

## *First Christmas*

*Dear (Child's name)*

*I can't believe that you're almost (Age) months old already! Why it seems like just yesterday that I was adding your name to my list of good little (Gender) in (City).*

*Rudolph and I will be sure to stop by your house this Christmas Eve. I hope that no one will mind if we peek in on you while you're sleeping. I promise not to disturb anyone. To make this first Christmas extra special, I'll be leaving something very special in your stocking.*

*I want you to know that your (Family Members) have told me that you are a very special little (Gender).*

*Have a nice first Christmas, (Child's name) and remember that Santa is thinking about you not just at Christmas time, but the whole year through.*

*Love,*

*Santa*
