

**CLASSIFIED STAFF COUNCIL  
MINUTES  
February 15, 2017**

Attendees: Vicki Becker, Mary Ann Henrich, Stephen Hodge, Trisha Pocius, Lallo Vigil, Paul Wallace

Excused: Stacy Righini

Guests: Chris Milliken, Chris Smith

1. Speaker: Chris Milliken – Colorado State University – Pueblo  
Manager - Network & Server System Information / Technology Services

Chris presented a power point on our CSU-Pueblo new “Modular Data Center”. This is actually the huge white modular located to the north of the Library which was installed in the past year or so. This Data Center is the Brain and Processing storage backup for the University’s firewall/core/servers/storage, which provides security for our information technology. The state of Colorado has also awarded our University \$700,000.00 for a very much needed fix and remodel of the I.T. area on first floor of the Administration Bldg. Thank you Chris for this information, it is nice to be included.
