PURPOSE: These MAESTRO Curriculum Development Grants will support faculty time, expertise, and research of discipline-specific *online* GENERAL EDUCATION curriculum development during the spring/summer 2017 -- for courses offered in online/hybrid formats during the summer 2017 and fall of AY 2017-2018. The goal of this faculty grant is to assist faculty in rethinking students' college success through academic initiatives in General Education courses and in long-term, critical thinking across disciplines. Faculty should *only* develop courses already designated as "GEN ED," offered within their home departments and/or programs, and with the approval of both the department chair/program director and dean.
