## **Guide to Fraternity & Sorority Life**

**Academics**  
**Leadership**  
**Siblinghood**  
**Philanthropy**

The mission of Fraternity & Sorority Life is to build an inclusive Fraternity & Sorority community and enhance the collegiate experience by supporting opportunities for Siblinghood, Leadership, Service, and Scholarship, and to serve as a liaison among the collegiate chapters, parents, alumni, international organizations, and the University to provide organizational guidance, educational programs, and resources while challenging members to live their fraternal values.

The CSU-Pueblo Fraternity & Sorority community is currently comprised of three sororities, one fraternity, and one fraternity interest group.

# Q&A

Will joining a fraternity or sorority interfere with academics?

---

Fraternity & Sorority membership assists the transition process by offering scholarship programs that include study partners, study hours and time management workshops.

---

How will my student benefit from joining a fraternity or sorority?

---

Fraternities and sororities are organizations of men and women who come together to form a personal network of individuals with similar ideas, interests, and a mutual pursuit of a well-rounded college education. These organizations are rooted in four founding values that foster leadership skills, siblinghood, a sense of civic responsibility, and higher academic achievement.

---

What is my role as a parent?

---

Be supportive and learn as much as you can by asking your student questions prior to and throughout their membership. It is important that you understand the financial commitment your student is making. Be an advocate for your student and encourage them to take advantage of all the opportunities their membership in the fraternity or sorority provides. Your awareness and education on their participation allows you to understand their experience, providing benefits to you and your student.

---

# Q&A

Is hazing a part of the fraternity & sorority culture at CSU-Pueblo?

CSU-Pueblo strictly enforces its anti-hazing policy for all student organizations. Hazing or any activity that subjects members to embarrassment, harassment, ridicule, intimidation, physical abuse or sleep deprivation is entirely contrary to the values and purposes of Fraternity & Sorority Life. Fraternity and sorority members are educated on the dangers of hazing and how to report incidents to both university staff and police officers.

Does being a member of a fraternity or sorority have benefits after graduation?

Fraternity and sorority membership is a lifelong commitment. Once you are an initiated member, you remain a member for life. Fraternity and sorority membership provides an immediate connection with thousands of other members. There are many successful fraternity and sorority alumni all over the country who are always looking to hire the best and the brightest that the fraternity and sorority community has to offer.

What about alcohol?

Whether or not a student is a member of a fraternity or sorority does not necessarily indicate that they will be more or less likely to partake in that culture. CSU-Pueblo fraternity & sorority members are educated on the dangers of alcohol each semester.

# Q&A

Who should I contact if I have more questions about a specific organization?

You may contact the national headquarters of the specific organization via their individual websites.

Fraternity & Sorority Life can be directly contacted through Student Engagement & Leadership.

Feel free to contact us any time.
