The cost per credit hour is 518.03. Each course will cost \$1,554. 09.

If the MBA is completed in the 2018 year, the total cost of tuition will be less than \$20,000.

Admission and Classification

The undergraduate GPA and GMAT score are used to develop a scaled admission index score for each applicant ($GPA \times 200 + GMAT = \text{Index}$). Graduate students must have a baccalaureate degree (equivalent to a four-year bachelor's degree in the U.S.) from an accredited university or college and must meet the following admission criteria: A completed admission file with an Index score of 1050 and a minimum GMAT score of 400.

Leveling

Students with non-business undergraduate degrees may be required to take leveling courses. These leveling courses provide grounding in quantitative methods and facilitate the transition to graduate-level work. Leveling courses are offered in a variety of ways. Please review the best options for you with the MBA Director. Additionally, a technical writing seminar class is required for students who score below 4.5 on the writing portion of the GMAT.

Transfer Credits

A maximum of nine (9) graduate semester hours may be accepted in transfer from other institutions with the approval of the MBA Director. Transcripts must clearly specify that graduate credit was received for the work completed.

The student also is responsible for providing a syllabus for courses in which a grade of B or better was received to be considered for transfer credit.

Graduation Requirements

Only 2 C's are allowed in the course work. More than two C's may result in dismissal from the MBA cohort. All MBA students must graduate with a 3.0 GPA or higher.
