If the student is accepted to the BS in Nursing they will begin classes the spring semester of the Sophomore year. If the student is not accepted into the BSN they would continue in the BS in Health Science choosing either the General Health Science Emphasis (which could allow them to continue with some nursing classes and result in possible admission to the accelerated nursing program) or the Public Health or Pre-Athletic Training emphasis.	17

The BSN program is very competitive. If a student is not admitted to the BSN program they can complete the BS in Health Science which will prepare them for an accelerated nursing program, entry level Master degree in Nursing or graduate degrees in several other health science oriented professions such as Public Health, Athletic Training, Nutrition, Physical Therapy, Occupational Therapy, and Healthcare Administration.

Undergraduate Admission Requirements There are two ways to apply for admission to the Nursing Program.

Admission as a High School Senior to Nursing Program as a Freshman

Or

Admission as a Second Semester Sophomore from CSU-Pueblo or Transfer from an Accredited School

Fifty percent of the prerequisites and general education courses must be completed by the application deadline. Special consideration will be given to students completing all of their prerequisite and general education coursework at CSU-Pueblo. For the basic nursing student admission:

Additional Graduation Requirements

- Y Total of 120 semester hours, minimum.
- Y Complete a minimum of 40 semester hours in upper-division courses.
- Y Overall cumulative grade point average of 2.00.
- Y A minimum of 60 semester hours must be earned from a four year institution. Of these, a minimum of 30 semester hours of credit must be earned in residence.
- Y Of the last 30 semester credits earned immediately preceding graduation, no more than 15 may be completed at other colleges or universities.
- Y All other requirements as specified in the Catalog.

Additional Major Graduation Requirements:

- Y Complete an emphasis of study with a cumulative GPA of 2.50 or higher
- Y Earn a minimum grade of a "C" in all prerequisite and major courses
- Y Repeat prerequisite and major courses with a grade of "D" or lower until a grade of "C" or higher is achieved; and
- Y Earn a cumulative of 2.0 or higher in required English and speech communication courses.

- Requirements are a minimum GPA of 3.00 for all required general education and prerequisites. All prerequisites must be passed with a C or better (C- is not acceptable) and be completed prior to the term of entrance into the nursing program. Students receiving a grade less than C in a nursing prerequisite course are not eligible for admission. Prerequisite courses may be repeated one (1) time only for admission eligibility.
- All general education must be completed prior to the term of entrance into the nursing program.
- The student needs to be admitted to CSU-Pueblo first, and then submit a separate application to the nursing program the year prior to the spring (basic) or summer (accelerated) term they plan to start the program. During the pre-nursing phase of the application process, students will be advised by the pre-nursing adviser.

Students will be notified in writing of their admission status to the program. Those students who are accepted to the program must return receipt of acceptance by the stated deadline or the admission status will be revoked.

Students for whom English is a second language must have a TOFEL of 550 or have completed the University requirements of English and Speech skills.

Undergraduate Nursing Program Application Process

Applications to the nursing program may be obtained at <http://ceeps.csupueblo.edu/nursing> or in the nursing department. The completed applications must be submitted to the School of Nursing by the scheduled deadline. Incomplete applications will not be processed. Applicants should contact the School of Nursing with questions regarding applications.
