

# BENEFITS OF ENROLLMENT

The Executive Leadership Certificate is intended for anyone who supervises, directs, mentors, coaches or manages others. This series of five courses will challenge you to be a better leader and will expand your professional network through collaboration with other community leaders. Our focus on practical, applicable, high-impact skills will improve your success and the success of your team, whether you lead at the CEO level or supervise a small work team.

The leadership certificate is designed and offered in collaboration with the faculty of the Malik and Seeme Hasan School of Business.

# EXECUTIVE LEADERSHIP CERTIFICATE PROGRAM

---

**INVEST IN YOUR FUTURE**

**Extended Studies**

## COURSE TITLES

The five course leadership series includes:

- Leadership Authenticity
- Lead, Engage, and Retain Your Workforce
- Strategic Leadership
- Full Spectrum Leadership
- Leadership and Innovation

Each course is designed and taught by our team of highly qualified, experienced instructors in the field of organizational leadership. The more than 50 years of combined leadership experience of our instructors ensures the perfect combination of contemporary topics and applicable leadership tools.

## REGISTRATION INFORMATION

To register for the next course please browse our web registration site at:

<http://extendedstudies.csupueblo.edu>

## THE LEADERSHIP CERTIFICATE

Each course includes five 90 minute evening sessions at the Main Street PEDCO building. Dates and times are available at the registration website above. Completion of each course carries one Continuing Education Unit from Colorado State University-Pueblo Extended Studies. Completion of all five courses in the leadership series leads to award of the Certificate in Executive Leadership. In addition, optional elective credit at CSU-Pueblo is available to admitted MBA students upon successful completion of all five courses.

## FACULTY CREDENTIALS

Dr. Brad Gilbreath received his PhD from New Mexico State University along with an MS in Industrial Relations from Purdue and an MBA from Baylor. Before going to graduate school, he worked in corporate HR for Ford Motor Co., Mosley Machinery Co., and Westinghouse Electric Corp. He specializes in studying and understanding what makes a good “boss” and what you can do as a leader to improve employee performance and satisfaction.

Dr. Steve Norman received his PhD from the University of Nebraska along with an MBA from the University of Colorado-Colorado Springs. Prior to his graduate studies, he worked in industry for 20 years in leadership positions at Oracle Corporation, USAA Insurance and First Trust Corp. His field of research and expertise is devoted to understanding how various forms of executive leadership impact desirable organizational outcomes such as performance, trust, commitment and satisfaction.

Dr. Michael Wakefield received his PhD from the University of Nebraska along with an MBA from New Mexico State University. He has more than 24 years experience teaching leadership, management and entrepreneurship courses and has served three years as the Director of the CSU-Pueblo Healy Center for Business and Economic Analysis. In these roles, he has supervised consulting projects for more than 100 local Pueblo organizations and specializes in economic development and job creation. He provides personal knowledge regarding small businesses and family businesses.
