Last fall the 18th Annual Student Research Symposium occurred under the College of Science, Technology, Engineering, and Mathematics. The following presenters are both chemistry majors. Maddy Wisniewski and our Chemistry Club secretary Isabella Mobley are presenting their research in the photos above to valued chemistry mentor Dr. Druefing.

CSU Pueblo Spring Research Symposium

The Ninth Annual Spring Symposium is a celebratory event for undergraduate and graduate students who will be presenting the research, that they have been working on while earning their college degree.
