Strategic Plan: Sub-Committee Priorities

Using data obtained during a campus visit and from a student assessment, the JED Campus initiative provided a strategic plan for CSU Pueblo to create, improve, or sustain practices to support the emotional well-being and mental health of our students.

The JED Campus Task Force created four sub-committees to prioritize the objectives provided. Using the student assessment to prioritize needs, the following areas were chosen:

- Strategic Planning
- Life Skills
- Social Connectedness
- Identifying Students at Risk

The sub-committees were then asked to prioritize their top 1 or 2 objectives to focus on. While other objectives may be included, we wanted to focus the groups so we didn't get lost in the possibilities.

Due to the scale of the strategic plan, we will update on different objective each month. If you have feedback, questions, or would like to volunteer, please complete the interest form.
