction to Honors Seminar .......................... 1
   Honors general education courses ......................... 9
   Honors upper-division courses ........................... 3
   Senior Seminar ............................................. 3

3) Honors courses are of three types: (1) honors sections of standard courses already contained with the university's curriculum; (2) honors courses developed specifically for honors students; and (3) contract honors courses. A maximum of three hours of contract honors courses will be credited toward graduation with honors. A maximum of six hours of contact hours courses will be credited toward graduation with a minor in honors. Honors students wishing to take contract courses are responsible for contacting individual faculty members to work together to develop a written plan of study, which must be submitted to the honors director for final approval.

Co-curricular Requirements
Honors students are encouraged to join various honor societies at USC including Alpha Lambda Delta, a freshman honor society; Alpha Chi, and Phi Kappa Phi for juniors and seniors; and departmental honor societies.

Outcomes Assessment Activities
Student portfolios are compiled by the office of the honors director for each freshman entering the honors program. The portfolios are maintained in the honors program office and include, but are not limited to, the following assessment items:

- the student's initial application to the program, including ACT or SAT scores, high school GPA, class rank, hobbies, awards and intended major;
- co-curricular inventories including evidence of awards, presentations, student government involvement and participation in campus organizations;
- selected examples of writing;
- the honors project; and
- an updated list of the honors courses completed and the grades received.

MASS COMMUNICATIONS DEPARTMENT

CHAIR: Orman
FACULTY: Anderson, Ebersole, Joyce, Miller, Mullen, Pavlik

The mass communications department supports the polytechnic role and mission of the university through the introduction and use of technology, while maintaining deep traditional ties within the College of Humanities and Social Sciences. The department offers a pragmatic and professionally oriented program aimed at preparing majors for successful careers in the media and related areas while fostering the essential ethical and aesthetic foundations to make those careers meaningful.

The major in mass communications leads to the degrees of bachelor of arts (BA) and bachelor of science (BS). A degree in mass communications leads to careers in reporting, editing, broadcast news direction and production, public relations, advertising and video production.

USC TODAY, the university's weekly newspaper, is published each Wednesday of the regular academic year as a laboratory tool of the mass communications department. The newspaper serves the students, faculty and staff of USC in addition to the Pueblo community. Editorial and management positions are awarded each semester after review of all applications from qualified students.

The newspaper is funded through advertising revenue. The newspaper's editorial and advertising advisers are members of the mass communications faculty.
KTSC-FM is licensed to USC as an educational radio station by the Federal Communications Commission. Operated by the mass communications department, the 10,000-watt station serves a 50-mile radius of the campus. Advanced mass communications students are involved in daily programming, production, and news. Prerequisites: Declared major or minor in mass communications, MACOM 224 and 260.

USC's Public Broadcasting System affiliate, KTSC-TV, provides laboratory training and on-campus jobs for television students. Prerequisites: Declared major or minor in mass communications, MACOM 226 and 260.

Department Goal
The primary goal of the mass communications department is to offer a pragmatic and professionally oriented program aimed at preparing majors for successful careers in the media and related areas.

Expected Student Outcomes

General Requirements
- Majors are required to specialize in one of four emphasis areas offered by the department:
  News-Editorial
  Journalism
  Telecommunications
  Public Relations or Advertising
- Successful mass communications majors will demonstrate sufficient knowledge, comprehension and analytical skills by the ability to evaluate specific communication events in the proper context of their emphasis area.
- Each mass communications faculty member will keep, in the mass communications department’s central file, a set of examination materials as well as all course outlines or syllabi that list the objectives and skills achieved during the semester. This central pool of materials describes the detailed expectations and accountability elements for the mass communications major on a course-by-course basis.
- Together with faculty advisers, students enrolled in the mass communications program should complete all required lower-division courses (100-200 level) by the end of the sophomore year in the program. Upper-division students (300-400 level) must have special permission to enroll in lower-division courses.
- Writing skills form the basic platform for the entire program of mass communications at USC. Students are required to maintain a minimum grade-point average of 2.5000 through a prerequisite sequence of writing classes beginning with MACOM 201, 202, 222, and 223 as appropriate to the selected emphasis area. Courses must be satisfactorily completed before advanced work in an emphasis area will be approved.
- Consistent with general USC policy, no student enrolled in mass communications courses may accumulate unexcused absences, or arrive late for scheduled classes more often than five percent of the total number of scheduled contact hours without penalty.
- The mass communications department believes that grades are valid quantitative indicators of student performance. Students’ GPAs in the major or minor will be used by emphasis area advisers for both formative and summary evaluations of majors and minors.
- Students graduating with a degree in mass communications must achieve a total grade-point average of 2.5000 within the major. The GPA will be calculated on all courses with the MAOM prefix appearing on the student’s transcript.
- Students graduating with a degree in mass communications should pass all mass communications emphasis courses with a grade of C or better, but total grade-point average is the major criterion.
- While it is necessary for mass communications majors and minors to meet the minimum GPA standards set by the department and the university, it is expected that graduates will exceed these standards.

| **TOTAL**     |                                      | **23**  |
Co-curricular Requirements

1) The thrust of the mass communications department is pragmatic, therefore, all students are encouraged to be involved in opportunities provided by participation in the following media labs:
   - Advertising
   - Desktop Publishing and design
   - USC TODAY newspaper
   - KTSC-FM (campus radio)
   - KTSC-TV (campus PBS affiliate)
   - USC Communiqué (alumni/foundation newsletter)

The media labs provide the necessary entry to strongly suggested field experience programs. Field placements are not required, but students may earn up to eight credit hours in such internships.

2) In addition, mass communications majors and minors are encouraged to join and participate in additional co-curricular activities on campus and through community and university projects. Such organizations might include:
   - Society of Professional Journalists
   - Sigma Delta Chi or Public Relations Student Society of America.

Outcomes Assessment Activities

Each mass communications major or minor is required to complete a diagnostic writing sample during the first year on campus and preferably during the assessment period established in Career Orientation, (MACOM 110). Writing samples will be evaluated through blind review, scored, and returned to the student. A copy of the writing sample will initiate the student's academic portfolio.

Each mass communications major or minor is required to maintain an academic portfolio of all salient work or projects completed while in the department.

The expectations and requirements for the academic portfolio are described for each student during the Career Orientation class required of all mass communications majors and minors. The portfolios are proctored by the emphasis advisers and progress is monitored during advisement. The department chair, in collaboration with emphasis advisers, will review and evaluate a selection of portfolios in the spring of each year to track student progress.

The mass communications department insists that the academic portfolio demonstrate a pattern of sustained academic growth and development of the major and minor, appropriate to the student's emphasis area.

A student may be required to participate in an exit interview during his or her final semester. Students are selected on a random basis from enrollments in the department's capstone course, Mass Media Seminar.

The academic portfolio should reflect the quality and level of intellectual and scholarly work undertaken by the student while in the department, relative to the qualitative, quantitative, ethical, legal and aesthetic dimensions of the field. The appropriateness of the content is dictated by the student's emphasis area and is prescribed by the individual's adviser.

All academic portfolios will remain in the department's central files for two years after the student's graduation, to enable qualified persons to determine how well student performance measures up to program goals. The graduate can claim the material after that period. The department will continue every effort to track graduates in order to gather further indicators of success.

MUSIC DEPARTMENT

CHAIR: Beck
FACULTY: Brewer, Cedrone, Duncan, La Reau, Markowski, Muller

It is the mission of the music department to instill in students an understanding of both traditional and technological musical approaches as a basis for aesthetic, ethical, social, academic and cultural ways of thinking, creating/composing, improvising, performing and researching. The major leads to a degree of Bachelor of Arts (BA) with multiple emphasis areas: music education (K-12), music performance, and various liberal arts focus areas. Relevant skills, which provide excellent preparation for professional careers in teaching, the music industry, performance, composition, multi-media and music technology are emphasized. The department has been accredited by the National Association of Schools of Music since 1963.

Department Goals

- To educate students in the fields of music performance, education, theory, history and technology, and various focus areas of the ever-changing music industry.

- To develop increased aesthetic, global, and multicultural awareness, and the capacity to evaluate diverse music activities. Currently, two professional music tracks and multiple liberal arts focus areas address the above goals: professional degree in music education, professional degree in music performance, liberal arts degree in music. Under the liberal arts degree, the following are offered as career oriented tracks: conducting, church music, community musician, electro-acoustic/Experimental music, multi media/music technology, recreation/management, and music/business.

- The music curriculum prepares students with a knowledge of the various methodological systems contained within the broad field of music education and a knowledge of current and emerging pedagogical trends and paradigms directly affecting the teaching and performance of music. Students attend a variety of performances and are exposed to a diversity of musical experiences during their studies at the University. A minor in music is also available.

Expected Student Outcomes

General Requirements

- Students are required to complete all major and minor courses with a grade of C or better and to maintain a cumulative GPA of 2.5000 or better.
- A BA degree with an emphasis in music education K-12, music performance or the various liberal arts tracks are excellent preparation for a wide variety of careers and a large number of graduate programs, including those of major universities and professional schools and conservatories. Music majors must complete the department’s MUS 110 Career Planning in Music course and design an individualized career plan prior to the beginning of the senior year. The course also assists music minors in career choices.

- The ability to think across disciplines contributes significantly to the educational experience. Music majors must successfully complete an approved minor or area of concentration in a discipline other than music with a cumulative GPA of 2.5000 or better. For the music education emphasis, education is the appropriate minor.

- Literacy and quantitative skills are prerequisite to advanced study or careers. Appropriate academic music courses for majors will require students to demonstrate the abilities to compose, sequence and perform musical compositions at a computer/synthesizer workstation and to demonstrate basic word-processing skills.

- The attainment of minimum performance skills is required to participate successfully in an ever-changing and competitive world. The minimum Performance Standards, published by the USC music department, provide representative examples of music literature and repertoire and must be successfully completed for each of the musical areas of concentration. In addition, all music majors will be required to complete successfully the piano proficiency requirement.

- Knowledge of specific subject areas, as identified by the Colorado Department of Education and recommended by the National Association of Schools of Music, in music education, music theory, music history, music technology, and music performance will be measured through outcomes-testing. An organized portfolio for each student will be maintained by the music department.

**TOTAL 23**
**Co-curricular Requirements**
Prior to graduation, students must document evidence of participation in student music organizations, musical performance groups, music-related employment or experiences, or other activities related to the program of study in music.

**Outcomes Assessment Activities**
- Students must prepare a senior music thesis/writing project and give a performance recital or composition recital to a committee of peers and faculty no later than their penultimate semester of enrollment. The music thesis/writing project and/or musical compositions must be bound and the recital must be recorded for inclusion in the music department’s library collection.
- Students must document proof of having submitted for juridical criticism a minimum of three different projects and/or recitals before the end of classes in their final semester of enrollment.
- Advisers will supervise the development of portfolios for a cross section of music majors. Portfolios will contain evidence of the projects and recitals, and relevant curricular and co-curricular activities.

**Expected Student Outcomes**
A total of 42 hours in psychology is required for the major. Sixteen hours must be in the required core courses listed below, plus three upper division hours from each of the emphasis area (total nine), and an additional 17 hours in psychology to total 42 hours.

Psychology Emphasis 12, Electives 5; and Breadth 9 26

**TOTAL** 42

**Breadth Requirement**
Each student must select one upper division course from each of the three emphasis areas (educational/developmental, mental health and experimental) for a minimum total of nine hours to increase the breadth of the major.

**Emphasis Area**
Psychology majors are encouraged to choose one of three emphasis areas: educational/developmental, mental health or experimental. Students electing to complete an emphasis area must complete 12 credit hours from the courses listed. Students may request that the emphasis area completed be included in their college transcripts.

Each psychology major will be assigned a faculty adviser who will assist the student in selecting the additional hours of psychology courses to complete the major. A maximum of six credit hours of field placement and/or individual projects may be applied towards the psychology degree. Twenty-four hours of psychology courses must be upper-division credit hours (300 or 400 level courses). All courses counted toward the major require a grade of C or above.
Emphasis Area I
Educational/Developmental Psychology
(Select 15 credits)
PSYCH 242 Educational Psychology ........... 2
251 Infancy, Childhood & Preadolescence ........ 3
252 Adolescence, Adulthood & Aging ........... 3
335/335L Motivational/Lab ................. 4
351 Psychology of Exceptional Individual .... 3
353 Theory & Research in Development ....... 3
465 Behavior Modification ............... 3

Emphasis Area II
Mental Health (Select 15 credits)
PSYCH 231 Marriage, Family and Relationships 3
311 Theories of Personality ................. 3
321 Psychopathology .................. 3
381 Principles of Psychological Testing .... 4
463 Psychopathology of Childhood ...... 3
464/464L Counseling and Psychotherapy/Lab 4
465 Behavior Modification .......... 3
475 Group Process .................. 3
484 Diagnosis and Assessment ........... 3
494 Field Experience ................ 3-6

Emphasis Area III
Experimental (Select 15 credits)
PSYCH 314 Environmental Psychology .... 3
315 Organizational & Administrative Psych .... 3
331/331L Physiological Psychology/Lab .... 4
334/334L Perception/Lab ................ 4
337/337L Memory and Cognition/Lab ....... 4
* 352 Social Psychology ................ 3
410 Advanced Data Analysis ............. 3
466 Psychology of Biofeedback ......... 3

Specific Requirements for the Psychology Major
- A minimum grade of C in all psychology courses counting toward the major.
- A minimum of 24 credits of upper-division coursework in psychology.
- A maximum of six credit hours of field experience and/or individual projects may be applied towards the 35 hours required.

Specific Requirements for the Psychology Minor
- Twenty credits of psychology, which must include PSYCH 100 and nine credits of upper-division coursework. Credits in PSYCH 494 and 496 do not count toward the minor. A maximum of three credits for PSYCH 295/495 may count towards the minor if the project undertaken is research based.
- A minimum grade of C in all psychology courses counting toward the minor.

Outcomes Assessment Activities
In order to demonstrate attainment of outcome goals, the psychology major will, upon reaching senior status, begin assembling a portfolio consisting of relevant materials from the following list:
1) a research proposal (may include complete research, presentations, etc.);
2) a field experience description and evaluation;
3) individual project and evaluation;
4) resume including awards, honors and extra-curricular activities;
5) GRE results;
6) Major Field Achievement Test results;
7) complete transcript; and
8) a term paper or equivalent dealing with a theoretical psychological issue.

The portfolios will be kept in the office of the department chair for at least one year, to enable qualified persons to assess ways in which student work satisfies program goals.

SOCIAL WORK DEPARTMENT
Chair: Wintermute
Faculty: Baca, Gonzales, Hawkins, Lazzari

Social work is a professional field dedicated to helping individuals, groups, and communities meet basic human needs and to enhance their quality of life. The generalist curriculum, which leads to the bachelor of social work (BSW) degree, prepares students for employment in public and private agencies and community programs. The applied nature of social work practice builds upon a strong liberal arts base. Course work in the junior and senior year focuses on skill development and application in a 440-hour field placement. Students can select placements in a wide variety of settings such as hospitals, corrections facilities, child welfare agencies, community agencies, and mental health agencies, to name a few. The program also prepares students for admission to graduate programs, many of which offer USC graduates advanced standing or equivalent credit of up to one year. The program is accredited by the Council on Social Work Education.

The program also offers a collaborative MSW degree with Colorado State University, with a specialization in advanced generalist practice. Further information on the degree may be obtained by contacting the social work program faculty at USC.

SOCIAL WORK PROGRAM GOALS
The primary goals of the social work program are to:
- prepare students for entry-level professional social work practice;
- prepare students for graduate-level social work education; and
- maintain accreditation of the social work major as defined by the Commission on Accreditation, Council on Social Work Education.
General Requirements

- Graduates are expected to possess and demonstrate the generalist skills and knowledge necessary in beginning social work professional practice with an understanding and appreciation of the cultural diversity of the Southwest.

- Graduates are required to complete an approved program of courses described below with a minimum cumulative overall GPA of 2.0000, a minimum GPA of 2.5000 within the major, and no lower than a grade of C in every course required for the social work degree.

- Graduates are expected to demonstrate social work values and ethics in their work as professional students. Flagrant violation of the Code of Ethics may be grounds for dismissal from the program.

- Graduates are required to complete a minimum of 49 semester credit hours in social work courses (see specific courses listed below).

- Graduates are required to spend at least 440 hours of supervised field experience (included in credit hours stated above).

- Graduates are required to complete approximately 21 semester hours in courses that support the knowledge base and skills for social work.

- Majors must complete and have approved an upper level matriculation assessment prior to enrolling in 300 and 400 level courses.

Co-curricular requirements

Field placement: A minimum of 440 hours of field experience in a community agency under the supervision of an MSW social worker (SW 488, 489).

Outcomes Assessment Activities

- Field placement experience and evaluation, conducted in the senior year, is a major component of student assessment. The evaluation focuses upon the application and demonstration of knowledge and professional skills within the context of a community human service agency setting. Field evaluations are shared with students each semester of field placement and form the final assessment of competency for beginning professional social work practice.

- Periodic assessment of student admissions into graduate programs will be conducted.

- A representative sample of student portfolios, field placement evaluations and other supporting documentation will be maintained for a period of five years to assure the availability of a body of evidence that qualified external examiners might inspect.

SOCIOLGY/ANTHROPOLOGY/SOCIAL SCIENCE DEPARTMENT

Chair: Wright  
Faculty: Calhoun-Stuber, Forsyth, Gomme, Green, Hughes, Keller, Wells

The programs in sociology, anthropology and social science are intended to increase the student’s knowledge of social organization and social relationships, knowledge that can be applied to many career objectives in government and business.

Sociology is the study of human social behavior and is concerned with conditions such as crime and delinquency, family problems, social inequality, and organizations in contemporary industrial society. Sociologists are interested not only in understanding problems and social institutions, but in resolving problems.

As an applied program, the major prepares students to work in a wide variety of occupations, including education, government, business, industry and private human service agencies. They are employed in such areas as health care, youth services, drug rehabilitation, law enforcement, corrections, probation, and counseling. Students may receive a general sociology degree, or they may specialize within the criminology emphasis area and receive a sociology/criminology degree.
The major in sociology leads to the bachelor of arts (BA) and the bachelor of science (BS). The BS is designed for those pursuing an applied, career-oriented program, while the BA requires a foreign language. Both degrees prepare students for graduate studies and applied careers.

The sociology program offers a masters in criminal justice (MCJ) degree in collaboration with the University of Colorado-Denver. A complete description of the MCJ degree is available in the section on Graduate Programs in this catalog. Further information may be obtained by contacting the sociology program faculty at USC.

The anthropology minor provides students with an informed understanding of the cultural diversity evident in human societies and the concepts by which anthropologists explain cultural dynamics. The program emphasizes a holistic awareness of the relationships of all the parts of social and cultural systems. The program prepares students to understand anthropological methods and theories and to apply them to academic as well as to life experiences.

SOCIOLOGY PROGRAM GOALS

- Graduates will be able to compare and contrast the major theoretical perspectives that inform modern sociological analysis.
- Graduates will be able to apply a range of research methods in conjunction with sociological theory in order to explain and analyze complex social relations and organizations.
- Graduates will be able to apply social analysis to the substantive social area of their emphasis: criminology or general sociology, and will be able to present findings in a clear, understandable and concise manner.
- Graduates will be able to engage in critical thinking about the relationship between social and personal experiences.
- Minors will have an understanding of the significant theories, issues and methodologies of the discipline.
- Minors will have an understanding of the impact of social processes and institution on personal experiences.

Expected Student Outcomes

**General Requirements**

- Successful completion of the sociology core;
- Successful completion of the general or the criminology emphasis areas;
- No grade below a C in sociology courses is acceptable for the major or the minor; and
- Completion of at least 36 credit hours in approved sociology courses.

| 494   | Field Experience                       | 3 |

**TOTAL** 27

* Available as elective when not used for criminology core.

**General Emphasis**

Students will complete the above core (9 hours) and then will select at least 27 additional credit hours of sociology courses, which may include six hours from anthropology. Courses must be approved by the adviser. At least 12 hours must be upper-division courses (300-400 level).

**Specific Requirements for the Sociology Minor**

Minors in sociology require a minimum of 20 semester hours, of which six hours must be upper division. SOC 101 is required. No grades below C are accepted toward the minor.

**Co-curricular Requirements**

Generally there are no co-curricular requirements, although students with an emphasis in criminology are encouraged to complete an internship in a community corrections-type agency or program.

**Outcome Assessment Activities**

- Completion of all required courses.
- The department believes that grades are one valid indicator of the quality of student work. No grade below C will, therefore, be accepted toward the major or minor.
- Student achievement will be assessed in the outcome areas on the basis of a standardized national achievement test.
• For the sociology minor, grades will provide a valid measure of student performance. The department will examine and maintain records of grades of students minoring in sociology as one means of assessment.

ANTHROPOLOGY PROGRAM GOALS

• Students will be able to deal with intellectual problems and engage in critical thinking in a lucid fashion, reflecting logical inquiry and knowledge of pertinent information.

• Students will possess knowledge and experience of cultural and sub-cultural groups other than their own.

• Students will achieve an understanding of a spectrum of anthropological sub-divisions and will be knowledgeable in at least two areas.

Specific Requirements for the Anthropology Minor

The minor consists of 21 semester hours of anthropology courses; ANTHR 100 is required, and six hours must be upper division. The rest of the courses may be based upon the student's interest. No grades below C are accepted toward the minor.

Co-curricular Requirements

Students are encouraged, although not required, to engage in field-site or off-campus anthropology field experiences.

Outcome Assessment Activities

• The assessment of anthropology students' progress is a continuing process from matriculation to graduation. Progress will be documented in portfolios maintained for selected minor students.

• Portfolios of selected students in the program will be maintained during the course of their program.

SOCIAL SCIENCE PROGRAM

The interdisciplinary major in social science leads to the degrees of bachelor of arts (BA) and bachelor of science (BS).

Social scientists study people and social institutions, especially the relationships and impacts they have with and on each other. Their research provides insights that help in understanding the ways individuals and groups make decisions, exercise power or respond to change. Social scientists gather and analyze data, interpret it and make it meaningful and useful for application in dealing with human problems.

Employment has traditionally been in the academic area; however, as the economy changes from an industrial to a service-oriented system, a greater need for “people-oriented” specialists is developing. Job opportunities in applied fields include areas such as program administration, and evaluation and research in both the public and private sectors. Related careers are teaching, planning, law, archives, museology and mass communications.

Program Goals

• To prepare students to function as knowledgeable and responsible individual citizens in society;

• To prepare students for the world of work exercising professional competence in their specific career;

• To prepare students for a role of leadership within the broader society; and

• To maintain accredited status with NCSS.

Expected Student Outcomes

General Requirements

• No grade below C is acceptable in the major or minor.

• A prerequisite of a 2.5000 cumulative GPA in the major is required for student teaching.

• General education requirements K3, K4, K5, K6, are met by the social science core requirements.

• Proficiency in writing coherent and accurate essays on specific topics within the discipline is required. Such proficiency will be demonstrated in those major courses with a specific writing component.

• Students in the elementary and secondary education tracks must demonstrate the abilities to communicate knowledge in various areas of the discipline, to analyze and evaluate information contained within the disciplines, and to coherently organize the information and to work in group situations.

Specific Requirements for the Social Science Major

TOTAL 48

Courses must be chosen in consultation with a social science adviser. For teaching endorsement requirements, see the Center for Teaching and Learning section of this catalog.
Specific Requirements for the Social Science Minor

- Completion of 24 semester hours in four of the disciplines in the eight areas of the social sciences including either POLS 150, Human Experience; or SOCS 151, Society and Technology; and
- Proficiency in writing coherent and accurate essays on specific topics within the minor course work taken.

Outcomes Assessment Activities

Preparation of a portfolio on randomly selected freshmen to be added to during their career at USC. Portfolios will contain academic transcripts, major papers written for some courses in the major, co-curricular data and other pertinent data.

SPEECH COMMUNICATION AND THEATRE DEPARTMENT

CHAIR: Sherman
FACULTY: Epstein, O’Leary, Plonkey

The department of speech communication and theatre aims to enhance students’ knowledge and skills of verbal expression to acquaint students with significant works of rhetoric and drama; to cultivate their aesthetic appreciation for discourse and for drama; and to develop skill in analyzing, composing, expressing, interpreting, and evaluating discourse and dramatic art. Teaching and speech pathology are two careers that normally grow out of the major, which also is suitable for employment emphasizing communication skills.

The major in speech communication leads to the degrees of bachelor of arts (BA) or bachelor of science (BS). Students completing an emphasis in communication disorders will receive the BS degree. Students completing the emphasis areas in general speech communication or theatre will receive the BA degree.

Students in speech communication participate actively in extracurricular activities closely integrated with the academic curriculum. Communication disorder students complete required observation and clinical clock-hour assignments, under qualified supervisors, in schools, hospitals and clinics in southern Colorado. Open to all students, regardless of their majors, SPCOM 115 and 315 provide experience both in inter-collegiate competition and in community service. In the forensic program, students may participate in debate, dramatic reading, interpretation of literature, and other individual and group events. Theatre productions seek to provide public performances of the highest quality to the university, the community and the region. Performances include one-act plays, major dramatic productions, musical comedies and children’s plays which provide experience in technical theatre, production, and performance.

Department Goals

- Prepare students for a career in communication disorders.
- Provide students with a liberal arts approach to speech communication.

Expected Student Outcomes

General Requirements

- All majors must complete a set of required courses (the core), and declare an emphasis area from the following list: general speech communication, theatre, speech communication education, communication disorders.
- No grade lower than C will count toward the major.
- All majors must successfully complete a minor.
- Successful majors will be capable of analyzing, synthesizing, interpreting, evaluating, and communicating ideas in public.
- Successful majors will be able to engage in problem analysis, present a well-reasoned solution to a problem, and know the tests for evidence and reasoning.
- The graduate in speech communication will possess an understanding of the principles underlying the discipline generally and the respective emphasis areas. Such understanding would include knowledge of specific aesthetic and ethical values as they apply to the speech act, factual knowledge about human speech, and the literary remains of man’s significant speaking efforts.

Specific Requirements for the Speech Major

SPCOM 103, Speaking and Listening, or its equivalent, is a prerequisite for all courses above the 100-level.

Speech Core Courses | Title | Credits
--- | --- | ---
SPCOM 211 | Public Speaking | 3
SPCOM 231 | Oral Interpretation | 3
SPCOM 261 | Voice and Diction | 3
SPCOM 493 | Seminar | 3
**TOTAL** | **12**

General Speech Emphasis

SPCOM Electives in general speech or theatre | 20
A minimum of eight semester hours must be upper division.

The majority of the elective hours must be in general speech or theatre. A maximum of two credits of SPCOM 115 and one credit in SPCOM 315 may be included toward the major or minor.

Communication Disorders Emphasis

| Courses | Title | Credits
--- | --- | ---
SPCOM 250 | Intro to Communication Disorders | 2

**TOTAL 26**

**Specific Requirements for the Speech Communication Minor**

The minor in speech communication consists of 20 semester hours of curriculum offerings, six of which must be upper division. A minor is designed to meet the specific needs of the student and must be planned with the assistance of an adviser and approved by the department chair.

**Specific Requirements for the Theatre Minor**

The minor in theatre consists of 20 semester hours of curriculum offerings, six of which must be upper division. Required are TH 111 or TH 216, TH 131 and TH 135 plus four credits of Company Class which are usually taken one per semester for four semesters. No more than four hours of Company Class may be counted for the minor in theatre.

**Co-curricular Requirements**

The speech and theatre faculty believe that speech communication graduates must have co-curricular experiences that complement and reinforce the curricular experiences; therefore, graduates must document evidence of successful participation in forensics, Company Class, student organizations, clubs, jobs, or other activities related to the program of study in speech and theatre.

**Outcomes Assessment Activities**

- All majors and transfer students will be pre-tested as follows:

  1. The speaking ability of all USC students declaring a speech communication major will be evaluated in one of the speech or theatre courses they are enrolled in at the time they declare the major. The evaluation will be based upon a classroom presentation.

  2. The speaking ability of all transfer students declaring a major will be evaluated in the same way. Additionally, the final grade earned in an introductory speech or theatre course at the student's previous school will be considered.

- The speech communication/theatre faculty believe that grades are a valid record of students' progress. All majors and minors are therefore required to complete work in the major or minor at a grade level of C or better; no lower grades will count toward the major or minor.

- A central file of syllabi, assignments, and exams, revealing how they are adapted to program objectives, will be retained in the departmental office for inspection by qualified persons.

- Each student's major adviser will keep a record of the student's work in a folder. The record will include a list of completed course work, and a sample of the student's writing prepared for a freshman, sophomore, junior, and senior level course, preferably distributed over four academic years. Folders of all majors and minors will be retained for a minimum of two years to enable qualified persons to assess student performance in meeting program goals.

- In SPCOM 493, Seminar, all majors will demonstrate their ability to complete a scholarly paper in correct English, and to present and defend its findings orally.

- Graduating seniors will complete a rating form that will indicate their reactions to department courses they have taken. They will also complete relevant essay questions indicating their satisfaction with the overall department operations and procedures.

**WOMEN'S STUDIES**

The women's studies minor is designed to acquaint students with the current scholarship on women. The minor is interdisciplinary and multicultural, encompassing classroom and experiential learning, encouraging students to examine relevant questions and issues from a range of perspectives.

**Specific Requirements for the Women's Studies Minor**

BIOLOGY DEPARTMENT

CHAIR: Osborn
FACULTY: D. Caprioglio, H. Caprioglio, Diawara,
Dorsch, Farris, Gonzales, Herrmann,
Martínez, Murray, Seilheimer, Thomas

The major in biology leads to a bachelor of science (BS) degree. The biology major is sufficiently flexible for students to prepare for a wide variety of professional careers and carefully supervised career planning is a fundamental concern of the program.

The student majoring in biology may plan to enter the workplace or continue study in graduate school as a professional biologist, or may elect to follow any of the following pre-professional programs: pre-chiropractic, pre-forestry, pre-optometry, pre-occupational therapy, pre-pharmacy, pre-physician assistant, pre-podiatric medicine, pre-veterinary medicine, pre-dentistry, pre-medicine or pre-osteopathic medicine. Frequently, a pre-professional program involves a combination of majors or a major and minor. For example, many pre-medical students choose a double major in biology and chemistry. Each of the pre-professional programs has an adviser who can provide detailed and current information about the undergraduate work which the student should pursue to provide the foundation necessary for later entry into a professional school. The student should contact the specialized adviser as early as possible. A list of advisers is available in the departmental office.

The university has a guaranteed transfer agreement with the College of Forestry and Natural Resources at Colorado State University (CSU) in pre-forestry and pre-wildlife management. A student who successfully completes the two-year program at USC with a minimum 2.5000 grade-point average is guaranteed transfer to the baccalaureate program at CSU. Grades of D and F do not transfer.

Biology majors also may seek teacher certification at either the elementary or secondary level. Each student should obtain a written description of specific degree requirements from the appropriate adviser. Biology students who are considering attending graduate school should take one year of a foreign language and should plan to take the Graduate Record Examination during the senior year.

The biology department also offers several emphasis areas. A few are described below.

The specialization in environmental health is designed to meet the curriculum recommended by the Accreditation Council of the National Environmental Health Association. Satisfactory completion of the curriculum leads to a BS degree in biology.
The emphasis in biotechnology is available to students interested in professions and/or graduate schools which require specialization in molecular biology, industrial microbiology or genetics.

The emphasis in medical technology is available to students majoring in biology and stresses microbiology, immunology, parasitology and chemistry. In the senior year, students apply for admission to a hospital school of medical technology, and after receiving the degree from USC, spend a one-year internship in hospital clinical laboratory practice. At the completion of the internship the student sits for a certifying exam and is registered as a medical technologist.

The sports medicine emphasis is an option within the biology major together with a minor in kinesiology. The emphasis requires 73 credit hours. Upon completion of the program, the student is prepared for the National Athletic Trainers Certification Test and a career as a certified athletic trainer. Graduate school options in physical therapy and sports medicine are available to graduates and will enhance the earning potential significantly.

Department Goals
- To prepare students to become productive, accountable and responsible employees upon entering the work force.
- To prepare students to enter graduate or professional schools.
- To develop in students a broad-based theoretical foundation supplemented by laboratory and field exercises that allow individual observations, inferences and hands-on experience.
- To allow those students seeking a minor in biology to supplement and reinforce the major field of study.

Expected Student Outcomes

General Requirements
- Students graduating with a BS in biology must have at least a cumulative GPA of 2.0000 in the major area. A cumulative GPA of 2.5000 in the major area is required for admission to the teacher education program.
- Graduates are required to demonstrate intellectual skills and knowledge in math and supporting sciences.
- Graduates are required to complete an approved minor outside the biology department.
- Biology majors are expected to demonstrate a knowledge of basic laboratory tools used in biology for observation and analysis, phylogenetic relationships, relationships between form and function, and population/ecological dynamics.

Biology graduates are expected to:
1) read critically, think about, and review historical and current literature in the biological sciences;
2) apply basic knowledge of the related fields of chemistry, mathematics and physics to problem-solving in biology.
3) formulate logical hypotheses;
4) design and carry out well-designed, well-controlled tests on scientific hypotheses;
5) have a knowledge of basic biology terminology;
6) have a broad-based background in molecular, cellular and organismic biology; and
7) find information and present it in oral and written reports.

Specific Requirements For the Biology Major

TOTAL 23

Co-curricular Requirements
There are many opportunities to participate in experiences that will complement and reinforce a student's academic experience. The activities may be either on- or off-campus and may be used to develop leadership and interpersonal skills. The faculty of the biology department actively encourages student participation in such activities.

Outcomes Assessment Activities

Biology Majors
Assessment of students' improvement in intellectual skills, knowledge and capacities from entrance to graduation will be accomplished through the use of several tools. Exams will be used as one measure of the student's proficiency in writing skills, acquisition of knowledge, problem solving and laboratory skills. All majors will take a Senior Seminar that requires oral and written presentations. Seniors will also take the Biology Field Achievement Test which measures USC students against the national norm. In addition, each biology major will develop a portfolio, the responsibility of which will be shared by the student and the adviser. The portfolio will be completed as part of the senior-level career planning course and then reviewed by the student's adviser or another faculty member.

Examples of material that may be included in a portfolio are:
- ACT scores, high school transcripts and college transcripts;
- samples of homework, quizzes, examinations, research reports and lists of developed skills;
- examples of writing, both from the required English courses as well as reports required by courses in life sciences;
- certificates, awards, honors and evidences of co-curricular activities; and
- scores from appropriate examinations such as the GRE, MCAT, DAT, ETS, College Base.

Biology Minors
- The faculty of the biology department believes that the course grade would be a measure of the student's grasp of the basics of the course material.
- A written report will be required in an upper-division class.

CHEMISTRY DEPARTMENT

CHAIR: Proctor
FACULTY: Bonetti, Drueling, Mahan, Saul, Vorndam, Wilkes

The major in chemistry leads to a bachelor of science (BS) degree and the chemistry curriculum is approved by the American Chemical Society.

Chemistry is a foundation science for many professions and graduates with degrees in chemistry find employment in such diverse areas as biotechnology, health sciences, agricultural and environmental fields, transportation industries, the semi-conductor industry, teaching and research. Consequently, the chemistry department provides students with a number of diverse program options to assure each student a sound education in the fundamental areas of modern chemistry as well as valuable educational versatility.

In addition to curricula for students who wish to pursue chemistry as a profession, programs can be designed for pre-professional areas including pre-pharmacy, pre-medicine, pre-dentistry and pre-veterinary medicine.

A core curriculum for the major exists and many options are open to students to combine other interests with a major in chemistry. For example, while medical schools do not mandate any particular major for entering students, biology and chemistry have been the leading majors of students entering medical school. The requirements for a pre-medicine/chemistry major are the same as for the chemistry major option. Additionally, the student must complete specific courses required by the medical schools to which they are applying. It is recommended that pre-medical and other pre-professional students coordinate the program with the appropriate pre-professional adviser, as well as the chemistry adviser, to assure that specific course requirements are completed.

The chemistry department strives to provide intellectual and professional training for students in the field of chemistry and in support of the American Chemical Society charter "to encourage in the broadest and most liberal manner the advancement of chemistry in all its branches; the promotion of research in chemical science and industry, the improvement of the qualifications and usefulness of chemists through high standards of education to promote scientific interests and inquiry."

Program Goals
- To prepare graduates in the discipline of chemistry to become productive members of the profession
whether they go into industry, post-graduate education or other areas.

- To prepare students in the verbal, written and quantitative skills that are prerequisite to advanced study or careers in chemistry.
- To prepare students in the theoretical principals of chemistry as well as in the laboratory approach to problem solving.
- To maintain approval of the chemistry curriculum as defined by the American Chemical Society, Committee on Professional Training.
- To provide the opportunity for a variety of educational programs through the following options:
  1) basic chemistry
  2) ACS certified curriculum
  3) biochemistry
  4) double major
  5) engineering/chemistry
  6) chemistry/teacher certification
  7) chemistry minor

Expected Student Outcomes

General Requirements

- Students majoring or minoring in chemistry are required to have a cumulative GPA of 2.0000 or better in their chemistry courses.
- Proficiency in physics, math and computer science is essential for understanding and applying chemical principles; therefore, graduates must complete approved math, physics and computer science courses with an overall GPA of 2.0000 or better.
- The ability to think across disciplines contributes significantly to the educational experience as well as the application of chemistry as a profession; therefore, graduates must successfully complete an approved minor or area of concentration such that the overall GPA is 2.0000 or better.
- Transfer students are required to earn a minimum of 20 semester credit hours in approved chemistry courses from USC for graduation with a BS degree in chemistry. Transfer students wishing to minor in chemistry must earn a minimum of 10 of the 20 credit hours required at USC.
- Students will be required to successfully complete American Chemical Society exams in general chemistry, organic chemistry and analytical chemistry during the course of the chemistry degree curriculum.
- Students will be required to take an exit examination during the senior year, covering the undergraduate chemistry curriculum.
- Chemistry graduates are expected to:
  1) understand the concept of and be able to apply the scientific method to problem solution;
  2) understand classifications of chemical compounds, general reaction types and quantitative aspects of stoichiometry as applied to chemical reactions;
  3) apply basic knowledge of related fields such as mathematics and physics to problem solving, methods of analysis and use of numerical data in the chemical sciences;
  4) demonstrate a knowledge of basic laboratory skills, methods and equipment used in chemistry for observation and analysis of chemical systems;
  5) read, think and write critically and review current literature in the chemical sciences; and
  6) exhibit a comprehensive knowledge of the fundamental theories, concepts and skills necessary in the chemical sciences.

Specific Requirements

The following common core is required for all of the chemistry options for the bachelor of science degree:

**Upper-division Electives 10**

**Total credit hours 183 - 140**
Co-curricular Requirements
Students should experience co-curricular activities which enhance, broaden and reinforce the academic experience; therefore, the faculty support and encourage students to participate in science-related, as well as in general activities such as:

1) science or chemistry clubs
2) student government
3) scientific meetings, seminars, symposia, field trips, tours, etc.

Outcomes Assessment Methods

- Assessment of chemistry majors occurs through examination of GPA in required courses. Majors are required to maintain a 2.0000 GPA in major and minor courses as well as in other required courses.
- Students are required to complete American Chemical Society national standard exams in general chemistry, organic chemistry, analytical chemistry and physical chemistry during the course of the chemistry degree curriculum. Scores are compared to national averages to determine if students exhibit a comprehensive knowledge of the fundamental theories and concepts necessary in the chemical sciences disciplinary areas.
- Students are required to take an exit examination during the senior year and the ETS Major Field Examination, covering the undergraduate chemistry curriculum. Scores are compared to national averages to determine if students exhibit a comprehensive knowledge of the fundamental theories and concepts necessary in the chemical sciences overall.
- Faculty advisers maintain complete files on each student. The files contain specific examples of work completed and are reviewed at the end of the sophomore year and during the year of graduation for the purposes of advisement and evaluation of appropriate progress through the curriculum. Upon graduation, the contents of the file revert to the student. However, a copy of the file is maintained in the department for a period of five years in order to track the careers of graduates.
- The file evaluations provide an analysis of how well student outcomes are being met.
- The file evaluations provide an advisement tool for faculty advisers to facilitate proper sequencing of courses and to check for any deficiencies in the student's program.
- The files can be used by the student for the purpose of generating a resume and by the adviser for the purpose of providing reference letters for the student.

HUMAN PERFORMANCE AND LEISURE STUDIES DEPARTMENT
Chair: Aguilar
Faculty: Cockrell, Pino-Graziano, Shoji, Zarr

The major in kinesiology leads to the degree of bachelor of science (BS). Minors in kinesiology, physical education, coaching and recreation are available. Activity courses are open to all students.

Kinesiology majors may pursue three areas of specialization or emphasis which include: teacher certification with endorsements in kindergarten through twelfth grade physical education, sports management, and exercise science. Teacher certification requirements are met by completing the designated kinesiology program and the teaching endorsement requirements listed in the Center for Teaching and Learning section of this catalog.

The major in recreation leads to the degree of bachelor of science (BS) and prepares students for positions of leadership in a variety of recreational service agencies. Prospective employers include parks and recreation departments at the city, county, district and state levels as well as voluntary youth agencies such as the YWCA, boys' and girls' clubs and scouting. Additional areas of employment include recreation programs in the military, hospital, commercial, and industrial fields, employee recreation, or outdoor recreation.

Many recreation majors use extensive interdisciplinary studies to prepare for work in specialty areas such as human services and recreation for the physically or mentally disabled. Others prepare for program areas such as sports and athletics, social and cultural recreation programming, arts and crafts or other emphases.

KINESIOLOGY PROGRAM GOALS

- To prepare students to become productive, accountable and responsible employees upon entering the work force.
- To prepare students to enter graduate or professional schools.
- To develop in students a broad-based theoretical foundation supplemented by laboratory and field exercises that allow individual observations, inferences and hands-on experience in teaching physical education.

Expected Student Outcomes

General Requirements
Majors are required to:

- complete an approved program of courses which is composed of a minimum of 48 credit hours with a cumulative GPA of 2.5000 or higher;
- earn a minimum grade of C in all major courses;
• complete a minor or approved area of concentration with a cumulative GPA of 2.0000 or higher;
• earn a cumulative GPA of 2.0000 or higher in the required English/speech communication courses;
• complete, with a grade of C or higher, a minimum of three term or professional papers that reflect facility in paper-writing in courses in the kinesiology major; and
• complete a computer-literacy course or present documented evidence of competency in computer application.

Kinesiology graduates are expected to:
1) demonstrate understanding of the philosophy and historical basis of the kinesiology/physical education discipline;
2) demonstrate skills and knowledge of specific activities such as team sports, individual and dual sports, dance, tumbling, perceptual motor learning, elementary activities and outdoor pursuits;
3) exhibit knowledge of the structure and function of the human organism both at rest and during movement through developmental, anatomical, mechanical, psychological and physiological perspectives;
4) exhibit ability to read and interpret scientific journal articles concerned with human movement and performance with an understanding of the scientific methods, statistics and design of the studies;
5) demonstrate knowledge and apply the skills of sound pedagogical principles and techniques significant to physical education. Identify significant concepts of management in the teaching environment;
6) display knowledge and skill related to first aid and care and prevention of injuries occurring from human movement/sport;
7) demonstrate knowledge of elementary and secondary physical education programs including adapted physical education with respect to current research and contemporary trends; and
8) identify knowledge and behaviors significant to coaching effectiveness along with general principles of kinesiology applicable in the athletic environment. Identify significant concepts of leadership and management relative to coaching.

* Required course in the major.

Any student receiving a grade of D or lower in a course in the major must retake the course until a grade of C or higher is achieved.

Co-curricular Requirements

The faculty of the human performance and leisure studies department believe that students must have co-curricular experiences. The activities may be either on- or off-campus and may be used to develop leadership and interpersonal skills.

Outcomes Assessment Activities

In addition to the assessment which is inherent in the general requirements, each kinesiology major must prepare a portfolio which includes:

- academic transcripts, resume, and completed placement file;
- samples of research papers as well as writing proficiency from reports required in human performance and kinesiology courses;
- a record of instructor comments of peer teaching performances; and
- documentation and evidence of co-curricular activities.

RECREATION PROGRAM GOALS

- To prepare students to become productive, accountable and responsible employees upon entering the work force.
- To prepare students to enter graduate schools.
- To provide students with a broad-based theoretical foundation complemented by extensive experiential learning exercises that allow individual observations, inferences and hands-on experience in the discipline of recreation.

Expected Student Outcomes

General Requirements

Majors are required to:

- complete an approved program of courses composed of a minimum of 54 credit hours with a cumulative GPA of 2.5000 or higher;
- earn a minimum grade of C in all major courses;
- complete a minor or approved area of concentration with a cumulative GPA of 2.0000 or higher;
- earn a cumulative GPA of 2.0000 or higher in the required English/speech communication courses;
- complete, with a grade of C or higher, a minimum of three term or professional papers that reflect facility in paper writing for courses in the recreation major; and
- complete a computer-literacy course or present documented evidence of competency in computer application.

Recreation students are expected to demonstrate:

- knowledge of the history and philosophy of leisure, recreation and parks in western society;
- an awareness of the scope of the leisure services delivery spectrum, including public, private and non-profit sector service providers in the major specializations of leisure, recreation and parks;
- an understanding of and an ability to conduct the recreation program planning process, including client assessment, setting goals and objectives, activity analysis and selection, program management and evaluation;
- skills and understanding of the leadership functions of recreation professionals, including interpersonal communication, trust building, power and influence, interpersonal conflict and its resolution, teaching and transference, and decision making;
• an awareness of the special populations that recreation programs and resources must accommodate; the implications of programming for each population, and specific agencies and legislation currently providing for each population;

• knowledge of the principal federal and state agencies providing parks and resource-based recreation opportunities in America, including the primary management policies and challenges;

• perspectives and competencies in applying principles of management to leisure services and resources, including the organization of agencies, personnel, fiscal and risk management and marketing;

• an understanding of philosophies, history, curricular elements and settings for outdoor education in America; and

• an understanding of current trends and issues facing the profession of leisure recreation and parks, an ability to read and interpret professional journal articles, and awareness of the primary professional organizations representing the field.

**Co-curricular Requirements**

The faculty of the human performance and leisure studies department believe that graduates must have co-curricular experiences that complement and reinforce the curricular experiences. Therefore, recreation majors must provide documented evidence of successful participation in jobs, clubs, student and professional organizations, or other activities related to the major field of study.

**Outcomes Assessment Activities**

In addition to the assessment which is inherent in the general requirements, each student majoring in recreation must prepare a portfolio which includes:

• academic transcripts, resume, and a completed placement file;

• three professional papers required in major courses which demonstrate writing proficiency; and

• documented evidence of successful participation in work, clubs, student organizations, or other activities related to the major field of study.

**PROGRAM GOALS FOR PHYSICAL EDUCATION MINOR**

• To provide a minor which complements a major course of study to enhance career opportunities for the graduate.

• To enhance preparation for further professional study, knowledge and activities included in physical education programs.

**Expected Student Outcomes**

**General Requirements**

Physical education minors will:

• complete a minimum of 20 credit hours, with a cumulative GPA of 2.5000 or higher in approved minor courses;

• earn a minimum grade of C in all minor courses;

• earn a cumulative GPA of 2.0000 or higher in the required English/speech communication courses;

• present documented evidence of successful writing skills as indicated by written assignments in academic course work;

• gain an understanding of the philosophical and historical base of physical education as a discipline; and

• gain competencies related to skills, knowledge and activities included in physical education programs.

**Co-curricular Requirements**

Physical education minors must show successful co-curricular experiences that complement and reinforce the physical education minor program.
PROGRAM GOALS FOR THE COACHING MINOR

- To provide a minor which complements a major course of study to enhance career opportunities for the graduate.
- To enhance preparation for further professional study.

Expected Student Outcomes

General Requirements

Coaching minors will:
- complete a minimum of 22 credit hours, with a cumulative GPA of 2.5000 or higher in approved minor courses;
- earn a minimum grade of C or higher in minor courses;
- earn a cumulative GPA of 2.0000 or higher in the required English/speech communication courses; and
- present evidence of successful writing skills as indicated by written assignments in academic course work.

Minors will gain:
- knowledge of the anatomical and mechanical principles of human movement;
- understanding of prevention, care and rehabilitation of athletic injuries;
- knowledge of coaching and officiating techniques in selected sports activities.

Specific Requirements for the Coaching Minor

Courses | Titles                                      | Credits
---------|---------------------------------------------|--------
HP       | First Aid                                   | 3      
KIN      | Anatomical Kinesiology                      | 2      
HP       | Training Room Methods                       | 2      
KIN      | Mechanical Kinesiology                      | 2      
HP       | Prog Administration in PER & A              | 3      

With the approval of the adviser, the student must select 10 credit hours from the following courses:

HP       | Skills & Tech of Ind. & Dual Spts          | 3      
HP       | Coaching & Officiating Football             | 2      
HP       | Coaching & Officiating Basketball          | 2      
HP       | Coaching & Officiating Track & Field       | 2      
HP       | Coaching & Officiating Gymnastics           | 2      
HP       | Coaching & Officiating Volleyball           | 2      
HP       | Coaching & Officiating Wrestling            | 2      
HP       | Coaching & Officiating Baseball             | 2      

TOTAL 22

Co-curricular Requirements

Coaching minors must show successful co-curricular experiences that complement and reinforce the coaching minor program.

Outcomes Assessment Activities

In addition to the evaluation inherent in the general requirements, coaching minors must prepare a portfolio which includes academic transcripts and information regarding successful writing skills and co-curricular experiences related to the discipline of physical education.

PROGRAM GOALS FOR RECREATION MINOR

- To provide a minor which complements a major course of study to enhance career opportunities for the graduate.
- To enhance preparation for further professional study.

Expected Student Outcomes

General Requirements

Recreation minors will:
- complete a minimum of 20 credit hours, with a cumulative GPA of 2.5000 or higher in approved minor courses;
- earn a minimum grade of C or higher in minor courses;
- earn a cumulative GPA of 2.0000 or higher in the required English/speech communication courses; and
- present documented evidence of successful writing skills as indicated by written assignments in academic course work.

Specific Requirements for the Recreation Minor

Courses | Titles                                      | Credits
---------|---------------------------------------------|--------
REC      | Recreation Program Planning                 | 3      
350      | Leadership and Supervision in Rec          | 3      
389      | Practicum                                   | 3      
481      | Outdoor Recreation Resources                | 3      
482      | Recreation Management                       | 3      

Recreation minor students must complete an approved emphasis track of six semester hours in one of the following areas: outdoor recreation, management, or community recreation.

TOTAL 21

Co-curricular Requirements

Recreation minors must show successful co-curricular experiences that complement and reinforce the recreation minor program.

Outcomes Assessment Activities

In addition to the assessment, which is inherent in the general requirements, each recreation minor must prepare a portfolio which includes academic transcripts and information regarding successful writing skills and co-curricular experiences related to the discipline of physical education.

PROGRAM GOALS FOR KINESIOLOGY MINOR

- To provide a minor which complements a major course of study to enhance career opportunities for the graduate.
- To enhance preparation for further professional study.

Expected Student Outcomes

General Requirements

Kinesiology minors will:
- complete 21 credit hours, with a cumulative GPA of 2.5000 or higher in approved minor courses;
- earn a minimum grade of C in all minor courses;
- earn a cumulative GPA of 2.0000 or higher in required English/speech communication courses; and
- present evidence of successful writing skills as indicated by written assignments in academic course work.

* May substitute BIOL 320 EMT for HP 232

**Co-curricular Requirements**

Kinesiology minors must show successful co-curricular experiences that complement and reinforce the kinesiology minor program.

**Outcomes Assessment Activities**

In addition to the evaluation inherent in the general requirements, kinesiology minors must prepare a portfolio which includes academic transcripts and information in regard to successful writing skills and co-curricular experiences related to the discipline of kinesiology.

**MATHEMATICS DEPARTMENT**

**CHAIR:** Chacon
**FACULTY:** Allen, Barnett, Bronn, Cruz, Derr, Gill, Johnson, Jones, Louisell, Lundberg, Nichols, Orr, Soto-Johnson

The major in mathematics leads to the degrees of bachelor of arts (BA) or bachelor of science (BS). A flexible curriculum allows students to prepare for graduate school, for teaching careers, or for employment in areas that require mathematics (such as actuarial science, computer science, engineering, and statistics). Faculty advisers work individually with mathematics majors and minors to design the programs of study. A list of advisers is available in the departmental office.

Students need to be aware that many mathematics courses have prerequisites. Thus, certain courses within each program must be taken in a particular order.

**Department Goals**

- To provide students with high-level problem-solving skills of a quantitative and statistical nature based on logical reasoning.
- To provide students with an understanding of the applications of mathematics in other areas such as computer science, economics and management, engineering, physical and life sciences.
- To prepare students for further study in graduate school.
- To prepare students for productive careers in the business world or in teaching.

**Expected Student Outcomes**

**General Requirements**

- All mathematics majors must complete the mathematics core curriculum: MATH 126, 207, 224, 307, 320, 325, 327, 350 or 356, 421, and 492. Majors are expected to complete courses at USC in the core numbered above MATH 325.
- All majors are required to complete a senior research project under the guidance of a faculty member, MATH 492.
- Mathematics majors and minors must complete the mathematics courses in their program with grades of C or better.
- All majors are required to complete an approved two-semester sequence in a laboratory science (BIOL 100/101L or 201/201L, or BIOL 100/100L and 202/202L, or CHEM 121/121L and 122/122L, or PHYS 221/221L and 222/222L).
- Mathematics majors must demonstrate proficiency in a computer language.

---

* Faculty advisers meet individually with students on a regular basis to help with schedule planning and to discuss the student's progress toward educational and career goals. Advisers maintain a record of each student's performance in his/her program of study.

* During the senior year, each major takes the Mathematics Field Achievement Test, the results of which give some measure of a student's achievement level in comparison with students at other schools throughout the country.

* Each mathematics major is required to complete a senior research project under the close supervision of a faculty member. Students must submit a formal written report on the results of the research. The report is to be prepared using a word processor and should not exceed 2,500 words. The research report should display the student's abilities to work independently, to think logically and creatively, and to express herself/himself in a clear and concise fashion.
NURSING DEPARTMENT

CHAIR: Steen
FACULTY: Brown, DePalma, Janos, Johnston, Miller, Sabo

The major in nursing leads to a bachelor of science in nursing (BSN) degree and prepares the graduate for the NCLEX licensing examination. Success in passing the NCLEX qualifies the graduate for entry into professional nursing practice as a generalist in a variety of health care settings. The educational program is fully approved by the Colorado Board of Nursing and is accredited by the National League for Nursing (NLN).

The curriculum is designed with prerequisite foundation courses at the lower division. Students enter the nursing sequence in the second semester of the sophomore year and must complete courses in a specified sequence. Course work in nursing focuses on the preparation of entry-level professional nurses who are able to provide caring and competent nursing care to clients based on the utilization of the nursing process in facilitating fulfillment of health-related human needs. Learning experiences are grounded in multi-theoretical perspectives which integrate diverse nursing roles and emphasize professional ethical accountability.

All required courses in nursing, general education, and the academic minor or area of concentration must be completed with a grade of C or above. Failure to maintain required grades will result in the student being ineligible to continue in the nursing program. Nursing courses must be repeated within one academic year from the date of unsatisfactory grades. Students who are not in continuous enrollment in nursing courses need to contact an advisor in the nursing department to formulate a plan to continue.

Admission to the university does not imply acceptance to the nursing major. Applications to the nursing program may be obtained in the nursing department or the Office of Admissions. Students are admitted to the nursing major based on grade-point average and successful completion of prerequisite courses. Nursing majors are assigned to a nursing faculty member for academic advisement. Requests for advanced placement through transfer or equivalent credit of nursing courses must be submitted in writing to the nursing department.

Registered Nurses with an associate degree or a diploma in nursing from a Colorado school or an NLN-accredited school may articulate to the baccalaureate nursing program without testing in nursing content areas. To earn the BSN degree, students complete non-nursing requirements and the equivalent of one year of full-time nursing course work.

Department Goals

- To provide quality learning experiences for nursing students which prepare graduates for practice as competent, caring, ethical and accountable entry-level professional nurses.
- To maintain the program curricula congruent with the expectations of health professional employers, accreditation bodies, needs of students and the resources of the university as evidenced by program adaptations based upon review of evaluation data and recommendations of the Nursing Department Advisory Board.
- To prepare associate degree and diploma RNs for baccalaureate nursing practice consistent with the Colorado Nursing Articulation Model.
- To collaborate with local and regional health care agencies in joint projects related to education of professional nurses.
- To maintain approval of the Colorado State Board of Nursing and National League for Nursing accreditation.

Expected Student Outcomes

General Requirements

- Practice nursing, using a human needs framework incorporating multi-disciplinary theories.
- Demonstrate entry level competence in providing nursing care to individuals, families, groups and communities.
- Employ critical thinking utilizing the nursing process and results of research to manage client care.
- Incorporate caring (commitment, compassion, conscience, competence, confidence) into professional nursing practice.
- Integrate nursing roles for professional nurses as defined in the Colorado Nursing Articulation Model.
- Facilitate effective, purposeful communication between self and others (peers, clients and other professionals) to promote common goals in diverse health care settings.
- Evaluate the influence of the complex interactions of multiple environmental factors of the formulation of health care plans to meet the health and safety needs of individuals, families and communities.
- Demonstrate behaviors which reflect professional ethics and accountability congruent with the American Nurses' Association (ANA) Code of Ethics and the ANA Social Policy Statement and state nurse practice acts in the provision of non-discriminatory nursing care to clients.

Institutional and General Education
Please refer to the General Education Requirements in the Undergraduate Programs section of this catalog or refer to your individual department's curriculum sheet.

Co-curricular Requirements
Nursing majors are expected to:

- conduct themselves in a manner that reflects the values of the profession. The guidelines for professional behavior are derived from two major sources: 1) the Colorado Nurse Practice Act, and 2) the ANA Code of Ethics, a statement of standards and ideals for nursing;
- participate in clinical practicums in various health care facilities and work with individuals and families with a variety of health conditions. Most of the clinical practicums are off-campus. Students are responsible for personal transportation to and from health care facilities for clinical experience; and
- function within health facility policies for patient care. Students must meet institutional health requirements.

Outcomes Assessment Activities

- Assessment of clinical competencies and evaluation tools;
- Individual and class scores in the NLN Comprehensive Nursing Achievement Examination;
- An End-of-Program Evaluation survey and a graduate follow-up survey of nursing graduates and their employers one year after graduation;
- Individual and class scores on National League for Nursing standardized exams;
- State Board Results (NCLEX) required of graduates prior to professional nursing practice as a registered nurse; and
- Student portfolios consisting of course and clinical projects, clinical evaluations tools, research proposals and scholarly papers.

PHYSICS/PHYSICAL SCIENCE DEPARTMENT

CHAIR: Graham
FACULTY: Spenni, Wallin

The major in physics leads to a bachelor of science (BS) degree. In addition, supporting courses and general education courses in physics and physical science are available for students with a wide spectrum of interests, backgrounds and needs. Physics majors must consult with a departmental adviser as early as possible and must file a departmentally approved plan of study by the beginning of the junior year.

The bachelor of science degree in physics is offered with several options.

Physics Option:
Primarily for students planning graduate study toward a professional career in physics, astronomy or other related fields.

Physics/Engineering Option or Electronics Engineering Technology Option:
For students planning to enter positions in industry upon graduation. Courses in engineering and technical electives enhance the utility of the graduate to potential employers.

Physics Options in Chemical Physics, Biophysics, or Mathematical Physics:
These options are designed to meet specific career objectives for an individual.

Physics/Teaching Option:
Provides students with the knowledge and skills necessary to obtain Colorado Department of Education certification as science teachers.

Under all of the above options, the recommended sequences of courses presume that the student is ready to begin MATH 126 in the first semester of the freshman year. If not, MATH 124 should be taken in the fall and MATH 126 in the spring of the freshman year concurrently with PHYS 221. Otherwise it may not be possible to complete the requirements for a physics degree within four years. Students, especially transfers, who do not strictly adhere to the plan of study may find that the term of attendance at USC will be extended beyond four years.

Physics/Physical Science Teaching Option:
This is a teacher certification program. Secondary teaching requirements include courses in the physical sciences and supporting areas. In addition to the basic requirements, 14 additional credits are required in one of the physical sciences along with appropriate courses in education. Students preparing to teach at the elementary level may use their broad-area subject matter preparation to meet the 14-hour requirement.

Minors also are available in physics and physical science for students who need a specialized science minor in these fields.

Department Goals

- To supply students with the necessary background to successfully pursue graduate study towards a professional career in physics, astronomy or a related field.
Physics / Physical Science

• To prepare students upon graduation to enter technical positions in government or industry.
• To provide students with the knowledge and skills necessary to obtain Colorado Department of Education Certification as science teachers of physics or physical science.

Expected Student Outcomes

General Requirements
• Students graduating with a BS in physics must have at least a 2.0000 grade-point average in physics courses and no more than four credits in physics with grades of D.
• Students graduating with a minor in physics must have at least a 2.0000 grade-point average in physics.
• A 2.5000 grade-point average in the major area is required for admission to the teacher education program.
• At least 12 physics credits applied to the major (seven for minor) must be earned at USC with a C or better average.
• Students must have earned a C or better grade in lower-division prerequisite courses before being admitted to upper-division courses in physics.
• Students must demonstrate a knowledge of computer programming.
• In all but the teaching options, majors are required to take the senior research course in which students become involved in a theoretical or experimental research problem relating to physics under the supervision of a department faculty member, and
• A fundamental understanding of chemistry and its lab techniques also is required of all majors in all options.

Co-curricular Requirements

The department faculty believes that students should have co-curricular experiences that complement and reinforce their academic experiences. Therefore, the faculty encourages students to join and participate in events sponsored by the department and the Society of Physics Students (SPS), Sigma Pi Sigma initiatives, physics expositions, picnics, graduation breakfast, potluck dinners, etc. to foster a spirit of camaraderie.
THE MALIK AND SEEME HASAN SCHOOL OF BUSINESS

Dr. Bart H. Ward, dean

Academic Departments

Economics

Marketing

Supervisory Management

Goals of the School

The mission of the Hasan School of Business is to provide quality business education for culturally diverse, traditional and non-traditional undergraduate and graduate students. The school places its priority on educational outcomes, and supports those outcomes with faculty participation in intellectual and service activities. Our curriculum and related activities provide business education and meet the needs of employers. The foundation of our educational programs includes contemporary business practices, management and leadership skills, lifelong learning capabilities, and global business awareness. The Hasan School of Business, in partnership with the community, seeks to enhance the economic well-being of southeastern Colorado.

Program Goals

Wherever possible the Hasan School of Business encourages graduates to obtain professional certification.

The Hasan School of Business graduates will be able to successfully compete for management training positions in large private firms or government units. They will have the business tools needed to be entrepreneurs. The knowledge and skills acquired in management can be used in human resource and production operations management. A finance degree prepares the graduate for positions in banking, real estate, and insurance. Marketing majors will be able to successfully promote and sell goods and services. The accounting degree will prepare graduates for immediate entry into business, government, and as Certified Public Accountants. Economics majors are particularly well prepared to enter graduate programs in business in addition to becoming management trainees.

The graduate should have a broad-based general education which accounts for 50 percent of the four-year business degree. The graduate should be able to communicate and to think logically and critically in a technological society.

The Hasan School of Business also offers a graduate program leading to a master’s degree in business administration. The degree of master of business administration is granted for the completion of a graduate program which 1) includes knowledge of the various functions of the business organization, and 2) synthesizes that knowledge into the practice of management. Students are expected to achieve an advanced understanding of the function of the executive and to develop a high degree of competence in transferring that knowledge to the actual work situation. See the Graduate Studies section of this catalog for more information.

Program Goals for the Hasan School of Business Minors

The purpose of the business administration minor is to provide students with an understanding of the fundamentals of accounting, economic and financial principles, and the basics of managing a business and marketing a product or service.

The economics minor is designed to provide students with an understanding of micro and macro economic principles, income distribution, and to apply such principles to current economic problems.

The goal of the minor in accounting is to provide financial and managerial accounting.

The goal of the marketing minor is to provide students with an understanding of how marketing activities, using a customer focus, can be used to sell products, services and ideas successfully.

The goal of the minor in supervisory management is to provide a basic understanding of the complexity of managing people in organizations.

A cumulative GPA of 2.0000 is required in the minor.

Course Waiver

The Hasan School of Business offers a "test out" course waiver for some business core courses, does not offer credit for life experience.

Expected Student Outcomes

General Requirements

Pre-business core (cumulative GPA 2.0000 is required to continue the business core)
All business students take the pre-business core. The core prepares students who are declaring a business major for general business knowledge and skills. The core also provides students with an understanding and appreciation for the intellectual discipline needed for the business program.

**Pre-Business Core**

**Business Core (cumulative GPA of 2.0000 required)**

All business students take the business core. The business core provides students with the common body of knowledge needed for imaginative and responsible citizenship and leadership roles in business and society -- domestic and worldwide. The business core also is designed to provide students with the opportunity to integrate their educational experience in business within a specific discipline and across disciplines.

**TOTAL 30**

*appropriate prefix

**Area Requirements**

- A cumulative GPA of 2.0000 is required to graduate, except in accounting, where a minimum grade of C in each major course is required (except for ACCTG 201 and ACCTG 202).
- All business students take a major core.
- Business/management students choose from one of four emphasis areas, each requiring a total of 24 hours. In economics, area requirements total 24 hours. In accounting, area requirements total 24 hours.

**Minor Requirements**

Business students who have chosen business management, economics or accounting majors have a business administration minor. However, students are encouraged to pursue a second minor outside the Hasan School of Business.

**Specific Curricular Requirements**

Students also must satisfy the university general education requirements, general institutional requirements, and have at least 128 total credit hours with a cumulative GPA of 2.0000 to graduate. The coursework over and above that necessary for the business degree requirements must be non-business courses. A second minor is recommended.

**Co-curricular Requirements**

Co-curricular activities are encouraged for all business students. Included are internships, student clubs, and seminar programs. Student clubs include:

- Student chapter of the Institute of Management Accountants
- Student chapter of the Society for Human Resource Management
- Marketing Club
- Omicron Delta Epsilon (Economics Club)
- Finance Club
- APICS (American Production and Inventory Control Society)
- Phi Beta Lambda
- Toastmasters

**Outcomes Assessment Activities**

**Student Portfolio**

The Hasan School of Business curriculum offerings are designed to help track each student's progress at various checkpoints through the establishment of a portfolio. The portfolios are kept in a central file in the Hasan School of Business, accessible to the administration, the student, the student's advisor, and the faculty of the school.

Each portfolio will contain items such as:

- the Hasan School of Business advising form;
- ACT or SAT test scores, with date;
- high school GPA and class standing, date of graduation, school, and location;
- records of club and organizational membership;
- MGMT 485, Management Strategies and Policies project-reports record and the designated discipline area 484, Senior Studies project-reports record and/or 480 Small Business Studies; and
- national standardized test results, if applicable.

**Advising**

Generally, students enter the business program during the sophomore year. The pre-business core is completed sometime in the junior year, and the business core is completed generally by the end of the junior year. Advisers assess the student's progress at each checkpoint, using the Hasan School of Business advising form.

**Department Files**

- The Hasan School of Business faculty measure achievement annually in each major and area of emphasis by administering (whenever one is available) a nationally standardized test. Results of such measurements are kept in a central file in the Hasan School of Business office.
• The Hasan School of Business compiles information to assess the success of graduates. Information is obtained from the USC alumni office, the Career Information Center, and other sources.

DEPARTMENT OF ACCOUNTANCY
CHAIR: Stratton
FACULTY: Bridges, Dicino, Regassa, Ward

The department offers two plans leading to the award of the baccalaureate degree. The 130-hour BSBA and the 154-hour joint degrees BSBA/MBA.

The major in accounting leads to the bachelor of science in business administration (BSBA) degree. The primary objective is to provide an academic program that covers the conceptual basis of accounting as well as the application of accounting doctrine in current accounting practice. The programs of study are functional in that they provide the broad base of knowledge required by the accounting profession.

The 130-hour BSBA Plan
This plan is designed to prepare students for professional careers in accounting. The program is accredited by the Colorado State Board of Accountancy. Students completing the program qualify to sit for the CPA examination under the requirements of Colorado law.

The Joint Degrees BSBA/MBA Plan
The BSBA with a major in accounting can also be earned through the joint BSBA/MBA program. Students qualifying for this rigorous program begin taking graduate level courses during their senior year and complete from 42-48 credit hours of graduate study. The program is designed for students interested in augmenting a rigorous study of accounting with the development of managerial leadership skills in preparation for high-level management careers. This program integrates the undergraduate accounting degree program with the masters in business administration program. Students are awarded both the BSBA and the MBA upon completion of both degree program requirements. Students graduating from the joint degrees program are qualified to sit for the CPA examination under the new 150-hour requirements enacted by most states and recommended by the American Institute of Certified Public Accountants.

Admission and Special Requirements for the Joint Degrees BSBA/MBA Plan for accounting majors
Students are required to take the Graduate Management Admissions Test (GMAT). An admission formula of 200 times the undergraduate GPA (4.0000 system) plus the GMAT score is used as an admission score. The undergraduate GPA must be based on a minimum of 75 semester hours of course work including ACCTG 301 and either ACCTG 311 or ACCTG 320. An admission score of 1,050 is used as a guide for admission to the plan. Students must also complete MGMT 310, FIN 330, and MKTG 340 prior to taking any 500-level MBA courses.

Departmental Goals
Students must demonstrate the knowledge or skills of:
• financial accounting and theory and practice, include revenue and expense recognition, valuation approaches, preparation and analysis of financial statements;
• cost and managerial accounting, including cost accounting, planning, evaluation, allocation, and budgeting processes;
• auditing, including the auditor’s report, audit evidence, internal controls and procedures; and
• accounting standard setting and the role of professional accounting organizations, government entities, and the various codes of ethics in the accounting profession.

Students following the joint degree plan will also demonstrate:
• in-depth knowledge of financial accounting, tax research and planning, and cost management;
• knowledge of management operations;
• an appreciation of the interrelationships among functional areas of a business;
• an understanding of the economic, political and social environment in which businesses function, and
• behavioral skills essential to the manager’s role in implementing business decisions.

Expected Student Outcomes
BSBA Plan
General Requirements for BSBA Plan:
• Completion of the pre-business core (see Hasan School of Business general requirements).
• Completion of the business core (see Hasan School of Business general requirements).
• Completion of the math requirement (see Specific Curriculum Requirements section).
• Completion of the specific requirements for the major in accounting.

</tbody>
</table>

TOTAL 41

*One 400-level accounting elective (ACCTG 411 or ACCTG 440) may be taken in lieu of one of the following courses: ACCTG 520 or 561 or 571
** ACCTG 480 or ACCTG 484 may be taken in lieu of this course.

Students who have completed part of the joint degrees plan and who opt out of the MBA program but who wish to continue towards earning the BSBA are granted credit towards the BSBA (130-hour plan) for 500-level courses taken according to the following schedule:

<table>
<thead>
<tr>
<th>Course Taken</th>
<th>Course Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>BUSAD 501</td>
<td>BUSAD 302</td>
</tr>
<tr>
<td>BUSAD 575</td>
<td>BUSAD 475</td>

<td>ACCTG 480/484</td>
</tr>
<tr>
<td>ECON 510</td>
<td>ECON 410</td>
</tr>
</tbody>
</table>

An integral component of this plan is the replacement of key undergraduate business core courses with 18 hours of non-business courses (including six hours at the graduate level). Thus, students who opt out of the joint degrees plan, and subsequently receive the BSBA, and who want to reenter the MBA program must reenter the joint degrees plan, completing all MBA requirements and one additional non-business course for each business core course for which a 500-level MBA course was substituted per the schedule above.

BUSINESS ADMINISTRATION AND ECONOMICS DEPARTMENT

CHAIR: Billington

The major in business management leads to the bachelor of science in business administration (BSBA) degree, and provides students with the theoretical and conceptual basis of business as well as application skills to assume leadership roles in industry, government, and education.

The undergraduate business management degree permits students to select one emphasis as a specialty area. Emphasis areas within the major are available in management, operations and materials management, finance and marketing. Courses in management, finance, and marketing are listed under separate prefixes in this catalog.

The major in economics leads to the bachelor of science in business administration (BSBA) degree, and provides students with the theoretical and conceptual basis of economics and an excellent preparation for graduate and professional training in economics, management, banking and law. The finance emphasis area prepares students for careers in financial institutions, insurance, real estate, investments and financial management.

Department Goals

Students must demonstrate core business knowledge or skills in:

- economics, quantitative decision making, marketing, financial control and analysis and accounting;
- management principles used in strategic and tactical planning, setting and integrating goals and objectives, managing change, and effective operations;
- organization concepts including various design arrangements;
- the legal environment of business especially in the areas of Equal Employment Opportunity (EEO)/Affirmative Action, and the Occupational Safety and Health Administration (OSHA);
- using computers, including spreadsheets, word processors, and data management programs;
- written and oral communication, analyses and reports in appropriate business format with high quality;
- the financing, marketing, cultural and operational aspects of international business relations;
- identifying management problems and applying appropriate problem solving and decision-making techniques that include appropriate ethical considerations;
- human resource management to include effective practices of recruitment, training and development, appraisal, compensation, and motivation;
- interpersonal relationships and effective small group project management;
- the ability to conduct an independent research paper where the project requires the use of the knowledge and skills developed in the required courses of the emphasis area. The paper should demonstrate the student's ability to: (a) think independently, (b) synthesize ideas, and (c) think and analyze critically, and
- in the ability to develop a career plan including short- and long-term career goals, a resume and letter of application suitable for sending to prospective employers.

Students must also demonstrate knowledge or skills that are specific to their selected emphasis area (finance, marketing, management, or operations and materials management) and:

- understand and use appropriate emphasis area terminology, principles, and concepts;
- use the scientific problem-solving method, analyze critical case situations specific to the emphasis area; provide reasonable recommendations and support recommendations adequately; apply relevant emphasis area theories, concepts, and techniques; and integrate the primary functional disciplines of business; and
- Understand the role or the appropriate emphasis area in corporate policy and strategy development.

Students majoring in economics also must demonstrate knowledge or skills that are specific to the economics area and:

- understand the central economic theories, both macro and micro, and the policy implications of the theories;
- understand the macroeconomic role of fiscal and monetary policy; and
- understand market structure and the pricing and output behavior of the firm.

Expected Student Outcomes: Business Management Major

General Requirements

- Completion of the pre-business core (see the Hasan School of Business general requirements).
- Completion of the business core (see the Hasan School of Business general requirements).
- Completion of the math requirement (see Specific Curriculum Requirements section)

### Co-curricular Requirements

See Hasan School of Business requirements.

### Outcomes Assessment Activities

See Hasan School of Business outcomes.
### Joint BSBA/MBA Management Major

Students in the joint degree program are required to take the Graduate Management Admissions Test (GMAT). An admission formula of 200 times the undergraduate GPA (4.0000 system) plus the GMAT score constitutes a scaled admission score. The undergraduate GPA must be based on a minimum of 75 semester hours of course work. Students must also complete MGMT 310, FIN 330, and MKTG 340 prior to taking any 500-level MBA courses.

**General Requirements**
- Completion of the pre-business core (see Hasan School of Business general requirements).
- Completion of the joint degree business core (see below).
- Completion of the math requirement (see Specific Curriculum Requirements section).
- Completion of one of the five emphasis areas in the Hasan School of Business.
- Completion of the MBA core and 6 hours of graduate electives.
- Completion of a non-business minor with a minimum of 21 hours.

### Joint Degree Business core (cumulative GPA of 2.0000 required)

All students take the business core. The core provides students with the common body of knowledge needed for imaginative and responsible citizenship and leadership roles in business and society - domestic and worldwide. The business core also is designed to provide the opportunity to integrate their educational experience in business both within a specific discipline and across disciplines.

The graduate courses below count toward the BSBA for students who decide not to complete the MBA portion of the joint degree program.

If a student opts out of the joint plan and receives the BSBA degree and subsequently plans to complete the MBA degree, the student must reenter the joint program for completion of the MBA degree.
THE CENTER FOR TEACHING AND LEARNING

Dr. Joyce Bales, dean

FACULTY: Gutierrez, Fisher, Opitz, Ortiz, Ryan, Valerio, Weinhouse

The primary mission of the Center for Teaching and Learning is to prepare teachers of quality and distinction. The center is an integral component of a formal alliance between the university and Pueblo School District No. 60. The faculty complement is the first distinguishing feature of the center. Faculty include teacher education and academic discipline specialists as well as public school teachers who serve the center in a variety of roles, i.e., participation in professional development activities, school-based applied research, teacher induction programs, faculty exchanges, student mentor projects, professional development schools, and future teacher organizations.

The second distinguishing feature is the center's commitment to an integrated model of learning that combines theory, professional practice, critical thinking and human behavior. Attention is focused on educational experiences in a variety of settings, including homes, community agencies and schools. Clear outcomes include the collaboration of faculty members, students, parents, teachers, administrators, and human service specialists to improve the quality of teaching and learning pre K-16.

Program Goals

- Prepare teachers of quality and distinction with a broad-based general education, an academic specialty, and the ability to skillfully translate theory into licensure.
- Prepare students to teach effectively in the chosen area of endorsement and to obtain a Colorado teacher license.
- Offer a curriculum which provides a scope and sequence of educational experiences designed to achieve program goals and expected student outcomes.

Expected Student Outcomes

Students will demonstrate:

- a knowledge of subject matter, theories and principles of teaching and learning, and human development;
- the ability to plan and organize for teaching, to implement effective teaching strategies, and to evaluate strategies in terms of student progress towards learning outcomes;
- the ability to make ethical decisions;
- effective communication in a variety of cultural settings.
- critical thinging about what is said, written, and accomplished in the name of education and schooling;
- continuous professional development; and
- that they are educated persons.

Teaching Endorsement Areas

The Center for Teaching and Learning collaborates with other academic units to offer programs leading to Colorado teacher licensure in the following endorsement areas:

- Mathematics (7-12)
- Elementary Education (K-6)
- Music (K-12)
- English (7-12)
- Physical Education (K-12)
- Foreign Languages (7-12)
- Science (7-12)
- Spanish
- Social Studies (7-12)
- Industrial Education (7-12)

Elementary Education (MA), Adams State College/USC Consortium Program

The University of Southern Colorado cooperates with Adams State College in the delivery of a master of arts in elementary education degree. See the Graduate Programs section of this catalog for details.

Selective Entry and Retention in Teacher Education (SERTE)

Admission

The Center for Teaching and Learning screens completed and signed applications for admission twice during the fall and spring semesters.
Fall semester deadlines:
- First Friday in March, August 15
Spring semester deadlines:
- First Friday in October, December 13

Admission to the teacher education program for any endorsement area requires the following:

1) A B average in ENG 101 and 102. Undergraduates must earn a minimum of B in SPCOM 103. If less than a B is earned, they must take and pass the oral proficiency exam. Post-baccalaureate students who take and pass the oral proficiency examination will not be required to take SPCOM 103.

2) A grade of B or better in MATH 109 or C in a higher level mathematics course or an ACT mathematics score of 23 or better.

3) A minimum GPA of 2.5000 for the last 30 semester hours of university course work.

4) Pass the required entry-level basic skills competency tests.
5) File an application for admission to the teacher education program which includes the following items:

- documented evidence of compliance with requirements 1-5;
- documentation of successful experiences with children or youth;
- a writing sample;
- a completed health clearance form;
- four written recommendations from faculty members;
- submission of an advisement sheet for the selected teaching endorsement area(s) listing all courses completed. The sheet should include transfer courses or substitutions (subject to approval by the dean of the Center for Teaching and Learning);
- submission of an advisement sheet for the chosen academic major;
- a written recommendation from the Division of Student Life and
- appropriate signatures on all forms.

* Students may not enroll in any course with the prefix ED (except ED 102 and ED 202) unless they have been fully admitted to the teacher education program.

Further details about the Selective Entry and Retention in the teacher education program are described in the Teacher Education Handbook available in the USC Bookstore.

Retention

Students must pass all professional education courses including reading and bilingual education sequence with a grade of C or better and continue to meet GPA requirements stipulated in the admission to teacher education criteria. Students also must demonstrate characteristics of teachers of quality and distinction in their field experiences and student teaching.

Student Teaching

Student teaching provides opportunities to integrate theory with practice. Prior to being approved for a student-teaching assignment, the following requirements must be met:

1) Completion of all course work including methods courses.

2) Compliance with all admission to teacher education criteria.

3) A GPA of 2.5000 or higher in the academic major.

4) Grades of C or higher in all professional education sequence courses.

5) Demonstration of the characteristics of teachers of quality and distinction.

6) Applications must be submitted a semester in advance. First Friday in October for a spring semester assignment; last Friday in February for a fall semester assignment.

Teacher Licensure

Applications for licensure are forwarded to the Colorado Department of Education (CDE) with the institutional recommendation only after official transcripts have been received and a final review has been conducted by the Center for Teaching and Learning.

Colorado Education Licensing Act

Rules for the Colorado Educator Licensing Act went into effect July 1, 1994. These rules apply to all students seeking initial Colorado educator licenses after that date.

The Licensing Act requires an assessment program applicable to all candidates for initial educator licenses in Colorado. The assessments include BASIC SKILLS, LIBERAL ARTS AND SCIENCES, ACADEMIC CONTENT FIELDS AND PROFESSIONAL KNOWLEDGE. The series of assessments is called PLACE (Program for Licensing Assessments for Colorado Educators). Beginning Fall 1995 all students must pass the BASIC SKILLS test prior to admission to the teacher education program.

The University of Southern Colorado is a test site for PLACE. For information about the Licensing Act and PLACE, students should see their adviser or visit the Center for Teaching and Learning office in Library Wing 320.

Specific Requirements for the Elementary Teaching Endorsement

CDE requires the student to complete a major in a subject major or broad field interdisciplinary major drawn from the following areas: liberal arts, science, mathematics, humanities, social sciences or health and to acquire background knowledge in the areas of language arts, humanities and fine arts, social sciences, science and health. Such background knowledge may be acquired through courses required for general education and the degree major, additional course work, or by other means determined with an education adviser from alternatives approved by CDE.

Outcomes Assessment Activities

In the Center for Teaching and Learning, outcomes assessment is a process that documents the relationship between its stated mission, goals and objectives, and the actual outcomes of programs and activities. Assessment is multidimensional and comprehensive in that a variety of quantitative and qualitative measures are utilized.

- Student compliance with all teacher education program standards is assessed through the Selective Entry and Retention in Teacher Education (SERTE) process. SERTE requires a GPA of 2.5000 for the most recent 30 semester hours and a GPA of 2.5000 in the major to qualify for a student-teaching assignment. Student teaching requires a full 15 weeks under the supervision of an experienced teacher endorsed in the student's area of preparation. All performance expectations are listed on the "Student Teacher Progress Indicator" rating form.

- Student records are maintained in the office of the Center for Teaching and Learning. Admission and Student Teaching applications are reviewed by faculty advisers, the center screening committee, and the university's Teacher Education Board twice annually. Decisions are made to accept, to accept conditionally, or reject applications. Students have the right to appeal such decisions through the university's due process procedures.

Assessment focuses on the following characteristics of teachers of quality and distinction:

- Knowledge of the academic specialty is assessed through qualitative and quantitative measures utilized in all courses.

- Knowledge and understanding of learning principles and theories are assessed through quantitative measures in pedagogy courses, field experiences, and student teaching.

- The ability to plan, organize for teaching, implement and evaluate teaching strategies is assessed by quantitative and qualitative measures in professional education courses, field experiences, and student teaching.

- Personal and professional qualities, including the ability to make ethical decisions, are assessed throughout the program. Both university and school personnel utilize formal and informal rating systems to assess those qualities.

- The ability to think critically about what is said, written, and accomplished in the name of education and schooling is assessed through written assignments, tests, classroom discussion and observation during field experiences and student teaching.
READING PROGRAM

Reading Minor
The reading minor is intended for elementary, secondary, or K-12 teacher certification candidates who wish to have a recognized area of strength in the teaching of reading and other language arts.

Expected Student Outcomes
As a result of successfully completing the reading minor, the student must be able to:

• recognize, describe, diagnose, and teach all the generally accepted concepts, strategies and skills in the areas of oral language, reading readiness, emergent literacy, word recognition, comprehension, interpretation, literary appreciation, reading for information, critical reading and thinking, reference skills, study skills, oral reading, listening, speaking, English language usage, syntax, grammar, punctuation, capitalization, creative and informative writing, spelling and penmanship;

• describe the role and importance of the child’s self-concept, experience and culture, home language and dialect, stages of growth and development, and success and familiarity with literature as factors in motivating growth in reading and the language arts;

• plan lessons and teach effectively using a variety of grouping techniques, including whole class, individual, ability, and cooperative;

• locate and use a variety of materials to teach reading and the other language arts. The materials include textbooks, basal readers, trade and library books, teacher-made materials, computer programs, student-generated texts, centers, newspapers, and children’s literature;

• diagnose student reading levels and specific strengths and weaknesses, organize instruction to provide for the needs of the class and individual special students, adapt instruction in content areas to promote content learning, and develop reading and writing growth for all students;

• recognize common causes of reading and writing difficulties and administer and interpret the scores of a variety of informal assessment techniques such as reading miscue inventories and norm-referenced standardized tests;

• assess writing samples for diagnosis and prescription in expression, organization, fluency, sentence and paragraph development, theme, spelling, penmanship and fluency in word processing; and

• explain the need to collaborate with parents, librarians, drama and other teachers to provide an effective language arts program.

Specific Requirements
Complete the reading core with a cumulative GPA of 3.0000 or better and complete the reading electives with a cumulative GPA of 2.5000 or better. RDG 301 or 425 are prerequisites for the other reading courses.

Outcomes Assessment Activities
Since reading minors are generally teacher-licensure candidates, the outcomes listed above are required. In addition:

• complete the reading minor core with a GPA of 3.0000 or better. Assessment of expected outcomes 1 through 6 are monitored by the reading director;

• complete the 21-hour requirement with electives listed on the advisement sheet. The overall GPA must be 2.5000 or higher, and

• complete a questionnaire which is filed in the reading minor director’s office. The questionnaires are used to plan course offerings, to document the progress of students seeking the minor, and for prospective employment.
FEDERALLY SPONSORED PROGRAMS

Minority Biomedical Research Support Program
Research opportunities in biology, chemistry and psychology are available to students interested in pursuing careers in biomedical science. Students gain hands-on experience working in modern laboratories with faculty mentors and other student researchers. Salaries and travel expenses to scientific meetings are supported by a grant from the National Institutes of Health.

Student Support Services
The Student Support Services Program expands educational opportunities for students who demonstrate personal motivation and a high potential for academic success. Low-income, first-generation students who meet the criteria established by the U.S. Department of Education are encouraged to apply.

Educational Opportunity Center
The EOC provides and coordinates services for eligible non-traditional, college-age, low income, first generation and handicapped students, and facilitates their entry into secondary and post-secondary educational programs in Southern Colorado. The program also provides tutorial counseling and other support services for prospective and currently enrolled EOC students. Satellite centers are located at community colleges in Lamar, La Junta, Trinidad, Pueblo, and Colorado Springs. The USC EOC is the headquarters for the overall program.

Upward Bound
The Upward Bound Program at the University of Southern Colorado is a pre-college program which attempts to generate skills and motivation necessary for success in education beyond high school. The criteria for acceptance into the program includes low-income and potential first generation students who are enrolled in high schools seeking to prepare themselves for entry into a post-secondary education.

Eligible participants must:
1) have completed the eighth grade;
2) be between the ages of 13 - 19;
3) be currently enrolled in a high school;
4) be planning to attend college; and
5) need the services of Upward Bound to help fulfill their goals.

Basic skills, counseling, tutoring and skills necessary for acceptance into and success in college are provided. An intensive six-week summer program offers six credits of college courses for graduating seniors. The remaining undergraduates attend evening classes emphasizing mathematics, science, English, and writing. Applications are available at high school counselors' offices. For more information, please call 549-2750.

AMERICAN LANGUAGE ACADEMY

The American Language Academy leases facilities on the USC campus to provide an intensive English-language program for the international student.

Although USC credit is not provided for ALA courses, USC students may enroll in the academy’s classes to improve English proficiency.

International students enrolled in the American Language Academy who are in the highest levels (4 or 5) may be permitted to enroll in USC classes for up to a maximum of nine semester hours of USC credit per semester. Approval by the university and the director of ALA is required. Students seeking admission to USC as potential degree-seeking students must meet the university’s international admissions requirements. See International Students section of the catalog.

American Language Academy offices are located in the Occhiato Center, Room 121. Contact American Language Academy by telephone at (719) 549-2222, Monday-Friday, 8 a.m. to 5 p.m., or write to the American Language Academy in care of the university.

THE UNIVERSITY LIBRARY

The University Library provides information services to students, faculty, staff and patrons throughout the city and region.

Library faculty and staff assist patrons in learning how to find and utilize books, periodicals, pamphlets and government documents through instruction for individuals, small groups or formal classes. Staff also prepare subject bibliographies for classes, arrange inter-library loans, and provide computer-based reference searches.

Approximately 200,000 volumes are available, as well as more than 1,300 periodical titles. The University Library is a designated selective depository for U.S. Government documents and geological survey maps. Special collections include Colorado documents, the papers of Vincent Massari, former state senator; the Alva Adams family papers, Tobi Hopkins Black Literature; the Ralph Taylor Southwest collection, and the Edward O'Brien Western collection.

The audiovisual collection in Library 310 offers student carrels for playback of video tapes, sound filmstrips, sound slides sets and audio cassettes. Students may check out audio cassettes, cassette players and headphones. Software, including 16 mm films, is available to faculty members for use in curricular programs.
INTERNATIONAL STUDENT EXCHANGE PROGRAMS AND STUDIES ABROAD

The University of Southern Colorado values the benefit of an education in international settings. Consequently, the university encourages students with second language proficiency to enroll in international study programs. Students wishing to increase their cultural awareness, second language proficiency or competency in subjects offered abroad are encouraged to contact the director of the Office of International Programs. USC presently offers exchange opportunities in China, Columbia, England, France, Germany, Italy, Mexico, and South Africa.

CONTINUING EDUCATION

The university makes available a broad array of credit and non-credit courses, seminars and workshops through the Division of Continuing Education. Some programs are offered on campus and others at off-campus sites more convenient to persons living outside of Pueblo.

Off-campus instruction sites include Colorado Springs Downtown Center, Peterson Air Force Base, the Air Force Academy and Sabin Junior High School in Colorado Springs, Colorado Correctional Facilities in Canon City, Altus Air Force Base in Oklahoma, McGuire Air Force Base in New Jersey, community college campuses throughout central and southeastern Colorado, and on-site at many local businesses.

Both degree- and non-degree seeking students are allowed to participate in the extended studies. Persons desiring classification as degree-seeking students must apply for admission to the university.

Credit courses taken through the University of Southern Colorado Continuing Education program have the same credit value as those conducted on campus and may be used in meeting the institutional residency requirement.

A primary aim of the Division of Continuing Education is to provide courses to part-time adult students. A variety of educational methods — classroom instruction, televised courses, conferences, workshops and seminars — are utilized in an attempt to meet the needs of such students at convenient times and settings. Students may earn academic credit toward a degree, study for career advancement, or pursue cultural and avocational interests.

Continuing education courses normally are scheduled in eight- or nine-week sessions; special programs are of varied lengths. Intensive classes usually are held in the evening or on weekends for the convenience of working students.

Although the majority of course offerings are initiated by the university, courses may originate through requests by individuals and interested groups. Such special request courses may take place on or off campus.

The division also administers the Senior to Sophomore program in the public schools. The program enrolls eligible Pueblo high school students in dual-credit courses which are delivered by part-time university faculty on the high school campus.

The Division of Continuing Education serves as the host for graduate programs which are delivered on-site at the USC campus by Colorado State University, the University of Northern Colorado, and Adams State College.

In-house training programs are available to meet the ever-changing training needs of business and industry. The programs can be designed to meet the specific needs of an organization and may be presented at the company site or, if requested, at the university. Similar services are available to school districts.

COOPERATIVE EDUCATION

Cooperative education provides an educational plan in which periods of study and periods of career-related work are combined in one program, individualized for each student. Students earn a salary and acquire academic credit in their majors while experiencing, on a temporary basis, their chosen career. The experience gives cooperative education students an opportunity to become well-acquainted with the employer which, in many cases, leads to permanent placement upon graduation. All cooperative programs are administered by the academic departments.

KTSC-TV

KTSC-TV, Channels 8 and 15, a non-commercial public television station licensed by the Federal Communications Commission to the university, operates as a public service under the supervision of the provost. The station broadcasts 24 hours per day reaching western Kansas, to north of Colorado Springs, to northern New Mexico and to eastern Utah. The broadcast schedule consists of cultural, public affairs and educational programming for viewers of all ages.

KTSC-TV is affiliated with the Public Broadcasting Service and the Pacific Mountain Network. Television production courses offered through the department of mass communications are taught at the Buell Communications Center which is the home of KTSC-TV. Advanced students in mass communications and electronics receive academic credit for working in the daily operation of the station.

HONORS

The Honors Program provides educational enrichment experiences for academically talented students. Interdisciplinary courses (IS), independent study, and opportunities for experiential learning are available for honors students. Students completing at least 22 semester hours of course work in the program can fulfill minor or area-of-concentration requirements for the university. Information regarding eligibility, program offerings, and standards for successful completion of the program can be found on page 68 of this Catalog. Additional information can be obtained by contacting the director of the Honors Program, or the Office of the Provost.
GRADUATE POLICIES AND PROCEDURES

GRADUATE ADMINISTRATION

Graduate programs and curricula at the University of Southern Colorado are developed by the faculty and administration in the instructional colleges, centers and schools and are administered with the assistance of the director of Admissions and the Registrar. Academic policy matters are reviewed by the University Graduate Studies Committee. Each graduate program has a director or coordinator functioning as the person to contact for specific information. Each program is responsible for its own guidelines for graduate assistantships.

GRADUATE DEGREE PROGRAMS

The University of Southern Colorado offers selected graduate courses and programs for degree-seeking and non-degree students. Graduate degrees are offered in applied natural science, systems engineering (MS), and business administration (MBA). In addition, the university participates in consortial arrangements with Adams State College for graduate degrees in elementary education (MA) and counseling (MA) and with the University of Colorado-Denver for a graduate degree in criminal justice (MCJ). A coordinated program is offered with Colorado State University for a master’s degree program in social work (MSW). Although the latter programs are offered on the USC campus, the actual degrees are awarded by Adams State College, the University of Colorado-Denver, or Colorado State University, respectively, and graduate regulations pertaining to the degrees follow the policies of the appropriate institution.

GRADUATE ADMISSIONS POLICIES AND PROCEDURES

A student who has received a baccalaureate degree from an accredited institution and who wishes to take either additional undergraduate courses or begin graduate courses must submit the following items to the Office of Admissions, University of Southern Colorado, 2200 Bonforte Boulevard, Pueblo, Colorado, 81001-4901. The following items shall constitute the admission file for each applicant:

1) A completed application for admission to graduate programs of the University of Southern Colorado and a $15 application fee. The fee is non-refundable and is not applicable towards tuition. For students previously enrolled as degree-seeking undergraduate students at USC, the fee is not required. An application form may be obtained by writing to the USC Office of Admissions or by telephoning (719) 549-2461. Students in the elementary education/guidance and counseling consortium programs apply directly to Adams State College. Those students interested in the MSW program must apply to both Colorado State University and the University of Southern Colorado.

2) Official transcripts of all college and university work must be sent directly to the Office of Admissions by each institution attended. Records received directly from students cannot be accepted except for advisement purposes. The records of students who previously attended USC will be obtained from the Registrar and do not require a student request.

3) The score from the aptitude portion of the Graduate Record Examination (GRE) or the score from the Graduate Management Admissions Test (GMAT) for students in business. Scores may influence the admission decision but are used primarily for advising.

4) The score from an English language proficiency test (TOEFL or Michigan) for students whose native language is not English. A minimum score of 500 (TOEFL) or 80 (Michigan) is required for admission. A minimum score of 530 (TOEFL) is required for the masters in business administration. Level 5 from the American Language Academy also is accepted. Students who complete an undergraduate degree at an institution in the United States are exempt from this requirement. Applicants to the MBA program whose native language is not English must obtain a minimum score of 530 (TOEFL) for admission. A minimum TOEFL score of 550 will be required for admission for the fall semester of 1997 and thereafter.

GRADUATE ADMISSION

The student is admitted according to the following criteria approved by the program department.

Admission to graduate studies does not constitute admission to a particular graduate program. Admission to a particular degree program must be approved by the program director upon review of the student’s credentials.

Regular Status

Regular status will be given to degree-seeking students who meet all of the published requirements of their selected graduate program department. The requirements include:

- a baccalaureate degree from an institution accredited by the regional accreditation agency;
- the minimum undergraduate GPA established for the program: applied natural science — 3.000; business administration — 2.7000; systems engineering — 2.8000;

113
• submission of satisfactory scores from a standardized admissions test approved by the program department;
• a completed admissions file; and
• any additional requirements for the selected program, including completion of leveling courses to correct undergraduate deficiencies.

International students whose native language is not English must also meet the English language proficiency standard set forth in the Graduate Admissions section.

Conditional Status
The university provides a conditional status for students whose undergraduate grade-point average is between 2.50000 and the minimum required for the particular program. In addition, program departments may specify conditions which may include higher grade-point averages, required scores on entrance examinations, or undergraduate major or course requirements as specified by the department. The director of Admissions, on recommendation of the program director, will admit the student under conditional status if the student’s grade-point average is at least 2.50000, but not high enough for regular admission; or if the student has not met a condition specified by the program department. Such special action may be taken if there are positive indicators of graduate success, e.g., high GRE or GMAT scores, solid upper-division performance, or outstanding professional achievement.

The director of Admissions will refer the student to an adviser appointed by the program director. The student will be notified to meet with the adviser to determine what conditions will be applied. Departments may specify additional course work beyond the degree requirements as conditions of admission to regular status. A statement of the conditions and a plan for meeting them will be filed by the director of Admissions and the dean of the college/school and a copy provided to the student.

When the conditions are met, the dean of Admissions will notify the student that he/she has achieved regular degree-seeking status. Students on conditional status may count toward the degree a maximum of 12 hours of graduate course work taken in the degree program.

Non-Degree Status
The director of Admissions will admit the student with non-degree status under the following conditions:

1) The student requests courses for professional development only.
2) The student’s record shows that he/she does not meet the qualifications for admission to a degree program with conditional or regular status. In this case, with the approval of the program director, the director of Admissions will notify the student of the deficiency, the procedure to follow to become qualified and the name of an adviser who can assist the student. The adviser will be sent a copy of the notification. Students applying for admission from unaccredited institutions in the United States will be included in this category. A student with non-degree status who has completed 12 hours approved by an adviser with a 3.0000 GPA or better at USC may petition the program director for a change to the regular degree-seeking status.

Students admitted with non-degree status may take, with the instructor’s permission, graduate courses for which they meet prerequisites. A maximum of 12 hours taken with non-degree status may be applied toward a degree, conditional upon the approval of the student’s graduate committee.

Ineligible
Students who are denied admission to a graduate program will not be permitted to enroll in graduate courses.

Graduate Work Taken by Seniors
USC students who are in their senior year of undergraduate work, and who have an undergraduate grade-point average that meets the admissions requirements for the program, may take graduate courses for graduate credit with the approval of the appropriate program director and the director of Admissions. Up to 12 graduate hours may be taken prior to graduation, but the combined undergraduate and graduate enrollment normally may not exceed 16 hours for a semester. Graduate level courses (500 level) cannot be used simultaneously to satisfy baccalaureate and graduate degree requirements with the exception of approved joint-degree programs.

CHANGE OF STATUS
The director of Admissions will notify the student and the program director when the student has satisfied the conditions of admission and is changed to regular status.

GRADUATION REQUIREMENTS
Each graduate program at the university has specific graduation requirements which must be met prior to graduation. In addition, students must fulfill the following requirements for a graduate degree:

1) Have a cumulative graduate GPA of 3.0000 or better at graduation. A maximum of six semester hours of course work at the grade of C may apply toward graduation. A minimum of 24 semester hours of credit in the approved degree plan must be earned at USC.

2) Have regular student status.

3) Complete the program’s minimum number of hours of approved course work. The MBA and systems engineering programs require a minimum of 36 semester hours. The applied natural science program requires a minimum of 30-32 semester hours.

4) Pass a final comprehensive and/or oral examination in the major area of study, if required by the program.

114
5) Submit a graduation planning sheet signed by the student's graduate adviser during the semester prior to the semester in which graduation is to occur. The deadline for submission is published in the semester schedule of courses.

6) Complete a thesis or directed research project, if choosing the thesis option. Submit two approved copies of the thesis, one to the program director and one to the University Library.

7) May repeat thesis and directed research project courses beyond the minimum hours required by a degree program. Satisfactory progress will be indicated by the grade IP. Enrollment for thesis or directed research credit is required for any academic term during which university resources (e.g., faculty time, computer use, library, etc.) are being used. A maximum of six semester hours of thesis or directed research course work will count toward meeting graduation requirements.

ACCEPTANCE OF TRANSFER CREDIT
A maximum of nine (9) semester hours of resident graduate credit from other regionally accredited graduate institutions may be applied to a graduate degree program. Transfer credits must be directly applicable to the degree program and must be approved by the applicant's graduate committee and the director of Admissions. Graduate credits accepted in transfer must not be from a correspondence course, must be from a course in which a grade of A or B was earned, and must be from an institution where the student maintained a graduate GPA of at least 3.0000. Credits accepted in transfer do not apply to the GPA at USC.

GRADUATE ADVISING
Each graduate degree area has a program director appointed by the dean of the college, center, or school. The program director will serve as graduate adviser to all graduate students in the program, unless the dean of the college, center or school makes a different assignment. The adviser will assist in selecting a graduate committee for each student who chooses the thesis option. The graduate committee shall consist of at least two faculty members and is appointed by the dean of the college, center or school in consultation with the student. One member of the committee may be from outside the department of the student's graduate program. Changes in membership in the graduate committee may be requested by the student to the dean.

The responsibilities of the graduate adviser and the graduate committee include advisement, approval of the degree plan, approval of a thesis or directed research topic and final document (if appropriate), and administration and approval of comprehensive and/or oral examinations.

COURSE LOADS
Graduate students enrolled in nine or more hours shall be considered as full-time students (six hours, summer); those enrolled for six hours shall be considered as half-time students (three hours, summer).

TIME LIMITS
Courses completed six or more years before the date of graduation, either at USC or at some other institution, will not be accepted as satisfying graduation requirements. Petitions for waiver of the six-year limitation may be submitted to the director of Admissions with the approval of the student's graduate adviser. Waivers will be approved only upon justification of unusual and extenuating circumstances and with the concurrence of the appropriate academic dean.

DEGREE PLAN
All degree-seeking graduate students are required to submit a degree plan, approved by all members of the graduate committee (if applicable) and program director, to the Registrar. The degree plan should be submitted no later than upon completion of 12 hours of study. A course taken, prior to having any given degree plan approved, is subject to review for suitability in the program. Changes in the degree plan must be approved by the graduate adviser and program director and submitted to the Registrar.

UNDERGRADUATE COURSES
Although undergraduate classes do not apply toward a graduate degree, students admitted to graduate study may be required to complete some undergraduate prerequisite courses in addition to their graduate work.

Courses taken for undergraduate credit by a graduate student do not enter into the graduate grade-point computation. A graduate program director may, however, stipulate a grade point to be achieved in such undergraduate courses.

Graduate programs may include courses which are dual numbered at the senior (400) and graduate (500) level. Students registered for graduate credit shall be required to perform at the graduate level. Dual-listed courses taken for undergraduate credit will not apply toward a graduate program. Graduate students may not repeat for graduate credit a dual-listed course which was taken in the undergraduate program.

DUAL DEGREE CREDIT
Students may receive dual credit for all common degree requirements in more than one graduate program if the degree plans are filed for both programs. In addition, up to six semester hours of elective credit may be applied to more than one graduate degree program pending approval of the graduate committee of the program involved and the Registrar.

ACADEMIC STANDARDS
Graduate courses are graded in an alphabetical system with the following interpretation:

A - Excellent performance
B - Good performance
C - Passing, but below expected performance
D - Unsatisfactory performance
F - Failing
IN - Incomplete, no credit awarded
S - Satisfactory
IP - In progress
W - Withdrawal
NC - No credit

115
Students may apply no more than six semester hours of work with a grade of C toward graduation requirements. Grades of D, F, IN, U, do not fulfill graduation requirements for graduate programs.

Graduate students may repeat a maximum of six semester hours of graduate credit. No course may be repeated more than once. When a course is repeated, only the higher grade and credit earned are computed into the student’s grade-point average, provided the student has requested a recomputation of grade-point average by the records office. The previously attempted courses and grades remain in the academic record but are not computed in the overall average.

Transcripts contain an appropriate entry indicating that the grade-point average has been recomputed and stating the basis for recomputation.

To remain in good academic standing, a graduate student’s GPA must remain at 3.0000 or better. If the graduate GPA falls below 3.0000, a graduate student will be placed on probation. Students have one semester to show progress toward good standing. Probationary students with 12 or more semester hours of graduate work will be suspended whenever progress toward good standing is not demonstrated. A graduate student will be suspended whenever the graduate GPA falls below 2.5000.

A student may appeal suspension by submitting a written petition to his/her program director. This petition must provide a justification for continued registration. The program director shall forward a recommendation through the appropriate dean to the Office of the Provost. The provost or his designee shall make a decision on the appeal and inform the student of that decision. Decisions by the provost are final.

COMPREHENSIVE EXAMINATIONS

Graduate programs may require a final comprehensive and/or oral examination at the time of defense of the thesis or directed research project or at the completion of course work. Scheduling is made through the graduate adviser. Students who fail a final examination may retake the examination once. A re-examination cannot be scheduled in the same semester as the original examination.

THESIS OR DIRECTED RESEARCH

Each graduate program provides an option that includes a thesis or a directed research project. This option also requires an oral defense of the thesis or research project. Each student must submit a research plan. The plan must define the topic of study and outline the research design. The plan must have the written approval of all members of the student’s graduate committee, the program director, and the appropriate dean.

The research plan should be filed as soon as possible after the degree plan is filed and before 18 credit hours of the student’s degree plan have been completed.

DIRECTED RESEARCH REPORT

Graduate students whose degree plan calls for a directed research project are required to submit a report on that project to their graduate committee. Although the report need not be as formal as a thesis, it must, however, be typed in an acceptable format and must include a title page comparable to thesis format.

The report should include the purpose of the study or project, limitations, sources of data, the procedure used, and a summary section with conclusions. The research report must be approved by all members of the graduate committee and the appropriate dean. The final approved report must be submitted at least five (5) days prior to the anticipated date of graduation.

THESIS INSTRUCTIONS

Students who will be writing a thesis in partial fulfillment of graduation requirements must submit two (2) official copies of the approved thesis and three (3) copies of the thesis abstract to the university. The department will retain one copy of the thesis and thesis abstract. The thesis and one copy of the thesis abstract shall be maintained in the University Library. The Registrar shall retain one copy of the thesis abstract.

The thesis or directed research must:

1) contain a certificate of acceptance;
2) contain a title page;
3) conform to the style and form approved by the major department and outlined in the thesis plan;
4) be printed on high-quality paper with a minimum of 25 percent rag content;
5) contain no erasures; and
6) be bound.

The university-duplicated copy of the thesis must be of high-quality printing and must use a paper of the same quality as the original. Other copies of the thesis may be duplicated in any manner the student desires.

It is imperative that the utmost care be taken in the preparation of the final copy of the thesis. The completion of the thesis, including typing and duplication, is the sole responsibility of the student.

The thesis abstract should consist of no more than five hundred (500) words and should include a title page. The thesis abstract should cover the following items:

1) purpose of study;
2) research materials and methods results; and
3) summary and conclusions.

The approved thesis and thesis abstract must be submitted to the Registrar at least five (5) days prior to commencement.
ORAL DEFENSE OF RESEARCH
Upon completion of a master’s thesis or directed research project, an oral defense/final comprehensive examination must be scheduled. Application for the oral defense is made to the graduate adviser.

A report of the outcome of the oral defense must be filed with the dean of Admissions and Enrollment Management. The report must be signed by all members of the graduate committee. Students must pass the oral defense to complete their thesis or directed research requirement successfully.

APPEALS
All graduate policies, procedures, and regulations may be appealed. Appeals must be made in writing to the Office of the Provost.

PROGRAMS OF STUDY
APPLIED NATURAL SCIENCE (MS)
The graduate program leading to the degree of master of science in applied natural science prepares students to apply basic scientific disciplines to the practical problems encountered in business, industry, government, and education. Graduates from the program will be able to apply the techniques of scientific research to real-world problems.

Course work emphasizes several important areas of applied natural science, including bio-technology, polymer chemistry, industrial chemistry, mathematical techniques in applied research, environmental concerns, scientific information systems and instrumentation. A unique feature of the program is a course addressing the ethical issues raised by scientific change.

The master of science in applied natural science requires 30 or 32 semester credit hours of approved graduate course work in either the thesis or non-thesis option. The program offers three emphasis areas — applied biological sciences, applied chemical sciences, and applied biochemical sciences.

Degree Requirements
The course of study requires four semester credits of work common to all students. Each student must select an emphasis area with a core of seven semester credits. Thirteen or twenty-one credits in elective courses are also required, depending on which option is chosen. The thesis option requires successful completion of six semester credits of thesis research (BIOL 599 or CHEM 599) and an approved thesis. The program of study for each student must be approved by a college committee.

Thesis option students are required to defend their research results before a thesis defense committee. Non-thesis option students must take a written comprehensive examination over courses taken in their program of study. A non-thesis option student must submit written evidence of her or his ability to understand and critique scientific literature.

Program requirements are summarized as follows:

The program is open to all applicants with a bachelor's degree, regardless of the undergraduate field of study, who can demonstrate, through academic or experiential preparation, an appropriate background in the key areas of accounting, economics, finance, quantitative methods, law and ethics, management, and marketing. Students without this background may be required to complete some undergraduate leveling requirements.

All MBA students are required to take the Graduate Management Admissions Test (GMAT). An admission formula of 200 times the undergraduate GPA (4.0000 system) plus the GMAT score will constitute a scaled admission score for each applicant. Regular admission will be given to those students who satisfy the university's general admission requirements for graduate study, have a scaled admission score of at least 1,000 and have satisfactory preparation in the key areas. Conditional admission may be given to students with GPAs between 2,000 and 2,700. Undergraduate leveling requirements may be required of students in either regular or conditional status. Graduate students are required to take all leveling course requirements before finishing 12 hours of graduate work.

Specific requirements for the joint BSB/MBA plans are included in the joint BSB/MBA plan description of the Hasan School of Business, undergraduate-programs section of this catalog.

The Hasan School of Business offers a test-out course waiver for some business core courses. The Hasan School of Business does not offer credit for life experiences.

The MBA degree will be conferred upon students who successfully complete a minimum of 36 hours of approved coursework. The curriculum is composed of two options with 27 semester hours of required core courses which are taken by all candidates. Option one requires the international business course and six semester hours of approved graduate electives in the Hasan School of Business. Option two requires six semester hours of coursework with directed research and three semester hours of approved graduate electives in the Hasan School of Business.

MASTER OF BUSINESS ADMINISTRATION (MBA)

The goal of the University of Southern Colorado's MBA program is to prepare students for high-level general management careers in business and other organizations. To this end, students acquire knowledge of management operations, an appreciation of the interrelationships involved, an understanding of the economic, political and social environment in which businesses function, and behavioral skills that are essential in the manager's role in the implementation of business decisions. The MBA program endeavors to provide an atmosphere conducive to the development of each student's ability to think in a creative and effective manner. The program makes extensive use of lectures, seminars, group projects, case studies and independent research.
All graduate courses for the MBA are listed in the Course Descriptions section of this catalog in the prefix areas of accounting (ACCTG), business administration (BUSAD), economics (ECON), finance (FIN), management (MGMT), and marketing (MKTG).

COUNSELING (MA)
Adams State College/University of Southern Colorado Consortium Program
Through a consortial arrangement with Adams State College, the University of Southern Colorado provides students the opportunity to earn the master of arts degree in either school counseling or community counseling. All courses are offered in the evenings on the USC campus.

Courses are taught by instructors from the USC and Adams State College psychology departments. The program requires 48 credit hours and meets the academic requirements for the state license in professional counseling. Students complete 18 hours a calendar year, 3 years for completion. Those interested should contact the psychology department at USC (719) 549-2631 or the counseling department at Adams State College (719) 589-7626.

MASTER OF CRIMINAL JUSTICE (MCJ)
University of Colorado-Denver/University of Southern Colorado Consortium Program
The University of Southern Colorado and the University of Colorado-Denver offer a collaborative masters in criminal justice (MCJ) degree, through the department of sociology and anthropology. All requirements for this degree, including course work and exams, are offered on the USC campus.

The MCJ program is designed for students interested in comprehensive professional graduate education in the field of criminal justice. It is intended to develop in the student a fundamental understanding of the basic fields within criminal justice and of background material for supporting disciplines which would enable the student to adapt to many operational specializations.

As an academic and professional field of study, this program is dedicated to preparing men and women not only to administer the system as it presently exists but also to evaluate, to analyze, and to become pioneers in accelerating the shaping of a rational and responsive criminal justice system.

To deal with this system effectively, capability for design of research must be developed along with the skills required in the ordering and analysis of empirical data. This course of study will also prepare the student to be an innovator in crime control and prevention through course work dealing with strategies and skills for promoting individual, organizational, and social change.

Degree Requirements
1) The program leading to the MCJ degree requires a minimum of 36 semester credit hours of appropriate graduate study with a grade average of B or better. No grade below C will be accepted for graduate credit.
2) Completion of five core courses is required with a grade of B or better.
3) Students must complete a minimum of 24 semester credit hours of course work in criminal justice.
4) Students who have not had criminal justice experience are required to complete a field study course. A minimum of 240 hours of supervised work is required to earn three hours of credit.
5) Completion of a comprehensive written examination taken during the last semester of enrollment is required.

ELEMENTARY EDUCATION (MA)
Adams State College/University of Southern Colorado Consortium Program
The University of Southern Colorado cooperates with Adams State College in the delivery of a master of arts in elementary education degree. The continuation of the program is dependent upon student need, and the cooperating institutions reserve the right to cancel courses or the program as a result of insufficient enrollment.

The program is offered over a 24-month cycle. The current cycle began in fall 1996. To accommodate working students, the program is offered entirely in the evenings and summers on the USC campus.

Applicants for the program must have a valid teaching certificate with an elementary education endorsement, a cumulative GPA of 2.2500 or higher for all college and university work, and a baccalaureate degree. Those interested should apply to Adams State College.

The MA in elementary education will be conferred upon students who complete the prescribed curriculum with a minimum of 30 semester hours of approved course work. Students must maintain a graduate GPA of at least 3.000, submit scores from the aptitude section of the GRE during the first semester of the program, pass the graduate English Usage Exam, and pass a final comprehensive examination. A written plan for the degree must be filed with the adviser. A maximum of six semester hours of graduate work will be accepted in transfer if the transfer credits correspond to courses in the program. Requests to take the comprehensive exam must be filed one semester ahead.

Master of Social Work (MSW)
The University of Southern Colorado and Colorado State University cooperate to offer the master of social work program. The program specialization is directed toward advanced generalist practice with a focus on transitional and underserved communities. The program prepares social workers for autonomous independent practice in a variety of settings. Course work at USC is offered part-time in the evenings.

Students normally take six credit hours per semester for four semesters (two years). The third year of the program is full time and consists of a field placement with students periodically going to the campus of Colorado State University for intensive course work over several days.
The field placement phase requires approximately 20 hours per week in agency and community placement. Three calendar years, which include approximately 60 credit hours of course work, are required for completion of the program.

Applications are accepted once a year in the spring for classes beginning the following fall. The program is fully accredited by the Council on Social Work Education (CSWWE) and has WICHE designation. Applicants with a degree in social work from a baccalaureate social work program accredited by CSWWE are eligible to examine out of foundation courses on a course-by-course basis. Those interested may apply to the University of Southern Colorado.

Systems Engineering (MS)

Systems engineering deals with the design and analysis of complex, human/machine systems. Systems engineers, with the "big picture" or systems viewpoint, serve as management and operations analysts, focusing on the people, materials, equipment and procedures needed for the most efficient and effective systems performance. Systems engineers analyze and evaluate systems against specified performance criteria, such as quality, before new systems are created or old ones are modified. Systems engineering techniques can be applied in manufacturing and service industries, health care systems, governmental agencies and non-profit organizations.

The master of science in systems engineering degree program at the University of Southern Colorado provides students with practical knowledge in areas such as facilities planning, operations planning and control, economic and decision analysis, and project management. Methodologies employed by systems engineers include probability and statistics, mathematical programming, computer simulation, and human performance studies.

Degree Requirements

The master of science in systems engineering degree program consists of 30 semester hours of required courses and six semester hours of elective courses or thesis credit, for a total of 36 semester hours minimum. No more than two 400-level courses may be counted for graduate credit. Courses from the approved set of electives may be substituted, if approved, for required courses for which a student can demonstrate mastery as a result of previous course work.

Admission Requirements

The program is open to applicants with a quantitatively based baccalaureate degree from regionally accredited colleges or universities. Admission to the systems engineering program requires prior admission to graduate studies.

Regulations governing graduate studies are contained in the Graduate Policies and Procedures Guide, available from the Office of Admissions.

Prerequisite Requirements

Students will be required to demonstrate preparation for graduate study in systems engineering by completing prerequisite background courses in engineering, computer programming, and mathematics, or by documenting previous equivalent course or experiential work. Students who do not possess the specified prerequisite background may be admitted conditionally but will be required to complete prescribed prerequisites. Courses used as prerequisites for required graduate courses must be taken for credit.

Prerequisites: (USC Course Equivalents)

- Computer Programming (EN 105)
- Engineering Economy (EN 343)
- Probability (MATH 256 or 350)
- Statistics (MATH 356 or EN/MATH 456)

Graduate Assistantships

Full-time students admitted to the program with regular status are eligible to apply for graduate assistantships. Graduate assistants pay in-state tuition and fees. Full-time assistantships require students to work an average of 20 hours per week and carry a stipend of $8,800 for the academic year. Half-time assistantships require students to work an average of 10 hours per week and carry a stipend of $3,400 for the academic year. Assistantships are renewable for a second academic year provided students perform satisfactorily in assistantship assignments, remain in good academic standing, and make satisfactory progress toward completion of their degree programs. An application for assistantship consists of a letter of interest, addressed to the department chair, which includes a statement of qualifications and the names, addresses and telephone numbers of three references. The deadline for applications is May 1 for the following academic year.
The University of Southern Colorado does not offer all the classes listed in this catalog every semester or every year.

The following pages provide brief descriptions of course offerings, and the career, professional or graduate opportunities open to students who complete degrees in majors. Course listings are subject to change.

Each semester the university publishes a bulletin listing a detailed schedule of courses offered and the times and places of instruction. Courses listed in the bulletin are subject to change.

EXPLANATORY NOTES

Numbering of Courses

Course numbering is based on the content level of material presented in courses.

Courses numbered:
100-299 primarily for freshmen and sophomores
300-499 primarily for juniors and seniors
500-599 primarily for students enrolled in master's degree programs or the equivalent. Students may enroll if they have submitted and received approval on graduate planning sheets.
600-620 Colorado State University courses offered at the University of Southern Colorado toward a master's degree in social work.

Variable credit courses

(1-3 VAR) indicates variable credit; the minimum and maximum credit limitations. An example:

494 Field Experience (1-5 VAR)

Off-campus individual experience providing transition from classroom instruction to on-the-job experience. Supervised by instructor and job supervisor. Prerequisite: senior standing and permission of instructor.

Cross-listed courses

Courses in which students may earn credit under either of two prefixes (e.g., SOC or HIST) for the same offering.

Corequisite

A requirement which must be taken concurrently with another course of instruction.

Prerequisite

A requirement which must be fulfilled before a student can enroll in a particular course. Permission of the instructor for a student to attend a class is implied when the student has met the prerequisites specified by the department.

Cancellation of courses

The university reserves the right to cancel courses not selected by an adequate number of students or not suitably staffed by qualified faculty.

KEYS TO SYMBOLS

Course descriptions include a variety of symbols conveying essential information. The following standard course description with explanation of symbols serves as a model:

102 Composition II 3(3-0)
Sequential course to provide intensive consideration of essay development and to introduce procedures and techniques in preparing the referenced paper. Pre-requisite:
ENG 101. (F,S,SS)

102 course number
Composition II course title
3(3-0) number of credits (clock hours in lecture per week – clock hours in laboratory demonstration or studio experiences per week)

“Sequential course...” explanation of course content

Prerequisite ENG 101 required to be taken before

(F,S,SS) taught fall, spring and summer semesters

Note: Not all of the above information may be noted in each course. Additional symbols include:

F Taught fall semester
S Taught spring semester
SS Taught summer session
* Offered upon demand
O Taught 1995-96 / 1997-98
VAR Variable credit course
L Suffix indicating lab course
CE Credit by exam allowed
IP Grade of IP (In Progress) available

ACCOUNTING (ACCTG)

UNDERGRADUATE COURSES

201 Principles of Financial Accounting 3(3-0)
Introduction to accounting as the language of business. Emphasis on reasoning and logic of external reporting model. May include computer-based applications. Prerequisite: MATH 121. (F,S,SS)

202 Principles of Managerial Accounting 3(3-0)
Managerial uses of accounting information, including cost-based, decision making, differential accounting, and responsibility accounting. May include computer-based applications. Prerequisite: ACCTG 201. (F,S,SS)

301 Intermediate Accounting I 3(3-0)

301L Financial Accounting Lab 1(0-2)
Applications of financial accounting theory covered in ACCTG 301, computer-based problems, cases, practice sets. Prerequisite: ACCTG 201. Corequisite: ACCTG 301. (F,S,SS)

302 Intermediate Accounting II 3(3-0)
Asset accounting and reporting—receivables, monetary items, inventory, operational assets, accounting for financial instruments—equity securities, debt securities. Prerequisite: ACCTG 301L. (F,S)

311 Federal Income Tax 3(3-0)
Federal income tax as applied to income recognition, exclusions from income and property transactions of individuals. Introduction to tax research resources and techniques. Prerequisite: ACCTG 202. (F,S)

320 Cost Accounting 3(3-0)
Accounting procedures applicable to industries with emphasis on job order process costs, standard cost and profit planning including differential costs, internal profit and price policies, and capital budgeting. Prerequisite: ACCTG 202. (F,S)

320L Managerial Accounting Lab 1(0-2)
Applications of managerial accounting theory, computer-based problems, cases, practice sets. Prerequisites: ACCTG 202 and 320L. (F,S,SS)

401 Advanced Financial Accounting 3(3-0)
Application of fundamental theory to partnerships, joint ventures, international operations, consolidated statements, and business combinations; introduction to not-for-profit entities. Prerequisites: ACCTG 302 and senior standing, accounting majors. (F,S)

403 Accounting Theory and Ethics 3(3-0)
Leases, pensions, income taxes, contributed capital, retained earnings, earnings per share, changes in prices, code of professional ethics, current issues in accounting theory. Prerequisite: ACCTG 302L. (F,S)

404 CPA Law Review 3(3-0)
Business law as found in the Business Law section of the Uniform CPA examination. Prerequisite: senior standing, accounting major. (*)

410 Auditing 3(3-0)
A study of the systematic process by which external financial statements and other management assertions are verified and reported upon by independent, internal, and governmental auditors. Prerequisite: ACCTG 302. (F,S)

411 Corporate, Estate and Gift Tax 3(3-0)
Taxation of corporations, partnerships, estates/trusts. Analysis of mergers and dissolution of corporations. Introduction to estate/gift taxes and international taxation. Prerequisite: ACCTG 311. (F)

430 Accounting Information Systems 3(3-0)
The study of design and implementation of accounting information systems. Attention directed to the traditional accounting model and its relationship to computerized accounting information systems. Prerequisite: ACCTG 302. (F,S)

440 Fund Accounting 3(3-0)
A study of advanced accounting topics especially as concerns not-for-profit entities with emphasis on governmental accounting. Prerequisite: ACCTG 302. (F)

450 Small Business Studies 3(3-0)
Integrating prior studies in business into a realistic approach to assist in solving problems faced by selected firms in the community. Prerequisites: senior standing and permission of instructor. (F,S,SS)

484 Senior Studies 3(3-0)
A discipline-oriented integration of prior course work into a special project, research paper and/or activity that demonstrates proficiency in the major. Prerequisite: senior standing in School of Business and completion of all core courses. (F,S,SS)

490 Special Projects 1-6 VAR
(F,S,SS)

491 Special Topics 1-3 VAR
(F,S,SS)

495 Independent Study 1-3 VAR
Prerequisites: senior standing, accounting major and adviser permission. (F,S,SS)

498 Internship 1-6 VAR
Supervised field work in selected business, social and governmental organizations; supplemented by written reports. (S/J grades.) Prerequisites: junior or senior standing in School of Business and permission of internship coordinator. (F,S,SS)

GRADUATE COURSES

510 Managerial Accounting 3(3-0)
Accounting concepts and methods utilized in managerial planning, budgeting, controlling, and evaluating to optimize decision making. Prerequisite: graduate standing. (SS)

511 Tax Planning and Research 3(3-0)
Advanced study of tax research methodology, IRS and professional guidelines on tax positions, appreciation of research skills, planning techniques to individual, corporate, partnership cases. Prerequisite: ACCTG 311. (F)

520 Advanced Cost Management Systems 3(3-0)
Cost systems supporting new management philosophies—JIT, total quality management, continuous improvement, process reengineering. Activity-based costing, target costs, cost of quality. Prerequisites: ACCTG 320 and graduate standing. (S)
561 Current Issues in Accounting I 3(3-0)
Current issues related to evolving reporting models—internal or external. Prerequisite: graduate standing. (S)

571 Current Issues in Accounting II 3(3-0)
In-depth discussion of various problems in accounting. Prerequisite: graduate standing. (F)

591 Special Topics 3(3-0)
Critical review and discussion of relevant accounting topics. (F, S, SS)

592 Research (1-6 VAR)
The student will work under the close supervision of a graduate faculty member in basic or applied research resulting in a thesis or report of high academic quality. (S/U grades) (F, S, SS)

595 Independent Study (1-3 VAR)
Individual study of a subject determined by the instructor and student with permission of the director. Prerequisite: graduate standing. (F, S, SS)

598 Internship 3(3-0)
Supervised field work in selected public, private, government organizations, supplemented by written reports. Prerequisite: graduate standing. (F, S, SS)

599 Thesis Research (1-6 VAR)
(IP and S/U grading) (F, S, SS)

ANTHROPOLOGY (ANTHR)

UNDERGRADUATE COURSES

100 Cultural Anthropology 3(3-0)
Introduction to the concepts by which anthropology understands particular lifestyles, and to the constructs by which it accounts for similarities and differences among lifestyles. (F, S)

104 Physical Anthropology 3(3-0)
Biological nature of humans; emphasis on how forces of evolution have shaped human nature in the past and present. (F, S)

105 Introduction to Archaeology 3(3-0)
Evolution of culture as explained through archaeological methods and theories; emphasis on the preservation and protection of the cultural environment. (*)

106 (ENG 106) Language, Thought and Culture 3(3-0)
Crosscultural introduction to language processes in human society. (*)

211 Laboratory and Field Techniques (1-10 VAR)
Training in field and/or laboratory techniques by participation in anthropological project. Prerequisites: permission of instructor; previous work in anthropology recommended. (*)

250 (SOC 250) The Sacred in Culture 3(3-0)
Concepts of the supernatural studied cross-culturally and in particular cultures. Analysis of the role of religion in helping individuals adjust to stress and aging. (*)

251 World Archaeology 3(3-0)
Awareness and appreciation of cultural evolution and heritage through descriptions and interpretations of archaeological remains throughout the world. (S)

252 (SOC 252) Culture and Personality 3(3-0)
Relationship between group processes and personality factors in a cross-cultural perspective. (*)

291 Special Topics (1-3 VAR) (*)

301 Peoples and Cultures of the Southwest 3(3-0)
Examination of the region's multiethnic and pluralistic society; emphasis on adverse adaptations to distinctive nature and cultural environments. (*)

310 (SOC 310) Social and Cultural Theory 3(3-0)
From classical to contemporary theory in sociology and anthropology. (*)

401 (SOC 401) Health, Culture and Society 3(3-0)
Analysis of cultural, social, and psychological factors influencing health and health-care. (*)

402 (SOC 402) Aging, Culture and Society 3(3-0)
Cultural, sociological, and psychological dimensions of aging. (*)

451 (SOC 451) Culture/Deviance/Psychopathology 3(3-0)
Analysis of the relationship between culture and the causes and manifestations of deviance and psychopathology. (*)

453 Southwestern Archaeology 3(3-0)
Investigations of the prehistoric and historical peoples and cultures of the Southwest. (*)

491 Special Topics (1-3 VAR) (*)

492 (SOC 492) Research 3(3-0)
Qualitative and quantitative research methods and designs in sociological research. (*)

493 Seminar (2-4 VAR)
Major principles, propositions, and concepts which establish social and cultural understanding. (*)

494 Field Experience (3,4,5,6,12 VAR)
Practical experience in an agency setting. Prerequisite: permission of instructor. (*)

495 Independent Study (1-10 VAR)
Directed study for students interested in specific areas of anthropological concern. Prerequisites: previous work in anthropology and permission of instructor. (*)

APPLIED NATURAL SCIENCE (ANS)

GRADUATE COURSES

510 Scientific Information Systems 1(1-0)
Techniques of the effective and efficient use of scientific literature including the general content and organization of Chemical Abstracts, Biological Abstracts, Beilstein, Current Contents, and primary literature sources; use of computerized data bases for the location of literature and patent information. *Students in the biological and chemical sciences emphasis are strongly advised to take this course in the fall semester of their first year in the program. Prerequisite: graduate standing. (F)

520 Health and Safety in the Laboratory 1(1-0)
Review of standard potential hazards encountered in the scientific laboratory including fire, chemical, biological, and radiation hazards. Applicable regulations associated with the handling and disposal of hazardous materials and wastes. Sources of information regarding hazards (Material Safety Data Sheets, etc.). Control and prevention of spills and fires. Prerequisite: graduate standing. (F)
593 Seminar 1(1-0)  
Two sections of the graduate seminar are required. Section 1(1-0) is an interdisciplinary seminar on topics appropriate to the application of natural sciences. Prerequisite: graduate standing and ANS 510. (S only). Section II 1(1-0) is the oral defense of thesis research for the thesis option of comprehensive examination for the non-thesis option. Prerequisite: graduate standing, and all other program requirements must have been fulfilled. (F,S,SS).

ART (ART)

UNDERGRADUATE COURSES

100 Visual Dynamics 3(3-0)  
Appreciation and understanding of visual experiences and techniques reflecting the cultural dynamics of creativity. (F,S*)

103 Art History Survey III 3(3-0)  
Development of style, iconography and function of art in non-western cultures. (F,S,SS)

104 Computer Graphic Literacy 1(1-2)  
Basic to all microcomputer software applications containing graphic components such as business presentations, medical molecular modeling, cartography or graphic design. (F,S*)

105 History Through Art I 3(3-0)  
A survey of history as a means of understanding people of the past and present through a perusal of major works of art. (F,S,*)

106 History Through Art II 3(3-0)  
A study of historical ideas and events as reflected in the major art movements of the time. (*)

110 Art Career Orientation 1(1-0)  
Guided development of individual job objectives. (F,S,SS)

115 Two-Dimensional Design 3(1-4)  
The foundation of visual form, emphasizing two-dimensional design and color theory. (F,S)

116 Three-Dimensional Design 3(1-4)  
The foundation of visual form, emphasizing three dimensional design. (F,S)

141 Drawing I 2(0-4)  
Development of perception and technical skills in rendering. (F,S,SS)

142 Drawing II: Figure 2(0-4)  
Studio class studying the human figure. (F,S,SS)

206 Art History: Contemporary 3(3-0)  
Development of style and iconography of contemporary art since 1950. Prerequisite: permission of instructor. (F,S)

233 Sculpture I 3(0-6)  
Basic problems in sculpture relating specific concerns of visual form and process. (F,S,SS)

234 Painting I 3(0-6)  
Introduction to painting in oil and acrylic where the control of space will be approached through the use of color. Prerequisite: art core. (F,S,SS)

241 Drawing III 2(0-4)  
Advanced course in pursuit of increased skills of perception. Prerequisites: ART 141 and 142. (F,S,SS)

242 Drawing IV: Figure 2(0-4)  
Continuation of ART 142 with expanded interpretational and compositional awareness of the figure. Prerequisite: ART 142. (F,S,SS)

247 Ceramics I 3(0-6)  
Essential skills in ceramic processes; emphasis on form and function as related to students’ needs and creative intent. Prerequisite: Permission of instructor. (F,S,SS)

270 Printmaking I 1(1-3 VAR)  
Introduction to multiple image production through traditional and non-traditional methods, including woodcut, linocut, intaglio, serigraphy and lithography. (F,S*)

274 Computer Imaging 1(1-3 VAR)  
The production of original imagery through the use of art-oriented software on microcomputers with video input. Prerequisites: art core or permission of instructor. (Repeatable once.) (F,S,SS)

275 Computer Animation I 1(1-3 VAR)  
The creative application of microcomputers and interactive software to produce 3-D animations or video tape. No programming required. Prerequisite: Art core or permission of instructor. (*)

276 Photography 1(1-3 VAR)  
Photography as an art form and as an adjunct to other art media. Prerequisite: art core or permission of instructor. (F,S,SS)

281 Introduction to Graphic Design I 3(0-6)  
A basic treatment of graphic processes and techniques related to advertising design and visual communication. Prerequisite: art core or permission of instructor. (F,S)

282 Calligraphy 1(1-3 VAR)  
Styles of hand lettering and layout of calligraphic forms. Prerequisite: art core or permission of instructor. (F,S)

284 Designing on the Macintosh II 1(1-3 VAR)  
An introduction to the Macintosh computer for artists and designers. Prerequisite: permission of instructor. (*)

291 Special Topics 1(1-5 VAR) (F,S,SS)

333 Sculpture II: Site Art 3(0-6)  
Creating sculptural elements whose form and content are a response to its site and context. Prerequisite: art core or permission of instructor. (F,S,SS)

334 Painting II 3(0-6)  
Techniques in oil and acrylic emphasizing the application of materials to subject matter and composition. Prerequisite: ART 234 (F,S,SS)

347 Ceramics II 3(0-6)  
In-depth development of specific ceramic techniques; skills and personalization of style. Students will load and fire all the kilns as well as mix glazes. Prerequisite: ART 247 or permission of instructor. (F,S,SS)

370 Printmaking II 1(1-3 VAR)  
Investigation into multiple image production through traditional and non-traditional methods. Special attention given to specialized area of student interest. (F,S,*)

371 Printmaking: Photo Processes 3(0-6)  
Basic processes of printing from raised and lowered surfaces. Prerequisite: ART 270. (F,S,SS)
372 Printmaking: Computers and Photo Processes 3(0-6)
Investigation into prepress software and its application to multiple color image production. Description of photo processes and platemaking/ dark-room techniques. Prerequisite: Art 370 or 371. (F,S,SS)

373 Serigraphy (1-3 VAR)
Process of screen printing including preparation of photographic stencils. Prerequisite: art core or permission of instructor. (F,S)

374 Computer Imaging (1-3 VAR)
The use of microcomputers to produce original slides or prints and animation on video tape. Prerequisite: art core or permission of instructor. (Repeatable once.) (F,S,SS)

375 History of Art Film 3(3-0)
Significant art films illustrating the development style, subject matter and techniques of film making from the late 19th- century to the present. (F,S)

376 Photography (1-3 VAR)
Photography as an art form and an adjunct to other art media. Prerequisite: ART 276 or permission of instructor. (F,S)

377 Principles of Elementary Art Education 11(1-0)
Lecture course dealing with the development of visual concepts within the child. (F,S,SS)

381 Introduction to Graphic Design II 3(0-6)
Intermediate graphic design techniques including layout and camera-ready art work. Prerequisite: ART 281 or permission of instructor. (F,S,SS)

382 Illustration 2(0-4)
Images rendered in varying techniques to express ideas related to commercial application. Prerequisite: ART 381 or permission of instructor. (F,S,SS)

383 Exhibition Design 2(0-4)
Communication and design principles applied to the display of objects. Special attention to museum and gallery installations. Prerequisite: permission of instructor. (F,S,SS)

384 Designing on the Macintosh II (1-3 VAR)
Advanced instruction in technique and concept on the Macintosh Computer for artists and designers. (*)

397 Studio Series 3(0-2-6)
Advanced studio offerings for students who have completed all other course offerings in a specific discipline. Scheduled concurrently with lower-division studios. Repeatable for a maximum of nine credits. Prerequisite: permission of instructor. (F,S,SS)

405 Art History: Modern 3(3-0)
Development of style and iconography of 19th- and early 20th-century art in Europe and United States. Prerequisite: permission of instructor. (F,S)

410 Senior Career Orientation 3(3-0)
Formal presentation of student's academic and creative portfolio to the art faculty. Senior exhibition and artist's statement, resumes and job placement interviews. Prerequisite: senior standing. (F,S,SS)

433 Advanced Site Art 3(0-6)
Advanced projects in Site Art that involve the presentation and creation of site specific sculptural forms. Prerequisite: art core or permission of instructor. (F,S,SS)

434 Painting III 3(0-6)
Advanced painting with an emphasis on individual development. Focus pertains to formal, pictorial and technical problems met in developed personal imagery. Prerequisite: ART 334 (F,S,SS)

447 Advanced Ceramics / Kiln Construction 3(0-6)
This course explores advanced theories and techniques involved in working with clay, forming, firing, glazing, kiln design and construction. Prerequisite: permission of instructor. (F,S,SS)

470 Printmaking III 3(1-3 VAR)
Advanced investigation into multiple image production through individual techniques and interest. Prerequisite: Art 270, Art 370 or permission of instructor. (*)

475 Computer Animation II (1-3 VAR)
The creative application of microcomputers and interactive software to produce advanced 3-D animations on video tape. No programming required. Prerequisite: Art core or permission of instructor. (Repeatable once.) (*)

481 Advanced Graphic Design I 3(0-6)
Using advanced principles, this workshop operates as a professional studio with designers, an art director, production manager, copywriter, computer manager, etc. producing posters, logos and brochures. Prerequisite: ART 281, 381 or permission of instructor. (F,S,SS)

482 Advanced Graphic Design II 3(0-6)
Further development of professional practice in the studio workshop with fully advanced participation as designers, managers, and directors. Prerequisite: ART 281, 381 and 481 or permission of instructor. (F,S,SS)

491 Special Topics 1(1-5 VAR) (F,S,SS)

494 Field Experience 1(1-5 VAR)
Off-campus individual experience providing transition from classroom instruction to on-the-job experience. Prerequisite: senior standing and permission of instructor. (F,S,SS)

495 Individual Projects 1(1-5 VAR)
Individual tutorial experience. Prerequisites: junior or senior standing and permission of instructor. (F,S,SS)

496 Cooperative Education Placements 1(1-4 VAR)
Prerequisite: permission of instructor. (F,S,SS)

497 Studio Series 3(0-2-6)
Advanced sections of studio offerings. Repeatable. Prerequisite: ART 397 or permission of instructor. (F,S,SS)

GRADUATE COURSES

500 Workshop 1(1-5 VAR)
Using materials and techniques based on advanced concepts and ideas. Prerequisite: permission of instructor and graduate standing. (F,S,SS)

591 Special Topics 1(1-3 VAR)
Prerequisite: permission of instructor and graduate standing. (F,S,SS)
AUTOMOTIVE PARTS AND SERVICE MANAGEMENT (APSM)

UNDERGRADUATE COURSES

105 Introduction to the Parts and Service Industry
1(1-0)
Introduction to the industry from viewpoint of history, social impact, organization structure, manpower needs, and future growth. (F)

115 Automotive Engine Design and Operation 5(3-4)
Design, operation and repair techniques of current and future automotive engines. (F)

125 Automotive Suspension and Brake Systems 3(3-0)
Design and theory of front and rear automotive suspensions, steering, and brake systems. (S)

125L Automotive Suspension and Brake Systems Lab 1(0-2)
Corequisite: APSM 125. (S)

135 Automotive Fuel Systems and Exhaust Emissions 3(3-0)
Design and theory of automotive fuel systems, carburetion, fuel injection, turbo charging, and supercharging; functions and design of automotive emissions systems. (F)

135L Automotive Fuel Systems and Exhaust Emissions Systems Lab 1(0-2)
Corequisite: APSM 135. (F)

155 Automotive Parts Operations 4(4-0)
The complete spectrum of jobber and dealer parts department, from counter to manager operations, to include electronic cataloging, customer service, introduction of parts computers. (F)

215 Automotive Power Trains and Drive Lines 3(3-0)
Design and theory of standard and automatic transmissions, clutches, drive lines, differentials, and transaxles. (S)

215L Automotive Power Trains and Drive Lines Lab 1(0-2)
Corequisite: APSM 215. (S)

225 Power and Energy Technology 3(3-0)
Current uses of different forms of energy, the technology involved in generating power from various sources and the impact on society and the environment. (S)

245 Automotive Electrical Systems I 3(3-0)
Design and theory of operation of automotive electrical circuits, ignition, starting, charging, and accessory circuits, with study of diagnostic equipment used to diagnose system malfunctions. (F)

245L Automotive Electrical Systems Laboratory I 1(0-2)
Corequisite: APSM 245. (F)

255 Automotive Electrical Systems II 3(3-0)
Design and operational theory of solid state ignition systems and computer-controlled systems including engine, braking, transmission, emission, and comfort systems. Prerequisite: APSM 245/245L. Corequisite: APSM 255L. (S)

255L Automotive Electrical Systems II Lab 1(0-2)
Corequisite: APSM 255. (S)

265 Automotive Parts Management Systems 4(3-2)
A study of automotive parts service management software systems utilized by industry in distribution, inventory, basic procedures. Prerequisite: APSM 105 and 155. (F)

296 Cooperative Education Placement (1-5 Var)
Supervised industrial field work. Prerequisite: freshman or sophomore standing. APSM major. (F,S)

305 Auto Customer Service Regulatory Issues 3(3-0)
A study of automotive industry management theory, styles, equipment, communications and regulatory issues. Prerequisites: APSM 155 and 265. (S)

325 Fuels and Lubricant Production, Marketing and Conservation 3(3-0)
Petroleum industry; basic production processes, marketing techniques, alternate fuel sources, and conservation techniques. Prerequisite: senior standing or permission of adviser. (F)

335 Automotive Shop Practices 5(2-6)
Diagnosis of electrical, fuel, engine, brake and transmission systems; study of service management and service writer duties. Prerequisites: APSM 115, 125, 135, 245/245L, 255/255L and 345. (S)

345 Advanced Automotive Systems 5(3-4)
Theory and laboratory experience on new concepts in automotive electrical, fuel and suspension systems. Prerequisite: junior standing or permission of instructor. (F)

405 Personal Selling Methods and Techniques 4(3-2)
Research, preparation, and presentation methods and techniques for selling in the automotive industry. Prerequisite: junior or senior standing. (F)

425 Automotive Financial Management 5(4-2)
A study of financial management and analysis used by automotive aftermarket and original equipment businesses. Prerequisites: ACCTG 202, APSM 155, 265 and 305. (S)

491 Special Topics 1-5 VAR
Prerequisite: permission of instructor. (F,S)

495 Independent Study 1-4 VAR
Directed, independent study of topics agreed upon by the student and instructor. Prerequisite: APSM majors, junior standing, permission of instructor and department chair. (F,S,SS)

496 Cooperative Education Placement 1-5 VAR
Supervised industrial field work. Prerequisite: junior or senior standing, APSM major. (F,S)

BILINGUAL BICULTURAL EDUCATION (BBE)

UNDERGRADUATE COURSES

400 Workshop 1-3 VAR
Development of classroom materials and curriculum in bilingual education. (*)

401 Teaching the Limited English Proficient Student 2(1.5-1.5)
Methods and techniques of teaching English to children of linguistically and culturally different backgrounds. Prerequisite: admission to teacher education program. (F,S)

403 Teaching Elementary Subjects in Bilingual Education 3(2-3)
Teaching elementary social studies, science, and health in bilingual settings. (F,S)
460 Survey of Language/Cultural Tests in Bilingual Education 2(2-0)
Introduction to current language/cultural instruments for the prospective bilingual education teacher in the elementary school. (F)

487 Student Teaching Bilingual 5(8,10,15 VAR)
For students in elementary bilingual program. Application for student teaching must be submitted on or before March 1 prior to the semester in which student teaching will commence. (S/U grades.) Prerequisite: admission to the teacher education program. (F,S)

495 Independent Study 1-2 VAR
For the student specializing in bilingual education. (F,S)

GRADUATE COURSES

500 Workshop 1-3 VAR
Practicum in development of classroom materials/curriculum in bilingual education. Prerequisite: graduate standing. (*)

505 Education across Cultures 2(2-0)
Analysis of multiculturalism in education and adaptation of the educational process to children of diverse cultural backgrounds. Prerequisite: graduate standing. (*)

541 Survey of Research in Bilingual Education 2(2-0)
Prerequisite: graduate standing. (*)

595 Independent Study 1-2 VAR
For the student specializing in bilingual education. Prerequisite: graduate standing. (*)

BIOLOGY (BIOL)

UNDERGRADUATE COURSES

100 Principles of Biology 3(3-0)
Introduction to basic principles common to all facets of biology. Topics include a brief history of biology, the scientific method, the diversity of life, cell structure and reproduction, and metabolism. (F,S)

100L Principles of Biology Lab 1(0-2)
To expose the student to problem-solving skills emphasizing the importance of observation and data accumulation. Corequisite: BIOL 100. (F,S)

112 Nutrition 3(3-0)
Analysis of personal dietary habits and behavior in relation to basic human nutritional needs and food composition. (CE,F,S)

121 Environmental Conservation 3(3-0)
Historical review of humankind's interrelationship with and impact on the natural environment. Basic principles of ecology and current issues relating to the use of natural resources and environmental problems. (F,S,SS)

121L Environmental Conservation Lab 1(0-2)
Optional field studies to augment BIOL 121. Corequisite: BIOL 121. (F,S,SS)

162 Personal Health 3(3-0)
The development of knowledge and the scientific basis for the analysis, evaluation and promotion of personal health and wellness. (F,S)

171 Career Planning I 1(1-0)
Identifying career options and creating a personalized educational program. (F,S)

201 Botany 3(3-0)
Morphology, anatomy, physiology, phylogeny and ecology of the major plant groups. Prerequisite: BIOL 100 or permission of instructor. Corequisite: BIOL 201L. (CE,F,S)

201L Botany Lab 2(0-4)
Corequisite: BIOL 201. (CE,F,S)

202 Zoology 3(3-0)
Anatomy, physiology, ecology and phylogeny of major and minor invertebrate and vertebrate taxa. Prerequisite: BIOL 100 or permission of instructor. Corequisite: BIOL 202L. (CE,F,S)

202L Zoology Lab 2(0-4)
Corequisite: BIOL 202. (CE,F,S)

206 Introduction to Microbiology 3(3-0)

206L Introduction to Microbiology Lab 1(0-3)
Corequisite: BIOL 206. (CE,F)

220 Medical Terminology 1(1-0)
Basic prefixes, word roots, combining forms and suffixes of medical terminology and human anatomy are covered. (S)

221 Principles of Human Anatomy and Physiology 3(3-0)
Fundamentals of anatomical structures and physiological function. Corequisite: BIOL 221L. (CE,F,S)

221L Principles of Human Anatomy and Physiology Lab 1(0-2)
Corequisite: BIOL 221. (CE,S)

223 Human Physiology and Anatomy I 3(3-0)
Study of human physiology and anatomy designed for students who require or desire a thorough understanding of the functional and structural aspect of the human body. Not for the majority of biology majors. Topics include physiologically important molecules and compounds, the cell, tissues, integument, skeleton, muscle, nervous system, and special senses. Corequisite: BIOL 223L. (CE,F)

223L Human Physiology and Anatomy Lab I 1(0-2)
Corequisite: BIOL 223. (CE,F)

224 Human Physiology and Anatomy II 3(3-0)
A continuation of BIOL 223. Topics include the vascular system, respiration, digestion, endocrines, metabolism, excretion, fluid balance, and reproduction. Corequisite: BIOL 224L. (CE,S)

224L Human Physiology and Anatomy Lab II 1(0-2)
Corequisite: BIOL 224. (CE,S)

280 Introduction to Biotechnology 3(3-0)
Introduction and current developments in the use of biological organisms for research and for commercial and industrial processes. (CE,S)

291 Special Topics 1-4 VAR (F,S,SS)

294 Field Experience 1-4 VAR
Volunteer work experience under program director, department coordinator and faculty supervisor. (S/U grades) (F,S,SS)

301 General Microbiology 3(3-0)
Introduction to the bacteria and viruses, including microbial genetics and physiology. Prerequisites: BIOL 201, 202 and CHEM 301 and 301L or permission of the instructor. Corequisite: BIOL 301L. (CE,F)
Biology

301L General Microbiology Lab 2(0-4)
Corequisite: BIOL 301. (CE,F)

302 Medical Microbiology and Immunology 3(3-0)
Introduction to immunology and survey of pathogenic bacteria, viruses and fungi. Prerequisite: BIOL 301 or permission of the instructor. Corequisite: BIOL 302L. (CE,S)

302L Medical Microbiology and Immunology Lab 2(0-4)
Corequisite: BIOL 302. (CE,S)

320 Emergency Medical Technician (EMT) Training 6(4-6)
Meets the U.S. D.O.T. 1994 Revised EMT-Basic National Standard Curriculum. Clinical time in hospital emergency departments and on ambulances. Hepatitis B vaccination required first week of class. Eligible to take Colorado certification written examination. See instructor prior to registering for the class. Prerequisite: CPR for health care providers. (F,S)

321 Comparative Vertebrate Anatomy 3(3-0)
Comparative study of developmental and functional anatomy of vertebrate animals. Prerequisite: BIOL 202 or permission of instructor. Corequisite: BIOL 321. (CE,S)

321L Comparative Vertebrate Anatomy Lab 2(0-4)
Corequisite: BIOL 321. (CE,S)

324 (SPCOM 324) Anatomy of the Head, Neck and Chest 2(2-0)
Anatomical structures of the head, neck, and chest with analysis of development and function. Prerequisite: BIOL 221 or BIOL 321 or permission of instructor. Corequisite: BIOL 324L. (CE,F)

324L (SPCOM 324L) Anatomy of the Head, Neck, and Chest Lab 1(0-2)
Corequisite: BIOL 324. (CE,F)

341 Vertebrate Physiology 3(3-0)
Basic general physiology and the functions of animal and human body systems. Prerequisites: BIOL 202, CHEM 112 and 112L or 301 and 301L. Corequisite: BIOL 341L. (CE,F)

341L Vertebrate Physiology Lab 1(0-2)
Corequisite: BIOL 341. (CE,F)

351 Genetics 3(3-0)
Mendelian genetics, cell cycles, molecular genetics, medical genetics and population genetics, with laboratory emphasis on Drosophila and man. Prerequisites: BIOL 201 and 202 or permission of instructor. Corequisite: BIOL 351L. (CE,S)

351L Genetics Lab 1(0-2)
Corequisite: BIOL 351. (CE,S)

352 Evolution 2(2-0)
Historical view of the theory of evolution with emphasis upon man's place in nature and the forces which have produced evolution. (CE,S)

353 Ecology 4(4-0)
Interaction and interdependencies between organisms and their environment. Prerequisites: BIOL 201 and 202 or permission of instructor. Corequisite: BIOL 353L. (CE,F)

353L Ecology Field Studies 1(0-2)
Corequisite: BIOL 353. (CE,F)

377 Methods and Materials in Teaching Biology 2(2-0)
Current trends in teaching biology, BSCS biology is given special emphasis. Study of resource materials, techniques of experimentation, and demonstrations. (F)

378 Laboratory in Teaching Biology 1(0-2)
Teaching experience under supervision of instructor. (F,S)

394 Field Experience 1-4 VAR
Volunteer work experience under program director, program coordinator, and faculty supervisor (S/U grades) (F,S,SS)

412 Cellular Biology 3(3-0)
Structural and functional organization of cells, life cycles of cells, intracellular digestion, protein synthesis, and cell death. Prerequisites: BIOL 201 and 202, CHEM 301 and 301L or permission of instructor. Corequisite: BIOL 412L. (CE,S)

412L Cellular Biology Lab 1(0-3)
Corequisite: BIOL 412. (CE,S)

421 Histology 2(2-0)
A microscopic study of vertebrate tissues and organs. Prerequisites: BIOL 202 and 202L or BIOL 223 and 223L or BIOL 321 and 321L. Corequisite: BIOL 421L. (CE,F)

421L Histology Lab 2(0-4)
Corequisite: BIOL 421. (CE,F)

426 Plant Morphology 2(2-0)
Forms, basic structures, relationships, life histories and evolutionary trends of representatives of the major autotrophic plant groups. Prerequisite: BIOL 201 or permission of instructor. Corequisite: BIOL 426L. (CE,S)

426L Plant Morphology Lab 1(0-2)
Corequisite: BIOL 426. (CE,S)

432 Embryology 2(2-0)
Development of representative vertebrate and invertebrate animals with particular emphasis on the early embryology of Branchiostoma, frog, chick, and mammal. Prerequisite: BIOL 202 or permission of instructor. Corequisite: BIOL 432L. (CE,F)

432L Embryology Lab 2(0-4)
Corequisite: BIOL 432. (CE,F)

440 Molecular Genetics 2(0-4)
Molecular and Biochemical basis of heredity. Regulation of gene expression. Corequisite: BIOL 440L (F)

440L Molecular Genetics Lab 1(0-2)
Corequisite: BIOL 440 (F)

441 Freshwater Invertebrate Zoology 2(2-0)
Classification, phylogeny, systematics, morphological, physiological, and natural history of freshwater invertebrates inclusive of insects. Prerequisites: BIOL 202, or permission of instructor. Corequisite: BIOL 441L. (CE,S,E)

441L Freshwater Invertebrate Zoology Lab 2(0-4)
Corequisite: BIOL 441. (CE,S,E)

443 Limnology 2(2-0)
Biological and physical processes of lakes and rivers. Prerequisites: BIOL 201 and 202 or permission of instructor. Corequisite: BIOL 443L. (CE,S,O)

443L Limnology Lab 2(0-4)
Corequisite: BIOL 443 (CE,S,O)

452 Theory and Application of Electron Microscopy 2(2-0)
Theory of electron optics, image analysis and specimen preparation in biological and physical sciences. Preparation of cells and tissues for examination by transmission electron microscopy (TEM) and scanning electron microscopy (SEM). Prerequisite: permission of instructor. Corequisite: BIOL 452L (CE,S)
452L Theory and Application of Electron Microscopy Lab 2(0-4)
Corequisite: BIOL 452. (CE,S)

471 Career Planning IV 1(1-0)
Creating and securing graduate school and employment opportunities. (F,S)

472 Radiation Biology 3(3-0)
Nature, production and use of radioisotopes, radiological safety, effects of ionizing radiation at the subcellular, cellular and organism level, environmental radiation, and radionuclide cycling. Prerequisites: BIOL 201 and 202, CHEM 122 and 122L, or permission of instructor. Corequisite: BIOL 472L. (CE,F)

472L Radiation Biology Lab 1(0-2)
Corequisite: BIOL 472. (CE,F)

473 Med. Tech., Clinical Rotation I 12(5-14)
Coursework and clinical training in an affiliated medical laboratory sciences facility. Specific course of study determined by facility. Prerequisite: consent of instructor. (F)

474 Med. Tech., Clinical Rotation II 12(5-14)
Coursework and clinical training in an affiliated medical laboratory sciences facility. Specific course of study determined by facility. Prerequisite: BIOL 473 and consent of instructor. (S)

475 Med. Tech., Clinical Rotation III 6(3-6)
Coursework and clinical training in an affiliated medical laboratory sciences facility. Specific course of study determined by facility. Prerequisite: BIOL 474 and consent of instructor. (SS)

479 Ichtyology 2(2-0)
The morphology, taxonomy and ecology of fishes; an introduction to fishery biology and aquaculture. Field trips are an integral part of the course. Prerequisites: BIOL 202 and 202L. Corequisite: BIOL 479L. (CE,F)

479L Ichthyology Lab 1(0-2)
Corequisite: BIOL 479. (CE,F)

481 Entomology 2(2-0)
Structure, classification, ecology and control of insects. Prerequisite: BIOL 202 or permission of instructor. Corequisite: BIOL 481L. (CE,F)

481L Entomology Lab 1(0-2)
Corequisite: BIOL 481. (CE,F)

483 Mammalogy 2(2-0)

483L Mammalogy Lab 1(0-2)
Corequisite: BIOL 483. (CE,S)

484 Ornithology 2(2-0)
Classification, life history, laboratory and field identification of birds. Prerequisite: BIOL 202. Corequisite: BIOL 484L. (CE,S)

484L Ornithology Lab 1(0-2)
Corequisite: BIOL 484. (CE,S)

485 Plant Taxonomy 2(2-0)
Identification of the common vascular plant families of Colorado with an emphasis on the flowering plants; study of their systematic relationships. Prerequisite: BIOL 201 or permission of instructor. Corequisite: BIOL 485L. (CE,F)

485L Plant Taxonomy Lab 2(0-4)
Corequisite: BIOL 485. (CE,F)

489 Medical and Veterinary Entomology 3(3-0)

491 Special Topics 1-4 VAR
(F,S,SS)

493 Seminar 1(1-0)
Seminar for majors and minors concerning unique, current, or unusual topics in biology. Speakers may include guests, faculty, or students. Required of majors. Prerequisite: permission of program chairman. (F,S)

494 Field Experience 1-4 VAR
Volunteer work experience under program director, program coordinator and faculty supervisor. (S/U grades). (F,S,SS)

495 Independent Study 1-4 VAR
Prerequisite: junior standing, biology major, permission of instructor and department. (F,S,SS)

498 Internship 5-15 VAR
1. Measurement and control of air pollution
2. Noise and the environment
3. Industrial hygiene and accident prevention
4. Milk and food sanitation
5. Water and waste-water sanitation
6. Housing and institutional environmental health
7. Solid waste management (S/U grades) Prerequisite: permission of department. (F,S,SS)

GRADUATE COURSES

Admission to graduate courses requires approval of the adviser for the graduate program.

512 Cellular Biology 3(3-0)
Structural and functional organization of the cell, life cycles of cells, intracellular digestion, protein synthesis and cell death. Prerequisite: BIOL 201, 202 Corequisite: BIOL 512L. (S)

512L Cellular Biology Lab 1(0-2)
Corequisite: BIOL 512 (S)

521 Histology 2(2-0)
A microscopic study of vertebrate tissues and organs. Prerequisites: BIOL 202, 202L, 223, 223L 321 and 321L Corequisite: BIOL 521L. (F)

521L Histology Lab 2(0-4)
Corequisite: BIOL 521. (F)

526 Plant Morphology 2(2-0)
Forms, basic structures, relationships, life histories and evolutionary trends of representatives of the major autotrophic plant groups. Corequisite: BIOL 526L. (S)

526L Plant Morphology Lab 1(0-2)
Corequisite: BIOL 526. (S)

532 Embryology 2(2-0)
Development of representative vertebrate and invertebrate animals with particular emphasis on the early embryology of Branchiostoma, frog, chick and mammal. Corequisite: BIOL 532L. (F)

532L Embryology Lab 2(0-4)
Corequisite: BIOL 532. (F)
540 Molecular Genetics 2(2-0)  
Molecular and biochemical basis of heredity. Regulation of gene expression. Corequisite: BIOL 540L. (F)

540L Molecular Genetics Lab 1(0-2)  
Corequisite: BIOL 540. (F)

541 Freshwater Invertebrate Zoology 2(2-0)  
Classification, phylogeny, systematics, morphology, physiology, and natural history of freshwater invertebrates inclusive of insects. Corequisite: BIOL 541L. (S/E)

541L Freshwater Invertebrate Zoology Lab 2(0-4)  
Corequisite: BIOL 541. (S/E)

543 Limnology 2(2-0)  
Biological, chemistry, and physics of lakes and rivers. Corequisite: BIOL 543L. (SIO)

543L Limnology Lab 2(0-4)  
Corequisite: BIOL 543. (SIO)

552 Theory and Application of Electron Microscopy 2(2-0)  
Theory of specimen preparation, electron optics and image analysis in biological and physical sciences. Preparation of cells and tissues for examination by scanning electron microscopy (SEM) and transmission electron microscopy (TEM). Corequisite: BIOL 552L. (S)

552L Electron Microscopy Lab 2(0-4)  
Corequisite: BIOL 552. (S)

572 Radiation Biology 3(3-0)  
Nature, production and use of radioisotopes, radiological safety, effects of ionizing radiation at the subcellular, cellular and organism level, environmental radiation and radionuclide cycling. Corequisite: BIOL 572L. (F)

572 Radiation Biology Lab 1(0-2)  
Corequisite: BIOL 572. (F)

589 Medical and Veterinary Entomology 3(3-0)  

591 Special Topics 1-4 VAR  
(F,S,SS)

595 Independent Study 1-4 VAR  
Prerequisite: graduate standing, biology major, permission of instructor and department. (F,S,SS)

598 Graduate Internship 1-4 VAR  
Volunteer or paid work experience under the combined supervision of the selected organization and a faculty member. Prerequisite: graduate students only. (F,S,SS)

599 Thesis Research 1-6 VAR  
(IP and SU grading). (F,S,SS)

BUSINESS ADMINISTRATION (BUSAD)

UNDERGRADUATE COURSES

101 Career Opportunities in Business 1(1-0)  
Identifying career opportunities in business with emphasis on educational and career planning. Required of freshmen students majoring in business. Open to all students. (F,S)

160 Introduction to Computers and Information Processing 3(3-0)  
Concepts and applications of computers as used by business and management. Emphasis is given to computer productivity software with hands-on exercises. (F,S,SS)

220 Principles of Business Law 3(3-0)  
Law as it relates to business, including contracts, sales, bailments, and personal property. (F,S)

260 Business Statistics I 3(3-0)  
Statistical methods in business, including descriptive statistics, probability distributions, sampling, parameter estimation and hypothesis testing, correlation and simple linear regression, and chi square tests. Prerequisite: MATH 220. (F,S,SS)

261 Business Statistics II 3(3-0)  
More advanced statistical methods for business, including analysis of variance, multiple regression, time series analysis, nonparametric methods, sample survey methods, and basic decision analysis. Prerequisite: BUSAD 260. (S)

270 Business Communications 3(3-0)  
Means of extending management capabilities through effective internal and external communications, including data organization and presentation. Prerequisites: ENG 101 and 102. (F,S)

302 Ethical Issues and the Legal Environment of Business 3(3-0)  
Examination of issues addressing ethical, legal, social and environmental responsibilities of businesses toward government, customers, employees, and the general public. Prerequisite: junior standing. (F,S)

475 International Business 3(3-0)  
Opportunities and problems of multinational firms including environmental factors and formulation of strategies and policies for all functional areas of business. Prerequisites: FIN 330, MGMT 310 and MKTG 340. (F,S,SS)

490 Special Projects 1-6 VAR (*)

491 Special Topics 1-3 VAR  
Prerequisite: permission of instructor. (*)

495 Independent Study 1-3 VAR  
Prerequisites: senior standing and permission of department chair. (F,S,SS)

498 Internship 1-6 VAR  
Supervised field work in selected business, social and governmental organizations; supplemented by written reports (SU grades). Prerequisites: junior or senior standing in the School of Business and permission of internship coordinator. (F,S,SS)

GRADUATE COURSES

502 Business Ethics and Environment 3(3-0)  
The impact of continued social, political, economic, technological, and legal pressures upon ethical business issues and managerial decision making. Prerequisite: graduate standing. (*)

575 International Business 3(3-0)  
Familiarize students with the differences in management operations domestically and internationally (the scope, activities, managerial problems and decisions) and challenges facing multinational managers/organizations. Prerequisite: graduate standing. (F)
580 Business Research Methodology 3(3-0)
Fundamentals of qualitative and quantitative research design including development of hypothesis and assessment techniques in preparation for undertaking research projects. Prerequisite: graduate standing. (S)

591 Special Topics 3(3-0) (*)

592 Research 1(6 VAR)
The student will work under the close supervision of a graduate faculty member in basic or applied research resulting in a thesis or report of high academic quality (IP and S/U grading). (F,S,SS)

595 Independent Study 1(3 VAR)
Individual study of a subject determined by the instructor and student with permission of the director. Prerequisite: graduate standing. (F,S,SS)

599 Thesis Research 1(6 VAR)
(F,S,SS)

CHEMISTRY (CHEM)

UNDERGRADUATE COURSES

101 Chemistry and Society 3(3-0)
Chemistry related to the everyday world. Drugs, food, pollution, pesticides, consumer products, energy, and home health. Principally for non-science majors. (*)

101L Chemistry and Society Lab 1(0-2)
Laboratory is optional. Experiments to exemplify the logical steps of problem solving and explore the physical and chemical world. Corequisite: CHEM 101. (*)

111 Principles of Chemistry 3(3-0)
Fundamental laws, theories and principles of chemical reactions. Credit not applicable for chemistry majors or minors. Corequisite: CHEM 111L. (F,S)

111L Principles of Chemistry Lab 1(0-2)
Experiments using common chemical equipment and techniques to aid the student in learning what occurs in the chemical laboratory. Corequisite: CHEM 111. (F,S)

121 General Chemistry I 4(4-0)
For science, engineering and pre-professional curricula. Atomic theory, chemical bonding, periodic properties, states of matter, oxidation-reduction, stoichiometry, thermodynamics, inorganic nomenclature. Prerequisites: one year of high school algebra or equivalent, and one year high school chemistry or equivalent. Corequisite: CHEM 121L. (F,S)

121L General Chemistry Lab I 1(0-2)
Corequisite: CHEM 121. (F,S)

122 General Chemistry II 4(4-0)
Continuation of CHEM 121. Thermodynamics, kinetics, equilibria, nuclear chemistry, electrochemistry, acids and bases, solutions, descriptive inorganic chemistry. Prerequisite: CHEM 121. Corequisite: CHEM 122L. (F,S)

122L General Chemistry Lab II 1(0-2)
Laboratory component to CHEM 122 including qualitative analysis. Corequisite: CHEM 122. (F,S)

211 Introduction to Organic Chemistry 3(3-0)
Survey of organic chemistry chemical structure, reactivity and functional groups are presented in context of relevance to society. Prerequisite: CHEM 111. Corequisite: CHEM 211L. (S)

211L Introduction to Organic Chemistry Lab 1(0-2)
Survey of organic chemistry laboratory course. Basic organic laboratory techniques and skills, both micro and macro scale are presented. Prerequisite: CHEM 111. Corequisite: CHEM 211. (S)

212 Introduction to Biochemistry 3(3-0)
Survey of biochemistry course. Biochemistry course. Biological molecules and intermediary metabolism are presented in the context of human nutrition and clinical applications. Prerequisite: CHEM 211. (F)

221 Inorganic Chemistry 2(2-0)
Basic principles of inorganic chemistry. The main properties, reaction chemistry, and descriptive chemistry of inorganic elements and compounds. Prerequisite: CHEM 122. Corequisite: CHEM 221L. (*)

221L Inorganic Chemistry Lab 1(0-3)
Inorganic laboratory techniques, inorganic qualitative analysis, synthesis and characterization. Corequisite: CHEM 221. (*)

291 Special Topics 1(5 VAR) Prerequisite: permission of instructor. (*)

301 Organic Chemistry I 3(3-0)
For majors and pre-professional students requiring a strong background in organic chemistry. Organic reactions and mechanisms are related to molecular structure. Prerequisite: CHEM 22. Corequisite: CHEM 301L. (F,S)

301L Organic Chemistry Lab I 1(0-6) Corequisite: CHEM 301. (F,S)

302 Organic Chemistry II 3(3-0)
Continuation of CHEM 301. Prerequisite: CHEM 301. Corequisite: CHEM 302L. (F,S)

302L Organic Chemistry Lab II 1(0-6)
Prerequisite: CHEM 301L. Corequisite: CHEM 302. (F,S)

317 Quantitative Analysis 3(3-0)
Volumetric and gravimetric analysis integrated with instrumental analysis, both optical and electrometric methods. Prerequisite: CHEM 122. Corequisite: CHEM 317L. (F)

317L Quantitative Analysis Lab 2(0-6)
Corequisite: CHEM 317. (F)

321 Physical Chemistry I 3(3-0)
Chemical thermodynamics, chemical dynamics, quantum chemistry, chemical structure and spectroscopy. Prerequisite: CHEM 122. Corequisites: MATH 224 and PHYS 201 or 221. (F)

322 Physical Chemistry II 3(3-0)
Continuation of CHEM 321. Prerequisite: CHEM 122. Corequisites: MATH 224 and PHYS 201 or 221. (S)

323 Experimental Physical Chemistry 2(0-4)
Laboratory techniques in thermodynamics, chemical equilibria, phase phenomena, kinetics, spectroscopy. Prerequisite: CHEM 321 or permission of instructor. (S)

377 Methods and Techniques of High School Teaching 2(2-0)
Instruction and experience in preparing for and conducting discussion sessions and laboratory exercises in high school chemistry. (*)
378 Practicum in Laboratory Instruction 1(0-2) Laboratory preparation, instruction and methods under the guidance and supervision of an instructor. May be repeated for a maximum of two credits. Prerequisite: Approval of instructor. (F,S)

401 Advanced Organic Chemistry 3(3-0) Topics of advanced organic chemistry, including organic reactions, mechanisms, natural products, and spectroscopy. Prerequisite: CHEM 302, or permission of instructor. Corequisite: CHEM 401L. (*)

401L Advanced Organic Chemistry Lab 1(0-3) Laboratory course to accompany CHEM 401. Molecular structure determination by chemical and instrumental methods. Corequisite: CHEM 401. (*)

403 Polymer Chemistry 3(3-0) Study of synthetic polymers including synthesis, mechanisms of formation, structure of elucidation, reactivity, properties, and industrial application. Biopolymers also will be considered. Prerequisites: CHEM 302/302L. (*)

411 (CHEM 511) Biochemistry I 3(3-0) Chemistry of constituents of living matter, including proteins, carbohydrates, nucleic acids and lipids. An introduction to enzymes and coenzymes. Prerequisite: CHEM 302, or permission of instructor. (F)

412L Biochemistry Lab II 2(0-6) Prerequisite: CHEM 302. Corequisite: CHEM 412. (S)

419 Instrumental Analysis 3(3-0) Instrumental techniques in chemical separations, electrochemistry, atomic, and molecular spectroscopy. Prerequisites: CHEM 317 and 321, or permission of instructor. Corequisite: CHEM 419L. (S)

419L Instrumental Analysis Lab 2(0-6) Prerequisites: CHEM 317 and 321 or permission of instructor. Corequisite: CHEM 419L. (S)

421 Advanced Inorganic Chemistry 3(3-0) Structure and bonding, coordination theory, periodic relations, equilibrium, kinetics, thermodynamics, descriptive chemistry. Prerequisite: CHEM 321, or permission of instructor. (F)

425 Environmental Chemistry 3(3-0) Chemical processes in air, water and soil. Air, water analysis and treatment, pollution. Prerequisite: CHEM 321, or permission of instructor. (*)

431 Radiochemistry 2(2-0) Nuclear properties, interaction and detection of radiation, application to chemistry. Prerequisite: CHEM 322, or permission of instructor. (*)

491 Special Topics 1-5VAR Prerequisite: permission of instructor. (*)

493 Seminar 1(1-0) May be repeated once (S/U grades). Prerequisite: permission of department chair. (S)

495 Independent Study 1-7 VAR Prerequisite: permission of instructor. (*)

498 Internship 1-6 VAR Work experience in the chemistry discipline under the combined supervision of the selected organization and a faculty member. Prerequisite: permission of department chair. (F,S,SS)

GRADUATE COURSES

501 Advanced Organic Chemistry 3(3-0) Topics of advanced organic chemistry including organic reactions, mechanisms, natural products, spectroscopy, and industrial applications. Prerequisite: CHEM 302, or permission of instructor. (*)

501L Advanced Organic Chemistry Lab 1(0-3) Molecular structure determination by chemical and instrumental methods. Advanced synthetic techniques. Corequisite or Prerequisite: CHEM 501. (*)

503 Polymer Chemistry 3(3-0) Study of synthetic polymers including synthesis, mechanisms of formation, structure elucidation, reactivity, properties, and industrial application. Biopolymers also will be considered. Prerequisite: CHEM 302, or permission of instructor. (*)

511 (CHEM 411) Biochemistry I 3(3-0) Chemistry of constituents of living matter, including proteins, carbohydrates, nucleic acid and lipids. An introduction to enzymes and coenzymes. Prerequisite: one year undergraduate Organic Chemistry. (F)

512 Biochemistry II 3(3-0) Intermediary metabolism of carbohydrates, lipids and amino acids. Bioenergetics. Prerequisite: CHEM 411 or 511. (S)

512L Biochemistry Lab II 2(0-6) Prerequisite: CHEM 302. Corequisite: CHEM 412. (S)

519 Instrumental Analysis 3(3-0) Instrumental techniques in chemical separations, electrochemistry, atomic, and molecular spectroscopy. Prerequisite: CHEM 317 and 321, or permission of instructor. Corequisite: CHEM 519L. (S)

519L Instrumental Analysis Lab 2(0-6) Prerequisite: CHEM 317 and 321, or permission of instructor. Corequisite: CHEM 519L. (S)

521 Advanced Inorganic Chemistry 3(3-0) Structure and bonding, coordination theory, periodic relations, equilibrium, kinetics, thermodynamics, descriptive chemistry, industrial applications. Prerequisite: CHEM 321, or permission of instructor. (F)

525 Environmental Chemistry 3(3-0) Chemical processes in the air, water and soil. Air, water soil analysis and treatment. Special emphasis upon the problems and effects of industrial and other pollution. Prerequisite: CHEM 321, or permission of instructor. (*)

529 Advanced Instrumentation 2(2-0) Emphasizes latest developments in the design and application of instrumentation for spectrochemical analysis, electrochemical analysis and separations. Prerequisite: graduate standing. (*)

531 Radiochemistry 2(2-0) Nuclear properties, interaction and detection of radiation, kinetics of decay, application of chemistry in industry. Prerequisite: CHEM 322, or permission of instructor. (*)
550 Industrial Chemistry 2 (2-0)
The economic importance and special characteristics of the chemical industry. Feedstocks, intermediates and products of the chemical industry including thermoplastics, thermosetting plastics, paints and coatings, elastomers, fibers, surfactants, pharmaceuticals, agricultural chemicals, paper, acids, etc. Market demands, price and cost factors, scale, research, process chemistry and process control, product development. Case studies illustrating above topics. (S)

591 Special Topics 1 (1-0 VAR)
Prerequisite: permission of instructor. (*)

595 Independent Study 1 (1-4 VAR) (*)

598 Graduate Internship 4 (4-0)
Volunteer or paid work experience under the combined supervision of the selected organization and a faculty member. Prerequisite: graduate students only. (F,S,SS)

599 Thesis Research 1 (1-6 VAR)
(IP and S/U grading). (*)

CHICANO STUDIES (CS)

UNDERGRADUATE COURSES

101 Introduction to Chicano Studies 3 (3-0)
Overview of the historical, political and socio-cultural experience of the Chicano. (F,S,SS)

136 (HIST 136) The Southwest United States 3 (3-0)
This course traces the culture and historical development of the southwestern United States, including cultural contributions of the American Indian and Hispanic peoples. (F)

205 (WS 205) La Chicana 3 (3-0)
A social cultural and historical overview of the Chicana experience and contributions. (S)

220 (ENG 220) Survey of Chicano Literature 3 (3-0)
Survey of outstanding contemporary Chicano works. Literature deals with Chicano themes, including analysis of folklore and myth. (S)

230 Chicano: Social and Psychological Study 3 (3-0)
Social and psychological forces faced in the Chicano community. (*)

240 Chicana Writers (WS 240) 3 (3-0)
Survey of Chicana writers from the early 1900's to the present. Along with the literature, aspects of history, sociology and politics will be incorporated. (*)

246 (HIST 246) History of Mexico 3 (3-0)
This course surveys the major political, economic, social and cultural developments of Mexico from pre-Columbian times to the present. (S)

291 Special Topics 1 (1-3 VAR)
Topics in Chicano studies, identified by student/faculty interest. Prior work in Chicano studies desirable. (*)

303 Chicano Labor History in the United States 3 (3-0)
Chicano experience in the American labor market from 1848 to present. (*)

335 Health in the Chicano Community 3 (3-0)
Health care traditions and current health care systems in the barrio. (*)

489 (HIST 489) Borderlands 3 (3-0)
History of the Mexican cession to the U.S. from its Indian and Hispanic origins to the present. Prerequisite: CS/HIST 136 or HIST 211 or HIST 201 or HIST 202, or permission of instructor. (*)

493 Seminar 1 (1-3 VAR)
Various problems within the realm of Chicano studies; in-depth, integrated approach. Prerequisite: CS 101. (S)

495 Independent Study 1 (1-3 VAR)
Special topics dealing with the Chicano and society. Prerequisite: CS 101. (F,S,SS)

CIVIL ENGINEERING TECHNOLOGY (CET)

UNDERGRADUATE COURSES

102 Surveying I 3 (2-2)
Beginning course in plane surveying; covers proper chaining techniques, care and use of engineering levels, differential leveling, traversing, and construction surveying. (CE,F)

103 Surveying II 3 (2-2)
Introduction to land, topographic, and construction surveying. Prerequisite: CET 102, or permission of instructor. Corequisite: CET 116. (CE,S)

115 Civil Drafting I 3 (0-6)
An introduction to basic drafting, AutoCAD and Structural Detail drafting. Corequisite: CET 102. (F)

116 Civil Drafting II 3 (0-6)
An introduction to maps, traverses, contours, plans and profiles, cut and fills. An introduction to architectural plans, elevations and sections. Prerequisite: CET 115. Corequisite: CET 103(CE,S)

202 Statics 3 (3-0)
The application of forces and moments to rigid bodies in static equilibrium. Prerequisite: MATH 132. (F)

203 Dynamics 1 (1-0)
The application of kinematics and kinetics to rigid bodies in motion. Prerequisite: MATH 132. Corequisite: CET 202. (F)

206 Strength of Materials 3 (3-0)
Basic stress-strain relationships resulting from compression, tensile, shear, bending loads, center of gravity and moments of inertia. Prerequisite: CET 202. (S)

207 Construction Materials and Methods 3 (3-0)
Properties, uses and methods of assembly of building materials as they apply to the construction industry. (F)

208 Concrete and Asphalt Materials 3 (2-2)
Study of Portland cement concrete and bituminous pavements. Manufacturing, mix design, placing and finishing of these materials. The laboratory includes ASTM testing of these materials. (S)

215 Advanced Surveying I 3 (2-2)
Develops professional skills in surveying, electronic traversing, state plane coordinates, and global positioning. Prerequisites: CET 103 and MATH 132. (F)

216 Advanced Surveying II 3 (2-2)
Highway and route surveys, horizontal and vertical curves, grades, slope staking and earthwork. Prerequisites: CET 103 and MATH 132. (S)

296 Cooperative Education Placement 1 (1-3 VAR)
Industrial cooperative education work experience under the direction of a field supervisor and faculty member. (F,S,SS)

135
303 Construction Management 2(2-0)
Job specifications, rights and responsibilities of contractor/owner, organization, bonding, contracts, insurance and labor relations. Prerequisite: Junior standing or permission of instructor. (S)

304 Construction Cost Estimating I 3(3-0)
Estimating related to building construction industry. Quantity take-off, labor and material costs, records and assembling a general contractor's bid. Prerequisite: CET 105 or permission of instructor. (F)

305 Construction Cost Estimating II 3(3-0)
Estimating relating to heavy and highway construction. Covers heavy equipment selection, use and production rates. Prerequisite: Junior standing or permission of instructor. (S)

313 Architectural Drafting I 3(0-6)
Preparation of a complete set of working drawings for a modern residential building. Prerequisite: MET 116. (F)

314 Architectural Drafting II 3(0-6)
Introduction to architectural design, design sketches and working drawings for a light commercial building. Prerequisite: CET 313. (S)

315 Soil Mechanics Technology 3(2-2)
Basic principles of soil mechanics and foundation design as they apply to design and construction. ASTM field tests will be done in the laboratory. Prerequisite: CET 206. (S)

401 Land Surveying 3(3-0)
Boundary control, property descriptions, deeds, subdivisions, emphasizing the legal aspects of land law and surveying. Prerequisite: CET 103, or permission of instructor. (F)

402 Civil Design Projects 3(0-6)
Practical, realistic project relating to civil engineering technology is selected for development, designed and reported. Prerequisite: senior CET or permission of instructor. (F,S,SS)

404 Structural Steel Design 3(3-0)
Structural steel design of beams, columns, girders and trusses to AISC standards. Prerequisite: CET 206. (S)

405 Reinforced Concrete Design 3(3-0)
Design of reinforced concrete beams, columns, girders and floor systems to conform to current ACI code. Prerequisite: CET 206. (F)

411 Hydraulics 4(3-2)
Study of non-compressible fluids including the flow of water in pipes and open channels. Laboratory involves measuring static pressure, head losses, and flow rates. Prerequisite: CET 202. (F)

412 Hydrology 3(3-0)
Hydrologic cycle including precipitation, streamflow, groundwater runoff and the preparation of hydrographs and frequency analysis. Prerequisite: Junior standing. (S)

414 Bridge Design 3(3-0)
Design of bridge slabs, beams, abutments, wingwalls, piers, and footings. Prerequisite: senior status. (*)

415 Water and Sewer System Design 3(3-0)
Fundamental principles of water supply and sewage design. Prerequisite: senior status. (*)

425 Construction Scheduling 3(3-0)
Construction project network scheduling using CPM and PERT scheduling techniques. Manual and computer solutions. Prerequisite: CET 304, or permission of instructor. (S)

491 Special Topics (1-6 VAR)
Prerequisite: permission of instructor. (*)

495 Independent Study (1-3 VAR)
Directed study for students interested in specific areas of CET. Prerequisite: junior standing in CET and permission of instructor. (F, S)

496 Cooperative Education Placement (1-5 VAR)
Industrial cooperative education work experience under the direction of a field supervisor and faculty member. Prerequisite: junior or senior standing. (F, S, SS)

**COMPUTER ENGINEERING TECHNOLOGY**

(CENT)

105 Personal Computing in Modern America 3 (2-2)
Prepare students to deal with computers and electronics in everyday life, including how to select, understand, and upgrade personal computers, VCR's, auto electronics, etc. (F, S)

110 Computer Applications 3(2-2)
Introduction to computer applications in engineering technology. MS/DOS operating system, word processing, spreadsheet applications and computer-aided drafting. (F, S, CE)

215 UNIX Operating System 1(0-2)
Explore UNIX features, covering command language, file system, mail, and editing. Shell language tools include pipes, filters and I/O redirection. Prerequisite: Any C programming course. Corequisite: CENT 225 or CIS 121 or equivalent. (F, S)

225 Introduction to C Language Programming 3(2-2)
An introductory course in C language programming including computation, character manipulation, top-down structured programming, arrays, pointers, structures. Prerequisite: CENT 110 or CIS 101. (F, S)

253 Advanced C Programming 3(2-2)
A continuation of CENT 225. A course in the C++ language including object-oriented programming, and advanced programming concepts. Prerequisite: CENT 225. (F, S, CE)

255 Introduction to Microprocessors 4(3-2)
Analysis of microcomputer systems including both hardware and software considerations, with emphasis on machine language programming. Includes microcomputer design projects. Prerequisite: EET 254. (S, CE)

321 Advanced Data Structures 3(3-0)
Algorithm development and analysis, including sorting, searching, recursion, linked lists, trees, queues, graphs, and other advanced data structures. Prerequisites: CENT 253 or CIS 253 and MATH 231 or MATH 245. (S)

354 Computer Architecture Design 4(3-2)
Computer architecture, with emphasis on operation and design. Students must complete an extensive laboratory project which requires the design, instruction and testing of an operational computer. Prerequisite: CENT 255. (F, CE)
355 Microcomputer Assembly Language 4(3-2)
Assembler language for advanced microcomputer systems. An indepth coverage of the Intel 8086 assembler language and associated linkers and debuggers. Introduction to interface programming. Prerequisite: CENT 225, CENT 255. (S, CE)

357 Digital Communications Concepts 4(3-2)
Data communications and telecommunications concepts for computers and terminals, including data transmission, media, software, protocols, switching, coding, and simple networks. Prerequisite: CENT 255, C-MATH 224 or MATH 232. (F)

358 Computer Networks 3(2-2)
Computer communication techniques and computer networks including topics such as topology, protocols, routing and reliability analysis. Prerequisites: CENT 255 and CENT 253. (CE, *)

411 Windows Software Development 3(3-0)
Microsoft Windows program design and testing, using C language. Resource editors and project manager utilities will be used. Prerequisite: CENT 253 or CIS 253. (F)

COMPUTER INFORMATION SYSTEMS (CIS)

UNDERGRADUATE COURSES

101 Computers and You 2(1-2)
A general education computer skills course covering Windows, word processing, and spreadsheets. This is a competency-based course. (F, S, SS)

102 Programming with BASIC 3(2-2)
Introduction to computer languages, computer awareness and fundamental skills with use and expression of computer languages. Focus on interactive person-machine exchanges, a programming language (BASIC), and the operating system commands. (F, S)

103 Word Processing 1(1-1)
A general education computer usage skills course covering Windows and word processing. This course is competency based. (F, S)

110 Accessing the Information Super Highway 3(2-2)
A general education computer skills course. Covers the Internet, Netscape, E-Mail, Windows, word processing and spreadsheets. (F, S, SS)

121 Introduction to C++ Programming 4(3-2)
A comprehensive study of the C++ programming language emphasizing modern software design and implementation. Prerequisite: CIS 102 or prior programming experience. (F, S)

130 Programming Methodology 1(1-0)
Practical concepts of structured programming design, including functional decomposition, program debugging and use of testing tools. Co-requisite: CIS 121 or equivalent. (F, S)

150 Operating Systems 3(3-0)
Examines current operating system concepts and syntax. Includes a comprehensive study of a current microcomputer operating system. Prerequisite: CIS 101, (F, S)

201 Microcomputer Software Applications 3(3-0)
An advanced course in microcomputer software applications. Includes word processing, spreadsheets, desktop publishing, macro design, what-if analysis, problem solving, linkage and other advanced topics. Prerequisite: CIS 101 or equivalent. (F, S)

203 Creating & Accessing Internet Resources 2 (2-0)
Creating and accessing information on the internet, e-mail, FTP, Gopher, and newsgroups. How to build HTML home pages on the World Wide Web. Prerequisite: CIS 101 or equivalent. (F, S, SS)

231 COBOL Programming 4(4-0)
Introductory and advanced ANSI COBOL programming principles for business applications, including general program development, debugging, and file access methods. Prerequisite: CIS 121 and CIS 130. (S)

240 Systems Analysis and Design I 3(3-0)
Practical methods for analyzing business problems and designing appropriate computer solutions. Concepts include modern system modeling techniques, interview methods, and computer assisted software engineering practice. Prerequisites: CIS 121. (F)

250 GUI Operating Systems 3(3-0)
A comprehensive study of the concepts and syntax of GUI (Graphic User Interface) microcomputer operating systems. Prerequisite: CIS 150. (F/S)

253 Advanced C++ Programming 3 (3-0)
An advanced course in C++ programming extending the concepts of CIS-121. Object-oriented programming concepts using the C++ language. Data structures are used. Prerequisite: CIS 121. (F, S)

270 File Processing 3(3-0)
Foundation for applications of data structures and file processing techniques, including sequential access, data structures, random access storage and file input and output. Prerequisite: CIS 122. (S)

280 Telecommunications 3(3-0)
Examines telecommunications using the ISO open systems interconnection reference model, including communication media, hardware, message flow networking, analysis and management of telecommunication systems. Prerequisite: CIS 150. (S)

290 Special Projects 1-5 (VAR)
Selected projects in computer programming in cooperation and interaction with local business and industry. Maintaining industrial standards in programming and documentation mandatory. Prerequisites: sophomore standing and permission of instructor. (F)

291 Special Topics 1-5 (VAR)
Industrial cooperative education work experience under the direction of a field supervisor and faculty member. Prerequisite: freshman or sophomore standing. (F, S, SS)

303 Visual Programming 3(3-0)
Programming using the visual development environment for Windows. Teaches development of Windows graphical interfaces. Windows program design and testing. Prerequisite: CIS 240, CIS 253 or equivalent. (S)

316 Operating Systems Design 3(3-0)
Theory and design of supervisors, concepts of job tasks and data management, scheduling, queuing, multi-programming, and file management. Prerequisites: junior standing. (S)

325 Software Engineering and ADA Programming I 3(3-0)
Major features of the ADA programming language and their relevance to software engineering. Prerequisite: CIS 253 or permission of instructor. (F)
341 Systems Analysis and Design II 3(3-0)
Major projects applying principles of design and analysis as developed in CIS 240. Design and implementation of computer-based systems are emphasized. Prerequisite: CIS 240. (F)

350 Data Base Systems 3(3-0)
Design, implementation and use of data base management systems; comparison of available software packages; concepts of query languages and security considerations. Laboratory assignments utilize a relational data base system. Prerequisite: CIS 121 and CIS 240. (F)

365 PC Architecture and System Software 3(3-0)
Intensive study of personal computer hardware, peripherals, and operating system technology. Course examines buses, processor cards, disk drives, video cards, operating system internals and diagnostic software. Prerequisite: junior standing. (F)

389 Local Area Network Concepts 3(3-0)
Fundamental hardware, software, and data communication concepts necessary to understand a local area network. Prerequisite: CIS 385. (F/S)

401 Local Area Network Systems Administration 3(3-0)
Concepts necessary to function as a network system supervisor. Topics such as login scripts, security, directory structure, print servers, and network utilities. Prerequisites: CIS 389. (F)

405 Computer Graphics I 3(3-0)
Introduction to the theory and applications of computer graphics. Graphics images will be produced in two-and three-dimensional representations. Prerequisite: CIS 253 or permission of instructor. (F)

420 Knowledge Based Systems 3(3-0)
Expert systems and their applications. Knowledge based problem solving including heuristic classification, knowledge engineering, rule based expert systems, analogy, symbolic processing, and causal models. Prerequisite: senior standing or permission of instructor.

431 Professional Programming Projects 3(3-0)
Students work together in teams to complete a major software project. Prerequisite: CIS 253, CIS 341, CIS 350. (F)

435 Local Area Network Software Development 3(3-0)
Write C language software accessing data structures, libraries and primitives of Novell NetWare. Includes bindery objects, file structures, queue structures, communications, and NetWare Loadable Modules. Prerequisites: CIS 253, 389 or equivalent. (S)

450 Advanced Database Structures 3(3-0)
Investigation and study of data modeling, system development and data technology, including database engineering and design, hardware, student projects, administration and selection. Prerequisite: CIS 350, or permission of instructor. (S)

460 Enterprise Networking 3(3-0)
Examines enterprise-wide multiserver networks. Systems administration and operating systems software appropriate to world-wide networks consisting of interconnected local, metropolitan, and wide area networks. Prerequisite: CIS 401. (S)

490 Special Projects 1-5 VAR
Prerequisite: permission of instructor. (F,S,SS)

491 Special Topics 1-5 VAR
May be repeated for credit. Prerequisite: junior or senior standing. (F,S,SS)

493 Seminar 1(1-0)
Seminar concerning appropriate career topics in computer information systems. Speakers may include guests, faculty or students. Student outcomes will be assessed. Required of majors. Prerequisite: senior standing. (F)

496 Cooperative Education Placement 1(1-5 VAR)
Industrial cooperative education work experience under the direction of a field supervisor and faculty member. Prerequisite: junior or senior standing. (F,S,SS)

ECONOMICS (ECON)

UNDERGRADUATE COURSES

102 Economics and Society 3(3-0)
An examination of current United States and world political and social problems from an economic perspective. Not open to pre-business or business majors. (F,S)

201 Principles of Macroeconomics 3(3-0)
Study of fundamental principles with emphasis on macroeconomics. (F,S,SS)

202 Principles of Microeconomics 3(3-0)
Study of fundamental principles with emphasis on microeconomics. (F,S,SS)

301 Intermediate Macroeconomics 3(3-0)
Economic theory and policy using the national income approach to explain income, employment and growth. Prerequisite: ECON 201 and 202. (F)

302 Intermediate Microeconomics 3(3-0)
Study of price system and theory of the firm under varying market structures. Prerequisite: ECON 201 and 202. (S)

310 Money and Banking 3(3-0)
Study of monetary economics and its application in macroeconomic theory. Prerequisite: ECON 201 and 202. (F,S,SS)

320 International Economics 3(3-0)
International trade and finance theory, current and past trade issues, history and impact of international economic organizations and agreements, international payments system, and international debt. Prerequisites: ECON 201 and 202. (F,S)

330 Public Finance 3(3-0)
Principles and issues of government revenue and expenditure policies. Prerequisite: ECON 201 and 202. (S)

402 Economics of Labor 3(3-0)
The study of labor supply and demand, impact of unions, wage determinants, distribution of income and productivity. Prerequisite: ECON 201 and 202. (F)

410 Managerial Economics 3(3-0)
Practical application of micro-economic principles to managerial decision making. Prerequisites: ECON 201 and 202 and senior standing. (F,S,SS)

420 Urban and Regional Economics 3(3-0)
Analysis of urban and regional economies, survey methodologies, urban issues as population growth, poverty, housing, transportation, etc. Emphasis on Pueblo metropolitan area and Southern Colorado. Prerequisites: ECON 201 and 202. (F,S)
480 Small Business Studies 3(3-0)
Integrating prior studies in business into a realistic approach to assist in solving problems faced by selected firms in the community. Prerequisites: senior standing and permission of instructor. (F,S,SS)

484 Senior Studies 3(3-0)
A discipline-oriented integration of prior course work into a special project, research paper and/or activity that demonstrates proficiency in the major. Prerequisites: senior standing in the School of Business and completion of all core courses. (F,S,SS)

490 Special Projects 1(1-6 VAR) (*)

491 Special Topics 1(1-3 VAR)
Prerequisite: permission of instructor. (*)

495 Independent Study 1(1-3 VAR)
Prerequisites: senior standing in School of Business and permission of department chair. (F,S,SS)

496 Internship 1(1-6 VAR)
Supervised field work in selected business, social, and governmental organizations; supplemented by written reports (S/U grades). Prerequisites: junior or senior standing in School of Business and permission of internship coordinator. (F,S,SS)

GRADUATE COURSES

510 Managerial Economics 3(3-0)
The application of analytical economic decision-making methods to managerial problems involving productivity, supply and demand, cost, price, profit and volume. Prerequisite: graduate standing. (F)

591 Special Topics 3(3-0)
Prerequisite: graduate standing. (*)

592 Research 1(1-6 VAR)
The student will work under the close supervision of graduate faculty member in basic or applied research resulting in a report of high academic quality (IP and S/U grading). (F,S,SS)

595 Independent Study 1(1-3 VAR)
Individual study of a subject determined by the instructor and student with permission of the director. Prerequisite: graduate standing. (F,S,SS)

EDUCATION (ED)

UNDERGRADUATE COURSES

102 Teaching as a Career 1(1-1)
Orientation to teaching and teacher education. Class sessions and classroom observation required. Not required for teacher certification. (F,S)

110 Teacher Aid Field Experience 1(0-3)
Work in a public school as teacher aid under the supervision of a classroom teacher and an education department instructor. Prerequisite: initial testing in basic competencies. (*)

115 Word Processing Lab 1(0-2)
Development of word processing skills on the Apple Computer. (*)

202 Foundation of Education 3(3-0)
Historical, philosophical and sociological dimensions of education including legal and financial challenges associated with the institution of education. (F,S,SS)

210 Human Growth and Development for Educators 3(3-0)
Physical, mental, social and emotional growth of the individual; provides perspective on the elementary and secondary school student as needed by teachers. Prerequisite: admission to teacher education program. (F,S,SS)

325 Early Field Experience with the Atypical Learner 1(1-3 VAR)
Development and implementation of principles in teaching atypical learners in a tutorial situation. Prerequisite: admission to teacher education. (*)

400 Workshop 1(1-3 VAR)
Designed for special activity-oriented experiences to be conducted in short sessions. Each workshop has a subtitle and no subtitle may be repeated for credit. Prerequisite: admission to teacher education program or permission of instructor. (*)

412 Teaching the Special Child 3(2.5-1.5)
Includes history, philosophy and legislation for special education, the nature and definitions of exceptionalities and child abuse; focuses on meeting the instructional and social needs of special children in elementary classrooms. Field experience required. Prerequisite: admission to teacher education program. (F,S)

413 Teaching Social Studies 2(1.5-1.5)
Methods of teaching social studies in the elementary school. Part of elementary field experience block. Prerequisite: admission to teacher education program. (F,S)

414 Teaching Elementary Science and Health 2(1.5-1.5)
Methods of teaching health and science in the elementary school. Part of elementary field experience block. Prerequisite: admission to teacher education program. (F,S)

415 Kindergarten Education 2(1.5-1.5)
Philosophy and methods of teaching kindergarten focusing on established best practices as delineated by the National Association for the Education of Young Children (NAEYC). Prerequisite: Admission to the teacher education program. (*)

417 Teaching Mathematics in Elementary School 2(1.5-1.5)
The scope and sequence of elementary school mathematics are examined. Instructional methods are considered in terms of both the content and the cognitive developmental rates and other individual differences of children. Prerequisites: MATH 361 and admission to teacher education program. (F,S)

420 Microcomputer Applications in Education 2(1-2)
Current microcomputer application in the classroom and principles of educational software. Prerequisite: admission to teacher education program. (*)

435 Classroom Management 3(2-3)
Includes general teaching methods and strategies, learning theories applied to teaching discipline, curriculum educational measurement and evaluation, school organization and school law applicable to classroom teachers. Field experience required. Prerequisite: admission to teacher education program. (F,S)

460 Educational Media and Technology 3(2-3)
Preparation and use of audiovisual materials, equipment and use of computers in instruction. Field experience required. Prerequisite: admission to teacher education program. (F,S)

139
481 Atypical Students in the Secondary School (3-2) 
Individual differences as they affect the learning process. Instructional alternatives for meeting individual needs including handicapped and gifted. Emphasis on mainstreamed students. Field experience required. Prerequisite: admission to teacher education program. (F,S)

487 Student Teaching Elementary (5,6,10,15 VAR) 
Elementary level. Application must be submitted on or before March 1 prior to the semester in which student teaching will commence (S/U grades). Prerequisite: approved application for student teaching. (F,S)

488 Student Teaching Secondary (5,6,10,15 VAR) 
Secondary level. Application must be submitted on or before March 1 prior to the semester in which student teaching will commence (S/U grades). Prerequisite: approved application for student teaching. (F,S)

489 Student Teaching K-12 (5,6,10,15 VAR) 
K-12 level. Available for art, music and physical education majors. Application must be submitted on or before March 1 prior to the semester in which student teaching will commence (S/U grades). Prerequisite: approved application for student teaching. (F,S)

491 Special Topics (1-3 VAR) (*)
494 Field Experience (1-10 VAR) 
Field experience in an educational setting. Not applicable to teacher certification (S/U grades). (*)

495 Independent Study (1-3 VAR) (*)

GRADUATE COURSES

500 Workshop (1-3 VAR) 
Designed for activity-oriented experiences to be conducted in short summer sessions. Each workshop has a subtitle and no subtitle may be repeated for credit. Prerequisite: graduate standing. (*)

505 Education Across Cultures 2(2-0) 
Analysis of multiculturalism and how the educational process can be adapted to children of diverse cultural backgrounds. Prerequisite: graduate standing. (*)

512 Teaching the Special Child 3(2.5-1.5) 
Includes history, philosophy and legislation for special education, the nature of and definitions for exceptionalities and child abuse; focus on meeting the instructional and social needs of special children in elementary classrooms. Special project required. Prerequisites: graduate standing and PSYCH 351 or ED 555. (F,S)

520 Microcomputer Applications in Education 2(1-2) 
Current microcomputer applications in the classroom and principles of evaluating education software. Prerequisite: graduate standing. (F)

522 Issues in Education 2(2-0) 
Contemporary problems in education, their historical development and philosophical implications. Prerequisite: graduate standing. (*)

524 Advanced Techniques of Teaching Elementary Social Studies 2(2-0) 
Analysis of techniques for conceptual approaches to teaching socialization skills, critical thinking and inquiry skills; and helping children develop healthy attitudes and values. Prerequisite: graduate standing. (*)

525 Advanced Techniques of Teaching Elementary Science and Health 2(2-0) 
Emphasis on the newest concepts, techniques and materials for teaching elementary school science and health. Prerequisite: graduate standing. (*)

526 School Health Curriculum 2(2-0) 
Training (by grade level) in the use of "Growing Healthy"—the Primary Grades Health Curriculum Project and the School Health Curriculum Project. This is a semester course only, by permission with the Rocky Mountain Regional Training Center. Prerequisite: graduate standing. (*)

530 Instructional Programming 2(2-0) 
Principles of curriculum design, educational goals, instructional objectives, and developing long- middle- and short-range plans. For elementary and secondary teachers. Prerequisite: graduate standing (*)

542 Contemporary Techniques of Classroom Management 2(2-0) 
What research and professional practice say about organizing students, assistance, instruction, and resources; motivating, goal setting, communicating, and problem solving with student and handling disruption and behavior problems. (*)

549 Child Advocacy 3(2-3) 
Research study of international child advocacy programs, national movement and local adaptations. Requires the analysis of a model operating agency or institution of student's choice. Prerequisite: graduate standing. (*)

555 Foundations of Learning Disorders 3(3-0) 
Exceptionalities: emphasis on high-incidence handicaps. Includes recent legislation and identification, referral, staffing and placement procedures. Major intervention strategies examined. Prerequisite: graduate standing. (*)

560 Teacher Effectiveness Training 2(3-2) 
Stresses skill-building in classroom interaction between teacher and students. Skills include active listening, "I" messages and problem solving. Prerequisite: graduate standing. (*)

581 Atypical Students in the Secondary School 3(2-2) 
Individual differences as they affect the learning process. Instructional alternatives for meeting individual needs including handicapped and gifted. Emphasis on mainstreamed students. Graduate project required. Prerequisites: graduate standing plus PSYCH 351 or ED 555. (F,S)

591 Special Topics (1-3) 
Prerequisite: graduate standing. (*)

592 Research (1-3 VAR) 
Prerequisites: graduate standing and permission of graduate adviser. (*)

593 Seminar 3(3-0) 
Prerequisite: graduate standing. (*)

595 Independent Study (1-2 VAR) 
Prerequisite: graduate standing and permission of graduate adviser. (*)

599 Thesis Research (1-6 VAR) (*)
ELECTRONICS ENGINEERING TECHNOLOGY (EET)

UNDERGRADUATE COURSES

121 DC Circuits 5(4-2)
DC circuits including voltage, current, energy, power, resistance, loop and nodal network analysis. Thévenin’s and Norton’s theorems, superposition, capacitance, inductance, and basic transient analysis. Corequisite: MATH 131. (F,S,CE)

122 AC Circuits 5(4-2)
AC circuit analysis, sine waves, phasors, impedance, admittance, loop and nodal analysis, network theorems, frequency response, filters, resonance, transformers, polyphase, systems, power, non-sinusoidal waveforms. Prerequisite: EET 121. Corequisite: MATH 132. (F, S, CE)

211 Electronics I 4(3-2)
Principles and basic applications of semiconductor diodes and transistors. Unfiltered and filtered rectifier circuits. Clippers, clamplers, and other diode circuits. Detailed dc and ac analysis of transistor circuits, including transistor dc biasing, the use of transistor ac models and equivalent circuits, and the ac analysis of small signal transistor amplifiers. Corequisites: EET 122 and MATH 132. (F, CE)

212 Electronics II 4(3-2)
Frequency response of BJT and FET amplifier circuits. Multi-stage transistor amplifier analysis and design considerations. Differential and Operational amplifiers, and their basic circuit applications. Negative feedback principles and circuit analysis. LF and HF oscillator circuits. Voltage regulators and regulated power supplies. Prerequisites: EET 211. Corequisite: MATH 231. (S, CE)

232 Computer Electronics 5(4-2)
Concepts of electronics applied to computers, including semiconductor physics, diodes, transistors, field effect transistors, amplifier design and operational amplifiers. Prerequisite: EN 231 or EET 122. (S)

250 Electrical Fundamentals 4(3-2)
DC and AC circuit analysis, circuit theorems, power, resonance, filters, transformers, polyphase circuits, and transient-analysis. (NON-MAJORS). Corequisite: MATH 132. (S, CE)

254 Introduction to Digital Systems 4(3-2)
Digital techniques, including binary codes, Boolean algebra, gates, flip-flops, counters, shift registers and arithmetic operations. Prerequisite: EET 121 or 250, or permission of instructor. Corequisite: EET 211. (F, CE)

296 Cooperative Education Placement 1-5 (VAR)
For freshmen and sophomores. Industrial cooperative education work experience under direction of field supervisor and faculty member. (F, S, SS)

311 Linear Systems 3(3-0)
Advanced mathematical and computer tools for linear circuit and system analysis, including Laplace transforms and Fourier analysis. Prerequisite: MATH 232, Junior Standing. Corequisite: EET 351. (S, CE)

350 Electronic Devices and Control 4(3-2)
Semiconductor devices, transistor amplifiers, OP amps, OP amp applications, power amplifiers, digital electronics, digital control, PLCs, microprocessors, microcontrollers, interfacing, control systems, motors. (NON-MAJORS). Prerequisite: EET 122 or 250. (F, CE)

351 Electronics III 4(3-2)
Theory and applications of linear and analog integrated circuits, including operational amplifiers, instrumentation amplifiers, comparators, timers, phase-locked loops, voltage regulators, active filters, and D-A and A-D converters. Prerequisite: EET 212. (F, CE)

356 Electronics IV 4(3-2)
Industrial electronics, including operational amplifiers and comparators, transducers and signal conditioning, optoelectronic devices, pulse and timing control, thyristors and power control, power sources and supplies, basic motors and motor speed control, D-A and A-D conversion, interfacing techniques, introduction to programmable controllers, and other selected topics. Prerequisite: EET 351. (S, CE)

393 Seminar 2(2-0)
Introduction to the senior projects course in which the student formulates the project proposal and makes both a written and an oral presentation of the proposal. Prerequisite: junior standing. (S)

412 Communication Systems 4(3-2)
Basic principles of electronic communication. Time-domain and frequency-domain representations of signals. AM, SSB, FM, and PM communication systems and circuit analysis. Fundamentals of digital communication techniques and systems. Transmission lines, waveguides, and wave propagation. Microwave, satellite, and fiber optic communications. Prerequisites: EET 311, 351 and MATH 232. (S, CE)

455 Control Systems 4(3-2)
Use of Laplace Transforms to determine the transient and steady-state response of closed-loop negative feedback control systems. Second order system analysis of servomotor position and speed controllers. Proportional, Derivative, Integral, and P.I.D. control system analysis. Stability analysis using the Routh Table, root locus techniques, and Bode plots. Prerequisite: EET 311, 351. (F, CE)

456 Design Projects 2(1-2)
Application of theory to practical design of technical projects. The student designs, builds, tests and writes a technical report for his or her project. Prerequisites: EET 393 and senior standing. (CE, F)

491 Special Topics 1-5 (VAR)
Topics in electronics not now included in other courses. Prerequisite: permission of department chair. (*)

493 Seminar (1-5 VAR)
Participation by electronics students and presentation of recent developments in the electronics field. Prerequisite: qualified junior or senior students. (*)

495 Independent Study 1-5 (VAR)
Prerequisite: permission of department chair. (F, S, SS)

496 Cooperative Education Placement 1-5 (VAR)
Industrial cooperative education work experience under direction of field supervisor and faculty member. Prerequisite: junior or senior standing. (F, S, SS)

ENGINEERING (EN)

UNDERGRADUATE COURSES

103 Introduction to Engineering 2(2-0)
Introduction to engineering curriculum and careers. Problem solving and creativity. Spreadsheets, word processing and other computer skills. (F)
105 FORTRAN 3(3-0)  
Introducing FORTRAN-77 programming with algebraic problem solving for science, engineering and technology majors. Covering computer systems, language specifications, function, arrays, character strings, subroutines, files. Corequisites: MATH 121, 124 or 131. (F,S)

107 Engineering Graphics 2(0-4)  
Introduction to the preparation of engineering drawings using hand sketching and computer graphics software. (S)

211 Engineering Mechanics I 3(3-0)  
Introduction to the relationship between forces and moments acting on an object that is in equilibrium (statics). Prerequisite: PHYS 221, or permission of instructor. (F)

212 Engineering Mechanics II 3(3-0)  
Introduction to the relationship between forces and moments acting on rigid objects and the motion of objects (dynamics). Prerequisite: EN 211. (S)

231 Circuit Analysis I 4(4-0)  
Circuit concepts, conventions and network equations. Initial conditions and classical methods of obtaining transient and steady-state solutions. Prerequisite: MATH 224. Corequisites EN 231L and PHYS 222. (F)

231L Circuit Analysis I 1(0-2)  
Observation and analysis of electrical circuits involving resistance, inductance and capacitance. Corequisite: EN 231. (F)

232 Circuit Analysis II 4(4-0)  
Continuation of EN 231 including waveform synthesis, network theorems, Fourier series, pole-zero diagrams and two-port network theory. Introduction to Laplace transforms. Prerequisite: EN 231. (*)

270 Material and Energy Balances 3(3-0)  
Material and energy balances with or without chemical reactions in chemical engineering applications. Prerequisites: CHEM 121, PHYS 221 and MATH 126. (*)

291 Special Topics 1-5 VAR  
Selected topics in engineering. (*)

296 Cooperative Education Placement 1-5 VAR  
Work experience under direction of a field supervisor and a faculty member. Prerequisite: freshman or sophomore standing. (F,S)

301 Fluid Mechanics 4(4-0)  
Introduction to the relationship between the forces applied to a fluid, the motion of the fluid, and the mechanical properties of the fluid. Prerequisite: EN 212. (*)

312 Materials Science 2(2-0)  
The nature of engineering materials, emphasizing the relationship between macroscopic and atomic and microscopic structures. Prerequisites: PHYS 221 and CHEM 121. Corequisite: EN 312L. (*)

312L Materials Science Lab 1(0-2)  
Experimental studies of material properties, characteristics and microstructures. Effects of plastic deformation and heat treatment. Corequisite: EN 312. (*)

315 Introduction to Industrial and Systems Engineering 3(3-0)  
Engineering viewpoints of the principles of organization for production and the operations applicable to accomplishing organizational responsibilities. Prerequisite: EN 103. (F)

321 Thermodynamics I 3(3-0)  
Introduction to energy equations and flows, entropy, kinetic theory and statistical mechanics. Prerequisite: PHYS 221. (F)

322 Thermodynamics II 4(4-0)  
Application of laws of thermodynamics to chemically reacting thermodynamic systems, vapor cycles, gas engine cycles, propulsion systems, refrigeration and air-water vapor mixtures. Prerequisite: EN 321. (*)

324 Mechanics of Materials 3(3-0)  
Stress-strain relationships, fundamentals of elasticity, torsional loading, flexural loading, combined stresses. Prerequisite: EN 211. Corequisite: EN 324. (S)

324L Mechanics of Materials Lab 1(0-2)  
Measurements of stress-strain relationships and other destructive and non-destructive testing. Prerequisite: EN 211. Corequisite: EN 324. (S)

333 Computer Components Engineering 3(3-0)  
Design and fabrication of silicon-based, bipolar, MOS microcircuits and other computer elements. Microcircuit design and layout. Prerequisites: EN 231 and 342. (*)

340 Human Performance Engineering 4(3-2)  
Principles and techniques of methods analysis and work measurement, human performance in man-machine systems. Corequisite: EN 315. Prerequisite: EN 103. (F)

342 Engineering of Manufacturing Processes 4(3-2)  
Materials and processes for manufacturing including machining, casting, and forming processes: design, modeling and control. Prerequisites: EN 105, 107, CHEM 121 and PHYS 221. (S)

343 Engineering Economy 3(3-0)  
Modeling, analysis and decision making involving time value of money, depreciation, income taxes and replacement analysis. Prerequisite: EN 103, or permission of instructor (F)

351 Heat Transfer 3(3-0)  
Steady and unsteady conduction of heat. Convection heat transfer in boundary layer and duct flows. Forced and free convection. Thermal radiation. Prerequisite: EN 321. (*)

420 Simulation and Stochastic Processes 4(3-2)  
Analysis of stochastic systems through analytical and experimental methods. Application of simulation emphasizing Monte-Carlo and discrete events modelling. Introduction to queuing theory and Markov chains. Prerequisites: EN 105, 343, MATH 256 and 356. (S)

421 Structural Analysis 3(3-0)  
Analysis of indeterminate beams, frames and trusses by methods of moment of distribution, slope deflection, real work, virtual work and least work. Prerequisite: EN 324. (*)

435 Microprocessor Control Systems 3(2-2)  
Components of a microprocessor control system, digital processing, survey of state-of-the-art microprocessor control systems. Prerequisite: EN 333. (*)

436 Computer Systems Engineering 3(3-0)  
Analysis, mathematical modeling and design of integrated control and physical systems used in product and process design engineering. Prerequisites: EN 333 and MATH 337. (*)

142
**440 Safety Engineering 3(3-0)**
Industrial safety using a systems approach: fault tree, risk and decision analysis. Environmental hazards and accident causes, costs and prevention. Prerequisites: EN 340, 343 and MATH 356. (S)

**442 Manufacturing Processes II 3(3-0)**
Materials and processes for manufacturing including sheet metal forming, welding, machining and advanced manufacturing processes. Prerequisite: EN 342. (*)

**443 Quality Control and Reliability 3(3-0)**
Control charts, acceptance sampling, rectifying inspection, standard sampling plans. Failure time distribution models, reliability of systems. Prerequisites: EN 105 and MATH 356. (S)

**456 Applied Statistics I 3(3-0)**
Probability space, discrete and continuous random variables: distributions, mathematics expectation, sampling, statistical inference. Bayesian rule and linear regression. Prerequisites: MATH 256 and 356. (*)

**461 Engineering Hydraulics 3(3-0)**
Steady and unsteady flow in pipes, open-channel flow, hydraulic measurements, critical depth and hydraulic jump, and design of spillways. Prerequisite: EN 301, or permission of instructor. (*)

**465 Stochastic Systems Engineering 3(3-0)**
Analysis and design of systems containing elements of uncertainty in demand and performance capability. Time varying measures and approximations are emphasized. Prerequisites: MATH 256 and EN 356. (*)

**471 Operations Research 3(3-0)**
Techniques for analysis and solution of problems in industrial and management systems. Linear programming, duality theory, sensitivity analysis, and network analysis techniques. Prerequisites: MATH 207 and 224. (S)

**473 Computer Integrated Manufacturing 3(2-2)**
Engineering design, modelling and applications in production: automation, flowlines, robotics, numerical control, and computer usage in manufacturing. Prerequisites: EN 340 and 342. (F)

**475 Facility Planning and Design 3(3-0)**
Application of industrial and systems engineering techniques to problems related to an organization's physical resources. Facilities planning and plant layout, material handling, site selection and facilities location. Prerequisites: EN 340 and 471. (F)

**477 Operations Planning and Control 3(3-0)**
Techniques for analysis and management of manufacturing operations and production with emphasis on inventory systems and forecasting. Prerequisite: EN 471. (F)

**486 Industrial Engineering Design Projects 3(3-0)**
Application of industrial engineering principles to a design project. Prerequisites: EN 420, 471, 475 and 477. (F,S)

**491 Special Topics 1-5 VAR**
Prerequisite: junior standing. (*)

**495 Independent Study 1-5 VAR**
Prerequisite: junior standing. (*)

**496 Cooperative Education Placement 1-5 VAR**
Work experience under the direction of a field supervisor and a faculty member. Prerequisite: junior or senior standing. (F,S)

---

**GRADUATE COURSES**

**500 Logistics, Maintainability and Life-cycle Support 3(3-0)**
Application of management systems analysis to problems of system maintainability and maintenance. Models of repair and failure, wear-out processes, maintenance and inspection policies and spare parts policies. Prerequisite: graduate standing. (*)

**501 Software Systems Engineering 3(3-0)**
Software systems development and life cycles to include applications development strategy, system development life cycle and phases, system development management, group dynamics in the development process, user requirements determination, and analysis and logical specification of the system. Cost forecasting of the engineering design through modelling. Prerequisite: graduate standing. (*)

**503 Ergonomics 3(3-0)**
Theory and practice of human performance measurement and human factors engineering. Study of human sensory, perceptual, mental, psychomotor, and other characteristics applied to the design of man-machine systems for performance effectiveness, productivity and safety. Prerequisite: graduate standing. (S)

**504 Scheduling and Sequencing 3(3-0)**
Theory of deterministic scheduling and sequencing with stochastic extensions. An introduction to the complexity of computations in systems varying from single machine to job shop. Prerequisite: graduate standing. (F)

**520 Simulation and Stochastic Processes 4(3-2)**
Analysis of stochastic systems through analytical and experimental methods. Application of simulation emphasizing Monte-Carlo and discrete event modelling. Introduction to queuing theory and Markov chains. Additional work required of graduate students. Prerequisites: EN 105, 343, MATH 256 and 356. (S)

**530 Project Planning and Control 3(3-0)**
Engineering project management including project selection, organization, planning, budgeting, scheduling and resource allocation, tracking and control, and evaluation. Application of network analysis techniques such as PERT and CPM. Prerequisite: EN 571 or equivalent. (F)

**540 Advanced Engineering Economics 3(3-0)**
Advanced topics in engineering economy featuring income tax consideration, treatment of inflation, risk and uncertainty models, cost-effectiveness concepts, and project comparison methods. Prerequisite: EN 343, or permission of instructor. (S)

**565 Stochastic Systems Engineering 3(3-0)**
Analysis and design of systems containing elements of uncertainty in demand and performance capability. Time varying measures and approximations are emphasized. Additional work required of graduate students. Prerequisites: MATH 256 and 356. (*)

**571 Operations Research 3(3-0)**
Techniques for analysis and solution of problems in industrial and management systems. Linear programming, duality theory, sensitivity analysis, and network analysis techniques. Additional work required of graduate students. Prerequisites: MATH 207 and 224, or permission of instructor. (S)
575 Facility Planning and Design 3(3-0)
Application of industrial and systems engineering techniques to problems related to an organization's physical resources. Facilities planning and plant layout, material handling, site selection and facilities location. Additional work required of graduate students. Prerequisite: EN 571. (F)

577 Operations Planning and Control 3(3-0)
Techniques for analysis and management of manufacturing operations and production with emphasis on inventory systems and forecasting. Additional work required of graduate students. Prerequisite: EN 571. (F)

590 Special Projects 1-3 VAR
Individual project selected, outlined and pursued by student. May be repeated. Prerequisite: graduate standing and adviser approval. (*)

591 Special Topics 1-3 VAR
Selected topics in systems engineering. Heuristic design, expert systems, multi-criteria decision analysis, analytical facility location and site selection models. Not every topic offered each year. May be repeated. Prerequisite: graduate standing. (*)

593 Graduate Seminar 2(2-0)
Seminar for students entering the systems engineering program. Philosophical, methodological and ethical issues in systems engineering are discussed (S/U grading). Prerequisite: graduate standing. (F)

599 Thesis Research 1-6 VAR
Preparation of thesis to meet degree requirements. Arranged with major adviser. May be repeated (IP and S/U grading). Prerequisites: graduate standing and adviser approval. (F,S)

ENGLISH (ENG)

UNDERGRADUATE COURSES

099 Developmental Writing Skills 3(3-0)
Sentence, paragraph and essay structure. Basic grammar and writing skills. (F,S)

100 English as a Second Language 3(3-0)
Intensive practice in English Language skills with an emphasis on writing for non-native speakers of English. (*)

101 Composition I 3(3-0)
Beginning course in expository writing, emphasizing skills of written expression, organization, and presentation. (F,S,SS)

102 Composition II 3(3-0)
Sequential course to provide intensive consideration of essay development and to introduce procedures and techniques in preparing the referenced paper. Prerequisite: ENG 101. (F,S,SS)

106 (ANTHR 106) Language, Thought and Culture 3(3-0)
Cross-cultural introduction to language processes in human society. (F)

121 The Writer's Response: Evaluating Literature 3(3-0)
Explication of literary texts. Use of evidence in forming evaluations and conclusions about novels, poems and short stories. Introduction to modern literary criticism. Prerequisite: ENG 101 or permission of instructor. (S)

130 Introduction to Literature 3(3-0)
Introduction to the three major literary genres: fiction, poetry, and drama. The main emphasis is on close reading and textual analysis. (*)

161 Careers for English Majors 1(1-0)
Identifies career options and presents employment opportunities for English majors. (F,S)

220 (CS 220) Survey of Chicano Literature 3(3-0)
Survey of outstanding contemporary Chicano works. Literature deals with Chicano themes, including analysis of folklore and myth. (F)

223 Modern World Literature 3(3-0)
Introduction to modern world literature and to international social, political and economic issues through literary works by authors from around the world. (*)

240 Survey of Ethnic Literature 3(3-0)
This course provides an introduction to the literature of four major ethnic groups in the U.S.: Native American, African American, Chicano, and Asian American. (*)

251 Traditional Grammar Theory 3(3-0)
Primarily for non-majors who wish to improve their understanding of how language works, for teacher education majors, and for English majors who want additional background for advanced language courses. Prerequisite: ENG 102. (*)

254 Science Fiction 3(3-0)
Imaginative literature of fact and fiction, reading, lectures, movies, and television. (*)

Emphasis on discrete professional formats and styles in writing manuals, proposals, government contracts and reports. For upperclassmen in technical and professional fields. Prerequisite: ENG 102, or permission of instructor. (F,S)

310 American Literature I 3(3-0)
Literature from colonial times to 1900, including the growth of naturalism and the rise of Romanticism and Realism. Prerequisite: junior standing or permission of the instructor. (F)

312 American Literature II 3(3-0)
Continuation of ENG 310, literature from 1900 to the present. Prerequisite: junior standing or permission of the instructor. (S)

315 Creative Writing: Poetry 3(3-0)
Introduction to writing poetry. A studio workshop for students to grow in their appreciation of poetic processes. Prerequisite: ENG 102, or permission of instruction. (*)

316 Creative Writing: Fiction 3(3-0)
Introduction to creating character, situation, and overall structure, emphasis on imaginative and real-life portrayal. Prerequisite: ENG 102, or permission of instructor. (*)
321. American Romanticism 3 (3-0)
A study of the major figures in the development of American Romanticism. Prerequisites: ENG 210 and 212, or permission of instructor. (*)

322. American Literary Realism, 1870-1910 3 (3-0)
A study of the development of Realism and Naturalism in American literature during the late 19th century and the early 20th century. Prerequisites: ENG 210 and 212, or permission of instructor. (*)

323. Modern American Literature 3 (3-0)
A study of major writers' themes, and developments in American literature from the 1910s to the 1960s. Prerequisites: ENG 210 and 212 or permission of instructor. (*)

325. Nature Writing in the West 3 (3-0)
Studies in writings about the western landscape an environment by American nature writers; intensive practice in nature writing. (S)

330. Modern European Drama 3 (3-0)
Survey of major developments in modern European drama. Prerequisite: ENG 101. (*)

331. Development of the Novel I 3 (3-0)
Emphasis on social problems and European influences, focus on trends coming to full development in the 20th century. Includes recent works. (*)

340. Advanced Composition 3 (3-0)
Advanced forms of nonfiction writing: essays, articles and reports. Prerequisite: ENG 102, or permission of instructor. (F,S)

341. Western World Literature I 3 (3-0)
Historical and thematic study of major writers from ancient Greece to the Renaissance. (F)

342. Western World Literature II 3 (3-0)
Continuation of ENG 341; literature from the Renaissance to the present. Prerequisite: junior standing or permission of the instructor. (S)

351. Children's Literature 2 (2-0)
Classic and contemporary children's literature with emphasis on selection and evaluation. (*)

352. English Syntax and Usage 3 (3-0)
English usage and language systems, emphasis on forms and functions of language analysis. (*)

360. Literature of England I 3 (3-0)
Literature and literary history of England from the Anglo-Saxon period to the Romantic period. Prerequisite: junior standing or permission of the instructor. (F)

362. Literature of England II 3 (3-0)
Continuation of ENG 360; literature and literary history of England from the Romantics and Victorians through the 20th-century. Prerequisite: junior standing of permission of the instructor. (S)

363. 17th-Century British Literature 3 (3-0)

364. 18th-Century British Literature 3 (3-0)
Dryden, Swift, Defoe, Boswell, Johnson, Pope, Fielding, Blake, Austen, Radcliffe, or other major writers. (*)

365. 19th-Century British Literature 3 (3-0)
Arnold, Tennyson, E. Browning, R. Browning, Eliot, Ruskin, Carlyle, Mill and the poetry of women writers. (*)

377. Materials and Techniques in Teaching English 3 (3-0)
Materials and teaching/learning systems for literature, language, composition in secondary schools. (*)

381. Drama of Shakespeare 3 (3-0)
Shakespeare's dramaturgy and developments of Shakespearian criticism, major histories and tragedies. (*)

391. Special Topics 1-3 VAR
Prerequisite: ENG 102, or permission of instructor. (*)

412. Literature for Adolescents 2 (2-0)
Literature suitable for adolescents, including classical and contemporary authors, and issues in selection and evaluation. (*)

422. Contemporary Literature 3 (3-0)
Study of contemporary literary techniques, subject matter, and themes in fiction, drama, and poetry from 1960 to the present. (*)

440. (MACOM 440) Magazine Writing 3 (3-0)
Instruction and practice in writing nonfiction magazine articles with emphasis on story research and market selection. Prerequisite: ENG 340, or permission of instructor. (*)

441. Chaucer and His Age 3 (3-0)
Chaucer and his contemporaries in their cultural and historical setting. (*)

443. English Linguistics 3 (3-0)
The study of linguistics and its application in the English language. (*)

452. History of the English Language 3 (3-0)
English language from Anglo-Saxon period to present; emphasis on history linguistic and structural changes. Prerequisite: ENG 251, 352, or permission of instructor. (*)

461. Careers for English Majors 1 (1-0)
Identifies and explores graduate school and employment opportunities. (*)

481. Literary Criticism 3 (3-0)
Traditional and contemporary critical approaches to literature and their applications. (*)

491. Special Topics 1-3 VAR (*)

493. Seminar 3 (3-0)
In-depth analysis of specific topics, themes, authors, and works in American, English or world literature. (*)

494. Field Experience 1-5 VAR
A semester-long internship. Student performs professional duties using English-related skills required by the cooperating agencies. (*)

495. Independent Study 1-3 VAR
Directed, intensive study and guidance in studying major literary figures or movements, arranged with the chair of the department. (*)

GRADUATE COURSES

511. Seminar: American Literature 3 (3-0)
In-depth analysis of specific topics, themes, authors, and works. Prerequisite: graduate standing. (*)

512. Literature for Adolescents 2 (2-0)
Literature suitable for adolescents, including classical and contemporary authors as well as issues in selection and evaluation. Prerequisite: graduate standing. (*)
578 Workshop in the Teaching of Writing 3(3-0)
Theories of composition, methods, sources and resources for teachers of writing. Prerequisite: graduate standing. (*)

591 Special Topics 1-3 VAR
Prerequisite: graduate standing (*)

595 Independent Study 1-3 VAR
Directed, intensive study and guidance for studying major literary figures or movements; arranged with the chair of the department. Prerequisite: graduate standing. (*)

FINANCE (FIN)

UNDERGRADUATE COURSES

330 Corporate Financial Management 3(3-0)
Principles of finance involved in problems confronting business organizations. Prerequisites: ACCTG 202, ECON 201 and 202. (F,S,SS)

331 Managerial Finance: Policy, Planning and Control 3(3-0)
Financial management, planning, policy formulation and financial decision making. Prerequisite: FIN 330 and BUSAD 260. (F)

333 Investment Analysis 3(3-0)
Analysis and forecasting of security markets, industry and company studios, portfolio selection and management. Prerequisite: FIN 330 and BUSAD 260. (S)

335 Real Estate 3(3-0)
Principles of real estate with emphasis on residential markets, including economics, governmental and locational factors, appraising, financing, and real estate transactions. Prerequisite: FIN 330. (F)

337 Insurance 3(3-0)
Principles of insurance with emphasis on the operation and contributions of the insurance industry. Prerequisite: FIN 330. (S)

430 Financial Institutions and Markets 3(3-0)
Structure, operations and portfolio compositions of financial intermediaries, including commercial banks, savings and loans, life insurance companies, pension fund management, mortgage banking and credit agencies. Prerequisite: FIN 330. (F)

431 Financial Policy Analysis 3(3-0)
Analysis of financial policies in various organizations. Emphasis on managerial problems in long-range planning, decision making under uncertainty, risk measurement and applications of capital markets. Prerequisites: FIN 331 and 333. (S)

480 Small Business Studies 3(3-0)
Integrating prior studies in business into a realistic approach to assist in solving problems faced by selected firms in the community. Prerequisites: senior standing and permission of instructor. (F,S,SS)

484 Senior Studies 3(3-0)
A discipline-oriented integration of prior course work into a special project, research paper and/or activity that demonstrates proficiency in the major. Prerequisites: senior standing in the School of Business and completion of all core courses. (F,S,SS)

490 Special Projects 1-6 VAR (*)

491 Special Topics 1-3 VAR
Prerequisite: permission of instructor. (*)

495 Independent Study 1-3 VAR
Prerequisites: senior standing in School of Business and permission of the department chair. (F,S,SS)

498 Internship 1-6 VAR
Supervised field work in selected business, social and governmental organizations; supplemented by written reports. (S/U grades). Prerequisites: junior or senior standing in School of Business and permission of internship coordinator. (F,S,SS)

GRADUATE COURSES

530 Financial Management 3(3-0)
Theory and application of investment, financing and dividend decisions to maximize stockholder wealth. Use of analytical cases to solve financial problems facing business firms. Prerequisite: graduate standing. (*)

531 International Financial Management 3(3-0)
Financial theory and practice as applied to the financial management of multinational corporations. Prerequisite: graduate standing. (*)

591 Special Topics 3(3-0) (*)

592 Research 1-6 VAR
The student will work under the close supervision of a graduate faculty member in basic or applied research resulting in a report of high academic quality. (IP and S/U grading). (F,S,SS)

595 Independent Study 1-3 VAR
Individual study of a subject determined by the instructor and student with permission of the director. Prerequisite: graduate standing. (F,S,SS)

599 Thesis Research 1-6 VAR

FOREIGN LANGUAGE (FL)

UNDERGRADUATE COURSES

100 Introduction to Comparative Linguistics 3(3-0)
Basic concepts in linguistics; comparison of languages. (F,S)

101 Introduction to a Critical Foreign Language I 3(3-0)
Study of a foreign language not offered regularly. Different languages are offered when enrollment permits. (*)

102 Introduction to a Critical Foreign Language II 3(3-0)
Prerequisite: FL 101, or permission of instructor. (*)

110 Foreign Language for Travel 1(1-0)
Fundamental vocabulary for basic tourist communication. (*)

270 Foreign Language Field Trip 2-6 VAR
Communication, lectures by writers, artists, political leaders and specialists. Visits to museums, attendance at movies, theatre and excursions. Prerequisite: permission of instructor. (*)

291 Special Topics 1-3 VAR (F,S)

388 Materials and Techniques in Teaching Foreign Languages 2(2-0)
Preparation of materials and techniques of teaching foreign languages in grades K-12. Teacher's aid training and applied linguistics. (F)
494 Field Experience (1-7 VAR)
Communication, lectures by writers, artists, political leaders and specialists. Visits to museums, attendance at movies, theaters and excursions. Prerequisite: two years of college study in the language of the country or countries visited and permission of instructor. (*)

495 Independent Study (1-3 VAR)
Specific themes which address particular problems of literature or civilization. May be repeated for credit with approval of major adviser. Prerequisite: two years of college study of the language used for project. (*)

GRADUATE COURSE

591 Special Topics (1-3 VAR) (*)

FRENCH (FRN)

UNDERGRADUATE COURSES

101 Beginning Spoken French I 4(3-2)
Grammar and pronunciation with aural-oral training to develop skills in understanding and speaking. Written exercises to develop reading and writing skills. Introduction to French culture. (F, S)

102 Beginning Spoken French II 4(3-2)
Students are placed by the department. Practice in oral, aural, reading and writing experiences. Prerequisite: FRN 101 OR equivalent. (F, S)

201 Intermediate French I 4(3-2)
Grammar review, idioms and writing of compositions. Selected readings with oral and written exercises. Prerequisite: FRN 102 or equivalent. (F)

202 Intermediate French II 4(3-2)
Grammar review, idioms and writing of compositions. Selected readings with oral and written exercises. Prerequisite: FRN 201 or equivalent. (S)

301 Advanced French Grammar I 3(3-0)
Systematic review of grammar; presentation of the more sophisticated syntactical patterns to enable students to write correctly. Required for teacher certification. Prerequisite: FRN 202, or permission of instructor. (*)

311 Advanced French Conversation I 3(3-0)
Emphasis on acquisition of vocabulary and idiomatic expressions. Advanced oral practice. Required for teacher certification. Prerequisite: FRN 202, or permission of instructor. (*)

312 Advanced French Conversation II 3(3-0)
Alternate for teacher certification. Prerequisite: FRN 202, or permission of instructor. (*)

341 Masterpieces of French Literature 3(3-0)
Close study of outstanding French works with emphasis on literary forms, critical methods and techniques. Required for teacher certification. Prerequisite: FRN 202, or permission of instructor. (*)

351 French Phonetics and Diction 3(2-2)
French pronunciation: theory, correction and practice of diction and intonation. Phonetic transcription and remedial exercises. Required for teacher certification. Prerequisite: FRN 202, or permission of instructor. (*)

381 French Civilization I 3(3-0)
Geography, art, architecture, economics and social problems, correlated with history from the origins to contemporary France. Required for teacher certification. Prerequisite: FRN 202, or permission of instructor. (*)

382 French Civilization II 3(3-0)
Alternate for teacher certification. Prerequisite: FRN 202, or permission of instructor. (F)

404 Field Experience (1-7 VAR)
Communication, lectures by writers, artists, political leaders and specialists. Visits to museums, attendance at movies, theaters and excursions. Prerequisite: two years college French. (*)

495 Independent Study (1-3 VAR)
Specific themes which address particular problems of literature or civilization. May be repeated for credit with approval of major adviser. (*)

GEOGRAPHY (GEOG)

UNDERGRADUATE COURSES

102 Principles of Geography 3(3-0)
Landforms, climate, agriculture, population, manufacturing, resources and urbanization. Emphasis on interrelationships and spatial variations. (E)

103 World Regional Geography 3(3-0)
The interconnectivity and interrelationship of the world regions by stressing physical, economic development, agricultural, cultural and population characteristics. Strengthening of one's mental world map. (F, S)

104 Urban Geography 3(3-0)
The geography of urbanization, including problems, theories and comparisons between urban areas in Western and other cultures. Selected cities will be used as well as case studies. (*)

GEOLOGY (GEOL)

UNDERGRADUATE COURSES

101 Earth Science 3(3-0)
Weathering, mass wasting, running water, glaciers, crustal structure, evolution of landforms, oceanography, ground water, volcanism, earthquakes. Corequisite: GEOL 101L. (F, S)

101L Earth Science Lab 1(0-2)
Lab to accompany GEOL 101 lecture. Corequisite: GEOL 101. (F, S)

491 Special Topics 3(3-0)
Devoted to special topics in geography (human, physical and regional). Prerequisites: junior or senior standing with adequate preparation and permission of instructor. (F/S/SS)

GERMAN (GER)

UNDERGRADUATE COURSES

101 Beginning Spoken German I 4(3-2)
Pronunciation and grammar with oral-aural training. Easy reading and conversation. (F)

102 Beginning Spoken German II 4(3-2)
Students are placed by the department. Practice in oral, aural, reading and writing experiences. Prerequisite: GER 101 or equivalent. (F, S)
201 Intermediate German I 3(5-0)
Review and expansion of first-year grammar. Compositions, reading and discussion of contemporary German life. Prerequisite: GER 102 or equivalent. (*)

202 Intermediate German II 3(5-0)
Prerequisite: GER 201 or equivalent. (*)

301 Advanced German Grammar I 3(3-0)
Prerequisite: GER 202 or permission of instructor. (*)

302 Advanced German Grammar II 3(3-0)
Prerequisite: GER 202 or permission of instructor. (*)

381 German Civilization I 3(3-0)
German geography, culture and the history from the beginning to present. Prerequisite: GER 202 or permission of instructor. (*)

382 German Civilization II 3(3-0)
Prerequisite: GER 202 or permission of instructor. (*)

HISTORY (HIST)

UNDERGRADUATE COURSES

101 World Civilization to 1100 3(3-0)
Cultural and political growth of civilizations from prehistoric times to 1100; emphasis on the unique contributions of independent cultures to world history. (*)

102 World Civilization from 1100 to 1800 3(3-0)
Cultural and political interaction of civilizations from 1100 to 1800; emphasis on common problems and goals of mankind. (*)

103 World Civilization Since 1800 3(3-0)
Cultural and political interaction of civilization since 1800; emphasis on conflict and resolution. (*)

136 (CS 136) The Southwest United States 3(3-0)
This course traces the culture and historical development of the southwestern United States, including cultural contributions of the American Indian and Hispanic peoples. (F)

201 U.S. History I 3(3-0)
United States history from founding of North American colonies to 1877 Reconstruction era. (*)

202 U.S. History II 3(3-0)
United States from 1877 Reconstruction era to contemporary era. (*)

211 Colorado History 2(2-0)
History, government and economic factors important to the settlement and development of Colorado. (*)

246 (CS 246) History of Mexico 3(3-0)
This course surveys the major political, economic, social and cultural developments of Mexico from pre-Columbian times to the present. (S)

295 Independent Study (1-3 VAR)
An individualized program of study designed by ranked, full-time History professor for a promising student. Prerequisite: Permission of Instructor. (*)

300 Historiography 3(3-0)
Enhances student knowledge of historical profession through developing historical research skills. (*)

301 U.S. Emergence: Building a Nation 3(3-0)
The trends, events and people involved in the shaping of the United States and its national character. (*)

305 Development of a World Power (1850-1920) 3(3-0)
The growth of U.S. politically, economically and socio-culturally, into a major power. (*)

306 20th-Century America 3(3-0)
United States from the New Deal to the present. (*)

311 History of United States Foreign Policy 3(3-0)
United States foreign policy from the founding of the republic to the present. (*)

313 American West 3(3-0)
Role of the individual and the group in the development of the frontier into the 20th century. Prerequisite: permission of instructor. (*)

362 History of Russia 3(3-0)
Cultural and political development of Russian and Soviet history from 860 to the present; emphasis on impact of the Bolshevik Revolution on history. (*)

372 History of Modern China 3(3-0)
Cultural and political developments in modern China; emphasis on the interplay between Chinese tradition and Western challenges. (*)

395 Independent Study (1-3 VAR)
An individualized program of study designed by a ranked full-time Historian for a promising student who has demonstrated ability in a regular History class. Prerequisite: Previous work in History and permission of instructor. (*)

415 Historical Biography 2(2-0)
Introduction to biography as a form of history. Students select, study and critique the lives of great men and women. (*)

427 (WS 427) Women in Industrializing Europe 3(3-0)
Changes and continuities for European women from the sixteenth century to the present, including work, family, sexuality, and movements for social and political change. Prerequisites: HIST 103 or permission of instructor. (*)

446 History of Empires (500-1500) 3(3-0)
Survey of the rise of great empires of the world, including Arab, Gupta, T'ang, Sung, and Yuan empires to 1500. (*)

447 History of the Decline of Empires (1500-Present) 3(3-0)
Survey of the decline of empires and the impact of European conquest in all areas of the world. WWI and WWII are included in this course. (*)

457 Early Modern Europe 3(3-0)
Important events, movements, and social changes of the early modern period of European history, including the Renaissance, Reformation, Absolutism, the Scientific Revolution, and the Enlightenment. (F)

458 Modern Europe 3(3-0)
Important changes and continuities in recent European history, including the effects of the Industrial Revolution, Victorian culture and society, science and technology, rivalries, and fascism. (S)

489 (CS 489) Borderlands 3(3-0)
History of the Mexican cession to the United States from its Indian and Hispanic origins to the present. Prerequisite: CS/HIST 136 or HIST 201 or HIST 202 or HIST 211, or permission of instructor. (*)

491 Special Topics (1-3 VAR)
Prerequisites: Junior or senior status with adequate preparation and permission of instructor. (*)
493 (CS 493) Seminar 3(3-0)
Seminar devoted to special topics and issues in history; emphasis on research paper. Prerequisite: advanced standing with a major or minor in history, or permission of instructor. (S)

495 Independent Study 1-3 VAR
An individualized program of study designed by a ranked full-time Historian for a History major or minor. Prerequisite: History major or minor and permission of instructor. (*)

498 Internship 3(3-0 VAR)
For advanced students. Practical experience through internship with museums, libraries with historical collections, and other community organizations. Prerequisites: junior or senior standing and departmental permission. (*)

GRADUATE COURSES

501 U.S. Emergence: Building a Nation 3(3-0)
The trends, events and people involved in the shaping of the United States and its national character. Prerequisite: graduate standing. (*)

513 American West 3(3-0)
Role of the individual and the group in the development of the frontier into the 20th century. Prerequisite: graduate standing. (*)

558 20th Century Europe 3(3-0)
Events and personalities from World War I to the present. Prerequisite: graduate standing. (*)

589 Borderlands 3(3-0)
History of the Mexican cession to the United States from its Indian and Hispanic origins to the present. Prerequisite: graduate standing. (*)

591 Special Topics 1-3 VAR (*)

593 Seminar 3(3-0)
Seminar devoted to specific areas and issues in history; emphasis on research paper. Prerequisite: graduate standing (*)

HUMAN PERFORMANCE AND LEISURE STUDIES (HP)

UNDERGRADUATE COURSES

104L Personal Fitness 1(0-2) (*)
107L Scuba Diving 1(0-2) (F,S)
108L Windsurfing 1(0-2) (*)
109L Volleyball 1(0-2) (F,S)
110L Weight Training 1(0-2) (F,S)
113L Whitewater Boating 1(0-2) (*)
114L Basic Mountaineering Techniques 1(0-2) (*)
115L Skiing 1(0-2) (*)
116L Camping 1(0-2) (F)
117L Backpacking 1(0-2) (F)
118L Jogging 1(0-2) (*)
120L Rhythmic Aerobics 1(0-2) (*)
174L Tennis 1(0-2) (*)
175L Racquetball 1(0-2) (*)
176L Life Guard Training 1(0-2) (*)
178L Intercollegiate Baseball 2(0-4) (S)
179L Intercollegiate Softball 2(0-4) (S)
180L Intercollegiate Volleyball 2(0-4) (F)
181L Intercollegiate Soccer 2(0-4) (F)
182L Intercollegiate Basketball 2(0-4) (S)
184L Intercollegiate Wrestling 2(0-4) (S)
185L Intercollegiate Golf I 2(0-4) (S)
186L Intercollegiate Tennis I 2(0-4) (S)
188L Elementary Physical Conditioning 2(0-4) (F,S)

201 Drugs and Healthy Lifestyles 3(3-0)
An overview of the impact of drug abuse in today's society along with prevention information and treatment programs available. (F,S)

204 Fitness for Life 2(1-2)
Overview of physical fitness as related to physical and psychological wellness. Includes physical fitness assessment and testing protocols. Students required to participate in fitness activities. (*)

231 Cardiopulmonary Resuscitation 1(1-0)
Technique of applying a combination of artificial respiration and artificial circulation in the event cardiac arrest occurs. (S/U grades) (*)

232 First Aid 3(3-0)
Knowledge and skills in the latest approved first-aid and cardiopulmonary resuscitation procedures. Red Cross certification (F,S)

233 History and Principles of Physical Education and Recreation 3(3-0)
Study of the history, philosophy and contemporary problems and trends of physical education and recreation, and their influence upon contemporary American society. (F)

242 Skills and Techniques of Motor Learning and Elementary Activities 3(3-0)
Techniques of teaching low organized games and enrichment activities at the elementary school level with emphasis on the development of perceptual-motor learning. (F)

243 Skills and Techniques of Teaching Rhythmic Activities 1(1-1)
Fundamentals of folk, square and social dance; emphasis on the teaching techniques involved in basic dance styles and rhythms. (S)

244 Skills and Techniques of Soccer and Volleyball 2(2-2)
Basic skills and techniques of soccer and volleyball; emphasis on teaching procedure. (F)
245 Skills and Techniques of Fitness Activities 3(3-0)
Basic skills and techniques of a total fitness program including weight training, stretching, rhythmic aerobics, water aerobics, circuit training, body composition and assessing fitness levels. (F)

246 Skills and Techniques of Track and Field, Basketball and Softball 3(3-0)
Basic skills and techniques of track and field, basketball and softball; emphasis on organization and teaching procedures. (S)

247 Skills and Techniques of Tumbling 1(1-0)
Basic skills and techniques of tumbling activities; emphasis on spotting and teaching procedures. (F)

248 Skills and Techniques of Individual and Dual Sports 3(3-0)
Basic skills and techniques of tennis, racquetball, badminton and golf; emphasis on teaching procedures in these activities. (S)

249 Skills and Techniques of Ropes Course Leadership 1(1-0)
Basic skills and techniques of instructing ropes courses. Includes technical skills and group facilitation. (F,S)

276L Water Safety Instructor Certification 2(0-2)
Water safety instruction certification may be earned in this course. Prerequisite: advanced life saving. (*)

278L Intercollegiate Baseball 2(0-4) (S)

279L Intercollegiate Softball 2(0-4) (S)

280L Intercollegiate Volleyball 2(0-4) (F)

281L Intercollegiate Soccer 2(0-4) (F)

282L Intercollegiate Basketball 2(0-4) (S)

284L Intercollegiate Wrestling 2(0-4) (S)

285L Intercollegiate Golf II 2(0-4) (S)

286L Intercollegiate Tennis II 2(0-4) (S)

288L Advanced Physical Conditioning 2(0-4) (F,S)

289L Student Assistant 1(0-2) (F,S)

291 Special Topics (1-5 VAR) (F,S)

322 Elementary School Physical Education 2(2-0)
Mental, emotional, social and physical needs of elementary school age children; planning programs, selecting materials and methods of teaching physical education at this level. (F,S)

342 Training Room Methods 2(2-0)
Procedures utilized in prevention, care and treatment of athletic injuries. Prerequisite: KIN 254. (F)

343 Measurement and Evaluation in Physical Education 2(2-0)
Modern testing programs in physical education; emphasis on preparation and administration of both written and skills tests. (F)

378 Methods in Physical Education 2(2-0)
Classroom course used to identify and examine methods in the teaching of physical education activities. Prerequisite: acceptance into teacher education department. (S)

389L Student Assistant 1(0-2)
Prerequisite: HP 289L. (F,S)

400 Workshop (1-5 VAR)
Learning experience in physical education offered in large blocks of time not corresponding to the weekly meeting times of the regular course offerings. Prerequisite: approval of program chair. (*)

442 Advanced Athletic Training 3(3-0)
Preparation of pre-sports medicine majors to successfully complete the National Athletic Trainers Certification test. Prerequisites: BIOL 320, KIN 254, KIN 364, HP 342. (S)

450 Evaluation of Athletic Injuries 3(3-0)
In depth study of assessment techniques and protocols applicable to specific athletic injuries. Prerequisites: KIN 254 and HP 342.

461 Program Administration in Physical Education, Recreation and Athletics 3(3-0)
Organizational and administrative process necessary for the responsible conduct of physical education, recreational activities and interscholastic athletics. (S)

465 Adapted Physical Education 2(2-0)
Remedial and corrective programs in physical education; emphasis on diseases and injuries which cause individuals to require special attention above and beyond the regular physical education program. Prerequisite: KIN 254. (S)

471 Coaching and Officiating Football 2(2-0)
Techniques and strategy of coaching and officiating football. Prerequisite: junior standing. (*)

472 Coaching and Officiating Basketball 2(2-0)
Techniques and strategy of coaching and officiating basketball. (F)

473 Coaching and Officiating Track and Field 2(2-0)
Techniques and strategy of coaching and officiating cross country and track and field. (S)

475 Coaching and Officiating Volleyball 2(2-0)
Techniques and strategy of coaching and officiating volleyball. (F)

482 Coaching and Officiating Wrestling 2(2-0)
Techniques and strategy of coaching and officiating wrestling. (S)

483 Coaching and Officiating Baseball 2(2-0)
Techniques and strategy of coaching and officiating baseball. Prerequisite: junior standing. (S)

491 Special Topics (1-5 VAR) (S/U grades) Permission of instructor. (*)

494 Field Experience (1-5 VAR)
Learning experience to be conducted in the actual environment and supervised by the physical education program. (S/U grades) Prerequisite: approval of the department chair. (*)

495 Independent Study (1-5 VAR)
Prerequisite: approval of the department chair. (*)

GRADUATE COURSES

500 Workshop (1-5 VAR)
Graduate learning experience in physical education offered in large blocks of time not corresponding to the weekly meeting times of the regular course offerings. Prerequisite: approval of program chair. (*)
522 Elementary School Physical Education 2(2-0)
Advanced course of mental, emotional, social and physical needs of elementary school-age children; emphasis on planning programs, selecting materials and methods of teaching physical education at this level. Prerequisite: graduate standing. (*)

591 Special Topics (1-5 VAR)
Graduate level study or activity designed to increase understanding in areas not covered by regular offerings of the department. Prerequisite: approval of program chair. (*)

INDUSTRIAL SCIENCE TECHNOLOGY (IST)

UNDERGRADUATE COURSES

101 Woods Technology 3(1-4)
Safe and efficient selection, utilization and maintenance of equipment to process forest products material used in construction and manufacturing. (F)

102 Wood Fabrication Technology 3(1-4)
Construction of cabinets, millwork, and furniture: design, construction details, production methods. Structure characteristics and physical properties of wood; strength values, grading and moisture relationships. Prerequisite: IST 101. (S/O)

103 Intro to Facility Management and Technology Studies 2(2-0)
Qualifications, opportunities, preparation, and duties in the fields of teaching technology and facilities management. (F)

105 Industrial and Building Materials 3(2-2)
Properties and application of popular and innovative construction materials, including ceramics, forest product materials, metals, sealants, insulations, coatings and others. (*)

140 Office and Furniture Design 3(3-0)
Design aspects of the modern office including furniture and furnishings, facility and space planning, productivity, comfort and efficiency. (F)

203 Wood Turning 3(0-6)
Basic skills in wood turning and the use of the lathe to supplement bench and machine woodworking. (F)

205 Issues and Trends in Technology 3(3-0)
Current aesthetic, economic, environmental, ethical, global, ideological, legal, personal, societal, etc., impacts, issues and trends of technology. (F)

206 Commercial and Residential Construction 3(2-2)
Building systems and materials related to foundations, interior finishes, roofing, glazing, cladding used in wood, masonry, steel and concrete construction from a construction perspective. (S)

230 Environmental Issues in Facilities 3(3-0)
Develop and learn to implement practices that protect and promote health, safety, security, quality of work life, the environment and organizational effectiveness. (S)

296 Cooperative Education Internship (1-5 VAR)
For freshmen and sophomores. Work experience under direction of a field supervisor and faculty member. (F, S, SS)

302 Cabinet and Accessory Technology 3 (0-6)
Modern techniques in the manufacturing of prefabricated cabinets and accessories. Theory application through the implementation of new tooling available in the cabinet industry. Prerequisite: IST 102. (F/E)

304 Transportation Technology 3(1-4)
A system analysis of transportation technologies. Study of transportation systems resources, processes and implementations. Participants develop a degree of technological literacy pertinent to transportation systems. Prerequisites: IST 103 and APSM 225. (S/E)

306 Building Mechanical Systems 3 (2-2)
Study of building mechanical systems including heating, ventilation, air conditioning, plumbing, and fire protection from a design perspective. (S)

307 Industrial Manufacturing I 3(1-4)
Industrial processes and techniques. Focus on casting, material removal and plastics. Includes manufacturing systems and cost estimating. Prerequisite: IST 105. (E)

308 Industrial Manufacturing II 3(1-4)
Industrial processes and techniques. Focus on adhesives and cohesive joining, not and cold forming and heat treatment. Includes operations planning and process and quality control. Prerequisite: IST 307. (O)

309 Building Electrical Systems 3(2-2)
Study of building electrical systems including communication and control, transportation, security, power distribution and lighting from a design perspective. (S)

341 Facilities Planning and Layout 3(3-0)
The principles of facilities planning relating to location, material flow, placement of real and personal property, workstation configuration and developing a facilities plan. (S/E)

345 Career Education 2(2-0)
Design, implementation and conducting of career education programs. Selection and preparation of teaching materials for career education programs. (F,S,SS)

350 Facilities Management Administration 3(3-0)
Planning, organizing, staffing, budgeting and administering a facilities management organization and delivering facilities services. (F)

351 Facilities Management Operations 3(3-0)
Planning, programming, budgeting and managing facilities design, construction, renovation and sustainment operations. Prerequisite: IST 350. (S)

377 Curriculum Development and Evaluation in Technology Studies 3(3-0)
Organization of units of instruction, lesson plans, instruction sheets, evaluative procedures and tests. Prerequisite: IST 103 (F/O)

380 Communications Systems Technology 3(1-4)
Study of technical means by which humans extend their capabilities through the invention and use of communication systems, both electronic and graphic. Prerequisites: MET 111 and EET 206. (F/E)

401 Production Systems 3(1-4)
Exercises in the research and development, and production of a product. Industrial organization and production methods. Prerequisite: permission of instructor. (F/O)
402 Methods/Techniques of Teaching Technology
Studies 3(3-0)
Methods and techniques of teaching industrial science
technology courses in laboratory management, professional
development, certification, accreditation, public relations and
school policies. Prerequisite: IST103 (F/E)

431 The Facilities Supervisor 3(3-0)
Preparation for assuming leadership of facilities management
organizations. Includes self-preparation, organizational
effectiveness, motivational and other techniques. Prerequisite:
IST 350 and 351. (O)

457 Industrial Safety 3(3-0)
Laboratory organizational patterns, administrative duties of
the teacher, and safety regulations. Prerequisite: IST103.
(O)

490 Special Projects 1-5 VAR
Prerequisite: junior or senior standing; permission of instructor.
(F,S)

491 Special Topics 1-5 VAR
Emerging Topics in Industrial Science not currently included
in other courses. Prerequisite: junior/senior standing with
program coordinator permission. (F,S)

493 Seminar 1-5 VAR
Individual and small-group activities. Individual experimenta-
tion and expertise development in facilities management
and/or technology studies. (F,S)

495 Independent Study 1-5 VAR
For advanced students. Each student selects, outlines and
pursues a project. Instructor approval and supervision provided.
May be repeated. (F,S)

496 Cooperative Education Internship 1-5 VAR
Work experience under direction of field supervisor and
faculty member. Prerequisite: junior or senior standing.
(F,S,SS)

GRADUATE COURSES

545 Career Education 2(2-0)
Design, implementation and conducting career education
programs. Selecting and preparing teaching materials for
career education programs. Prerequisites: IST345 or
equivalent and graduate standing. (*)

555 Trends and Problems in Technology Studies
3(3-0)
Practical methods and techniques of organizing curriculum
materials and controlling a typical technology education
program. May be repeated. Prerequisite: graduate standing.
(*)

557 Organization and Administration in Technology
Studies 3(3-0)
Shop organizational patterns, administrative duties of the
teacher, and new trends in selection and arrangement of
equipment and facilities. Prerequisite: graduate standing. (*)

580 Problems in Technology Studies 3(3-0)
In-depth study by one or more students who wish to enrich
their teaching ability in a specific area of technology educa-
tion. May be repeated. Prerequisites: graduate standing and
permission of instructor. (*)

590 Special Projects 1-5 VAR
For advanced students. Each selects, outlines and pursues
a project. Instructor approval and supervision provided. May
be repeated. Prerequisite: graduate standing. (*)

591 Special Topics 1-5 VAR
Individual and small-group activities in individual
experimentation and expertise development in technology
education. May be repeated. Prerequisite: graduate stand-
ing. (*)

592 Research 1-5 VAR (*)

593 Seminar 1-5 VAR
Individual and small-group activities. Current topics, issues,
resources, and practices. May be repeated. (*)

595 Independent Study 1-5 VAR
For advanced students. Each selects, outlines and pursues
a project. Instructor approval and supervision provided. May
be repeated. Prerequisite: graduate standing. (*)

INTERDISCIPLINARY STUDIES (IS)

UNDERGRADUATE COURSES

110 Honors Physical Science 3(3-0)
A thematic, interdisciplinary, small-group seminar dealing
with the aesthetic, cultural, historical, sociological, scientific
and technological aspects of physical science. (F)

120 Honors Literary Themes 3(3-0)
A thematic, interdisciplinary, small-group seminar dealing
with the aesthetic, cultural, historical, sociological and
scientific aspects of literary themes. (S)

151 Introduction to Academic Life 2(2-0)
To provide an opportunity for students to learn and adopt
methods to be successful in college. Critical thinking, writing,
and time management are emphasized. (F,S)

210 Honors Life Science and Technology 3(3-0)
A thematic, interdisciplinary, small-group seminar dealing
with the aesthetic, cultural, historical, sociological and
scientific aspects of life science and technology. (S)

220 Honors Health Issues 3(3-0)
A thematic, interdisciplinary small-group seminar dealing
with the aesthetic, cultural, historical, sociological, scientific
and technological aspects of health issues. (S)

230 Honors International & Economic Issues 3(3-0)
A thematic, interdisciplinary, small-group seminar dealing
with aesthetic, cultural, historical, sociological, scientific and
technological aspects of international and economic issues.
Prerequisite: three hours previous honors work. (*)

291 Special Topics 1-3 VAR (*)

410 Senior Honors Seminar 3(3-0)
a thematic, interdisciplinary, small-group seminar dealing
with scientific, technological, sociological, cultural, aesthetic,
ethical, and historical aspects of issues of education and
research. Guest speakers and visits to museums, exhibits
and cultural events related to the course's theme. Senior
honors project will be introduced. Prerequisite: Three hours
previous honors work. (*)

490 Special Projects 2(2-0)
Prerequisite: three hours of previous honors work. (*)

491 Special Topics 1-3 VAR (*)
ITALIAN (ITL)

UNDERGRADUATE COURSES

101 Introduction to Italian I 4(3-2)
Pronunciation and grammar with oral-aural training. Easy reading and conversation. (F,S)

102 Beginning Spoken Italian II 4(3-2)
Students are placed by the department. Practice in oral, aural, reading and writing experiences. Prerequisite: ITL 101 or equivalent. (F,S)

201 Intermediate Italian I 4(3-2)
Reading and conversation in Italian, review of grammar, study of idioms, theme writing in Italian. Prerequisite: ITL 102 or equivalent. (F)

202 Intermediate Italian II 4(3-2)
Prerequisite: ITL 201 or equivalent. (S)

301 Advanced Italian Grammar I 3(3-0)
Linguistic analysis, vocabulary building and composition. Prerequisite: ITL 202 or permission of instructor. (S)

302 Advanced Italian Grammar II 3(3-0)
Linguistic analysis, vocabulary building and composition. Prerequisite: ITL 202 or permission of instructor. (S)

381 Italian Civilization I 3(3-0)
Italian geography, culture and history from the Roman Empire to the present. Prerequisite: ITL 202 or permission of instructor. (F)

382 Italian Civilization II 3(3-0)
Prerequisite: ITL 202 or permission of instructor. (S)

494 Field Experience (1-7 VAR)
Communication, lectures by writers, artists, political leaders and specialists. Visits to museums, attendance at movies, theaters and excursions. Prerequisite: 2 years of college Italian. (*)

495 Independent Study (1-3 VAR)
May be repeated for credit with approval of major adviser. (*)

KINESIOLOGY (KIN)

UNDERGRADUATE COURSES

254 Anatomical Kinesiology 2(2-0)
Fundamentals of anatomical and structural components of human movement. (F)

258 Maturational Kinesiology 2(2-0)
Study of the maturational components of human movement with emphasis on analyzing movement problems. (F)

262 Psychological Kinesiology 2(2-0)
Study of neuropsychological components of human movement. (S)

364 Mechanical Kinesiology 2(2-0)
Fundamental body movements and the primary muscles involved in those movements. Prerequisite: KIN 254. (S)

442 Physiological Kinesiology 2(2-0)
Effects of muscular activity on the various organs and systems of the body; an analysis of intramuscular and extramuscular adaptations which occur with training. Prerequisite: KIN 254. (F)

MANAGEMENT (MGMT)

UNDERGRADUATE COURSES

310 Principles of Management 3(3-0)
Decision-making communication and leadership principles in business and not-for-profit organizations. (F,S,SS)

311 Production/Operations Management 3(3-0)
Techniques and procedures for efficient operations and problem solving. Prerequisites: BUSAD 260 AND MGMT 310 (F,S,SS)

318 Personnel Management 3(3-0)
Recruiting, testing, interviewing, training and evaluating workers; planning for personnel needs; establishing personnel functions; employment laws; establishing pay plans. Prerequisite: MGMT 310 (F,S,SS)

320 Organizational Behavior 3(3-0)
Behavior of individuals and small groups in organizational settings. Managerial style, social system analysis, motivation and communication. Prerequisite: MGMT 310 (F,S)

362 Purchasing and Materials Management 3(3-0)
Strategies and tactical methods, opportunities and problems associated with the flow of materials in an organization will be covered. Prerequisite: MGMT 311 (F)

365 Management Information Systems 3(3-0)
Analysis and design of computer-based management information systems to satisfy needs of functional areas of organizations such as finance, marketing, accounting, engineering, production and operations management. Prerequisite: MGMT 310 (F,S)

370 Operations Planning and Control 3(3-0)
Basic concepts and techniques of planning, executing and controlling of production rates and inventory levels to achieve customer satisfaction at minimum cost. Prerequisite: MGMT 311. (F)

375 Management Science 3(3-0)
Examination of deterministic tools in managerial problem solving; mathematical programming methods, linear, nonlinear, network, and inventory problems. Computer solutions of structured business problems. Prerequisite: MGMT 311 (F)

410 Industrial Relations 3(3-0)
Federal and state legislation and execution and executive orders governing the employer-employee relationship; legal rights of organizations and collective bargaining. Prerequisite: MGMT 318 (F,S)

414 Entrepreneurship 3(3-0)
The environment, management, marketing, accounting and legal considerations facing the small business manager and owner. Prerequisites: ACCTG 202, MGMT 310 and MKTG 340, or permission of instructor. (S)

460 Operations Strategy 3(3-0)
Examination of recent developments in the strategy of operations in the manufacturing and service sectors involving technological policy, new process development, and new product introduction. Prerequisite: MGMT 311. (S)

468 Total Quality Management 3(3-0)
Concepts and techniques of quality improvement processes. Defining quality in customer satisfaction terms and improving quality of products and service through modern techniques. Prerequisite: MGMT 311. (S)
480 Small Business Studies 3(3-0)
Integrating prior studies in business into a realistic approach to assist in solving problems faced by selected firms in the community. Prerequisites: senior standing and permission of instructor. (F,S,SS)

484 Senior Studies 3(3-0)
A discipline-oriented integration of prior course work into a special project, research paper and/or activity that demonstrates proficiency in the major. Prerequisites: senior standing in the School of Business and completion of all core courses. (F,S,SS)

485 Management Policy and Strategy 3(3-0)
Integration of all prior course work into a realistic and scientific approach to the solution of organizational problems and evaluation of opportunities. Case method used extensively. Prerequisites: senior standing in the School of Business and completion of all core courses. (F,S,SS)

490 Special Projects 1-6 VAR (*)

491 Special Topics 1-3 VAR (*)
Prerequisite: permission of instructor. (*)

495 Independent Study 1-3 VAR (*)
Prerequisites: senior standing in School of Business and permission of department chair. (F,S,SS)

498 Internship 1-6 VAR (*)
Supervised field work in selected business, social and governmental organizations; supplemented by written reports. (S/U grades) Prerequisites: junior or senior standing in School of Business and permission of internship coordinator. (F,S,SS)

GRADUATE COURSES

511 Production/Operations Management 3(3-0)
Managerial perspective of operations functions, understanding of analytical tools to solve operations problems, applied operations issues, and develop decision-making skills. Cases are used. Prerequisite: graduate standing. (S)

520 Management of Organizational Behavior 3(3-0)
Ideas and concepts for increasing effectiveness in organizations. Major topics include personality, motivation, leadership, communication, group dynamics, change and conflict, and contingencies of work unit design. Prerequisite: graduate standing. (F)

521 Theories of Organizational Design 3(3-0)
Identification of external environments faced by organizations and theories of organizational design that enable organizations to operate more effectively within their respective environments. Prerequisite: graduate standing. (*)

523 Management of Non-Profit Organizations 3(3-0)
Examines differences among public, charitable, and private organizations regarding their external environments, goals, strategies, administrative procedures, operations, and human resource management. Prerequisite: graduate standing. (*)

565 Management Information Systems 3(3-0)
The development of a framework for understanding and analyzing use of information by organizations through computer-based systems and this framework's potential for enhancing effectiveness of managerial decision making. Prerequisite: graduate standing. (F)

585 Management Policy and Strategy 3(3-0)
Critical analysis of the policy/strategy field. This course integrates all prior course work with the concept of strategy formulation to assure long-term performance. Case Method used extensively. Prerequisite: graduate standing and completion of core courses. (*)

591 Special Topics 3(0) (*)

592 Research 1-6 VAR (*)
The student will work under the close supervision of a graduate faculty member in basic or applied research resulting in a report of high academic quality. (IP and S/U grading) (F,S,SS)

595 Independent Study 1-3 VAR (*)
Individual study of a subject determined by the instructor and student with permission of the director. Prerequisite: graduate standing. (F,S,SS)

599 Thesis Research 1-6 VAR (*)

MARKETING (MKTG)

UNDERGRADUATE COURSES

340 Principles of Marketing 3(3-0)
Analytical survey of problems encountered in distributing goods and services from a marketing-management approach with emphasis on the role of the consumer and the social responsibility of the marketer. (F,S,SS)

341 Sales Force Management 3(3-0)
Managing a sales force including recruiting, selection, training, compensation, supervision, stimulation and sales planning. Computer simulation used to do forecasting, budgeting, territory allocation, sales analysis and control. Prerequisite: MKTG 340. (F)

342 Promotional Strategy 3(3-0)
Principles, concepts and problems involved in development and management of advertising, personal selling, public relations and sales promotion programs, activities in the global economy. Prerequisite: MKTG 340. (S)

345 Retail Management 3(3-0)
Issues in buying, maintaining inventory, displaying, designing store layouts, promoting, providing services and general merchandising of products for improving retail profitability. Prerequisite: MKTG 340. (S)

348 Consumer Behavior 3(3-0)
Survey of contributions of behavioral sciences to understanding and prediction of consumer behavior in the decision-making process. Prerequisite: MKTG 340. (F)

350 International Marketing 3(3-0)
Effects of culture, political and legal structures on marketing. Planning for international products, services, promotion, pricing, distribution and impact of trade groups. Prerequisite: MKTG 340. (F)

440 Marketing Research 3(3-0)
Fundamental techniques. Practical experience in research methodology: planning an investigation, questionnaires, sampling, interpretation of results, report preparation. Prerequisites: MKTG 340 and BUSAD 260. (S)
441 Marketing Strategies 3(3-0)
Detailed consideration of process of formulating and implementing strategies in marketing. Major emphasis on markets, channels of distribution, and product analysis. Prerequisites: MKTG 340, 440, second semester seniors. (S)

480 Small Business Studies 3(3-0)
Integrating prior studies in business into a realistic approach to assist in solving problems faced by selected firms in the community. Prerequisite: senior standing and permission of instructor. (F,S,SS)

484 Senior Studies 3(3-0)
A discipline-oriented integration of prior course work into a special project, research paper and/or activity that demonstrates proficiency in the major. Prerequisites: senior standing in School of Business and completion of all core courses. (F,S,SS)

490 Special Projects 1-6 VAR (*)

491 Special Topics 1-3 VAR
Prerequisite: permission of instructor. (*)

495 Independent Study 1-3 VAR
Prerequisites: senior standing in School of Business and permission of department chair. (F,S,SS)

498 Internship 1-6 VAR
Supervised field work in selected business, social and governmental organizations; supplemented by written reports. (S/U grades) Prerequisites: junior or senior standing in School of Business and permission of internship coordinator. (F,S,SS)

GRADUATE COURSES

540 Marketing Management 3(3-0)
Emphasizes an understanding of market behavior, coordination and implementation of the marketing mix with other managerial decisions, and the integration of theory through use of cases. Prerequisite: graduate standing. (S)

541 Strategic Marketing 3(3-0)
A thorough analysis of decision making in strategic marketing, in product and service industries, profit and non-profit institutions, using case analysis and readings. Prerequisite: graduate standing. (F)

591 Special Topics 3(3-0) (*)

592 Research 1-6 VAR
The student will work under the close supervision of a graduate faculty member in basic or applied research resulting in a thesis or report of high academic quality. (IP and S/U grading) (F,S,SS)

595 Independent Study 1-3 VAR
Individual study of a subject determined by the instructor and student with permission of the director. Prerequisite: graduate standing. (F,S,SS)

599 Thesis Research 1-6 VAR (*)

MASS COMMUNICATIONS (MACOM)

UNDERGRADUATE COURSES

101 Media and Society 3(3-0)
The development, functions and effects of the mass media in relation to the individual, society and the global community. (F,S,SS)

110 Career Orientation 1(1-0)
Survey of career opportunities in the communication industry with emphasis on the mass media and related agencies. Required for majors and minors in mass communications. (F,S)

201 News Writing 3(3-0)
Instruction and practice in basic news writing including the public's right to know, newsworthiness, and writing style. Required of all majors and minors. Word processing skills required. Prerequisites: ENG 101 and 102. (F,S)

202 Feature Writing 3(3-0)
Reporting campus events via interpretive articles, news features, straight features, seasonal stories and in-depth articles. Prerequisite: MACOM 201. (F,S)

211 Desktop Publishing 3(1-4)
To develop computer publishing and design skills with varied software packages and within PC and Mac environments, preparing students for publication design and editing careers. Prerequisite: word processing literacy. (F,S,SS)

216 Advertising 3(3-0)
Principles of advertising on local and national levels for newspapers, magazines, radio and television. (F,S)

222 Broadcast News Writing 3(3-0)
Preparation of copy for radio/television news reports, interviews and commentary. (F,S)

223 Radio-TV Script Writing 3(2-2)
Techniques, styles, formats, treatments, outlines, and scenarios for script forms used in the electronic media are covered with emphasis upon preparing scripts for production. Prerequisite: MACOM 201. (F,S)

224 (SPCOM 224) Broadcast Announcing 3(3-0)
Study and application of the principles of oral communication to radio and television announcing. (F,S)

226 Introduction to Television Production 4(2-4)
Concepts, skills and technical facilities involved in production of television programs. Emphasis on the understanding of the technical equipment used in program broadcasting. Prerequisite: MACOM 101. (F)

235 (WS 235) Women and Media 3(3-0)
The historical and cultural implications of the mass media's portrayal of women and the extent of their media participation from colonial to contemporary times. (*)

250 Media Lab 1(0-2)
A laboratory course for students involved in university publications and campus broadcast operations. May be repeated for up to four credits. Prerequisite: permission of instructor. (F,S,SS)

251 Sports Writing and Statistics 3(2-3)
Study and practical application of sports writing and statistics; emphasis on press box experience at intercollegiate athletic events. Repeatable once. Prerequisites: MACOM 201 and 202. (*)

260 History and Regulation of Telecommunications 3(3-0)
The historical and legal structures of radio, television, cable, and new technologies of mass communications are explored with emphasis upon inventors, innovation, and social development. Prerequisite: MACOM 101. (F,S)
265 History of Journalism 3(3-0)
History of the press in America from colonial times to the present day, political and economic impact of newspapers and magazines during the 19th and 20th centuries. (F,S)

280 Public Relations 3(3-0)
Historical, theoretical and practical approach to contemporary public relations focusing on the public relations process, communication strategies, publics, and organizational distinctions. (F,S)

301 Editorial Writing 3(3-0)
Study of editorial page management and policy, with emphasis on preparation of editorials, columns and critical reviews. Prerequisites: MACOM 201 and 202. (F)

302 Advertising Writing 3(3-0)
Copy writing essentials and formats for print, broadcast and direct mail advertising. Emphasis on developing writing techniques for practical application in both retail and product advertising. Prerequisite: MACOM 216 or permission of instructor. (S)

305 News Reporting 3(3-0)
Course covers the principles and practices, skills and ethics of professional beat and general assignment news reporting — specifically in-depth interviewing and other news gathering techniques. Prerequisite: MACOM 201 and 202. (F,E)

311 Copy Editing and Makeup 3(3-0)
News evaluation, copyreading, rewriting, headline writing, page makeup and similar duties of the newspaper copy editor. Prerequisites: MACOM 201 and 202. (F,E)

316 Advertising Campaigns 3(3-0)
Practical application of planning and development of advertising campaigns for print and broadcast media; emphasis on the use of creative strategy. Prerequisites: MACOM 216 and 302, or permission of instructor. (F)

317 Advertising Strategy 3(3-0)
Seminar emphasizing tactics and strategies of advertising planning, utilizing media techniques, marketing posture and creative media buying. Prerequisites: MACOM 216 and 316. (S)

318 Retail Advertising 3(3-0)
The need, direction and potential of local advertising and the media associated with retail communication, with emphasis on retail campaign design, client services and problem solving. Prerequisites: MACOM 216 and 316. (*)

319 Direct Advertising 3(3-0)
An advanced course stressing the philosophy, objectives, content and development of direct response advertising, particularly direct mail and computer-generated messages. Prerequisite: MACOM 216. (F)

320 Broadcast Station Programming 3(3-0)
Program types used on broadcast stations; analysis of network structure and local station programs, ethical requirements in programming. Prerequisites: MACOM 222, 224 and 226. (*)

326 Advanced Television Production 4(2-4)
Single-camera location production and video post-production; emphasis on location videography, location audio, location lighting, videotape editing and audio post-production. Prerequisite: MACOM 226. (S)

330 (WS 330) Gender and Film 3(3-0)
A discussion course which examines gender roles in theatrical and documentary film while considering the perspective of producers, actors and spectators and salient film theories. Prerequisite: upper division standing in MACOM or Women’s Studies. (*)

350 Advanced Media Lab (2-4 VAR)
An advanced laboratory course for students involved in university publications and campus broadcast operations. May be repeated for up to 10 credits. Prerequisites: junior or senior standing; permission of instructor. (F,S,SS)

401 Photographic Procedures 4(3-2)
Practical course in pictorial reporting; emphasis on spot news features, picture stories and photographic essays. Prerequisite: junior or senior standing. (S)

421 Public Relations Case Problems 3(3-0)
Emphasis on analyzing public relations scenarios involving non-profit, private sector and government organizations and their impact on such publics as employees, consumers, voters, and volunteers. Prerequisites: MACOM 201, 202 and 280. (F)

422 Public Relations Campaigns 3(3-0)
Student produced independent public relations plans for non-profit, private sector, and government organizations. Emphasis on conceptual and practical knowledge related to all aspects of the public relations process. Prerequisites: MACOM 311 and 421. (S)

423 Writing for Public Relations 3(3-0)
A specialized course in persuasive writing techniques in different formats. Emphasis is on print and electronic news releases, public service announcements, brochures, newsletters, speeches, and proclamations. Prerequisite: MACOM 421. (S)

425 Audience Research Methodology 3(3-0)
General research methodology course. Effective and appropriate research tools to define and describe various populations contained within the mass audience. Emphasis on sampling practices, encoding and interpretation of results. Pragmatic tasks via Nielsen, Arbitron, SRDS, content analysis and related data sources. (F,S)

426 TV Documentary Production 5(3-4)
Actual experience in planning, scripting and producing documentary video production on locations throughout southeastern Colorado for broadcast and public service agencies. Prerequisite: MACOM 326 (F)

440 (ENG 440) Magazine Writing 3(3-0)
Instruction and practice in writing nonfiction magazine articles, with emphasis on story research and market selection. Prerequisites: MACOM 201 and 202. (*)

445 Reporting Public Affairs 5(4-3)
Instruction and practice in reporting public affairs, including crime and the courts, and news originating in city and county governments, state legislature, and school boards. Interpretive and investigative reporting skills. Attendance at public meetings required. Prerequisites: MACOM 201 and 202. (S)

450 Film Criticism in the Media 3(3-0)
The role and function of the film critic in television and print journalism, with emphasis on writing the critical review. Prerequisite: senior standing. (*)
490 Special Projects 3(0-3)
Individualized instruction within a special interest area, under supervision of a member of the department. Repeatable once. Prerequisite: junior or senior standing, or permission of instructor. (F,S,SS)

491 Special Topics 1-3 VAR
Prerequisite: junior or senior standing, or permission of instructor. (F,S)

493 Seminar 3(3-0)
Seminar devoted to special problems in mass media; emphasis on interrelationships of media, understanding media, and the role of criticism. Prerequisite: senior standing. (F,S)

494 Field Experience 3(1-9 VAR)
A semester-long internship. Student performs the professional duties required by the cooperating commercial mass medium, business or public service agency. May be taken for a maximum of 10 hours. Prerequisite: junior or senior standing, minimum of 30 hours in major, or permission of program chair. (F,S,SS)

495 Independent Study 2(0-2)
Prerequisite: junior or senior standing, or permission of instructor. (F,S)

GRADUATE COURSE

591 Special Topics 1-3 VAR
Prerequisite: graduate standing. (*)

MASTERS OF CRIMINAL JUSTICE (MCJ)
USC/UC-Denver consortium degree. (See MCJ course descriptions under SOCIOLOGY graduate courses.)

MATHEMATICS (MATH)

UNDERGRADUATE COURSES

A grade of C or better is required for prerequisite courses.

098 Introductory Algebra 3(3-0)
Review of elementary algebraic operations including factoring and operations with fractions. Introduction to graphing, including graphs of lines. Solutions to linear and quadratic equations. (F,S,SS)

099 Intermediate Algebra 4(4-0)
A course designed to broaden and deepen algebraic problem-solving skills. Topics include systems of equations, exponents, radicals, complex numbers, quadratic equations, factoring polynomials, function notation and graphs (S/U grading). Prerequisite: one year of high school algebra. (F,S,SS)

109 Mathematical Explorations 3(3-0)
Emphasis on quantitative reasoning and connections between mathematics and society. Topics chosen from management science, social decision making, statistics, probability, growth models and geometry. Prerequisite: two years high school math to include one year of high school algebra. (F,S,SS)

120 A Survey of Mathematics 4(4-0)
This course focuses on quantitative reasoning and problem solving. Topics will be selected from logic, sets, algebra, probability, statistics, number theory, mathematics systems, geometry, and counting techniques. Prerequisite: one year of high school algebra. (*)

121 College Algebra 4(4-0)
Solutions of algebraic equations, graphs of rational functions, exponential and logarithmic functions, systems of equations, matrices, and determinants. Prerequisite: MATH 099 or two years of high school algebra. (F,S,SS)

122 College Trigonometry 3(3-0)
Trigonometric and circular functions, identities, inverse functions, vectors, complex numbers. Prerequisite: MATH 121 or equivalent. (S)

124 Precalculus Math 5(5-0)
Polynomial, rational, exponential and logarithmic functions; solution of systems of equations; trigonometric, circular and certain special functions. Prerequisite: two years of high school algebra or equivalent. (F,S)

126 Calculus and Analytic Geometry I 5(5-0)
Introduction to limits, continuity, differentiation and integration with selected applications. Prerequisite: MATH 124 or equivalent. (F,S)

131 Algebra/Trigonometry for Engineering Technology I 4(4-0)
Integrated sequence (131-132) covering topics in algebra, trigonometry, and analytic geometry, with engineering applications. Prerequisite: two years of high school algebra or equivalent. (F,S)

132 Algebra/Trigonometry for Engineering Technology II 4(4-0)
Continuation of MATH 131. Prerequisite: MATH 131. (F,S)

156 Introduction to Statistics 3(3-0)
Introduction to data analysis. Binomial and normal models. Sample statistics, confidence intervals, hypothesis tests, linear regression and correlation, and chi-square tests. Prerequisite: MATH 099 or equivalent. Recommended MATH 121. (F,S,SS)

207 Matrix and Vector Algebra with Applications 2(2-0)
Systems of equations, matrix representation of systems, solution of systems, inverses, determinants, and Cramer's Rule. Vectors, scalar and cross-products, applications to two- and three-dimensional geometry. Prerequisite: MATH 124 or equivalent. Corequisite: Majors and minors should take this course concurrently with MATH 224. (F,S)

209 Symmetry 3(3-0)
Liberal arts course exploring the mathematical world of symmetry. Topics include isometries, Euclidean geometry, tiling theory, group theory, and fractals. Prerequisite: One year of high school geometry or permission of instructor. (F,S,SS)

220 Quantitative Analysis for Business 4(4-0)
An introduction to quantitative methods required for business studies, includes a brief introduction to the Calculus. Prerequisite: Math 121 or equivalent. (F,S,SS)

222 Applied Calculus I 3(3-0)
Introduction to differential calculus, including logarithmic and exponential functions. Emphasis on applications and modeling in the life sciences, social and behavioral sciences, and business. Prerequisite: MATH 121 or equivalent. (F,S)

223 Applied Calculus II 3(3-0)
Introduction to integral calculus, including the trigonometric functions. Emphasis on applications and modeling in the life sciences, social and behavioral sciences, and businesses. Prerequisite: MATH 222. (F,S)

157
224 Calculus and Analytic Geometry II 3(3-0)
Differentiation and integration of trigonometric, logarithmic, and other transcendental functions. Infinite sequences and series, parametric representation of curves, and selected applications. Prerequisite: MATH 126. Corequisite: Majors and minors should take this course concurrently with MATH 207. (F,S)

231 Calculus for Engineering Technology I 3(3-0)
Integrated sequence (231-232) covering topics in differential and integral calculus with emphasis on engineering applications. Prerequisite: MATH 132, 124, or equivalent. (F,S)

232 Calculus for Engineering Technology II 3(3-0)
Continuation of MATH 231. Prerequisite: MATH 231. (F,S)

245 Introduction to Discrete Mathematics 3(3-0)
Logic, algebra of sets, permutations and combinations, relations and functions, graph theory, trees, recurrence relations and induction. Prerequisite: MATH 121 or equivalent. (F)

256 Probability for Engineers and Scientists 3(3-0)
A calculus-based introduction to applied probability and stochastic processes. An intuitive study of random variables, special distributions, expectations, and limit theorems. Prerequisite: MATH 224 or permission of instructor. (S)

291 Special Topics 1-3 VAR
Prerequisites: permission of instructor and approval of the department chair. (F,S)

307 Introduction to Linear Algebra 3(3-0)
A rigorous development of vector spaces and linear transformations. Prerequisites: MATH 207 and 224 or equivalent. (F,S)

320 Introduction to Mathematical Thought 3(3-0)
A rigorous introduction to sets, logic, mathematical proof, functions, and equivalence relations. Prerequisite: MATH 224. MATH 307 or MATH 325 recommended. (F,S)

325 Intermediate Calculus 3(3-0)
Continuation of MATH 224. Vector valued functions and multivariable calculus. Prerequisites: MATH 207 and 224. (F,S)

327 Introduction to Algebraic Systems 3(3-0)
Introduction to groups, rings, and fields and their elementary properties. Prerequisite: MATH 320 or permission of instructor. (S)

330 Introduction to Higher Geometry 3(3-0)
Euclidean, hyperbolic, finite, and transformation geometries, models, and constructions. Prerequisite: MATH 224 or permission of instructor. (S)

337 Differential Equations I 3(3-0)
First order differential equations, homogeneous and non-homogenous linear differential equations, introduction to the Laplace transform, applications. Prerequisite: MATH 224 or equivalent. (F,S)

338 Differential Equations II 3(3-0)
Linear systems, existence and uniqueness of solutions, non-linear equations, series solutions, orthogonal sets of functions. Fourier series, boundary value problems, partial differential equations and applications. Prerequisite: recommend MATH 325. (*)

342 Introduction to Numerical Analysis 3(3-0)
Numerical solutions of polynomial, differential, integral, and other equations using the computer. Prerequisites: MATH 207 and a programming language, or permission of instructor. (*)

348 Numerical Methods 3(3-0)
Linear and non-linear systems of equations, systems of differential equations and boundary value problems, rational function approximations. Prerequisites: MATH 307 and a programming language. (*)

350 Probability 3(3-0)
Introduction to probability theory and stochastic processes. Probability spaces, random variables and their distributions, exponential and Poisson processes, limit theorems and applications. Prerequisite: MATH 325. (S)

356 Statistics for Engineers and Scientists 3(3-0)
Calculus-based introduction to statistical methods. Sampling distributions, hypothesis testing, linear regression, design of experiments using ANOVA. Data analysis with Minitab. Prerequisite: MATH 256 or MATH 350. (F)

360 Elementary Concepts of Mathematics I 3(3-0)
Sets, number systems, whole numbers, algorithms, number theory, integers and intuitive geometry. Prerequisite: C or better in any 100 level math course. Recommend MATH 121. (F,S)

361 Elementary Concepts of Mathematics II 3(3-0)
Metric geometry, rational numbers, real numbers, logic, mathematical systems, metric system, probability and statistics. Prerequisite: MATH 360. (F,S)

377 Materials and Techniques of Teaching Secondary School Mathematics 3(3-0)
Instructional materials, methods, evaluation and other related topics. Prerequisite: MATH 224. (S)

411 Introduction to Topology 3(3-0)
An introduction to topological spaces, homeomorphisms, topological properties, and separation axioms. Prerequisite: MATH 320. (*)

419 Number Theory 3(3-0)
Divisibility, prime numbers, linear congruences, multiplicative functions, cryptography, primitive roots, and quadratic residues. Prerequisite: MATH 307 or MATH 320. (F)

421 Advanced Calculus I 3(3-0)
An introductory course in real analysis providing a rigorous development of the concepts of elementary calculus. Prerequisites: MATH 320 and 325. (F)

422 Advanced Calculus II 3(3-0)
Additional topics from elementary real analysis, theory of multivariable calculus, Stieltjes and line integrals. Prerequisite MATH 421. (*)

425 Complex Variables 3(3-0)
An introduction to complex function theory. Complex numbers, sequences and series, the calculus of complex functions, analytic functions, and conformal mappings. Prerequisite: MATH 325. (*)

443 Optimization Techniques 3(3-0)
Linear programming and its derivatives, network optimization and their applications to practical problems. Prerequisites: MATH 307 and knowledge of a programming language. (*)
445 Discrete Mathematics 3(3-0)
Topics selected from mathematical reasoning, combinatorial techniques, set theory, binary relations, functions and sequences, algorithm analysis, and discrete analysis. Prerequisites: MATH 224, 307 and knowledge of a programming language. (*)

450 Design and Analysis of Experiments 4(4-0)
Design and analysis of experimental studies, including randomized block, Latin square and factorial experiments; general regression analysis of variance. Prerequisite: MATH 356. (*)

456 Applied Statistics I 3(3-0)
Probability space, discrete and continuous random variables; distributions; mathematical expectation; sampling; statistical inference; Bayesian rule; and linear regression. Prerequisite: MATH 356. (*)

483 History of Mathematics 3(3-0)
Survey of the origins of important mathematical concepts and of the mathematicians responsible for these discoveries. Prerequisite: MATH 320. (F)

491 Special Topics (1-3 VAR) Prerequisite: permission of instructor. (F,S)

492 Research (1-3 VAR)
Research project selected by student and supervised by a regular mathematics faculty member. Prerequisite: department approval. (F,S)

493 Seminar (1-3 VAR) Prerequisite: senior standing and permission of instructor. (F,S)

495 Independent Study (1-3 VAR) Prerequisite: senior standing and permission of instructor. (F,S)

GRADUATE COURSES

501 Foundations of Mathematics 3(3-0)
Sets, logic, axiomatics, mappings and the various subsystems of the reals for beginning graduate students. Prerequisite: permission of instructor. (*)

507 Linear Algebra 3(3-0)
Vector spaces, linear transformations, matrix representation, canonical form. Prerequisite: permission of instructor. (*)

521 Intermediate Analysis 3(3-0)
Point set theory, including the Bolzano-Weierstrass and the Heine-Borel theorems, theory of differentiation and Riemann integration, and sequences and series of functions. Prerequisite: permission of instructor. (*)

527 Abstract Algebra 3(3-0)
Groups, rings, integral domains, quotient rings, ideals, fields, homomorphisms and related topics. Prerequisite: permission of instructor. (*)

530 Advanced Geometry 3(3-0)
Foundations of geometry, geometric transformations, and applications. Prerequisite: permission of instructor. (*)

541 Computers 3(3-0)
The use of the computer in mathematical investigations, including sophisticated comprehensive computer programs such as Mathematica. Prerequisite: permission of instructor. (*)

544 Mathematical Methods of Applied Science 3(3-0)
Topics in applied mathematics, including deterministic and stochastic models, programming, optimization, networks, and simulation. Prerequisite: permission of instructor. (F)

550 Elementary Statistical Methods 3(3-0)
Sampling techniques, testing of hypotheses, experimental design, analysis of variance, and regression as an aid to research in behavior, education and science. Prerequisite: permission of instructor. (S)

560 Concepts in Elementary School Mathematics (1-3 VAR) Problems of the curriculum, methods of teaching and evaluation in the elementary school. Prerequisite: permission of instructor. (SS)

577 Concepts in Secondary School Mathematics (1-3 VAR) Problems of teaching secondary school mathematics; the slow learner, methods, gifted students, evaluation. Prerequisite: permission of instructor. (*)

591 Special Topics (1-3 VAR) (*)

595 Independent Study (1-2 VAR) (*)

598 Graduate Internship 4(4-0)
Volunteer or paid work experience under the combined supervision of the selected organization and a faculty member. Prerequisite: graduate student status. (F,S,SS)

599 Thesis Research (IP and SU) (1-6 VAR) Prerequisite: graduate student status. (F,S,SS)

MECHANICAL ENGINEERING TECHNOLOGY (MET)

UNDERGRADUATE COURSES

105 It's a Material World 4(3-2) Studies and laboratory experiments on modern materials, their behavior and their role in the environment. Review of materials' impact on society. (F,S)

111 Introduction to Drafting 3(0-6) Professional drafting techniques, lettering, line quality, scales and measurements to include metric, geometric constructions, orthographic projections, technical sketching, sectioning, isometric and auxiliary views. (F,E,F,S)

112 Computer-aided Drafting 3(1-4) Computer-aided drafting to include geometric constructions, orthographic projections, sectioning and dimensioning. Prerequisite: MET 111. (F,E,F,S)

202 Statics 3(3-0) Basic concepts and application of static forces; couples, resultants, equilibrium, trusses, cables, friction and centroids. Prerequisite: MATH 132. (F,E,F)

203 Manufacturing Processes I 4(3-2) Introduction to basic processing of materials into useful products. A study of materials selection process based on manufacturing operations. Laboratory study of manufacturing techniques. Prerequisite: MET 105. (F,E,F)

204 Manufacturing Processes II 3(2-2) A continuation of MET 203. Prerequisite: MET 203 or permission of instructor. (S)
206 Strength of Materials 4(3-2)
A study of stress-strain relationship, elastic and plastic behavior in materials. Material responses to various loads. Experimentation to demonstrate these principles. Prerequisite: MET 202. (S)

291 Special Topics (1-3 VAR) (*)

311 Quality Control 3(3-0)
A study of quality control, program planning and production analysis. (S)

315 Nondestructive Testing 3(2-2)
Determination of quality without change to the material through non-obtrusive examination. Laboratory using dye penetrants, X-ray, etc. to perform NDT. Prerequisite: MET 105. (*)

322 Dynamics of Machinery 3(3-0)
Basic concepts and application of forces in dynamic and accelerated situations. Prerequisites: MET 202 and MATH 232. (F)

341 Thermal and Fluid Principles I 3(3-0)
An introduction to the basic principles of thermal and fluid energy and flow relationships. Prerequisites: PHYS 202 and MATH 232. (S)

352 Design of Machine Elements 3(2-2)
Fundamental concepts in the correct design of the separate elements which compose machines, application of properties and mechanics of materials modified by practical considerations. Prerequisite: MET 206. (F)

356 Basic Design Principles 2(2-0)
A study of the progressive stages of investigating, designing, developing, building and testing of a mechanical process or product. Prerequisite: MET 352. (F,S)

361 Computer Integrated Manufacturing 3(2-2)
A study of computer control in the manufacturing process. Laboratory in operation of computer control processes. Prerequisites: MET 204 and MATH 132. (*)

371 CNC Machine Tools 3(2-2)
Principles of numerical control and computerized numerical control machine tool programming and operation. Fabricating parts and programming using CNC lathe and milling machines. Prerequisites: MET 204 and MATH 132. (*)

441 Thermal and Fluid Principles II 3(2-2)
A study of the controlling factors that influence the design of thermal and fluid systems. Conduct experiments to confirm effects on these systems. Prerequisite: MET 341. (F)

442 Design of Energy Systems 3(2-2)
A study of applied technology topics in the conversion, storage, and use of a variety of energy sources. Experimental study of selected energy technologies. Prerequisite: MET 441. (S)

451 Industrial Robotics 3(2-2)
An inspection of the history of robotics. Study of control and application of robotics in society. Laboratory in programming and operation of robotics. Prerequisite: permission of instructor. (*)

452 Heating, Ventilating and Air Conditioning 3(2-2)
Principles and applications of heating, ventilation and air-conditioning (HVAC). Extensive experimentation with a climate controlled laboratory to measure HVAC effectiveness. Prerequisite: MET 341. (*)

456 Senior Project 2(1-2)
The design, analysis, and fabrication of an individual mechanical engineering technology project. Prerequisite: MET 356. (F,S)

460 Instrumentation and Control Systems 3(2-2)
A study of the use of instrumentation in experimental measurements, laboratory and production environments, and control of processes. Laboratory study of instrumentation and control. Prerequisites: EET 350 and MET 206. (F)

491 Special Topics (1-3 VAR)
Prerequisite: junior standing in MET. (*)

493 Seminar (1-3 VAR)
Prerequisite: junior standing in MET. (*)

495 Independent Study (1-3 VAR)
Prerequisite: junior standing in MET. (F,S,SS)

496 Cooperative Education Placement (1-5 VAR)
Work experience under the direction of field supervisor and faculty member. Prerequisites: permission of co-op coordinator, junior or senior standing in MET. (F,S,SS)

MUSIC (MUS)

UNDERGRADUATE COURSES

100 Fundamentals of Music 3(3-0)
An in-depth study of the elements and basic principles that relate directly to the structure and function of musical composition. (*)

105 Introduction to Music and Computers 1(1-0)
Introduction to MIDI with Macintosh and PC computer platforms (DOS/Windows), assorted equipment, and software dedicated to composing, sequencing, digital recording, performing and printing music. (*)

110 Career Planning in Music 1(1-0)
Identifying career options in music and creating a personalized educational program. (*)

118 Music Appreciation 3(3-0)
Significant musical compositions, composers and historical eras; analysis and description of music forms and terms; includes women composers and multi-cultural issues. (*)

119 How to Read Music 1(1-0)
To enable the non-music major or minor to acquire the fundamentals of notation; to apply the principles of notation to music performance. (*)

120 Jazz and Folk Music 3(3-0)
Beginning and development of jazz and folk music in the United States. (*)

126 Introduction to Opera 3(3-0)
A survey of operas performed by major opera companies today. (*)

144 Woodwind Class 10(0-2.5)
Techniques employed and problems confronted in teaching and playing woodwind instruments. For K-12 music education students. (*)

145 Brass Class 10(0-2)
Techniques employed and the problems confronted in teaching and playing brass instruments. For K-12 music education students. (*)
147 Functional Piano Class 1(0-2)
For students with little or no background in keyboard instruments. Explores the basic fundamentals of piano playing. Additional rehearsals and performance activities may be required. (*)

161 Applied Music Major 2(0-1)
In-depth study of the performance practices of keyboard, brass, woodwind, percussion, string instrument, or voice. One hour per week symposium attendance required. (*)

162 Applied Music Major 2(0-1)
Continuation of 161. One hour per week symposium attendance required. (*)

163 Applied Music Minor 1(0-5)
One-half hour per week private lesson designed for music minors or music majors studying a second instrument. One hour per week symposium attendance required. (*)

164 Applied Music Minor 1(0-5)
A continuation of MUS 163. One hour per week symposium attendance required. (*)

170 Band 1(0-2.5)
Prerequisite: permission of instructor. (*)

171 Choir 1(0-2.5)
Prerequisite: permission of instructor. (*)

172 Piano Ensemble 1(0-2.5)
Prerequisite: permission of instructor. (*)

173 Guitar Ensemble 1(0-2.5)
Ensemble specializing in the performance of appropriate guitar literature. May be repeated for credit. Additional rehearsals and performance activities may be required. Prerequisite: permission of instructor. (*)

174 Orchestra 1(0-2.5)
Ensemble specializing in the performance of appropriate string chamber music literature. Additional rehearsals and performance activities may be required. Prerequisite: permission of instructor. (*)

175 Private Lesson 1(0-5)
Applied music study for the non-music major. Prerequisite: permission of instructor. (*)

176 Flute Choir 1(0-2.5)
Ensemble specializing in the performance of appropriate flute literature. May be repeated for credit. Prerequisite: permission of instructor. (*)

182 Lab Band 1(0-2)
A concert band in which students of varied performance backgrounds can gain experience in performance with an instrumental ensemble. (*)

185 Symposium 0(0-1)
Required course for all majors and minors, student performance, both solo and ensemble, faculty and guest lectures, clinics, demonstrations and public performance preparation. (F/S)

186 Guitar Class I 1(0-2)
For the non-musician. Application of both melodic and chordal (rhythmic) media; introduction to the basic folk music of America. Also for K-12 music education students. Prerequisite: permission of instructor. (*)

187 Guitar Class II 1(0-2)
For the student with slight knowledge of the instrument. Finger-picking techniques and chordal harmonization; chords covering the entire spectrum of the instrument. Prerequisite: MUS 186 or permission of instructor. (*)

188 Jazz Band 1(0-2.5)
Open to all regularly enrolled university students by audition. May be repeated for credit. Prerequisite: permission of instructor. (*)

189 Brass Choir 1(0-2.5)
Explores special brass literature from all style periods. May be repeated for credit. Prerequisite: permission of instructor. (*)

192 Percussion Ensemble 1(0-2.5)
Explores unique percussion literature. May be repeated for credit. Prerequisite: permission of instructor. (*)

193 Small Ensemble 1(0-2.5)
For students desiring to perform in a small group other than the major ensemble. (*)

201 Theory I 3(3-0)
A study of diatonic relationships in four-part homophonic and contrapuntal forms of 18th century styles. Analysis and application of the concepts of Baroque performance practice. Prerequisites: MUS 100 or test-out. Corequisite: MUS 201L. Prerequisite: MUS 102. Corequisite: MUS 201L. (*)

201L Theory I Lab 1(0-2)
Keyboard harmony, sight singing, ear training, playing, singing and discriminatory listening to music toward the ends of developing concepts of melody harmony and rhythm. Corequisite: MUS 201. (*)

202 Theory II 3(3-0)
Continuation of MUS 201. Use of chromatic harmonic principles employed in the late Baroque and Classical Styles. Analysis and application of these principles to performance practice. Prerequisite: MUS 201. Corequisite: MUS 202L. (*)

202L Theory II Lab 1(0-2)
Keyboard harmony, sight singing and ear training. Prerequisite: MUS 201. Corequisite: MUS 202. (*)

210 Electronic Music 3(3-0)
Scientific and aesthetic practices employed in sound recording studio and electronic music. Experience with various types of synthesizers. Several computer music software programs are introduced. (*)

241 String Class 1(0-2.5)
Techniques employed and problems confronted in teaching string instruments. For K-12 music education students. (*)

242 Percussion Class 1(0-2.5)
Techniques employed and problems confronted in teaching and playing percussion instruments, tuned and untuned. For K-12 music education students. (*)

246 Voice Class 1(0-2.5)
Fundamental approach to beginning techniques of singing presented in a group situation. For K-12 music education students. (*)

281 Applied Music Major 2(0-1)
In-depth study of performance practices of keyboard, brass, woodwind, percussion or string instruments. One hour per week symposium attendance required. Prerequisite: MUS 162. (*)
262 Applied Music Major 2(0-1)
Continuation of MUS 261. One hour per week symposium attendance required. Prerequisite: MUS 261. (*)

263 Applied Music Minor 1(0-5)
One-half hour per week private lesson designed for music minors or music majors studying a secondary instrument. One hour per week symposium attendance required. (*)

264 Applied Music Minor 1(0-5)
A continuation of MUS 263. One hour per week symposium attendance required. (*)

275 Beginning Jazz Improvisation 2(2-0)
For students with little or no background in performing jazz. Explores the basic fundamentals of playing jazz. May be repeated for lower-division credit. (*)

276 Jazz Improvisation 2(2-0)
Continuation of MUS 275. May be repeated for lower-division credit. (*)

291 Special Topics (1-3 VAR) (*)

301 Theory III 3(3-0)

301L Theory III Lab 1(0-2.5)
Development of keyboard skills, keyboard harmony, sight singing and ear training exercises to accompany appropriate analytical/compositional techniques. Prerequisite: MUS 202, 202L. Corequisite: MUS 301. (*)

302 Theory IV 3(3-0)
A continuation of MUS 301. A harmonic study of the emergence of 20th century compositional techniques from chromatic functional harmonic schemes. Prerequisites MUS 301 and 301L. Corequisite MUS 302L. (*)

302 Theory IV Lab 1(0-2)
Continuation of MUS 201L. Prerequisites MUS 301 and 301L. Corequisite: MUS 302. (*)

305 Computer and Electronic Technology in Music 1(0-2.5)
Continued study of computer hardware, MIDI hardware, and software involved in composing, sequencing, digital recording, performing and printing music. Expansion of MIDI: introduction to multimedia. Prerequisites: MUS 105, 201, 202 or permission of instructor. (*)

321 Music History I 3(3-0)
A comprehensive survey of music history and forms from the Medieval Era, with consideration of ancient sources, through the Baroque Era and Pre-Classical Style. Prerequisite: MUS 118, 201, 201L, 202, 202L. (*)

322 Music History II 3(3-0)
A comprehensive survey of music history and forms from the Classical Era through the present. Prerequisites: MUS 118, 201, 201L, 202, 202L. (*)

324 Piano Literature 2(2-0)
Survey of piano literature from the 18th-century to the present. (*)

347 Piano Pedagogy 2(2-0)
Introduction to the practices in teaching private and class piano. (*)

349 Conducting I, Choral 2(2-0)
Techniques and methods of conducting choral music. (*)

350 Conducting II, Instrumental 2(2-0)
Techniques and methods of conducting instrumental ensembles. Prerequisite: MUS 349. Corequisites: MUS 182 or 382, or MUS 378. (*)

351 Principles of Music in the Elementary School 1(1-0)
A lecture course dealing with the principles and methods of teaching music in the elementary school, for the elementary education major. (*)

361 Applied Music Major 2(0-1)
Continuation of MUS 262 for the junior music student. One hour per week symposium attendance required. Prerequisite: MUS 262. (*)

362 Applied Music Major 2(0-1)
Continuation of 361. One hour per week symposium attendance required. Prerequisite: MUS 361. (*)

363 Applied Music Minor 1(0-5)
One-half hour per week private lesson designed for music minors or music majors studying a second instrument. One hour per week symposium attendance required. (*)

364 Applied Music Minor 1(0-5)
Continuation of MUS 363. One hour per week symposium attendance required. (*)

370 Band 1(0-2.5)
Continuation of MUS 170. May be repeated for credit. Prerequisite: MUS 170 or permission of instructor. (*)

371 Choir 1(0-2.5)
Continuation of MUS 171. May be repeated for credit. Prerequisite: MUS 171 or permission of instructor. (*)

372 Piano Ensemble 1(0-2.5)
Continuation of MUS 172. May be repeated for credit. Prerequisite: MUS 172 or permission of instructor. (*)

373 Guitar Ensemble 1(0-2.5)
Continuation of MUS 173. May be repeated for credit. Prerequisite: MUS 173 or permission of instructor. (*)

374 Orchestra 1(0-2.5)
Ensemble specializing in performance of appropriate string chamber literature. Continuation of MUS 174. May be repeated for credit. Prerequisite: MUS 174 or permission of instructor. (*)

376 Flute Choir 1(0-2.5)
Continuation of MUS 176. May be repeated for credit. Prerequisite: MUS 176 or permission of instructor. (*)

377 Materials and Techniques of Teaching Choral Music 1(1-2.5)
Comprehensive study in materials, techniques, methods and problem-solving necessary for the teacher of choral music in the public schools. Prerequisites: MUS 144, 145, 186, 241, 242, and 246. (*)

378 Materials and Techniques of Teaching Instrumental Music 1(1-2.5)
Comprehensive study of materials, methods, and problem solving techniques for the teacher of instrumental music in the public schools. Prerequisite: MUS 144, 145, 186, 241, 242, 246. (*)

**UNDERGRADUATE COURSES**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Description</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>230</td>
<td>Women, Health and Society 3 3(3-0)</td>
<td>Introduction to women's health issues and a basic understanding of how women's health has been influenced historically, culturally and by socio-economic factors. (F,S)</td>
<td></td>
</tr>
<tr>
<td>231</td>
<td>Introduction to Professional Nursing 2 2(0-0)</td>
<td>Historical and theoretical basis for professional nursing practice. Introduction to the health care system, philosophy of the nursing program, the nursing process and human needs. Prerequisite: admission to BSN program. (S)</td>
<td></td>
</tr>
<tr>
<td>232</td>
<td>Fundamentals of Nursing 2 2(0-0)</td>
<td>Theory for utilization of the nursing process in meeting primary health needs of individuals. Basic nursing interventions and therapeutic communications are emphasized. Prerequisite: admission to BSN program. Corequisite: NSG 232L. Pre/Corequisite: NSG 231. (S)</td>
<td></td>
</tr>
<tr>
<td>232L</td>
<td>Fundamentals of Nursing Lab 4 0(0-8)</td>
<td>Application of NSG 232. Laboratory practice assists students in developing fundamental competencies for providing basic nursing care to individual clients. Corequisite: NSG 232. (S)</td>
<td></td>
</tr>
<tr>
<td>270</td>
<td>Nursing Pathophysiology 3 3(3-0)</td>
<td>Introduction to the basic disease processes of individual body systems. Incorporates nursing assessment/diagnosis with associated intersystem diseases. Prerequisites: BIOL 206/206L, 223/223L, 224/224L, CHEM 111/111L, 112/112L. (S)</td>
<td></td>
</tr>
<tr>
<td>291</td>
<td>Special Topics 1-4 VAR</td>
<td>Topics and/or nursing skills, for enrichment of required nursing courses, and which serve the interest of 10 or more students will be considered. Prerequisite: permission of instructor. ( *)</td>
<td></td>
</tr>
</tbody>
</table>
302 Health Assessment 3(3-0)
Systematic assessment of individuals across the life span. Provides principles necessary to determine potential deviations from normal in evaluating the health status of individuals across the lifespan. Prerequisites: NSG 231, 232/232L, 270 or RN. Corequisite: NSG 302L. (CE,F)

302L Health Assessment Lab 1(0-2)
Application of NSG 302. Provides the student with the opportunity to collect and record complete health histories and practice skills of physical assessment of individuals throughout the lifespan. Corequisite: NSG 302. (CE,F)

305 Ethical Issues in Health Care 3(3-0)
Selected theories which influence ethical choice in nursing are presented. Areas of the law and legal systems which affect the public health are included. Current ethical issues related to nursing practice. Prerequisite: permission of instructor. (F,S)

307 Health and Disease Systems 3(3-0)
Alterations and adaptations of individual body systems to disease processes. Prerequisites: BIOL 223/223L, 224/224L, CHEM 111/111L, 112/112L, Registered Nurse License, and/or permission of instructor. (CE,F,S)

309 Professional Nursing Practice 4(4-0)
Introduction to the philosophy of the USC nursing program. The professionalization of nursing, professional choice in nursing practice and personal growth as a professional are included. Prerequisite: Registered Nurse license. (F,S)

311 Concepts for Professional Nursing 3(3-0)
Concepts including group process and teaching-learning are examined in relation to nursing practice across the lifespan. Prerequisite: Registered Nurse status. (S)

312 Nursing Care of Childbearing Families 3(3-0)
Theory for nursing care of the neonate and procreative family during the perinatal period. Includes health promotion, family theory and human sexuality. Prerequisites: NSG 231, 232/232L, 270. Corequisite: NSG 312L. Pre/Corequisite: NSG 302/302L (F)

312L Nursing Care of Childbearing Families Lab 3(0-8)
Application of NSG 312. Clinical experiences emphasize use of the nursing process in meeting needs of the neonate and family during the perinatal period. Corequisite: NSG 312. (F)

322 Nursing Care of the Adult II 3(3-0)
Nursing process directed toward principles of therapeutic nursing care of adults health promotion and with common health problems. Prerequisites: NSG 231, 232/232L, 270. Corequisites: NSG 302/302L, 322L. (F)

322L Nursing Care of the Adult II Lab 4(0-8)
Application of NSG 322. Clinical experiences emphasize use of the nursing process in meeting selected needs of adult clients. Corequisite: NSG 322. (F)

332 Nursing Care of Children and Adolescents 3(3-0)

332L Nursing Care of Children and Adolescents Lab 3(0-6)
Application of NSG 332. Clinical experiences emphasize use of the nursing process in meeting health related needs of children and adolescents. Corequisite: NSG 332. (S)

351 Research in Nursing 3(3-0)
Introduction to the steps of research methodology. Analysis of research studies provides the basis for determining integration of appropriate research into nursing practice. Prerequisites: MATH 156, NSG 231, 270, 302/302L, 322/322L. (S)

372 Clinical Practicum 4(4-0)
An elective course which provides an opportunity for a concentrated clinical practicum in a variety of patient care settings. Prerequisite: completion of all junior level nursing courses. (*)

382 Psychiatric Nursing 3(3-0)
Nursing process directed toward care of individuals and families experiencing mental illness. Includes concepts of mental health, group process and group leadership. Prerequisites: NSG 322/322L, 302/302L, 312/312L. Corequisite: NSG 382L. (CE,S)

382L Psychiatric Nursing Lab 3(0-8)
Application of NSG 382. Clinical experiences emphasize all components of the nursing process in meeting the needs of individuals and families experiencing mental illness. Corequisite: NSG 382. (S)

391 Special Topics 1-5 VAR
Prerequisite: permission of instructor. (*)

420 Nursing Care of the Adult II 3(3-0)
Builds on content in NSG 322. Includes complex, acute and chronic health problems of individuals and continuity of care within the health care system. Prerequisite: completion of all junior nursing courses. Corequisite: NSG 420L. (F)

420L Nursing Care of the Adult II Lab 4(0-8)
Application of 420. Students utilize expanded data base and action strategies to meet complex health needs of individuals. Includes technological skills for nursing interventions. Corequisite: NSG 420. (F)

431 Gerontological Nursing 3(3-0)
An elective theory course which focuses on nursing interventions for older adults. Prerequisite: completion of all junior level nursing courses. (F,S)

442 Community and Family Nursing 3(3-0)
Theory in application of the nursing process, public health principles and concepts related to families and communities. Prerequisite: completion of all junior level nursing courses. Prerequisite: completion of all junior level nursing courses. Corequisite: 442L. (F)

442L Community and Family Nursing Lab 3(0-6)
Application of NSG 442. Selected experiences in community health settings. Health education and health promotion are emphasized. Corequisite: NSG 442. (F)

451 Nursing Management 3(3-0)
Theories and skills which enhance the nurse's role as leader and manager in health care and community systems. Prerequisites: Completion of junior level courses. (F)
452 Nursing Process: Synthesis 3(3-0)
Synthesis of previous course work with integration of theories, research and the nursing process in meeting the needs of clients from diverse cultural backgrounds. Prerequisites: NSG 420/420L, 442/442L, NSG 451. Corequisite: 451L. (S)

452L Nursing Process: Synthesis Lab 3(0-6)
Application of NSG 452. Synthesis of process and content of nursing in managing client groups in acute and rehabilitation settings. Corequisite: NSG 452. (S)

461 Health Care Issues and Trends 3(3-0)
Issues and trends related to health care including professional, ethical and legal issues. Prerequisite: completion of all junior level nursing courses. (S)

472 Clinical Practicum II 4(0-8)
Concentrated practicum course consisting of intermediate application of the nursing process in patient care settings with clients of all age groups in complex care settings. Prerequisite: permission of instructor. (F,S,SS)

482 Research 2(2-0)
Major nursing theories are examined in relation to nursing functions they imply, kinds of hypotheses they would generate, and kinds of research they would stimulate. There is examination of research process, design, methods of collecting and analyzing data, and interpretation of data. Prerequisite: NSG 351. (*)

495 Independent Study 1-6 VAR (*)

GRADUATE COURSES

521 Advanced Health and Disease Systems 4(4-0)
Examination of advanced pathophysiology and accompanying data assessment of the adult that lead to differential nursing diagnosis and subsequent interventions. Prerequisite: BSN or senior honors. (*)

551 Health Systems Management 3(3-0)
Examination of public policy and trends in management, budget and staffing within state and federal guidelines as it relates to nursing. Prerequisite: BSN or senior honors. (*)

PHILOSOPHY (PHIL)

UNDERGRADUATE COURSES

101 Introduction to Problems in Philosophy 3(3-0)
Some of the crucial problems in philosophy, with solutions from the major philosophers. (*)

102 Philosophical Literature 3(3-0)
Philosophical literature that focuses on such questions as what is the nature of reality, how do we know what we know, and for what kind of life should we strive. (*)

108 Philosophy of Religion I 1(1-0)
A philosophical scrutiny of some of the main concepts of the world's religious traditions through discussion on the thought of outstanding philosophers and theologians with respect to such topics as the existence of God and other supernatural entities, the problem of evil, theologies, etc. (*)

109 Philosophy of Religion II 1(1-0)
A philosophical study of some of the main concepts of the world's religious traditions through discussions on the thought of outstanding philosophers and theologians with respect to such topics as life after death, metempsychosis, palingenesis, anabiosis, etc. (*)

110 Philosophy of Religion III 1(1-0)
A philosophical examination of some of the main concepts of the world's religious traditions through discussions on the thought of outstanding philosophers and theologians with respect to such topics as libertarianism, prescient persons, thumaturges and thaumaturgy, etc. (*)

120 Non-western World Religions 3(3-0)
A study of major world religions including Buddhism, Confucianism, Hinduism, Islam, Jainism, Sikhism, Shinto, Taoism, Zoroastrianism. (*)

200 Plato and the Greeks 3(3-0)
Introduction to the realm of philosophical thinking through a study of select dialogues by Plato. Special emphasis on "The Republic." (*)

201 Classics in Ethics 3(3-0)
The logic of objective norms and standards of "good" vs. "bad," "right" vs. "wrong," from major philosophers and classics of literature. Application to contemporary issues. (F,S)

204 Critical Reasoning 3(3-0)
A survey of the general principles of correct reasoning with emphasis on the role of language in the reasoning process. Major concern with induction and fallacy detection. (*)

205 Deductive Logic 3(3-0)
Study of the principles and methods used to distinguish valid from invalid patterns of deductive reasoning, especially useful for students in computer- or mathematics-related fields. (F,s)

291 Special Topics 1-3 VAR
Students who have an area of special interest are encouraged to contact the department. Special topics and authors of philosophical interest. May be repeated for 12 credits maximum. (F,S)

295 Independent Study 1-3 VAR
Self-study study of select persons, ideas, schools, historical trends or problems in philosophy. May be repeated up to 9 credits. Prerequisite: permission of instructor. (*)

303 Philosophy of Science 3(3-0)
Study of the philosophical issues underlying scientific knowledge. Special consideration to the logical structure of scientific theory. Prerequisite: PHIL 205 or a strong background in experimental science. (#)

305 Medical Ethics 3(3-0)
Current problems of medical ethics such as experimentation on humans, genetic counseling, right to die, abortion, and allogenic medicine. (S)

313 History of Philosophy Seminar I 3(3-0) Greek, Latin, and medieval philosophy. (S)

314 History of Philosophy Seminar II 3(3-0)
Early modern period (Renaissance) in Western philosophy from Hobbes to Hume. Emphasis on the continental rationalists and the British empiricists. (S)

315 History of Philosophy Seminar III 3(3-0)
Later modern period in philosophy beginning with Kant and continuing to the beginning of the 20th century. (S)

401 Epistemology Seminar 3(3-0)
Study of the philosophical principles and issues relevant to various claims of knowledge. Prerequisites: PHIL 205, 313 and 314. (*)
402 Metaphysics Seminar 3(3-0)
Ontology, cosmology, space, time, causality, change, freedom, and other topics of metaphysics. Prerequisites: PHIL 313 and 314. (F)

491 Special Topics (1-3 VAR)
Special topics and authors of philosophical interest. May be repeated for 12 credits maximum. More advanced than PHIL 291. Students who have an area of special interest are encouraged to contact the department. (F,S)

495 Independent Study (1-3 VAR)
Specialized study of select persons, ideas, schools, historical trends or problems in philosophy. May be repeated up to 9 credits. Prerequisite: permission of instructor. (*)

GRADUATE COURSE

505 Advanced Philosophical Psychology 3(3-0)
Advanced philosophical study of the concept of mind, of human consciousness, of such mental phenomena as emotions, and of the dynamics of how people think. Prerequisite: graduate standing. (*)

PHYSICS/PHYSICAL SCIENCE

(PHYS)

UNDERGRADUATE COURSES

100 Physical Science 3(2-2)
Hands-on approach to developing an understanding of the basic concepts of contemporary physical science. Integrated lecture, lab, discussion periods. (F,S)

110 Astronomy 3(3-0)
Solar system, including motions of the planets, eclipses, and satellite exploration; classification and evolution of stars; clusters, nebulae, galaxies and the expanding universe. (F,S)

140 Light, Energy, and the Atom 3(3-0)
A non-mathematical approach to light, energy sources, conservation, atoms, nuclei and nuclear radiation. Emphasis on phenomena encountered in everyday life or that affect public policy. (F,S)

140L Light, Energy and the Atom Lab 1(0-2)
Optional laboratory to accompany PHYS 140. Experiments in light, solar energy, atomic and nuclear physics with emphasis on qualitative understanding of observations. Corequisite: PHYS 140. (F,S)

201 Principles of Physics I 3(3-0)
Motion, forces, conservation of energy and momentum, wave motion, sound and heat. For engineering technology, life sciences, and other interested students. Prerequisite: two years high school algebra. Corequisite: PHYS 201L. (F,S)

201L Principles of Physics I Lab 1(0-2)
Corequisite: PHYS 201. (F,S)

202 Principles of Physics II 3(3-0)
Electrostatics, electromagnetism, light, atomic and nuclear physics. Prerequisite: PHYS 201. Corequisite: PHYS 202L. (F,S)

202L Principles of Physics II Lab 1(0-2)
Corequisite: PHYS 202. (F,S)

221 General Physics I 4(4-0)
Newtonian mechanics, including linear and rotational dynamics, momentum, energy, gravitation, fluid mechanics, wave motion and thermodynamics. Uses the calculus and vector notation. For majors in physics, mathematics, geoscience, engineering and chemistry. Prerequisite: high school physics or PHYS 201, or permission of instructor. Prerequisite or Corequisite: MATH 126. Corequisite: PHYS 221L. (S)

221L General Physics I Lab 1(0-2)
Corequisite: PHYS 221. (S)

222 General Physics II 4(4-0)
Electrostatics, electromagnetism, elementary circuits, electrical oscillations, geometrical optics and the wave aspects of light. Prerequisite: PHYS 221. Corequisites: PHYS 221 and 222L. (F)

222L General Physics II Lab 1(0-2)
Corequisite: PHYS 222. (F)

291 Special Topics (1-4 VAR)
(*)

301 Theoretical Mechanics 4(4-0)
Statics and dynamics of particles and rigid bodies. Conservation principles, minimum principles, accelerated coordinate systems, Lagrangian and Hamiltonian methods, vector and matrix methods. Prerequisites: PHYS 221, MATH 325 and MATH 337. (F/O)

321 Thermodynamics 3(3-0)
Introduction to thermodynamic laws and principles, entropy, kinetic theory and statistical mechanics. Prerequisite: PHYS 221. (F)

323 General Physics III 4(4-0)
Introduction to special relativity, kinetic theory, quantization, wave mechanics, atomic structure, nuclear physics and spectroscopy. Prerequisites: PHYS 222/222L and MATH 224. Corequisite: PHYS 323L. (S)

323L General Physics III Lab 1(0-2)
Corequisite: PHYS 323. (S)

341 Optics 3(3-0)
Geometrical optics, interference, diffraction, polarization of light, optical properties of materials, optical sources including lasers, and holography. Prerequisites: PHYS 222/222L and MATH 325. (F, O)

342 Advanced Laboratory-Optics 1(0-2)
Experiments in interference, diffraction, absorption, spectral characteristics and polarization of light. Prerequisite or Corequisite: PHYS 341. (F, O)

361 Physics of Sound 3(3-0)
Sound waves, sources of sound, physics of hearing, acoustical measurements. For speech correction majors and other interested students. Prerequisite: MATH 120 or equivalent. (F, O)
431 Electricity and Magnetism  4(4-0)
Mathematical treatment of electrostatics, currents, magnetism, electromagnetic induction, Maxwell's equations and electrodynamics. Prerequisites: PHYS 222/222L, MATH 325 and 337. (S, E)

432 Advanced Laboratory-Electricity and Magnetism 1(0-2)
Experiments in electrostatic constants, magnetic effects, capacitance, theremoelectric effects, magnetic properties, inductance, mutual inductance, and production, propagation and diffraction of microwaves. Prerequisite or Corequisite: PHYS 431. (S, E)

441 Quantum Mechanics 4(4-0)
Wave packets, operators, the Schroedinger equation, eigenstates, angular momentum, spin, magnetic moments, Heisenberg formulation. Prerequisites: PHYS 323/323L, MATH 325 and 337. (S, O)

480 Practicum in Laboratory Instruction 1(0-2)
Participation in laboratory instruction under the guidance of a staff member. May be repeated for a maximum of two credits. (F, S)

491 Special Topics 1-4 VAR  (*)

492 Research 1(0-2)
Prerequisite: eight credits in upper-division physics courses. (F, S)

493 Seminar 1(1-0)
Class members report on recently published work or on their own research in physics or applied physics. May be repeated for a maximum of two credits. Prerequisite: advanced standing with a major or minor in physics. (S, O)

495 Independent Study 1-2 VAR  (*)
Prerequisite: junior or senior standing; permission of department chair.

499 Thesis Research 1(1-0)
Students write a research paper describing their own research. Prerequisite: senior standing in the department. (F, S)

POLITICAL SCIENCE (POLSC)

UNDERGRADUATE COURSES

100 The Study of Politics 3(3-0)
Contemporary political-economic systems and the ideologies which support them. (S, SS)

101 American National Politics 3(3-0)
Basic processes in American politics. Principles and structure of national governments. (*)

102 State and Local Government and Politics 3(3-0)
Behavioral aspects, government organization and interrelationships of state and local politics, relations with federal government and other states. Special attention to Colorado government. (S)

105 Understanding Human Diversity 3(3-0)
Americans live in a complex and diverse society. This course examines the nature, impact and strategies for dealing with diversity in personal and social contexts. (*)

150 The Human Experience 3(3-0)
Human efforts to organize societal activity and relationships for group development and survival through political, economic, and social institutions. (F)

200 Understanding Human Conflict 3(3-0)
Study of conflict: personal, social, institutional, ethnic, and international. Conflict resolution and management also will be addressed. (*)

201 Comparative Politics 3(3-0)
Introduction to comparative political analysis through study of selected political systems. Emphasis on basic political functions and processes in developed countries. (F)

202 World Politics 3(3-0)
Study of political problems and issues which face the world. Emphasis on conflict, arms transfers, economic change and world commons. (S)

250 Scope and Methods in Political Science 3(3-0)
Introduction to the discipline of political science and its subfields as well as the basic methods and tools of research in political science. (*)

260 Power: Political and Economic Systems 3(3-0)
This course focuses on the idea of power. Included are basic concepts, philosophies, and effects of political and economic power. (*)

300 Political Parties and Elections 3(3-0)
Examines the organization and function of political parties and the roles of political parties, pressure groups, and public opinion in American elections. Prerequisite: POLSC 101. (F)

305 International Relations 3(3-0)
Study of international systems and organizations. Special emphasis on the principal sources of conflict and the study of conflict management. Prerequisite: POLSC 201 or 202. (S)

320 Legal Research Methods 3(3-0)
Introduction to the basic reference materials of legal research. Use of law libraries, interpretation of statutes and judicial decisions and preparation of legal memoranda. (*)

321 American Constitutional Development 3(3-0)
Political context of the origin of the U.S. Constitution, Supreme Court procedures, court decisions defining uses and scope of the powers of the court, the Congress and the presidency. Prerequisite: POLSC 101. (F)

322 American Constitutional Law 3(3-0)
Survey of American constitutional law, emphasis on Supreme Court decisions defining the extent and limits and of governmental authority and the rights and liberties of individual citizens. Prerequisite: POLSC 321 or permission of instructor. (S)

323 Criminal Law and Procedure 3(3-0)
Content and characteristics of criminal law and procedures. Roles and functions of persons and agencies involved in judicial administration. Prerequisite: POLSC 101. (F)

324 Family Law 3(3-0)
Survey of legal issues concerning domestic relations; Supreme Court decisions and legislative enactments. Prerequisites: POLSC 101 and 320. (S)

330 Introduction to Public Administration 3(3-0)
Role of public bureaucracy in modern society. Principles and processes of public administration, personnel management and administrative responsibility. Prerequisite: POLSC 101. (*)
340 Public Policy 3(3-0)
Introduces the process of formulation, implementation, and evaluation of public policy. Examines program development and execution in the context of political, economic, and institutional environments. Prerequisite: POLSC 101. (*)

370 Political Thought 3(3-0)
Systematic survey of political thought from beginnings in Ancient Near East to present. Emphasis on contributions relevant to contemporary political theory. Prerequisite: previous work in political science or philosophy. (F)

395 Independent Study 1-3 VAR
Independent study involving specialized reading and research. Prerequisite: permission of instructor. (*)

405 The American Presidency 3(3-0)
Analysis of the powers and politics of the American presidency and those who have held the office. Presidential decision making, legislative and judicial relationships, elections. Prerequisite: POLSC 101. (F)

411 Legislatures and Legislation 3(3-0)
Organization, function, and process of American legislatures at national, state and local levels. Party organization, legislative procedures, lobbying and legislative reorganization. Prerequisite: POLSC 101. (S)

440 Area Study: Europe 3(3-0)
Introduction to the political, economic and military structures and processes of the region. (*)

445 Area Study: Latin America 3(3-0)
Introduction to the political, economic, and military structures and processes of the region. (*)

450 Area Studies: Asia and The Pacific 3(3-0)
Introduction to the political, economic and military structures and processes of the region. (*)

455 Area Study: Africa/Middle East 3(3-0)
Introduction to the political, economic and military structures and processes of the region. (*)

473 American Political Thought 3(3-0)
Development of American segment of modern political thought from colonial times to present. Interrelationship of individuals, ideas and institutions shaping modern American political responses. (*)

480 Practicum in Politics and Public Service 3-6 VAR
For advanced students. Practical experience as interns in governmental agencies, political parties or legal offices. Prerequisite: departmental permission. (*)

491 Special Topics 1-3 VAR
Independent study involving seminars and research. Prerequisites: junior or senior status with adequate preparation and approval of instructor. (*)

492 Research 1-3 VAR (*)

493 Seminar 1-3 VAR
Application of research methods and materials. Emphasis on in-depth study of specific political topics. Involves writing and discussion of research papers at advanced level. (S)

PSYCHOLOGY (PSYCH)

UNDERGRADUATE COURSES

100 General Psychology 3(3-0)
Overview of the field of psychology including learning, perception, motivation, emotion, heredity, personality, development, abnormal and psychotherapy. (F,S,SS)

105 Understanding Human Diversity 3(3-0)
Americans live in a complex and diverse society. This course examines the nature, impact and strategies for dealing with diversity in personal and social contexts. (*)

110 Improving Memory 2(2-0)
Practical guide to understanding and improving memory. Emphasis on the application of mnemonic techniques for memory improvement. Laboratory exercises designed to increase memory ability. (F,S,SS)

151 Introduction to Human Development 3(3-0)
Survey of human development through life span. (F,S,SS)

201 Introduction to Data Analysis 3(3-0)
Introduction to descriptive and inferential statistics. Probability and hypothesis testing procedures will be considered. Parametric and nonparametric techniques will be described. Prerequisites: PSYCH 101 and two years high school algebra or equivalent.

202 Data Analysis Methods 2(2-0)
Introduction to use of the computer to perform statistical applications/analysis. Co-requisite: PSYCH 201. (F,S)

205 Introduction to Sport Psychology 3(3-0)
An introduction to psychological theories and constructs affecting performance in sports and athletics. (F)

211 Women and Society 3(3-0)
Statistical overview of the current status of women, followed by examination of theories concerning equality of the sexes. (F)

212 Sexism and Racism in America 3(3-0)
Dynamics of prejudice and discrimination in terms of sex and race, special attention to analysis of strategies for improving relations. (S)

220 Drugs and Behavior 3(3-0)
Principles of drug action with attention to beneficial and harmful uses of drugs. (F,S)

222 Understanding Animal Behavior 3(3-0)
Basic comparative and ethological perspectives regarding animal behavior. Scientific techniques for observation of animal behavior are demonstrated at the Pueblo Zoo. (F,S)

231 (SOC 231) Marriage and Family Relationships 3(3-0)
Marriage and family from an institutional and relationship perspective: cross-cultural diversity, mate selection, marital dynamics, parenting, divorce, remarriage, emerging patterns. (F,S,SS)

241 Human Sexuality 2(2-0)
Psychological and biological aspects of human sexual behavior. Prerequisites: sophomore standing and permission of instructor. (F)
251 Infancy, Childhood and Preadolescence 3(3-0)
Physical, social, cognitive and emotional growth of the individual from conception through preadolescence. Topics include prenatal development, language development, attachment, and sexual development. Prerequisite: PSYCH 100. (F,S)

252 Adolescence, Adulthood and Aging 3(3-0)
Physical, social, cognitive and emotional growth of the individual from adolescence through old age. Topics include identity, intimacy, relationships, intellectual functioning, and issues of aging. Prerequisite: PSYCH 100. (F,S)

301 Introduction to Psychological Experimentation 3(3-0)
Introduction to basic methods and procedures for data collection and analysis of psychological experiments. Both survey and laboratory-based research designs will be described. Prerequisites: PSYCH 100 and 201. (F,S)

302 Psychological Experimentation Methods 2(2-0)
Introduction to methods of conduct of psychological experimentation in animals and humans. Co-requisite: PSYCH 301. (F,S)

311 Theories of Personality 3(3-0)
Major theories of personality and the methods of personality investigation. Prerequisite: PSYCH 100. (F,S)

314 Environmental Psychology 3(3-0)
The influence of the physical and social environment on the individual. Variables considered include architecture, city size, noise, pollution and allocation of resources. Prerequisite: PSYCH 100. (S)

315 Organizational and Administrative Psychology 3(3-0)
Application of psychological principles and methods of selection, placement evaluation, motivation of personnel to work, and problems of human relations in business and industry. Prerequisite: PSYCH 100. (S)

331 Physiological Psychology 3(3-0)
Structure and function of the brain, nervous and endocrine systems; biological basis of sensation, perception, sleep and arousal, motivation, learning and memory, and drug action. Prerequisites: PSYCH 100, or BIOL 203 and 204, or permission of instructor. Corequisite: PSYCH 331L. (S)

331L Physiological Psychology Lab 1(0-2)
Corequisite: PSYCH 331. (S)

334 Perception 3(3-0)
The senses and how they cooperate with the brain to provide awareness and knowledge of the world about us. Empirical findings and theoretical analysis of the processes of seeing, hearing, tasting, smelling and touching. Role of learning in normal and illusory perception is considered. Prerequisite: PSYCH 100 or permission of instructor. Corequisite: PSYCH 334L. (S)

334L Perception Lab 1(0-2)
Corequisite: PSYCH 334. (S)

335 Motivation 3(3-0)
Goal-directed behavior, survey of biosocial approaches to motivation. Behavioral, cognitive and biological perspectives applied to eating, sexual behavior, aggression, affecion and affiliation, obedience, achievement and cooperation. Prerequisite: PSYCH 100. Corequisite: PSYCH 335L or permission of instructor. (S)

335L Motivation Lab 1(0-2)
Corequisite: PSYCH 335. (S)

336 Learning 3(3-0)
Principles of learning and memory. Empirical findings and theoretical analyses of topics including conditioning, reinforcement and punishment. Laboratory research and application. Prerequisite: PSYCH 100. Corequisite: PSYCH 336L or permission of instructor. (S)

336L Learning Lab I 1(0-2)
Corequisite: PSYCH 336. (S)

337 Memory and Cognition 3(3-0)
Theory and research on current topics in cognition, including attention, concept formation, imagery, memory, decision making, language acquisition, problem solving and text comprehension. Prerequisite: PSYCH 100. (F)

337L Memory and Cognition Lab 1(0-2)
Corequisite: PSYCH 337. (F)

342 Educational Psychology 3(3-0)
The contribution of psychology theory, research and methods to our understanding of educational processes. Prerequisite: PSYCH 100. (S)

351 Psychology of the Exceptional Individual 3(3-0)
Survey of characteristics of those individuals considered significantly above or below the norm of the population. Emphasis on behavioral identification and modification of the home, school and social environment. Prerequisite: PSYCH 100. (F,S,SS)

352 Social Psychology 3(3-0)
General and applied psychological principles of the individual's interaction with a group. Prerequisite: PSYCH 100 or permission of instructor. (F,S,SS)

353 Theory and Research in Development 3(3-0)
Emphasis on theoretical foundations of developmental psychology. Research strategies used in conducting developmental research. Prerequisite: PSYCH 151 or PSYCH 251 and 252. (S)

362 Introduction to Psychopathology 3(3-0)
Etiology, diagnosis and therapy of maladaptive or abnormal behaviors and mental functioning. Prerequisite: PSYCH 100. (F,S)

381 Principles of Psychological Testing I 4(4-0)
Theories and principles of psychological testing are applied to the selection, use and evaluation of available tests. Prerequisites: PSYCH 100 and 201. (F)

401 History and Systems of Psychology 3(3-0)
The historical development of modern psychology from its roots in classical philosophy and the social, cultural, and political context within which psychological theory emerged. Prerequisites: PSYCH 100 and senior standing or permission of instructor. (F,S)

405 Applied Sport Psychology 3(3-0)
The application of psychological theories and techniques for the enhancement and personal growth of athletes from youth sports to elite levels. Prerequisite: PSYCH 205. (S)

410 Advanced Data Analysis 3(3-0)
Advanced techniques in data analysis, including analysis of variance, covariance, post-hoc tests, multiple regression and non-parametric tests. Use of computer software programs will be stressed. Prerequisites: PSYCH 201 and 201L. (*)
463  Psychopathy of Childhood  3(3-0)
A survey of the unique conceptual models of etiology, assessment and therapy appropriate to the study of the psychological disorders of childhood. Prerequisites: PSYCH 100 and 362 or equivalent. (F)

464  Systems of Counseling and Psychotherapy  3(3-0)
Traditional and contemporary theories of counseling and psychotherapy through use of case studies and other selected materials. Prerequisites: PSYCH 100 and 311. Corequisite: PSYCH 464L or permission of instructor. (F)

464L Systems of Counseling and Psychotherapy Lab  1(1-0-2)
Corequisite: PSYCH 464. (F)

465  Behavior Modification  3(3-0)
Advanced methods and techniques of behavior modification in clinical psychology as practiced in various agencies and institutions. Prerequisites: PSYCH 100 and upper division standing. (S)

466  Psychology of Biofeedback  3(3-0)
Psychophysiological aspects in biofeedback. Theoretical and applied instrumentation and clinical use. Project and field work required. Prerequisites: PSYCH 100 and upper division standing. (F)

471  Clinical Psychology  3(3-0)
Survey of clinical psychology as a profession. Training requirements, opportunities, future directions, current research and ethical problems. Prerequisites: PSYCH 100, 311, 362, 381, 464. (F)

475  Group Process  3(3-0)
Study and practice of basic group theory and approaches as they are applied in mental health setting. Basic group therapeutic techniques and procedures will be demonstrated in an experiential setting. Prerequisites: PSYCH 464 and 464L. (S)

484  Diagnosis and Assessment  3(3-0)
Combination of PSYCH 381. A survey of major psychological assessment and diagnostic techniques including interviewing strategies. Intelligence and personality tests as well as clinical instruments and procedures will be utilized in a case study approach. Prerequisites: PSYCH 100 and 381, permission of instructor. (*)

491  Special Topics  1-3 VAR
Prerequisite: permission of instructor. (SS)

493  Seminar  1-3 VAR
Discussion and synthesis of psychological issues important to psychology majors including graduate education and cross-discipline. Prerequisites: PSYCH 100, senior standing psychology major, or permission of instructor. (*)

494  Field Experience  4-12 VAR
In-depth, on-the-job experience in psychology, individually designed. Ability to use psychological tests and counseling techniques recommended. Prerequisites: PSYCH 100, 362, junior or senior standing, mental health emphasis area and prior written permission of instructor of record. (F, S, SS)

495  Independent Study  1-3 VAR
Prerequisites: PSYCH 100, psychology major and prior written permission of instructor of record. (F, S)

GRADUATE COURSES

515  Psychology of Minorities  3(3-0)
Designed to provide a systematic analysis of the forces that shape the behavior of minorities and consequent counseling methods with this population. (*)

525  Tools and Techniques of Guidance Services  3(3-0)
Open to graduate students in the secondary school counseling program. A study of materials and methods used in secondary schools and of the counselor as a consultant and coordinator. The importance and role of the secondary school counselor will be the focus of this class. (*)

526  Organizational Development  3(3-0)
Designed to provide the graduate student with experience and skills necessary to improve programs and organization. (*)

527  Group Counseling  3(3-0)
Leads to an understanding of the function of group methods in the guidance program and assists the student in developing group facilitation skills. (*)

528  Career Development  3(3-0)
Designed to help students gain insight and understanding of the development process of occupational decision. Explores career counseling provided by counselors for clients in the areas of future education and in the world of work. (*)

530  Family Therapy  3(3-0)
This course is an introduction to Family Systems Theory. Emphasis is on the history and development of treatment models in family interventions and techniques. Prerequisite: graduate standing. (*)

536  Practicum  3(3-0)
Designed to provide the beginning counseling student with basic interpersonal training experience. Individual and group contact focuses on personal growth and skill development. (*)

538  Elementary Counseling  3(3-0)
Designed to provide methods and techniques for elementary school counselors. (*)

546  Assessment in Counseling  3(3-0)
This course provides students with an understanding of group and individual educational and psychometric theories and approaches to appraisal. Prerequisite: graduate standing. (S)

563  Psychopathology of Childhood  3(3-0)
Unique conceptual models of etiology, assessment, and therapy appropriate to psychological disorders of childhood. Graduate students complete an independent project and consider treatment and management techniques. Prerequisites: graduate standing, permission of instructor and PSYCH 362 or equivalent. (*)
592 Research 3(3-0)
Designed to assist students with the knowledge and skills necessary for a consumer of research. The fundamentals of research procedure and analysis of statistics are stressed. (*)

598 Internship 3(0-3)
Designed to provide the student with actual field work experience in counseling and guidance. (*)

READING (RDG)

UNDERGRADUATE COURSES

301 Reading and Language Arts in the Elementary School 3(3-0)
Foundations of reading and language arts including psychology of reading, language development, emergent literacy, word attack, comprehension strategies, vocabulary, handwriting, spelling, written and oral language skills. (F,S)

310 Current Approaches to Reading and Writing Instruction 3(3-0)
Various approaches to teaching reading and writing including research findings and classroom application of the reading and writing process. Prerequisite: RDG 301 or 425. (F)

360 Practicum 1(3-0 VAR)
Work with small groups and individual pupils in the public school preparing materials and lessons under the supervision of a reading teacher. Applies to both elementary and secondary schools depending upon the instructor's assignment. Prerequisites: RDG 301 or 425 and initial testing in basic competencies. (F,S)

425 Teaching Reading in Content Areas 2(2-0)
Teaching reading strategies and activities to improve comprehension of textual material in various content areas such as mathematics, science, literature, social sciences, and industrial education. (F,S)

431 Developing Creative Centers 1(1-0)
Involves planning, developing and implementing the use of learning centers in the classroom. Prerequisite: RDG 301 or 425. (SS)

436 New Directions in Reading Comprehension 2(2-0)
Exploration of and simulations of research-based strategies to increase students' comprehension of reading in elementary and secondary classes. Prerequisite: RDG 301 or 425. (F,SS)

437 Newspapers as a Teaching Resource 1(1-0)
Strategies and procedures for using the newspaper as a supplementary resource in content area classrooms at all grade levels (K-12). (SS)

442 Reading Across Cultures 2(2-0)
Techniques of adapting reading instruction for the linguistically and culturally different child. Problems of many minority groups are analyzed. Prerequisite: RDG 301. (S)

450 Diagnosis and Remediation of Reading Problems 3(2-3)
Diagnostic and evaluation procedures used in detecting and remediating problems and individualized instruction. Appropriate for elementary and secondary teachers. Field experience required. Admission to teacher program required. Prerequisite: RDG 301 or 425. (F,S)

451 Special Topics 1(2 VAR) (*)

495 Independent Study 1(2 VAR)
Individual projects and problem-solving experiences designed to meet students' special needs. With instructor's permission, certain program requirements may be completed through independent study. (*)

GRADUATE COURSES

510 Foundations of Reading Instruction 3(3-0)
Basic course for other graduate reading courses, including reading skills, sequence, materials, psychology of reading and relationship to other language arts. Prerequisite: graduate standing. (*)

525 Teaching Reading in the Content Area 2(2-0)
Reading skills specifically used in mathematics, science, social studies and literature, including specific techniques for teaching. Prerequisite: graduate standing. (*)

531 Developing Creative Centers 1(1-0)
Students will investigate various types of learning centers and means of successful implementation in the classroom. Development of materials, lesson plans and record-keeping systems which will result in a complete reading center. Investigation into research on effectiveness of learning centers. Prerequisite: graduate standing. (SS)

536 New Directions in Reading Comprehension 2(2-0)
Current research-based theory and practical classroom strategies and procedures for increasing comprehension of reading in elementary and secondary content area. Emphasis on open-ended, higher-order thinking skills. Prerequisite: graduate standing. (*)

537 Newspapers as a Teaching Resource 1(1-0)
Strategies and procedures for using the newspaper as a supplementary resource in content area classrooms at all grade levels (K-12). Prerequisite: graduate standing. (SS)

542 Reading Across Cultures 2(2-0)
Techniques of adapting reading instruction for the linguistically and culturally different child. Prerequisite: graduate standing. (*)

550 Diagnosis and Remediation of Reading Problems 3(2-3)
Formal and informal diagnostic procedures for the classroom teacher including standardized testing, informal inventories, cloze, criterion-referenced testing and Reading Miscue Inventory. Prescriptions based on diagnosis; remediation strategies applied by students. Prerequisites: a beginning reading course, graduate standing, and teacher certification or initial testing in basic competencies. (*)

552 Psycholinguistic Views of Reading: Process to Practice 2(1-3)
Introduction to psycholinguistic perspectives through analysis of oral reading errors. Reading Miscue Manual as an instrument for investigating reader's strengths and weaknesses. Strategies for remediating poor quality miscues. Prerequisites: beginning course in reading, graduate standing, and teacher certification or initial testing in basic competencies. (*)
560 Practicum 2(0-6)
Work with small groups and individual pupils in the public
school preparing materials and lessons under the supervi-
sion of a reading teacher. Applied to both elementary and
secondary schools depending on the instructor’s assign-
ment. Prerequisites: RDG 301 or 425, graduate standing,
and teacher certification or initial testing in basic competen-
cies. (*)

591 Special Topics 1(2-0 VAR)
Prerequisite: graduate standing. (*)

595 Independent Study 1(0-2)
Prerequisite: graduate standing. (*)

RECREATION (REC)

UNDERGRADUATE COURSES

102 Mountain Orientation 1(1-1)
An intensive one-week field experience in the Colorado
mountains. Clothing and equipment selection, nutrition and
rations planning, back country conservation and sanitation,
navigation, and trail techniques. (*)

103 Winter Orientation 1(1-1)
An intensive one-week ski tour experience in the Colorado
mountains. Group dynamics, leadership, and expedition
behavior. Travels hut to hut with some winter camping.
Prerequisite: HP 115L or consent. (*)

104 Desert Orientation 2(1-2)
An intensive one-week desert camping and backpacking
experience, accompanied by nine lectures in preparation for
the trip. Natural and cultural history, desert conservation,
group dynamics. (*)

270 Outdoor Leadership I 1(1-1)
Introduction to outdoor leadership. Judgment, decision
making, group processes and leadership techniques,
outdoor teaching, environmental ethics. Advanced skills in
navigation, weather, and back country travel. Prerequisite:
REC 102 or consent. (*)

340 Recreation Program Planning 3(3-0)
Rationale supporting and methods of conducting recreation
programs in a wide variety of public, private, voluntary and
commercial recreation agencies. (S)

350 Leadership and Supervision in Recreation
3(3-0)
Leadership and supervisory functions in professional
recreation service. Addresses program leadership tech-
niques and styles, leadership theory, personnel supervision,
and group dynamics. Prerequisite: permission of instructor.
(S)

360 Outdoor Education 3(3-0)
Concepts and methods of outdoor education and inter-
pretation. Students learn to teach outdoor living skills and
natural history using experiential methods in an outdoor
setting. Prerequisite: permission of instructor. (S)

370 Outdoor Leadership II 1(1-1)
One week intensive practicum in outdoor leadership.
Includes supervised leadership and teaching experience in
basic camping, backpacking, and skiing, equipment, rations,
conservation practices and navigation. Prerequisite: REC
270 or consent. (*)

380 Outdoor Leadership III 2(1-2)
One-week advanced practicum in outdoor leadership.
Includes responsibilities in trip planning and management,
evaluation, group facilitation and processing, and natural
resource agency relations. Prerequisite: REC 370 or
consent of instructor. (*)

381 Environmental Interpretation 3(3-0)
History, philosophy, and techniques of interpreting our
natural and cultural heritage to visitors in natural resource-
ated parks. Addresses public, private, and non-profit
agencies. (F)

389 Practicum in Recreation 3(0-3)
Minimum of 150 hours of practical experience in a selected
recreation agency. Prerequisite: permission of director of
recreation program. (F,S,SS)

480 Recreation for Special Populations 3(3-0)
Community and clinical recreation services for the mentally
retarded, law offenders, psychologically impaired, sensory
impaired, physically disabled, disadvantaged or aging.
Prerequisite: permission of instructor. (F)

481 Outdoor Recreation Resources 3(3-0)
Examination of the outdoor recreation experience, the
organization of resource-based recreation management
and key outdoor recreation policy issues. Prerequisite: per-
mission of instructor. (F)

482 Recreation Management 3(3-0)
Administration and management considerations in public
and voluntary recreation and leisure-oriented agencies.
Contemporary issues in budget and personnel management,
employee relations, management style and theory, public
relations and government legislation affecting the leisure
field. Prerequisite: permission of instructor. (F)

491 Special Topics 1(5 VAR) (*)

493 Seminar 2(2-0)
Advanced in-depth examinations of contemporary issues in
leisure/recreation. Includes student-led discussions, in-depth
term projects and comprehensive examinations. Interview
and résumé preparation are emphasized. Prerequisite: REC
340. (S)

495 Independent Study 1(5 VAR) (*)

498 Internship 9(0-9)
400 hours of supervised, full-time experience in a selected
recreation agency. Management/supervision level
experience expected. (S/U grades) Prerequisite: permission
department chair. (F,S,SS)

RUSSIAN (RUS)

UNDERGRADUATE COURSES

101 Introduction to Russian I 3(3-0)
Pronunciation, conversation, grammar, alphabet, easy
reading and writing. (F)

102 Beginning Spoken Russian II 3(3-0)
Students are placed by the department. Practice in oral,
aural, reading and writing experiences. (F,S)

201 Intermediate Russian I 5(5-0)
Grammar and vocabulary. Reading of short stories, oral and
written reports. Prerequisite: RUS 102 or equivalent. (*)
202 Intermediate Russian II 5(5-0)
Prerequisite: RUS 201 or equivalent. (*)

211 Russian Conversation 2(2-0)
Intensive practice. Prerequisite: RUS 102 or equivalent. (*)

311 Advanced Russian Conversation 2(2-0)
Intensive practice. Prerequisite: RUS 211 or permission of instructor. (*)

341 Russian Short Story 2(2-0)
Selected short stories. Discussion of ideas, art and authors. Stress on both oral and written work. Prerequisite: RUS 202 or permission of instructor. (*)

SOCIAL SCIENCE (SOCSE)

UNDERGRADUATE COURSES

111 Career Orientation 1(1-0)
Current trends and developments in professional career fields. Provides students with a knowledge of job opportunities in modern occupational categories. (F,S)

151 Society and Technology 3(3-0)
Role of technology as a prime factor in changing social and political institutions. Addresses technology as the systematic application of organized knowledge and material tools to the extension of human faculties. (S)

208 Afro-American Heritage 3(3-0)
Analysis of black cultural experiences from African origins and civilization to the present. (F)

209 Blacks in America Today 2(2-0)
Analysis of blacks in today’s milieu including problem areas contemporary issues. (S)

231 Contemporary Affairs 2(2-0)
Current problems in world and national affairs for the purpose of developing habits in and perspectives on current events. (*)

377 Teaching Social Studies in Secondary Schools 2(2-0)
Curriculum, materials, and techniques for teaching social studies in junior and senior high schools. (F)

416 Revolutions 2(2-0)
General historic development of revolutions; emphasis on one major revolutionary movement in world history. (*)

493 Seminar 2(2-0)
Various problems within the realm of social science utilizing an integrated approach. For majors in broad area social science disciplines. (*)

GRADUATE COURSES

501 Technology Assessment 3(3-0)
An evaluation of the impact of technology on society and the implications of technological development on individuals, groups, societies, countries and governments. Prerequisite: graduate standing. (*)

502 Technology Forecasting 3(3-0)
Study of processes involved with forecasting technological growth and need. Quantitative and qualitative procedures and processes. Assumptive reasoning and logical pitfalls. Study of case histories. Term project. Prerequisite: graduate standing. (*)

516 Revolutions 2(2-0)
General historic development of revolutions; emphasis on one major revolutionary movement in world history. Prerequisite: graduate standing. (*)

591 Special Topics 2(2-0)
Topics identified by subtitles taught. Prerequisite: graduate standing. (*)

593 Seminar 2(2-0)
Various problems within the realm of social science, utilizing an integrated approach. For majors in broad area social science disciplines. Prerequisite: graduate standing. (*)

SOCIAL WORK (SW)

UNDERGRADUATE COURSES

100 Introduction to Social Welfare 3(3-0)
Exploration of social welfare as a basic institution in contemporary society. Introduction to the field of social work, the roles, professional skills and philosophy of practice. (*)

105 (POLSC, PSYCH, SOC, WS 105) Understanding Human Diversity 3(3-0)
Americans live in a complex and diverse society. This course examines the nature, impact and strategies for dealing with diversity in personal and social contexts. (*)

201 Human Behavior and Social Environment I 3(3-0)
Focus on the person in the environment, with an examination of the interrelationship of psychological, biological, social, and cultural systems and their impact on social functioning. Introduction to system theory as an organizing framework. Prerequisites: SOC 101, PSYCH 100 and an approved human biology course. (F)

202 Human Behavior and Social Environment II 3(3-0)
Focus on an understanding and analysis of larger social systems which include the family, groups, communities and organizations. Emphasis on social systems as an organizing theoretical framework for understanding social functioning and change. Prerequisite: SW 201. (S)

205 Social Welfare in the United States 3(3-0)
Examines the historical development of social welfare and social work. Emphasis on social values and structures as they affect inequity and economic security in America. Prerequisite: SW 100. (*)

210 (SOC 210) Techniques of Analysis 3(3-0)
Introduction to the methods of scientific investigation in social work. (F,S)

222 Social Work Practice 3(3-0)
Foundation course for the social work major; presentation of basic elements of generic professional practice. Specific attention is given to professional values, interviewing skills, relationship building, and communication skill development. Prerequisites: SW 100 and 201. (*)

290 Special Projects 1-5 VAR
Prerequisite: permission of instructor. (*)

320 Human Diversity in Practice 3(3-0)
Examines the history and culture, obstacles and resources of ethnic and minority groups in the United States. Identifies skills required for "ethnic competence" in practice. Prerequisites: SW 100, 201 and 202. (*)
322 Social Work Intervention I 3(3-0)
Elements of generalist social work practice with a focus on individuals. Assessment, intervention, evaluation, skill development and practice are emphasized. Prerequisites: SW 100, 201 and 202. (F)

323 Social Work Intervention II 3(3-0)
Practice methods of social group work within a generalist model, relationship to small group structures and processes, leadership functions, interpersonal relationships. Prerequisite: SW 322. (S)

324 Social Work Intervention III 3(3-0)
Nature and scope of social work intervention at the community level; distinctive characteristics of the community as a social system and implications for generalist practice. Prerequisite: SW 322. (S)

340 Social Work Theory 3(3-0)
A comparative approach to explanatory and practice theories relating to social work and the helping professions. Prerequisite: program permission. (*)

350 Social Welfare Policy and Program Evaluation 3(3-0)
Nature of social policy, process of policy formulation, factors influencing choice of social objectives within goals and values of social work profession. Prerequisites: SW 100 and 205. (F)

481 Field Seminar I 3(3-0)
Taken in conjunction with agency field placement to integrate practice and theory. Corequisite: SW 488. (F)

482 Field Seminar II 3(3-0)
Taken in conjunction with agency field placement to integrate practice and theory. Corequisite: SW 489. (S)

488 Field Placement I 5(0-16)
Students spend 16 hours per week in practice field assignments in selected social work agencies or settings under the direct supervision of a professional social worker. Prerequisite: permission of instructor. Corequisite: SW 481. (F)

489 Field Placement II 5(0-16)
Students spend 16 hours per week in practice field assignments in selected social work agencies or settings under the direct supervision of a professional social worker. Prerequisite: permission of instructor. Corequisite: SW 482. (S)

490 Special Projects 1-5 VAR
Prerequisites: social work major, prior written permission of instructor of record. (*)

491 Special Topics 1-3 VAR (*)

495 Independent Study 1-3 VAR
Prerequisite: permission of instructor. (*)

GRADUATE COURSES

500 Workshop 1-6 VAR
Topics identified by subtitles taught. (*)

501 Principles and Philosophy of Social Work 3(3-0)
Knowledge, values, history, and philosophy of social work. Prerequisite: 18 credits of socio/behavioral sciences. (*)

510 Theoretical Analysis of Small Client Systems 3(3-0)
The place of human behavior and social environment processes in generalist social work practice. Multi-level, knowledge guided frameworks for preparing interventions with individuals and families. Prerequisite: SW 500. (*)

511 Generalist Practice: Small Client Systems 3(3-0)
Practice theory and skills related to intervention with individuals and families within a social systems framework. Communication techniques and skills, relationship skills and use of self. Prerequisite: SW 500, Corequisite SW 512. (*)

512 Small Systems Skills Laboratory 10-0-2
Practice of social work helping skills related to all facets of the helping process. Emphasis on communication and relationship skills. Corequisite: SW 511 (*)

520 Social Welfare Policy Analysis 3(3-0)
Historical concept, analysis, and impact of social welfare policy. Prerequisite: 18 credits of socio/behavioral sciences. (*)

586 Field Placement (3-6 VAR)
Supervised field experience in social work. Prerequisite: W511. Corequisite: SW 510. (*)

591 Special Topics (1-3 VAR)
Topics identified by subtitles taught. (*)

600 Methods of Research I 3(3-0)
Social work research; role of practitioners as consumers and initiators of research. (Course required for the Master of Social Work degree offered by Colorado State University.) Corequisite: concurrent registration in SW 520. (*)

601 Methods of Research II 3(3-0)
Role of social work practitioners as consumers and initiators of research. Data analysis and computer processing in social work research. (Course required for the Master of Social Work degree offered by Colorado State University.) Prerequisite: SW 600. (*)

610 Theoretical Analysis of Large Client Systems 3(3-0)
Socio-behavioral practice principles relevant to work with large client systems including groups, organizations and communities. Prerequisite: SW 510 (*)

611 Generalist Practice: Large Client Systems 3(3-0)
Practice knowledge and skills related to intervention with large client systems, including task/action groups, organizations, and communities. Prerequisite: SW 511. (*)

620 Advanced Social Welfare Policy Analysis 3(3-0)
Application of social welfare policy analysis models. Examines normative aspects of policy analysis, program evaluation, and assessment skills. (Course required for the Master of Social Work degree offered by Colorado State University.) Prerequisite: SW 520. (*)

** These are Colorado State University courses offered at the University of Southern Colorado toward a master's degree in social work.

SOCIOLOGY (SOC)

UNDERGRADUATE COURSES

101 Introduction to Sociology 3(3-0)
The scientific study of patterns and processes of human social relations. (F-S)

105 (POLSC/PSYCH/SWWS 105) Understanding Human Diversity 3(3-0)
Americans live in a complex and diverse society. This course examines the nature, impact and strategies for dealing with diversity in personal and social contexts. (*)
431 Working in Modern America 3(3-0)
Exploration of the changing patterns, structure, and attitudes toward work in the United States today. (*)

432 Organization Theory 3(3-0)
Prevailing theoretical model of large organizations and suggested alternatives. (*)

440 Correctional Administration 3(3-0)
Major issues in correctional administration including the history and theories of corrections in the U.S. are analyzed. Prerequisite: Sociology Major. (*)

451 (ANTHR 451) Culture/Deviance/ Psychopathology 3(3-0)
Analysis of the relationship between culture and the causes and manifestations of deviance and psychopathology. (*)

490 Special Projects (1-3 VAR)
Projects identified by each faculty member in concert with his/her interests. Prerequisites: Sociology major, junior-/senior. (*)

540 Correctional Administration 3(3-0)
Major issues in correctional administration including the history and theories of corrections in the U.S. are analyzed. Prerequisite: graduate standing. (*)

590 Special Projects (1-3 VAR)
Projects identified by each faculty member in concert with his/her interests and expertise. Prerequisites: Sociology major, graduate standing. (*)

591 Special Topics (1-3 VAR)
Topics identified by subtiles taught. Prerequisite: graduate standing. (*)

Masters in Criminal Justice (MCJ)

501 (CJ 501) Law and Social Control 3(3-0)**
Introduction to issues of social control, including law, legal institutions and processes, law enforcement. Prerequisite: graduate standing. (*)

504 (CJ 504) Research and Analytic Methods 3(3-0)**
An overview of methods used in the collection and analysis of data, typically including survey research, experimental design, forecasting, network analysis and decision analysis. Prerequisite: graduate standing. (*)

510 (CJ 510) Administration of Criminal Justice 3(3-0)**
Analysis of policies and practices of agencies involved in the criminal justice process. Prerequisite: graduate standing. (*)

511 (CJ 511) Criminal Justice Planning & Evaluation 3(3-0)**
Techniques for assessing the effectiveness and desirability of social control systems, specifically concerning issues of criminal justice. Prerequisite: graduate standing. (*)

512 (CJ 512) Nature and Causes of Crime 3(3-0)**
Theories of crime, including biological, psychological, sociological, cultural and political theories. Prerequisite: graduate standing. (*)

531 (CJ 531) Criminal Justice Management 3(3-0)**
An overview of organizational theory and administrative behavior, with an emphasis on criminal justice agencies. Prerequisite: graduate standing. (*)

532 (CJ 532) Police Administration 3(3-0)**
The role of the police in a rapidly changing society; relationships between police services, the courts, and correctional administration. Prerequisite: graduate standing. (*)

533 (CJ 533) Research in Criminal Justice Process 3(3-0)**
Examination of current research in criminal justice; problems in the implementation of research findings. Prerequisite: graduate standing. (*)

540 (CJ 540/SOC 540) Correctional Administration 3(3-0)**
Major issues in correctional administration including the history and theories of corrections in the U.S. are analyzed. Prerequisite: graduate standing. (*)

551 (CJ 551) Contemporary Law Enforcement 3(3-0)**
Examines strategies for implementing new programs directed at social control and crime prevention. Prerequisite: graduate standing. (*)

553 (CJ 553) Administration of Community-Based Corrections 3(3-0)**
Theory and practice of probation and parole; examination of efforts to combine correctional requirements with normal community life. Prerequisite: graduate standing. (*)

554 (CJ 554) Juvenile Justice Administration 3(3-0)**
Policies and practices of agencies in processing young persons through the juvenile court system. Prerequisite: graduate standing. (*)

555 (CJ 555) Criminal Justice Policy Analysis 3(3-0)**
Examines how different political philosophies influence criminal justice policies, both state and federal. Prerequisite: graduate standing. (*)

556 (CJ 556) Comparative Criminal Justice 3(3-0)**
Examining differences and similarities in world criminal justice systems. Prerequisite: graduate standing. (*)

591 (MCJ 591) Special Topics. (VAR 1-3)
Topics identified by subtiles taught. (*)

593 (CJ 593) Seminar 3(3-0)**
Topics designed for "hands-on" experience in some phase of the criminal justice system, under the supervision of a professional in the field. Prerequisites: graduate standing and permission of instructor. (*)

595 (CJ 595) Independent Study. (1-10 VAR)**
Affords students the opportunity to do independent, creative work. Prerequisite: graduate standing and permission of instructor. (*)

**These are CU-Denver courses offered at the University of Southern Colorado toward a master's degree in criminal justice.
SPANISH (SPN)

UNDERGRADUATE COURSES

101 Beginning Spoken Spanish I 3(5-0)
Oral proficiency development, also some reading and writing; introduction to Hispanic culture. (F,S)

102 Beginning Spoken Spanish II 3(5-0)
Students are placed by the department. Practice in oral, aural, reading and writing experiences. Prerequisite: SPN 101 or equivalent. (F,S)

201 Spanish Grammar and Composition I 3(3-0)
Review of intermediate grammar and practice in writing compositions. Prerequisite: one year of college Spanish or equivalent. (F)

202 Spanish Grammar and Composition II 3(3-0)
Further study of grammar, increased emphasis on composition. Prerequisite: SPN 201 or permission of instructor. (S)

211 Intermediate Spanish Conversation I 2(1-2)
Conversation in small groups divided according to students' fluency. Prerequisite: one year of college Spanish or equivalent. (F)

212 Intermediate Spanish Conversation II 2(1-2)
Conversation in small groups divided according to students' fluency. Prerequisite: one year of college Spanish or equivalent. (S)

281 Readings in Hispanic Civilizations I 3(3-0)
Reading and discussion based on cultures of Spain. Prerequisite: one year of college Spanish or equivalent. (F)

282 Readings in Hispanic Civilizations II 3(3-0)
Reading and discussion based on Hispanic America. Prerequisite: one year of college Spanish or equivalent. (S)

301 Advanced Spanish Grammar and Conversation 3(3-0)
Required of all Spanish majors. Prerequisite: SPN 202. (F)

302 Advanced Spanish Composition and Conversation 3(3-0)
Required of all Spanish majors, except bilingual track. Prerequisite: SPN 301. (S)

331 Masterpieces of Spanish Literature 3(3-0)
Major literary works of Spanish literature. Essential techniques of literary criticism using a cultural approach. Prerequisite: two years of college Spanish or equivalent. (S)

332 19th-Century Spanish Literature 3(3-0)
Emergence of romanticism in Spain and its gradual development toward costumbrismo and realism. Prerequisite: two years of college Spanish or equivalent. (F)

341 Masterpieces of Spanish-American Literature 3(3-0)
Major works of Spanish America with emphasis on cultural aspects of 20th-century literature. Prerequisite: two years of college Spanish or equivalent. (F)

342 Spanish-American Novel 2(2-0)
Outstanding Spanish-American novels, concentrating on their artistic and social significance. Prerequisite: two years of college Spanish or equivalent. (F)

381 Contemporary Hispanic America 3(3-0)
Sociology, geography, internal and external politics, economics, and the role of the United States in Spanish America and Brazil. Prerequisite: two years of college Spanish or equivalent. (S)

383 The Spanish-American Short Story 2(2-0)
Major works of Spanish Americans with emphasis on cultural aspects of 20th-century literature. Prerequisite: two years of college Spanish or equivalent. (F)

431 Studies in Spanish Literature 1(1-0)
Reading, analysis and discussion of contemporary Spanish literature. May be repeated for credit as content changes. Prerequisite: two years of college Spanish or equivalent. (S)

441 Mexican Literature 2(2-0)
Main currents of Mexican literature, primarily of the 20th century. Prerequisite: two years of Spanish or equivalent. (F)

442 Cervantes: Don Quixote 2(2-0)
Primarily the novel Don Quixote, literary and cultural analysis of the characters Don Quixote and Sancho Panza and their environment. Prerequisite: two years of college Spanish. No prerequisite when class is conducted in English. (F)

451 Studies in Spanish Linguistics I 2(2-0)
Analysis of phonology and other language patterns crucial to teaching and learning Spanish as a second or foreign language. Prerequisite: two years college Spanish or permission of instructor. (F)

481 Hispanic Thought 3(3-0)
Essays in Spanish. Prerequisite: two years of college Spanish or equivalent. (F)

485 Studies in Latin American Literature 1(1-0)
Reading, analysis and discussion of contemporary Latin American literature. May be repeated for credit as content changes. Prerequisite: two years of college Spanish or equivalent. (S)

491 Special Topics 1-3 VAR
Prerequisite: permission of instructor. (S)

493 Senior Seminar 3(3-0)
In-depth analysis of specific topics, themes, authors, and works in the language literatures and cultures of the Spanish-speaking world. (S)

494 Field Experience 1-7 VAR
Communication, lectures by writers, artists, political leaders and specialists. Visits to museums, attendance at movies, theaters and excursions. Prerequisite: two years of college Spanish and permission of instructor. (F)

495 Independent Study 1-3 VAR
Specific themes which address particular problems of literature or culture. May be repeated for credit with approval of major adviser. Prerequisite: two years of college Spanish. (F)

SPEECH COMMUNICATION (SPCOM)

UNDERGRADUATE COURSES

103 Speaking and Listening 3(3-0)
Introduces principles of speaking and listening with emphasis on exposition and its application to public speaking. (F,S,SS)

115 Speech Activity I 1(0-4)
On- and off-campus activities including intercollegiate forensic competition, programs for students and public. Communication skill and experience development. May repeat twice for credit. (F)

177
216 Intermediate Sign Language 3(3-0)
Study and application of the American Sign Language, including conversational skills, gestures and deaf cultures. Prerequisite: SPCOM 116 or permission of instructor. (S)

221 Interpersonal Communication 3(3-0)
The principles and skills of speaking applied to informal speaking situations. Topics covered include openness, genuineness, and talking appropriately to people. (*)

231 Oral Interpretation (2-3 VAR)
Basic principles and techniques of oral reading, designed to aid the student in discovering and sharing with an audience the meaning and feeling in literature. (*)

250 Introduction to Communication Disorders 2(2-0)
Survey course about major communicating disorders. Emphasis on classification and descriptions. Covers certification requirements, licensure and professional opportunities. (S)

260 Language Acquisition and Linguistics 3(3-0)
Normal processes of development of language in children, growth of language, including structure, comprehension, use of oral and written language, other symbolic behavior. (F)

281 Voice and Diction 3(3-0)
Voice improvement course for teachers, actors, broadcasters, professional speakers. Emphasis on breath support, phonation, resonance, articulation and pronunciation. Individual attention stressed. (F)

291 Special Topics 1(1-3 VAR) (*)

295 Independent Study 1(1-3 VAR)
Prerequisite: permission of instructor. (*)

312 Persuasion (2-3 VAR)
Examination of the principles and theories of persuasion and their application to persuasive settings. Emphasis on using language to secure belief and action. Prerequisites: SPCOM 211, 212, or permission of instructor. (*)

315 Speech Activity II 1(0-4)
On- and off-campus activities including intercollegiate forensic competition, programs for students and public. Continuation of SPCOM 115. May be repeated twice for credit. (F,S)

322 Group Discussion 3(3-0)
Performance course emphasizing the principles and skills of dialectical discourse. Practices the cooperative production and utilization of discourse in human affairs. Prerequisite: permission of instructor. (*)

324 (BIOL 324) Anatomy of the Head, Neck and Chest 2(2-0)
Anatomical structures of the head, neck and chest with analysis of development and function. Prerequisite: BIOL 221 or BIOL 223. Corequisite: SPCOM 324L. (F)

324L (BIOL 324L) Anatomy of the Head, Neck and Chest Dissection 1(0-2)
Dissection and examination of the anatomical structure of the head, neck and chest. Corequisite: SPCOM 324. (F)

335 (WS 335) Gender and Communication 3(3-0)
This course examines the ways that gender affects communication behaviors and helps develop an awareness of the processes that affect gender socialization and stereotyping. (F)

351 Articulation Disorders 2(2-0)
Causation, diagnosis and clinical management of articulation disorders. Prerequisite: SPCOM 250 or permission of instructor. (F)

352 Voice Disorders 2(2-0)
Causation, diagnosis and clinical management of voice disorders. Prerequisite: SPCOM 250 or permission of instructor. (F)

353 Stuttering 2(2-0)
Nature and theories of stuttering with an introduction to therapeutic and counseling procedures utilized in clinical management. Prerequisite: SPCOM 250 or permission of instructor. (F)

361 Phonetics 2(2-0)
Designed to teach the student to identify speech sounds and to transcribe them according to the International Phonetic Alphabet (IPA). Prerequisite: SPCOM 261 or permission of instructor. (S)

365 Basic Audiology 3(3-0)
Introduction to the field of audiology: the ears and hearing. Emphasis on initial battery testing and interpretation of test results. Overview of selected clinical diagnostic tests. Practice in hearing testing is required. Prerequisite: SPCOM 250 or permission of instructor. (F)

376 Directing Speech Activities 2(2-0)
Methods of coaching competitive and non-competitive speech activities, management of speech tournaments, administration of secondary school forensic programs and recreational speech activities program. Prerequisite: junior or senior standing. (*)

377 Speech Education Methods 2(2-0)
Provides instruction and practice in the principles of teaching speech. Geared to foster a thoroughly professional teacher. Prerequisite: junior standing and permission of instructor. (*)

401 The Nature of Discourse 3(3-0)
Theory course; stresses the process of articulate sequential thought, verbally manifested in human life. Focuses on the human capability of replying in kind. Prerequisite: SPCOM 360. (*)

451 Aural Rehabilitation 3(3-0)
Detailed study of auditory training procedures and speech reading methods. Discussion of hearing aids included. Prerequisite: SPCOM 365 or permission of instructor. (S)

452 Diagnosis and Methods in Speech Pathology 2(2-0)
Clinical principles and methods with emphasis on diagnosis and evaluation. Discussion of Federal Law PL 94-142 and the Individualized Education Program (IEP) for the communicatively handicapped in the public schools. Experience with clinical tests, therapy materials and diagnostic equipment. Prerequisite: six semester hours in speech pathology or permission of instructor. (S)

462 Organic Disorders of Speech 3(3-0)
Nature and causes of aphasia, cerebral palsy, cleft palate, and neurological disabilities. Introduction to clinical management of these disorders. Prerequisite: six semester hours in speech pathology or permission of instructor. (S)
483 Language Disorders in Children (2-0)
Study of the cause, nature, and diagnosis of language disorders in children. Introduction to clinical management. Prerequisite: SPCOM 360 or permission of instructor. (S)

489 Clinical Experience in Communication Disorders (1-0-1)
Supervised clinical practice. Fifty clock hours must be completed to earn one semester hour of credit. May be repeated three times for credit. (S/U grades) Prerequisite: permission of instructor. (F,S,SS)

491 Special Topics (1-3 VAR) (When appropriate)
Prerequisite: permission of instructor. (*)

493 Seminar (1-3 VAR)
Class activity supervised by the department, centering on an advanced level of some aspect of discourse. Credit value assigned according to course objectives. Prerequisites: junior or senior standing and permission of instructor. (S)

495 Independent Study (1-3 VAR)
Prerequisite: permission of instructor. (*)

496 Cooperative Education Placement (1-4 VAR)
Arrangement between employers and faculty members to provide students with an opportunity to earn academic credit and monetary reimbursement for on-the-job training in their field of study. Two placements must occur in academic semesters and one in a summer session for the equivalent of at least 12 months employment. The student must re-enroll each placement term. Twelve credits maximum allowed toward graduation. Prerequisite: permission of instructor. (*)

GRADUATE COURSES

591 Special Topics (1-3 VAR)
Prerequisite: graduate standing. (*)

595 Independent Study (1-3 VAR)
Prerequisite: graduate standing. (*)

THEATRE (TH)

UNDERGRADUATE COURSES

101 Summer Theatre Practicum (1-9 VAR)
A workshop in producing plays in the summer stock situation. Four to six productions are presented during the eight-week summer theatre term. Prerequisite: permission of theatre director. (SS)

111 Theatre Appreciation (3-0)
A course emphasizing the understanding of theatre art from the audience's point of view. (*)

112 Film Appreciation (3-0)
Helps the student understand movies. The nature of film art, its component parts, and its values are the major topics of the course. (*)

131 Foundations of Theatre (3-2-2)
An introduction to all aspects of creating a work of theatre art from the contributing artists' point of view. (*)

135 Beginning Acting (3-0)
An introduction to the principles of acting for stage and screen. (*)

168 Company Class (1-3 VAR)
Theatre production laboratory for beginning students. Credit is offered in the areas of rehearsal and performance, technical areas, and front-of-the-house operation. May be repeated for additional credit. (*)

216 History of Theatre (3-0)
An overview of the major historical eras, plays, playwrights and other contributing artists in Western Theatre. (*)

236 Acting Problems 3(3-0)
Exploration of a major concern for the actor such as characterization, dialects, acting styles, film and TV acting. May be repeated for credit. Prerequisite: TH 135 or equivalent. (*)

291 Special Topics (1-3 VAR)
(*)

301 Summer Theatre Practicum (1-9 VAR)
A workshop in theatre production. Four to six plays are presented during an eight-week summer stock season. Prerequisite: permission of theatre director. (SS)

331 Play Direction (3-2-2)
An introduction to directing theory and practice. Students select and analyze scripts and direct one-act plays. Prerequisite: TH 131 and 135 or permission of instructor. (*)

332 Design for the Theatre (3-2-2)
Principles and practices of designing scenery, lighting and costumes for the theatre. Prerequisite: TH 131 or permission of instructor. (*)

368 Company Class (1-3 VAR)
Theatre production laboratory for advanced students. Credit is offered in the areas of rehearsal and performance, technical areas and front-of-the-house operation. May be repeated for additional credit. Prerequisite: junior or senior standing. (*)

370 Creative Dramatics (1-1-0)
Classroom techniques in dramatics for the teacher. (F,SS)

491 Special Topics (1-3 VAR) (*)

GRADUATE COURSES

570 Creative Dramatics (1-1-0)
Graduate-level creative dramatics for the classroom teacher. Prerequisite: graduate standing. (*)

591 Special Topics (1-3 VAR) (*)
WOMEN’S STUDIES (WS)

UNDERGRADUATE COURSES

100 Introduction to Women’s Studies 3(3-0)
The course serves two purposes: (1) to train students in feminist perspective-taking, and (2) to introduce them to issues affecting women’s lives using an interdisciplinary framework. (*)

105 (POLSC/PSYCH/SOC/SW105) Understanding Human Diversity 3(3-0)
Americans live in a complex and diverse society. This course examines the nature, impact and strategies for dealing with diversity in personal and social contexts. (*)

205 La Chicana (CS 205) 3(3-0)
A social, cultural and historical overview of the Chicana experience and contributions. (S)

206 (SOC 206) Gender and Society 3(3-0)
Examination and evolution of relationships between sex roles, culture, and societal institutions and processes, including an analysis of sexual stratification. (*)

211 (PSYCH 211) Women and Society 3(3-0)
Statistical overview of the current status of women, followed by examination of theories concerning equality of the sexes. (F)

212 (PSYCH 212) Sexism and Racism in America 3(3-0)
Dynamics of prejudice and discrimination in terms of sex and race; special attention to analysis of strategies for improving relations. (S)

230 (NSG 230) Women, Health and Society 3(3-0)
Introduction to women’s health issues and a basic understanding of how women’s health has been influenced historically, culturally and by socio-economic factors. (F,S)

231 (PSYCH/SOC 231) Marriage, Family and Relationships 3(3-0)
Marriage and family from an institutional and relationship perspective; cross-cultural diversity, mate selection, marital dynamics, parenting, divorce, remarriage, emerging patterns. (F,S,SS)

330 (MACOM 330) Gender and Film 3(3-0)
A discussion course which examines gender roles in theatrical and documentary film while considering the perspective of producers, actors and spectators and salient film theories. Prerequisite: upper division standing in MACOM or Women’s Studies. (*)

335 (SPCOM 335) Gender and Communication 3(3-0)
The course examines the ways that gender affects communication behaviors and helps develop an awareness of the processes that affect gender socialization and stereotyping. (F)

403 (SOC 403) Human Sexuality and Social Behavior 3(3-0)
Sexuality and sexual conduct from a sociological and developmental perspective. (*)

407 (SOC 407) Family Violence 3(3-0)
The extent, seriousness, and impact of the major forms of domestic violence. (*)

491 Special Topics (1-3 VAR)
Prerequisite: junior or senior standing with adequate preparation or permission of instructor. (*)

427 (HIST 427) Women in Industrializing Europe 3(3-0)
Changes and continuities for European women from the sixteenth century to the present, including work, family, sexuality, and movements for social and political change. Prerequisite: HIST 103 or permission of instructor. (*)

493 Seminar 3(3-0)
Integrate classroom and experiential learning, applying theories and methods to a supervised field experience and weekly seminars on women’s issues. Prerequisite: WS 100 (*)

495 Independent Study (1-3 VAR)
Prerequisite: permission of instructor. (*)

Robert C. Shirley (1984) professor of business administration, and president; BBA, MBA, University of Houston; Ph.D. Northwestern University

Bart H. Ward (1996) professor of accounting, and dean, Hasan School of Business; BBA and MA, University of Oklahoma; Ph.D., Northwestern University

Leslie Wong (1996) professor of psychology, and provost; BA, Gonzaga University; MA, Eastern Washington University, Ph.D., Washington State University.
Folda, Joseph (1987) head coach, men's basketball, Athletics; BS, University of Northern Colorado; M.Ed., Eastern Washington University

Gallegos, Victoria (1991) program counselor, Student Support Services; BA, Adams State College

Greer, James (1993) program coordinator, Altus Air Force Base, CK, Continuing Education; BA, Southern Illinois University; MA, Webster University

Gutierrez, Gloria (1976) executive assistant to the president, President's Office, CPS

Hill, Richard H. (1982) dean, Student Life; BA, University of Northern Colorado; M.Ed., Colorado State University; Ph.D., University of Wyoming

Howard Judith, (1995) conference director, Auxiliary Services; BS, University of Kansas, Manhattan

James, Paul (1994) athletic trainer, Athletics; BS, University of Utah

Jensen, Jennifer (1992) associate director of admissions; BS, University of Southern Colorado

Johnson, Andrew L. (1994) associate director of Development and Alumni Relations, BS, University of Southern Colorado

Jones, Scott A. (1984) master control operator supervisor, KTSC-TV; BS, University of Southern Colorado

Kelly, Todd (1991) sports information director, Athletics; BS, University of Southern Colorado

Kennedy, Robert F. (1995) admissions counselor, Office of Admissions; BA, Creighton University

Krigel, Belinda (1988) coordinator, Academic Computing; BS, MS, Arkansas State University

Leyba, Theodore (1973) sergeant, University Police

Lundahl, Sandra L. (1985) financial director and educational TV coordinator, KTSC-TV; AAS, University of Southern Colorado

Maldonado, Carlos (1990) director for Latin American Relations, International Programs; BS, University of New Mexico

Martinez, Deborah A. (1985) assistant director, Admissions, and coordinator, recruitment of minorities and women; BA, University of Southern Colorado; MA, University of Northern Colorado

Mason, Robert (1981) director of University Computing; BS, MS, Ph.D., Southern Illinois University

McCarter, Cynthia (1993) program coordinator, Downtown Center, Colorado Springs, Continuing Education; BS, University of Maryland

Mechley, Priscilla (1994) facilities planner, office of VP for Finance and Planning; BS, Pennsylvania State University

Medina, Mike (1988) project director, Upward Bound, AA, Trinidad State Junior College; BA, MA, Adams State College

Medina-Samora, Delores (1990) coordinator/adviser, Educational Opportunity Center; AA, Lamar Community College

Melin, Carl (1985) assistant director of Admissions, and coordinator of Transfer and International Student Recruitment; BA, Adams State College; MS, University of Southern California

Moses, Douglas J. (1985) head coach, wrestling, Athletics; BA, Adams State College; MA, Colorado State University

Nesmith, Michelle (1993) promotions assistant, KTSC; BS, University of Southern Colorado

Ortega, M. Donald (1991) sponsored programs manager, Office of Accounting; BA, College of Santa Fe

Otero, Mel (1995) director of Productivity Training Program; BA, Occidental College; MBS, University of Colorado

Perez, Cynthia M. (1977) project director, Student Support Services; BA, University of Southern Colorado

Quesada, Ed (1992) Coordinator, SCEOC Satellite Center at Colorado Springs, KTSC; MA, University of Colorado

Riccatone-Trujillo, Dana (1995) admissions counselor, Office of Admissions; BS, University of Southern Colorado

Rivas Morken, Carol (1992) developmental assistant specialist, Counseling and Career Services; BA, University of Southern Colorado; M.Ed, University of San Diego

Sanchez, Stan (1994) head baseball coach, Athletics; BS, California State University; MA, Azusa Pacific University

Sajak, Roger (1995) production manager, KTSC-TV; BS, Southern Illinois University

Schuetzle, Ralph (1989) assistant coach, men's basketball, Athletics; BA, Augustana College; MS, Eastern Washington University

Shields, Ronald F. (1994) assistant program coordinator of Continuing Education, Peterson AFB; BS, Regis University

Shoji, Thomas (1994) women's volleyball coach, Athletics; BA, University of California; MA, University of California at Santa Barbara

Silver-Chacon, Loisann (1994) counselor, Upward Bound; BA, George Washington University; MA, Antioch University

Sinn, Gregory B. (1985) general manager, KTSC-TV; BS, University of Arizona

Smith, Ed (1992) executive director, Facilities Management; BS, University of Rhode Island; MA, Central Michigan University

Stanley, Roy (1994) head coach for women's and men's soccer, Athletics; BA, Princeton University; MA, University of Tulsa

Stastny, Everett E. (1988) director, Purchasing; BA, University of Colorado

183
Stabenruch, Roger E. (1983) director, Continuing Education; BS, Troy State University; MS, University of Northern Colorado

Sullivan, Wynona (1989) director of Development, KTSC-TV

Taibl, Tony (1977) director of Athletics; BSBA, University of Southern Colorado

Trujillo, David F. (1990) director of Grants Acquisition, MA, San Jose State University

Trujillo-Sanchez, Gloria (1994) director of Personnel Services; BA, Loretto Heights College, MA, Norwich University, Ph.D., Union Institute

Vega, Theresa (1989) Coordinator/Adviser, Educational Opportunity Center; BA, University of Southern Colorado

Ward, Ill, William T. (1993) director, Development and Alumni Relations; BS, Colorado State University

Whatley, Nancy (1988) Coordinator/Adviser, Educational Opportunity Center; AS, Otero Junior College

Williams, Euphemia G. (1995) Professor of nursing, and associate vice president for Educational Affairs, Office of the President; BS, University of Oklahoma; MS and Ph.D., University of Colorado

Wrage, Jeffery (1991) head coach, men and women’s tennis and director of intramurals, Athletics; BS, Knormal State College; MBA, University of Colorado at Denver

Zarr, Jay (1990) director, Experiential Learning Center; BS, University of Southern Colorado; MS, Mankato State University

Zimmerman, Bruce (1986) director, Auxiliary Services; BS, Rhode Island College; MS, Indiana University

Blandford, Robert D. (1965-1989) BS, MA, DA, professor emeritus of mathematics

Blasing, James A. (1965-1984) AA, BS, MS, professor emeritus of physical education

Bond, John A. (1967-1984) BS, MA, Ph.D., professor emeritus of political science

Bradley, Lawrence B. (1966-1988) BA, MA, professor emeritus of speech communication/theatre

Brassil, Joann A. (1967-1987) BA, MA, MFA, professor emerita of art

Bright, A. Leon (1963-1995) BS, MA, Ph.D., professor emeritus of foreign language

Buckles, William G. (1965-1993) BA, MA, Ph.D., professor emeritus of anthropology

Connelly, Jerald (1979-1990) BS, Ph.D., professor emeritus of chemistry

Cotner, Jane (1960-1976) AB, BSLS, professor emerita of library sciences

Croxton, Carol (1978-1994) BA, MA, Ph.D., professor emeritus of English

Davison, Earl (1950-1975) BS, professor emeritus of industrial technology

Dille, Ralph (1976-1996) BA, BS, MA, Ph.D., professor emeritus of English

Ervin, Dwain T. (1964-1984) BA, MA, Ph.D., professor emeritus of history

Farley, Mary (1991-1996) BSN, MS, Ph.D., professor emerita of nursing

Fouts, Kenneth B. (1962-1985) AA, BFA, MA, Ph.D., professor emeritus of speech communication

Hammer, Charles R. (1964-1995) BS, Ph.D., professor emeritus of chemistry

Hench, Robert W. (1965-1993) BFA, MA, professor emeritus of art

Hobbs, Harold C. (1966-1984) BA, MA, Ph.D., professor emeritus of psychology

Howard, John R. (1967-1986) BA, MA, professor emeritus of geography

EMERITUS FACULTY

Askwig, William J. (1962-1994) BSBA, MBA, Ph.D., professor emeritus of economics

Atteberry, Sarah (1975-1992) BS, MS, MSN, professor emerita of nursing

Baldauf, Boyd J. (1964-1968) BS, MA, Ed.D., professor emeritus of computer science technology

Banks, Jessie (1966-1996) BS, MA, professor emerita of human performance and leisure studies

Bartlett, Thomas J. (1967-1977) BS, MA, professor emeritus of mathematics

Bassein, Beth Ann (1966-1991) BA, MA, Ph.D., professor emerita of mathematics

Benton, Johnny (1968-1996) BA, MA, Ph.D., professor emeritus of speech communication

Ervin, Dwain T. (1964-1984) BA, MA, Ph.D., professor emeritus of history

Farley, Mary (1991-1996) BSN, MS, Ph.D., professor emerita of nursing

Fouts, Kenneth B. (1962-1985) AA, BFA, MA, Ph.D., professor emeritus of speech communication

Hammer, Charles R. (1964-1995) BS, Ph.D., professor emeritus of chemistry

Hench, Robert W. (1965-1993) BFA, MA, professor emeritus of art

Hobbs, Harold C. (1966-1984) BA, MA, Ph.D., professor emeritus of psychology

Howard, John R. (1967-1986) BA, MA, professor emeritus of geography

Ihrig, Paul R. (1946-1971) BS, MA, professor emeritus of fine arts

Janes, Donald W. (1963-1993) BA, MA, Ph.D., professor emeritus of biology

Jurie, Carl A. (1956-1980) BA, MA, professor emeritus of geology

Kellogg, William (1969-1990) BA, MS, MM, professor emeritus of music

Kenyon, Gordon R. (1960-1980) BA, MA, Ph.D., professor emeritus of history

Kurtin, Alfred D. (1945-1969) BA, MA, emeritus registrar

Li, Hung C. (1969-1990) BA, MS, Ph.D., professor emeritus of mathematics

Linam, Jay (1965-1991) BS, MS, Ph.D., professor emeritus of biology

Miller, Margaret (1976-1990) BA, MS, Ph.D., professor emerita of teacher education

Miller, Robert E. (1952-1983) BS, MS, professor emeritus of chemistry

Miller, Wilbur C. (1967-1988) BA, MBS, Ph.D., professor emeritus of mathematics

Milne Donald C. (1965-1993) BA, MA, Ph.D., professor emeritus of English/foreign languages

Perkins, David M. (1978-1995) BSEE, MSEE, professor emeritus of electronics engineering technology

Phillips, David L. (1971-1995) BS, MS, Ph.D., professor emeritus of mathematics

Prater, Joseph C., Jr. (1956-1988) BS, MS, professor emeritus of mathematics

Redman, Ralph J. (1965-1989) BA, MA, MAT, professor emeritus of mathematics

Reiff, Glenn A. (1978-1989) BS, MS, professor emeritus of electronics engineering technology

Sadler, George (1965-1987) BS, MS, Ph.D., professor emeritus of economics

Sajbel, Edward (1955-1989) AA, BA, MA, professor emeritus of art

Sanderson, James M. (1947-1976) BS, MA, professor emeritus of history

Sarver, P. Merle (1965-1995) AA, BA, MA, Ph.D., professor emeritus of economics

Schaeffer, Frederick (1963-1992) BSGE, AM, Ph.D., professor emeritus of geology

Shih, Tsang Yu (Tom) (1964-1984) BSM, professor emeritus of metallurgical engineering technology

Simms, Houston C. (1947-1975) BA, MA, professor emeritus of biology

Smith, John E. (1962-1989) AA, BA, Ph.D., professor emeritus of chemistry

Smith, Robert (1969-1996) BA, MA, professor emeritus of computer information systems

Socha, Frances J. (1967-1982) BSN, MA, professor emerita of nursing

Solis, Jose (1963-1996) BS, MSW, professor emeritus of social work

Stjernholm, Kirstine (1967-1995) BA, MA, professor emerita of library services

Strobel, John D. (1960-1993) BME, MM, DMA, professor emeritus of music

Sublette, James E. (1984-1995) BS, MS, Ph.D., professor emeritus of biology

Taussig, Anna (1960-1977) AB, MA, professor emerita of foreign languages

Tedrow, Charles E. (1968-1993) AB, MA, professor emeritus of industrial science technology

Tilley, Lewis L. (1965-1983) BFA, MFA, professor emeritus of art

Vunovich, Bogdan (Bob) (1967-1988) AB, MA, professor emeritus of mathematics
Wands, Robert (1963-1996) BFA, MA, professor emeritus of art
Watkins, Sallie A. (1966-1988) BS, MS, Ph.D., professor emeritus of physics
Withnell, Melvin C. (1967-1994) BS, MS, MA, Ph.D., professor emeritus of mathematics

Barnett, Janet H. (1990) associate professor of mathematics; BS, Colorado State University; MA, Ph.D., University of Colorado
Beck, J. Michael (1970) professor of music; BA, University of Southern Colorado; MA, Western State College; DA, University of Northern Colorado
Berardi, Gayle K. (1994) associate professor of political science; BA, MA, University of Colorado at Colorado Springs; Ph.D., University of Colorado
Billington, Peter J. (1989) professor of management; BS, Worcester Polytechnic Institute; MBA, Northeastern University; Ph.D., Cornell University
Bonetti, Sandra J. (1991) associate professor of chemistry; BS, Ph.D., Georgia Institute of Technology
Borton, John M. (1983) associate professor of computer information systems; BA, Purdue University; MS, University of Northern Colorado; Ph.D, University of Colorado
Bory, Roseanne (1984) associate professor of library services; BA, Drake University; MA, University of Iowa; MA, University of Denver
Bottini, Patrick W. (1968) associate professor of facilities management and technology studies; BS, Southern Colorado State College; MA, Adams State College
Brewer, Paul (1992) instructor of music; BA, MME, Central State University, Oklahoma
Bridges, Gary (1986) assistant professor of accounting; BA, Baylor University; MBA, University of Texas; CPA
Brown, Kathy (1995) assistant professor of nursing; BSN, University of Phoenix; MSN, University of Colorado
Browne, James H. (1991) associate professor of management; BA, MA, Western Illinois University; Ph.D., University of Illinois
Calhoun-Stuber, Susan (1994) assistant professor of sociology; BA, Knox College; MA, University of Denver
Cameron, James T. (1970) professor of psychology; BA, The Colorado College; MA, Ph.D., University of Colorado
Caprioglio, Daniel (1993) assistant professor of biology; BA, University of California; Ph.D., North Carolina State University
Caprioglio, Helen M. (1995) assistant professor of biology; BS, MS, Oregon State University; Ph.D., North Carolina State University
Carleo, John A. (1991) assistant professor of automotive parts and service management; BS, Southern Colorado State College; M.Ed., Colorado State University
Carrasco, Hector R. (1993) associate professor of engineering; BSME, MSME, University of Texas at El Paso; Ph.D., Texas A&M University
Carter, Colette (1994) assistant professor of political science; BA, Incarnate Word College; MA, Catholic University; Ph.D., University of Washington

RANKED FACULTY
The following individuals were ranked faculty members in the 1996-97 academic year. The date in parenthesis indicates the initial year of regular appointment to the ranked faculty.

Abrahamson, Gayle (1985) assistant professor of library services; AA, Golden Valley Lutheran College; BA, Concordia College; MAR, Iliff School of Theology; MA, University of Denver
Aguilar, M. Kay (1964) professor of human performance and leisure studies; BS, Lock Haven State College; MA, Adams State College; Ed.D., University of Northern Colorado
Ahmadian, Ahmad (1986) associate professor of management; BA, Tehran University; MBA, Ph.D., North Texas State
Aichele, Ronald G. (1972) associate professor of philosophy; BA, MA, Ph.D., University of Missouri
Allen, Ernest E. (1963) professor of mathematics; BS, Wayne State University; BS, MA, Michigan State University; MATM, University of Detroit; Ed.D., University of Northern Colorado
Anderson, Deyrol E. (1983) professor of mass communications; BA, Washington State University; MA, San Francisco State University; Ph.D., University of Denver
Avina, Maya, (1995) assistant professor of art; BA, Humboldt State University; MA, University of California, Santa Barbara
Baca, Judy M. (1981) associate professor of social work; BS, University of Southern Colorado; MSW, Arizona State University
Bailey, Wade H. (1993) assistant professor of mechanical engineering technology; BS, Western Virginia University; MS, Air Force Institute of Technology
Barber, Margaret (1995) assistant professor of English; BA, MA, Ph.D., Texas Christian University

Barnett, Janet H. (1990) associate professor of mathematics; BS, Colorado State University; MA, Ph.D., University of Colorado
Beck, J. Michael (1970) professor of music; BA, University of Southern Colorado; MA, Western State College; DA, University of Northern Colorado
Berardi, Gayle K. (1994) associate professor of political science; BA, MA, University of Colorado at Colorado Springs; Ph.D., University of Colorado
Billington, Peter J. (1989) professor of management; BS, Worcester Polytechnic Institute; MBA, Northeastern University; Ph.D., Cornell University
Bonetti, Sandra J. (1991) associate professor of chemistry; BS, Ph.D., Georgia Institute of Technology
Borton, John M. (1983) associate professor of computer information systems; BA, Purdue University; MS, University of Northern Colorado; Ph.D., University of Colorado
Bory, Roseanne (1984) associate professor of library services; BA, Drake University; MA, University of Iowa; MA, University of Denver
Bottini, Patrick W. (1968) associate professor of facilities management and technology studies; BS, Southern Colorado State College; MA, Adams State College
Brewer, Paul (1992) instructor of music; BA, MME, Central State University, Oklahoma
Bridges, Gary (1986) assistant professor of accounting; BA, Baylor University; MBA, University of Texas; CPA
Brown, Kathy (1995) assistant professor of nursing; BSN, University of Phoenix; MSN, University of Colorado
Browne, James H. (1991) associate professor of management; BA, MA, Western Illinois University; Ph.D., University of Illinois
Calhoun-Stuber, Susan (1994) assistant professor of sociology; BA, Knox College; MA, University of Denver
Cameron, James T. (1970) professor of psychology; BA, The Colorado College; MA, Ph.D., University of Colorado
Caprioglio, Daniel (1993) assistant professor of biology; BA, University of California; Ph.D., North Carolina State University
Caprioglio, Helen M. (1995) assistant professor of biology; BS, MS, Oregon State University; Ph.D., North Carolina State University
Carleo, John A. (1991) assistant professor of automotive parts and service management; BS, Southern Colorado State College; M.Ed., Colorado State University
Carrasco, Hector R. (1993) associate professor of engineering; BSME, MSME, University of Texas at El Paso; Ph.D., Texas A&M University
Carter, Colette (1994) assistant professor of political science; BA, Incarnate Word College; MA, Catholic University; Ph.D., University of Washington
Chacon, Paul R. (1990) associate professor of mathematics; BS, University of British Columbia; Ph.D., University of Washington

Chandler, William D. (1982) associate professor of management; BS, Massachusetts Institute of Technology; MBA, University of San Francisco; Ph.D., University of Arkansas

Chen, Frank T. (1982) associate professor of mechanical engineering technology; BSME, Chung Cheng College of Science and Engineering, Taiwan; MSME, Clemson University; Ph.D., North Carolina State University

Cheng, Joseph K. (1973) professor of civil engineering technology; BS, Taiwan Christian College; MS, University of Massachusetts; Ph.D., University of Oklahoma

Cobian, Dora Luz (1995) assistant professor of Spanish; BA, MA, University of California, San Diego; Ph.D., University of California, Riverside

Cockrell, David (1989) associate professor of human performance and leisure studies; BA, MS, University of Pennsylvania; Ph.D., University of Idaho

Cook, Robert N. (1981) professor of computer information systems; BEE, General Motors Institute; MSE, University of Michigan; M.Sc., Ph.D., University of Western Ontario

Covi, Silvio (1986) professor of foreign language; B.Th., Universitas Urbaniana, Rome, Italy; MA, Ph.D., State University of New York at Buffalo

Cruz, Robin A. (1995) assistant professor of mathematics; BS, MS, University of Idaho, Ph.D., University of Oregon

Dalton, Dennis (1993) associate professor of art; BA, University of Toledo; MFA, University of Utah

Darby, Ronald L. (1991) assistant professor of automotive parts and service management; AAS, BS, Southern Colorado State College; MA, University of Southern Colorado

DePalma, Ruth (1995) assistant professor of nursing; BSN, John Hopkins University; MSN, University of Florida

Derr, James B. (1984) professor of mathematics; BA, College of St. Thomas; Ph.D., Michigan State University

Dhatt, Yashwant S. (1983) associate professor of finance; B.C., MA, University of Delhi; MBA, McGill University; Ph.D., Georgia State University

Diawara, Moussa (1993) assistant professor of biology; BS, Institut Polytechnique Rural de Katibogou, Mali, West Africa; MS and Ph.D., University of Georgia, Athens

Dicino, Carol L. (1992) assistant professor of accounting; BSBA, University of Southern Colorado; MS, Colorado State University

Dorsch, John A. (1965) professor of biology; BA, Willamette University; MS, Ph.D., Oregon State University

Driscoll, Donald J. (1965) professor of philosophy; BA, Sophia University; MA, Ph.D., New School for Social Research

Druelinger, Melvin L. (1984) professor of chemistry; BS, Indiana University; Ph.D., University of Wisconsin

Duncan, James L. (1958) professor of music; BM, Central College; MM, Eastman School of Music

Duncan, Kevin C. (1994) associate professor of economics; BA, University of California; Ph.D., University of Utah

Ebersole, Samuel (1990) associate professor of mass communications, and producer/director, KTSC-TV; BA, Southern California College; MA, Regent University

Eisenbeis, H. Richard (1988) professor of management; BA, Lafayette College; MS, University of Montana; MS, Ph.D., The University of Arizona

Epstein, Susan (1991) instructor of speech communication; BA, MA, University of Northern Colorado

Farris, Gerald C. (1967) professor of biology; BA, Dakota Wesleyan University; MS, University of Utah; MS, Ph.D., Colorado State University

Fisher, Mercedes (1993) assistant professor of education; BA and MED, Austin College in Texas; Ph.D., University of Denver

Fogelquist, James D. (1993) associate professor of foreign language; BA, University of California at Los Angeles; MA, Ph.D., Yale University

Forsyth, Dan W. (1984) professor of anthropology; BA, University of California; MA, University of Chicago; Ph.D., University of California, San Diego

Frankmann, Sandra (1993) associate professor of psychology; BA, Simmons College; Ph.D., University of Washington at Seattle

Gill, John P., Jr. (1971) professor of mathematics; BS, University of Georgia; MA, University of Alabama; Ph.D., Colorado State University

Gomme, Ian (1995) associate professor of sociology; BA, University of Waterloo; B.Ed., University of Queens; M.Ed., University of Toronto; MA, Guelph, Ed.D., University of Toronto

Gonzales, David (1995) assistant professor of biology, BS, Metro State, MS, Ph.D., University of Wisconsin

Gonzales, Felix (1992) assistant professor of social work; BA, University of Southern Colorado; MSW, Arizona State University

Graham, Robert E. (1980) associate professor of physics; BS, University of Tulsa; MS, Ph.D., University of Arkansas
Green, Pearl (Penny) (1982) assistant professor of sociology; BA, City College of New York; MA, Ph.D., Southern Illinois University

Griffin, John R. (1963) professor of English; BS, MS, Xavier University; Ph.D., Ottawa University; Ph.D., Trinity College, Dublin, Ireland

Grubbs, Elmer E. (1965) assistant professor of electronic engineering technology; BSEE, University of Arizona, MSE, Arizona State University; Ph.D., University of Arizona

Gutierrez, James M. (1978) assistant professor of education; BA, University of Southern Colorado; MA, New Mexico Highlands University

Hanks, Betty Sue (1994) assistant professor of business administration; BS, MS, Henderson State University; Ed.D., University of Arkansas

Hansen, Richard (1993) assistant professor of art; BA, College of William and Mary; MLA, University of Colorado

Hansen, Victoria (1993) assistant professor of art; BA, College of William and Mary; MFA, Kansas State University

Harrell, Jill (1990) assistant professor of library services; BA, Benedictine College; MS, University of Illinois

Hart, Karen (1995) assistant professor of library services; BA, Augusta College; MA, University of Denver

Hernandez, Lawrence (1993) assistant professor of psychology; ASN, BS, University of Southern Colorado; Ph.D., Stanford University

Herrmann, Scott J. (1968) professor of biology; BA, Northern Illinois University; Ph.D., University of Colorado

Hirth, Alan (1976) assistant professor of civil engineering technology; BA, University of Colorado

Hochman, Will (1991) assistant professor of English; BA, Hobart College; MFA, University of Montana; Ph.D., University of New York

Holderness, Ward L. (1969) assistant professor of civil engineering technology; AAS, BS, Southern Colorado State College

Hooper, Jacqueline (1996) associate professor of human performance and leisure studies; BS, Portland State University; MA, Ph.D., Loma Linda University

Hoots, Michael L. (1994) assistant professor of facilities management and technology; BS, University of Notre Dame; MS, Rensselaer Polytechnic Institute

Huffine, William B. (1995) assistant professor of electronic engineering technology; BSEE, California State Poly Tech College; MSE, University of California at Santa Barbara

Hughes, Cornelius G. (1976) professor of sociology; BA, Belmont College; MA, California State University at Northridge; Ph.D., The Pennsylvania State University

Illick, Peter M. (1971) assistant professor of English; BA, University of Vermont; MA, University of Wyoming

Janos, Vicky (1990) assistant professor of nursing; BSN, University of Colorado; MSN, University of Colorado at Denver

Jensen, Carl G. (1970) professor of art; BS, Indiana Central College; MAT, Indiana University; MFA, University of New Mexico

Johnson, Roger W. (1977) professor of mathematics; BS, Fort Lewis College; MS, DA, Idaho State University

Johnston, Rhonda (1993) assistant professor of nursing; BS, University of Phoenix; MSW, University of Colorado

Jones, Sara Hawtrey (1995) assistant professor of mathematics; BA, University of California, Dans; MA, Ph.D. University of California, Santa Barbara

Joyce, Richard (1995) assistant professor of mass communications; BA, University of Scranton, Pennsylvania; BS, University of Southern Colorado; MA, University of Colorado at Boulder

Kaplan, Steve (1989) associate professor of English; BA, University of California, Los Angeles; MA, Ph.D., University of Tuebingen, Germany

Keller Robert L. (1974) professor of sociology; BA, University of Colorado; MS, Colorado State University; Ph.D., University of Montana

Keyser, Thomas (1995) assistant professor of engineering; BSMET, New Mexico State University; MSSE, University of Southern Colorado; Ph.D., Clemson University, So. Carolina

Knight, Douglas W. (1980) associate professor of electronics engineering technology; BS, MS, Ph.D., Arizona State University

Krinsky, Richard (1968) professor of psychology; BA, MA, Michigan State University; Ph.D., University of Washington

Krinsky, Suzanne G. (1968) professor of psychology; BA, Wayne State University; MA, Michigan State University; Ph.D., University of Washington

Kulkosky, Paul J. (1984) professor of psychology; BA, Columbia College; MA, Columbia University; Ph.D., University of Washington

Kutzman, Ann (1993) assistant professor of library services; BA, University of Wyoming; MLS, Brigham Young University

Lassila, Kathy (1996) assistant professor of computer information systems; BA, MBA, University of Wisconsin; Ph.D., University of Colorado

Lazzari, Marceline (1996) associate professor of social work and women's studies; BA, Mount Saint Mary's College, Los Angeles; MSW, St. Louis University; Ph.D., University of Denver

Levy, Patricia (1991) assistant professor of psychology; BS, University of Bridgeport; MA, University of Colorado; Ph.D., Oklahoma State University

Loats, Carol (1993) assistant professor of history; BA, College of Wooster; MA, University of Colorado; MA, University of Northern Colorado; Ph.D., University of Colorado

Louisell, James (1989) associate professor of mathematics; BS, Ph.D., University of Minnesota
Lundberg, Bruce (1993) associate professor of mathematics; BS, Grand Canyon University; MA, Arizona State University; MA, Fuller Theological Seminary; Ph.D., Colorado State University

Madrid, L. Dennis (1976) professor of psychology; BA, University of Southern Colorado; MS, New Mexico Highlands University; Ph.D., University of California at Santa Barbara

Mahan, Kent I. (1969) professor of chemistry; BS, Southwest Missouri State University; Ph.D., University of Missouri

Marino, Charles J. (1966) associate professor of art; BA, St. John's College; BFA, Pratt Institute; MA, Columbia Teacher's College

Martinez, Lee Anne (1992) assistant professor of biology; BA, MA, University of California; Ph.D., Cornell University

Massey, Frank A., Jr. (1963) associate professor of engineering; BIE, BBA, MS, University of Minnesota; Ph.D., University of Wisconsin

Miller, Glenn W. (1974) assistant professor of mass communications; BA, University of Southern Colorado; MA, University of Denver

Mo, Suchoon S. (1973) professor of psychology; BS, Idaho State College; MA, Indiana University; Ph.D., University of Pennsylvania

Moffett, Tony A. (1976) professor of library services; BS, Oklahoma State University; MLS, University of Oklahoma

Morales, Heberto (1987) professor of foreign language; seminars in Las Casas, Montezuma, and Puebla, Mexico; Ph.D., Gregorian University, Rome, Italy

Mullen, Jennifer (1994) assistant professor of mass communications; BA, University of Southern Colorado; MA, University of Northern Colorado

Muller, Doyle K. (1963) associate professor of music; BM, BA, Huron College; MM, University of Colorado

Murray, Hal (1969) associate professor of biology; BA, MS, University of Arizona; Ph.D., Purdue University

Nicholl, Laramore R. (1968) assistant professor of philosophy; BA, The Colorado College; MA, Claremont Graduate School

Nichols, Janet G. (1977) assistant professor of mathematics; BA, Adelphi University; MS, Lehigh University

Noreiko, Gary (1984) associate professor of finance; BA, MA, California State University at Los Angeles; Ph.D., University of Southern California

O'Leary, Emmett L. (1972) associate professor of speech communication; BA, Adams State College; MA, Central Michigan University; Ph.D., University of Nebraska

Opitz, Michael F. (1990) associate professor of education and director of reading minor; BA, MA, University of Northern Colorado; Ph.D., University of Oregon

Orman, Patricia (1978) associate professor of mass communications; BA, University of New Hampshire; MA, University of Northern Colorado

Orr, Gilbert F. (1977) associate professor of mathematics; BA, St. John's University; MS, Ph.D., University of Miami

Osborn, Neal L. (1965) professor of biology; BA, Baldwin-Wallace College; BA, University of Southern Colorado; MS, Ph.D., University of New Mexico

Otis, Paulaleta (1988) associate professor of political science; BA, MA, University of Northern Colorado; MA, Ph.D., University of Denver

Padgett, John J. (1969) associate professor of computer information systems; BS, University of Southern Colorado; MBA, University of Colorado

Pavlik, Richard E. (1963) professor of mass communications; BS, MA, The Ohio State University

Pino-Graziano, Raquel D. (1995) assistant professor of human performance; BS, University of Southern Colorado; MA, Ph.D., University of Rhode Island

Post-Gorden, Joan C. (1970) professor of psychology; BS, Manchester College; MS, Ph.D., University of Georgia

Proctor, Kristina G. (1989) associate professor of chemistry; BS, University of Southern Colorado; Ph.D., Colorado State University

Regassa, Hailu (1989) associate professor of accounting; BBA, Haile Selassie University, Ethiopia; MBA, Ph.D., University of Oregon

Rodriguez-Arenas, Flor Maria (1995) associate professor of Spanish; Universidad Pedagógica Nacional, Bogotá, Licenciatura; Instituto Caro y Cuervo, Bogotá, Post Graduate Studies; MA, University of Michigan, Ann Arbor; Ph.D., University of Texas at Austin

Ryan, John E. (1980) professor of interdisciplinary studies; BA, University of California, Los Angeles; MA, California State University at Northridge; MA, Ph.D., Claremont Graduate School

Sabo, Barbara J. (1974) associate professor of nursing; RN, St. Mary Corwin Hospital School of Nursing; AA, Pueblo College; BS, MS, University of Colorado

Sandoval, David A. (1980) professor of Chicano studies and history; BS, Eastern New Mexico University; MA, Southern Methodist University; Ph.D., University of Utah

Sarper, Hüseyin (1988) associate professor of industrial engineering and director of Research and Sponsored Programs; BS, The Pennsylvania State University; MS, Ph.D., Virginia Polytechnic Institute

Sathi, Harbans L. (1984) professor of electronics engineering technology; DIC, Imperial College of Science and Technology, (University of London); MA, Punjab University, India; Ph.D., Indian Institute of Technology

Saul, Roger E. (1983) associate professor of chemistry; BS, MS, Michigan Technological University; DA, University of Northern Colorado

Sauer, Wolfgang (1993) associate professor of mechanical engineering technology; Diplom-Ingenieur, Technische Universität, Berlin, Germany; Ph.D., Carnegie-Mellon University
Sefcovic, Paul A. (1989) associate professor of automotive parts and service management; AAS, BS, MA, University of Southern Colorado

Senatore, Margaret L. (1964) assistant professor of English; BA, The Colorado College; MA, University of Colorado

Shah, Abhay (1988) associate professor of marketing; BA, St. Xavier's College (Calcutta University); MBA, University of Evansville; Ph.D., Oklahoma State University

Sheildley, William E. (1994) professor of English; AB, AM and Ph.D., Stanford University

Sherman, John R. (1971) professor of speech communication; BA, Hunter College; MA, Ph.D., Southern Illinois University

Soto-Johnson, Hortensia (1989) assistant professor of mathematics; BS, MS, Chadron State University; Ph.D., University of Northern Colorado

Spade, Beatrice (1993) associate professor of history; BA, University of Colorado; MA, University of Hawaii, MA, National Taiwan University; Ph.D., Harvard University

Spenny, David L. (1980) professor of physics; BS, Wittenberg University; Ph.D., University of Colorado

Steen, Melva (1992) associate professor of nursing; BSN, Northern Michigan University; MA, University of Missouri, Kansas City; Ph.D., University of Texas, Austin

Stratton, William O. (1993) professor of accounting; BS, Florida State; BS, Pennsylvania University; MSBA, Boston University; Ph.D., Claremont Graduate School, California

Sullivan, Daniel R. (1970) associate professor of library services; BA, University of Kentucky; MLS, University of Oregon

Sweet, Jerry L. (1976) associate professor of mechanical engineering technology; AAS, Pueblo College; BS, University of Southern Colorado; MS, Ph.D., Colorado State University

Tappen, John B. (1982) associate professor of electronics engineering technology; BA, Wesleyan University; BS, University of Utah; MS, University of Arizona; Ph.D., University of Tennessee

Taylor, Cynthia (1989) assistant professor of English; BA, MA, University of Idaho; Ph.D., University of Minnesota

Taylor, Ted (1990) instructor of English; BA, University of Idaho; MA, University of Minnesota

Thomas, Larry G. (1968) associate professor of biology; BS, Oklahoma State University; M.Ed., Ph.D., Colorado State University

Torres, Luis (1991) associate professor of English and Chicano studies; BA, University of Colorado; MA, Ph.D., University of Washington

Valerio, Luis G. (1975) professor of education; BA, University of Southern Colorado; MA, New Mexico Highlands University; Ph.D., University of Northern Colorado

Vorndam, Paul E. (1994) associate professor of chemistry; BS, Millikin University; MS, Illinois State University; Ph.D., University of Colorado

Wallin, Marta J. (1987) associate professor of physics; MS, Jagiellonian University, Krakow, Poland; Ph.D., University of Wyoming

Warfield, Stephen O. (1991) assistant professor of business administration; BBA and MBA, University of Southern Colorado

Warnock, Stuart H. (1991) assistant professor of management; BS, Midwestern State University

Watkins, Donna M. (1988) associate professor of management; BBA, Sul Ross State University; MAT, Angelo State University; Ph.D., New Mexico State University

Weinhouse, Donald S. (1991) associate professor of education; BA, MA, University of California, Los Angeles; M.Ed., Ph.D., Oregon State University

Wilkes, Linda M. (1983) professor of chemistry; BA, California State University; MA, Ph.D., University of Nevada at Reno

Wintermute, Wendy (1991) assistant professor of social work; BA, Swarthmore College; MA, Columbia University; MSW, Ph.D., University of Michigan

Womack, Larry O. (1972) professor of civil engineering technology; AA, University of Southern Colorado; BSCE, Colorado State University; MSCE, University of Missouri

Wright, Edward N. (1991) associate professor of political science; BA, MA, University of Southern Mississippi; Ph.D., Georgetown University

Wright, Will (1986) professor of sociology; BA, University of Oregon; MA, University of Rochester; Ph.D., University of California, Berkeley

Yescavage, Karen (1992) assistant professor of psychology; BS, Northwest Missouri State University; MA, Ph.D., University of North Carolina

Zeis, Charles (1987) associate professor of business administration; BA, University of St. Thomas; MS, Ph.D., Texas A & M University

ARTISTS-IN-RESIDENCE

Cedrone, Frank J. (1969) artist-in-residence; artist diploma in piano, Boston Conservatory

King, June (1995) artist-in-residence; BS, Southern Colorado State College

LaReau, Marcia (1993) artist-in-residence and conductor; Pueblo Symphony Orchestra and Pueblo Youth Orchestra; BM, Iowa State University; Ph.D., The Ohio State University

Markowski, Victoria (1969) artist-in-residence; BM, Boston Conservatory

Mendoza, Dorothy (1990) artist-in-residence; BA, University of Southern Colorado

Mendoza, John (1990) artist-in-residence; AA, Pueblo Junior College; BA, MA, University of Northern Colorado
FALL AND SPRING SEMESTERS
Regular academic semesters consist of 15-week terms, including official holidays and the final examination period. Specific information about each academic semester is available in the bulletins published prior to the beginning of each term.

SUMMER COLLEGE
Summer College consists of three five-week sessions, one 10-week session and one 15-week session. Specific information about Summer College is available in the bulletin published prior to the beginning of the first five-week session from the records office.

Summer Semester 1996
April 19 .......................... Fall 1996 Graduation Planning Sheets Due
April 22-26 ........................ Early Registration
July 4 .............................. Independence Day (Observed)

First 5, 10, & 15-week Sessions
May 6 .............................. Registration
May 6 .............................. Classes Begin
End of Drop/Add
May 9 .............................. First 5-week
May 15 ............................. 10-week
May 20 ............................. 15-week
Classes End
June 7 .............................. First 5-week
July 12 ............................. 10-week
August 16 ........................ 15-week

Second 5-week session
June 10 .............................. Registration
June 10 .............................. Classes Begin
June 13 .............................. End Drop/Add
July 12 .............................. Classes End

Third 5-week session
July 15 .............................. Registration
July 15 .............................. Classes Begin
July 18 .............................. End Drop/Add
August 16 ........................ Classes End

Fall Semester 1996
April 1-12 .......................... Advisement
April 15-19 ........................ Early Registration
August 21, 22 ..................... Orientation (W, Th)
August 23 .......................... Registration (F)
August 26 .......................... Classes Begin (M)
September 2 ........................ Labor Day (**)
September 9 ........................ End Drop/Add
October 11 ........................ Spring 1997 Graduation Planning Sheets Due
November 25-29 ..................... Thanksgiving
December 6 ........................ Classes End
December 9-13 ..................... Final Exams

Spring Semester 1997
November 4-15 ..................... Advisement
November 18-22 ................... Early Registration
January 9 .......................... Orientation (Th)
January 10 ........................ Registration (F)
January 13 ........................ Classes Begin (M)
January 27 ........................ End Drop/Add
March 7 .............................. Summer 1997 Graduation Planning Sheets Due
March 24-28 ......................... Spring Break (*)
April 25 .............................. Classes End
April 26-May 2 ..................... Final Exams
May 3 .............................. Commencement

Summer Semester 1997
April 18 .............................. Fall 1997 Graduation Planning Sheets Due
April 21-25 ......................... Early Registration
July 4 .............................. Independence Day (Observed)

First 5, 10, & 15-week sessions
May 5 .............................. Registration
May 5 .............................. Classes Begin
End of Drop/Add
May 8 .............................. First 5-week
May 14 ............................. 10-week
May 19 ............................. 15-week
Classes End
June 6 .............................. First 5-week
July 11 ............................. 10-week
August 15 ........................ 15-week

Second 5-week session
June 9 .............................. Registration
June 9 .............................. Classes Begin
June 12 .............................. End Drop/Add
July 11 .............................. Classes End

Third 5-week session
July 14 .............................. Registration
July 14 .............................. Classes Begin
July 17 .............................. End Drop/Add
August 15 ........................ Classes End

Fall Semester 1997
March 31-April 10 .................. Advisement
April 14-18 ......................... Early Registration
August 20, 21 ..................... Orientation (W, Th)
August 22 .......................... Registration (F)
August 25 .......................... Classes Begin (M)
September 1 ........................ Labor Day (**)
September 8 ........................ End Drop/Add
October 10 ........................ Spring 1997 Graduation Planning Sheets Due
November 24-28 ..................... Thanksgiving
December 5 ........................ Classes End
December 8-12 ..................... Final Exams

195
155 Minority and Ethnic Relations 3(3-0)
Sociological theories, studies, and findings concerning group maintenance and interaction in contemporary society. (*)

201 Social Problems 3(3-0)
The examination of contemporary social issues and problems. (*)

203 The Criminal Justice System 3(3-0)
Organizational features of police, courts, and corrections as subsystems of the American criminal justice system. (*)

204 Community Corrections 3(3-0)
Examination of correctional alternatives to incarceration. (*)

206 (WS 206) Gender and Society 3(3-0)
Examination and evolution of relationships between sex roles, culture, and societal institutions and processes. Includes an analysis of sexual stratification. (*)

210 (SW 210) Techniques of Analysis 3(3-0)
Introduction to the methods of scientific investigation in the social sciences. (F,S)

231 (PSYCH 231) Marriage and Family Relationships 3(3-0)
Marriage and family from an institutional and relationship perspective; cross-cultural diversity, mate selection, marital dynamics, parenting, divorce, remarriage, emerging patterns. (F,S,SS)

250 (ANTHR 250) The Sacred in Culture 3(3-0)
Concepts of the supernatural studied cross-culturally and in particular cultures. Consideration of how religion helps individuals adjust to stress and aging. (*)

252 (ANTHR 252) Culture and Personality 3(3-0)
Relationship between group processes and personality factors in a cross-cultural perspective. (*)

291 Special Topics 1-3 VAR (*)

304 Crime and Delinquency 3(3-0)
Nature of crime and delinquency in contemporary American society; emphasis on causation and treatment. Prerequisites: SOC 101 and 203. (F)

305 (WS 305) Crime and Women 3(3-0)
Exploration of social, cultural, and political variables that create both women victims and women criminals. (*)

308 Popular Culture 3(3-0)
Advertising, television, music, novels, and the news are among the topics to be investigated for their social significance. (*)

310 (ANTHR 310) Social and Cultural Theory 3(3-0)
Examine from classical to contemporary theory in sociology and anthropology. (F)

351 Social Deviance 3(3-0)
Sociological perspective on deviant and abnormal behavior. Prerequisite: SOC 101. (*)

352 Social Psychology 3(3-0)
General and applied psychological principles of the person's interaction with the group. Prerequisite: PSYCH 101 or permission of instructor. (*)

353 Penology 3(3-0)
Prisons in historical perspective, treatment models as they affect the incarcerated individual. Prerequisites: SOC 101 and 203. (*)

354 Urban Sociology 3(3-0)
Development of urban places; analysis of socio-economic organization, urban social forces and the consequences for individuals, groups and social institutions. (*)

355 Political Sociology 3(3-0)
Analysis of political subdivisions and associated political processes. (*)

356 Social Stratification 3(3-0)
Inquiry into inequalities of wealth, power, and the consequence for individuals and society. Prerequisites: SOC 101 and 310. (*)

357 Sociology of Community Development 3(3-0)
Current issues and concerns of the community structure; leadership, conflict, change, community organization, development, planning and service. (*)

358 Film and Society 3(3-0)
An in-depth look at the images of social life and social relationships contained in popular movies. (*)

401 (ANTHR 401) Health, Culture and Society 3(3-0)
Analysis of how social, cultural, and psychological factors influence health and health care. (*)

402 (ANTHR 402) Aging, Culture and Society 3(3-0)
Cultural, sociological and psychological dimensions of aging. (*)

403 (WS 403) Human Sexuality and Social Behavior 3(3-0)
Sexuality and sexual conduct from a sociological and developmental perspective. (*)

404 Poverty 3(3-0)
Poverty in the United States, its measurement and extent, perpetuating conditions, lifestyle and anti-poverty programs. (*)

405 Sociology of Law 3(3-0)
Laws in Western society and criminological theory are examined. (*)

406 Sociology of Small Groups 3(3-0)
Microsocial analysis of group structure, interaction and dynamics in institutional settings in modern society. (*)

407 (WS 407) Family Violence 3(3-0)
The extent, seriousness, and impact of the major forms of domestic violence. (*)

408 Science, Technology, and the Future 3(3-0)
Social and structural implications of science and technology as they affect society. (*)

409 Victimology 3(3-0)
Study of the victims' role in criminal transactions. Examination of individuals and groups as victims of officially defined crime, as well as other social injuries, not officially defined as crime. Prerequisite: SOC 304. (*)

410 Structural and Elite Crime 3(3-0)
Examination of crimes and social injuries perpetrated by organizational structures that do physical or economic harm to the environment, their employees, and their customers. Prerequisite: SOC 304. (*)

420 Criminological Theory 3(3-0)
Examination of major theories of crime and their policy implications: focus on sociocultural factors in theory development. Prerequisites: SOC 304 and 310. (*)

430 Industrial Organizations 3(3-0)
Modern industrial society, emphasis on industry as a type of social organization including roles of management and labor. (*)
