Auxiliary Services Event Support schedules all indoor and outdoor space for all non-university and non-academic use. Use agreements are required for all non-university customers. Use agreements require payment of use fee, any services requested, all costs incurred by the University as a direct result of the activity, and other University requirements as they may relate. Use agreements are not required for University related organizations and departments unless charging admission or registration fees. University-related organizations are responsible for other costs incurred by the University as a direct result of the event/activity.

Athletics, Hoag Hall, and SRC schedule and charge the customer for use of facilities and services. These entities coordinate with Auxiliary Services to plan and contract events when those activities take place outside the OSC.

Residence Life and Housing is responsible for rental of residence halls and apartments. Residence Life and Housing offers housing and apartments on the main campus. Responsibility for all revenues and contracts for the various housing facilities resides with Residence Life and Housing.
