

## CSU-PUEBLO VETERAN'S EDUCATION BENEFITS DISBURSEMENT/REFUND RELEASE FORM

The Military and Veteran Success Center (MVSC) will disburse your Veteran's Education Benefits (Chapter 31, Chapter 33) prior to receiving payment from the VA if the following criteria is met:

- You must have all required documentation completed with the CSU-Pueblo VEB Office.
- You must have an updated Certificate of Eligibility, (COE) on file with the VEB Office.
- You must have enough months of entitlement available to cover the full semester.

\_\_\_\_\_ I elect to have disbursement of my VA education benefits advanced to me by CSU-Pueblo prior to receipt of payment from the VA. I understand that in the event the VA does not cover all costs related to my tuition and fees I will be responsible for any remaining balance. **If for any reason my account reflects a credit balance I authorize the University to refund that amount directly to me. Any necessary adjustments which create a debt to my account after the refund has processed will be my responsibility to pay.**

\_\_\_\_\_ I elect to have disbursement of VA education benefits held until the VA releases money to the University for tuition and fees. I understand that once the University has processed payments from the VA, I will be awarded my entitlement. **If for any reason my account reflects a credit balance I authorize the University to refund that amount directly to me. Any necessary adjustments which create a debt to my account after the refund has processed will be my responsibility to pay.**

This agreement is valid until I no longer meet the criteria or until I void this agreement by completing an updated Disbursement/Refund Release Form.
